POSTERS MAKE FIRE DANGER

Marshall Randall Shows How They Add to the Hazard.

RAILWAY BOARD HEARINGS

Will Take Time Off from Hearings to Write Opinions in Disputed Cases—Zone System for Street Car Tickets.

(From a Staff Correspondent.)

LINCOLN, Aug. 8.—(Special.)—There ought to be an ordinance passed by every city and village prohibiting the pasting of paper or cloth advertising on the sides of buildings or fences, said Fire Commissioner Randall this morning. The remark of the fire commissioner was caused by the recital of an incident which happened a short time ago when he was inspecting some buildings in a Nebraska town. One building especially attracted his notice from the large number of posters on the side, and he called the attention of the owner to the danger which it placed the building in from fire. However, the owner could not see the matter in the way that Randall did and so the latter took a match and set fire to a life patch of grass which ran along the side of the building. In an instant the posters on the building caught fire and it was with difficulty that the fire was put out.

"People are too careless along these lines," said the fire commissioner, "and this little incident is only one of the many that exists in the state. It is a wonder that there are not more fires the way people take chances."

Old Elevator Menace. A complaint has been filed with Fire Commissioner Randall by the chairman of the Board of Trustees of the village of Davenport against the Shannon Grain company of Kansas on account of an abandoned grain elevator on the St. Joseph & Grand Island railroad in that town. The building is very old and in poor condition and standing as it does within about eighty feet of other buildings has become a menace to the other property around it. The company will be notified to tear it down.

Hall Board Busy Body.

The railway commission has had a pretty strenuous month on account of the numerous hearings before it and during the balance of August will endeavor to keep out of the hearing business until it can catch up in writing opinions on cases heard. There are a few cases yet before the commission, among them the hearing of Grand Island for lower rates southeast on the St. Joseph road, the Plainview Union depot matter and complaints of shippers against the South Omaha Stock yards.

Want to See Moose.

Some of the minor offices in the state house were locked and others practically deserted this afternoon so that the "clerks" could see the parade of the Ringling Bros. circus, which passed on the north side of the state house grounds. The cause of the unusual interest was a rumor that there would be in the parade a full-grown bull moose, and as most of the employees had only seen the two-legged kind, which abounds in such numbers in Lincoln at the present time, they were anxious to observe the real thing with four legs.

Aldrich on Platform.

Governor Aldrich was in attendance at the chautauqua at Nebraska City today, where he is on the program. From there he will go to Brownville and deliver an address at the home-coming picnic at that place this afternoon.

Zone System for Tickets.

The application of the Lincoln Traction company to the railway commission for permission to reduce the number of tickets for 25 cents from six to five, which was heard for several days with other matters, has been denied by the commission, in part, but the company will adopt the zone scheme in the handling of its passenger traffic, and passengers outside of the prescribed zone will be obliged to pay the regular 5-cent fare. Inside the limit the six-for-a-quarter rate will continue.

School Fair Exhibits.

Instead of the model school scheme heretofore used in the educational exhibits at the state fair, a picture show will be put on showing the different work in the schools. At 9 o'clock each morning the work of the Kearney State normal will be shown; at 10:30 that of the rural schools; at 11:30 the Peru normal work and at 12:30 the University of Nebraska. This program will be repeated in the afternoon of each day.

Entry days for race horses and exhibits at the state fair to be held September 2 to 6 are drawing near.

On August 12 racing entries will close in the 2:25, 2:38, 2:54 and 3:10 races, and 2:30, 2:50, 2:17, 2:59 and free-for-all racing, each race being for \$500; and also to the Nebraska derby running, and ten-mile relay race. The entries for horses and cattle close August 17, so that they can be published in the official catalogue. All other entries close at 6 o'clock Saturday night, August 31.

GYPSY WOMEN SHORT CHANGE JUDGE MULLIN

GDAND ISLAND, Neb., Aug. 8.—(Special.)—Though on the bench for nine years County Judge Mullin had this week his first experience of the suspension of a part of the fine by the fined. Several gypsies were arraigned before his bar, charged with larceny from the person. The evidence proved their guilt and they were fined in the sum of \$50 each. They pleaded for a reduction of the fine and upon a promise to leave the vicinity the judicial heart softened, but not to the extent urged. They wanted a further reduction of \$5. The court was adamant, and the money was paid over. Some time after their departure the judge again counted the bills and found that he had been short-changed in a decidedly slippery way. There was a search for the short-changers with contempt proceedings in the balance, but the wanderers had made good their promise to leave the surroundings for their pastures.

Odell Man Struck by Lightning.

BEATRICE, Neb., Aug. 8.—(Special.)—John Meyers, a farm hand employed by George Kitt, who resides four miles north of Odell, was severely shocked by lightning during a thunderstorm yesterday, and remained unconscious for four hours before a physician could revive him. Meyers formerly resided in this city.

Nebraska.

NORTH PLATTE REJECTS TELEPHONE FRANCHISE

NORTH PLATTE, Neb., Aug. 8.—(Special.)—An interesting special election was held in this city yesterday in connection with the telephone franchise. Years ago a franchise was granted to the North Platte Telephone company to occupy the streets and alleys with their poles, wires, etc., for the purpose of conducting a general telephone business. The telephone company was then operated by parties residing here.

About a year ago the Nebraska Telephone company purchased the plant here and later began to erect a new system, which was put in use the first of June. The Nebraska Telephone company asked for a franchise and it was granted, but the people were very much dissatisfied with the terms of the franchise and a referendum election was had August 2, at which this franchise was overwhelmingly defeated. The original grant to the North Platte Telephone company did not read to any successors or assigns. A few weeks ago a resolution was offered to the city council by the telephone company, which virtually amounted to an assignment of the old franchise which was granted to the North Platte Telephone company. This resolution was passed by a bare majority of the council and immediately a referendum petition was filed. At the election yesterday the action of the council was reversed and this resolution turned down by a vote of 55 to 32.

Considerable dissatisfaction exists in this city with reference to the telephone rates put in force by the Nebraska Telephone company. Under the former system, residence rate was \$1.50 per month for a one-party line with a ground circuit. The new system is metallic and the residence rate now charged is \$2 for a one-party line. There are no rates charged anywhere else in the state higher than the rates here, except Omaha and Lincoln.

TECUMSEH MAN CHARGED WITH STEALING PONY

TECUMSEH, Neb., Aug. 8.—(Special.)—George Bruder of Tecumseh is wanted on a charge of having stolen a pony and saddle from the hitchrack at Cook, on Friday evening last. The pony is the property of a lad who makes his home with O. C. McAdams, who lives five miles southeast of Cook. Sheriff E. L. Roberts located the pony at the home of Owen Morrissey, near Vesta, where it had been taken up a few days before. Bruder camped at the school house in District No. 8, near the Morrissey home, the night the pony disappeared. Bruder is about six feet tall and will weigh about 175 pounds. He is a laborer and has been making Tecumseh his home for some time. He is sometimes known as George McGee. The sheriff will give a liberal reward for his detention.

News Notes from Dealer.

DESHLER, Neb., Aug. 8.—(Special.)—At the annual meeting of the Deshler Broom company, August 1, an annual dividend of 15 per cent was declared, the largest since the company was incorporated, there being \$123,000.23 worth of business done the last year, an increase of \$23,300.30 over the previous year. There were manufactured during the year 24,743 dozen brooms and 15,383 whisk brooms. The following officers were elected: President, A. W. Kollman; vice president, E. H. Behring; secretary, treasurer and general manager, H. J. Struve.

A business meeting of stockholders of Deshler college was held Wednesday evening of last week and a permanent organization effected. The school was christened "The Lutheran High School and Business College." Rev. William Choler was elected president; H. J. Struve, vice president; Rudolph Koch, secretary; Fred Beckler, treasurer. Block 23, south of town, was selected as the building site. An eight-foot concrete sidewalk will be constructed at once to this location. Plans for the main building are being considered.

Wassau Man Injured.

WAUSA, Neb., Aug. 8.—(Special.)—Oscar Carlson, a young farmer living near Wausa, suffered a broken leg yesterday. He was on horseback and the horse fell on him. The leg was broken below the knee, but no other injuries sustained.

Accident Kills Farmer.

BEATRICE, Neb., Aug. 7.—(Special Telegram.)—Forrest Bryant, the young man, who was impaled on the handle of a pitchfork, while threshing near Holmesville yesterday, died today. He was 25 years of age and leaves a widow.

Key to the Situation—Bee Advertising.

Mr. W. S. Gussakov, a farmer living near Fleming, Pa., says he has used Chamberlain's Colic, Cholera and Diarrhoea Remedy in his family for fourteen years, and that he has found it to be an excellent remedy, and takes pleasure in recommending it. For sale by all dealers.

Notes from Bradshaw.

BRADSHAW, Neb., Aug. 8.—(Special.)—The Farmers' State bank of this place moved into its new quarters last night. It has been doing business in a small building since its organization the first of the year, pending the remodeling and fitting up of elegant new quarters. A change of proprietors was made yesterday. In the lively business of Bradshaw, Park Switzer having purchased the business from Irvin Johnson.

Ensign Hall Reports for Duty.

AURORA, Neb., Aug. 8.—(Special.)—Robert Archbald Hall, ensign, United States navy, left today for San Diego, Cal., where he will report for duty on the flagship California. Ensign Hall was appointed from this county four years ago and completed the course at the naval academy at Annapolis last spring. His sister Eleanor accompanied him and will attend the University of California at Berkeley.

Notes from Bradshaw.

NATIONAL TOILET COMPANY, Park Tower, 501 Broadway, New York City. Sold by Sherman-McConnell Drug Co., One Drug Store, Local Pharmacy, HARVARD Pharmacy, etc.

Nebraska.

Further Litigation in Water Bond Case

KEARNEY, Neb., Aug. 8.—(Special Telegram.)—After having gotten out of the oil engine controversy and apparently arranged things for the active construction of the new \$40,000 municipal light plant, Mayor J. W. Patterson, the council members, the city clerk and city treasurer and Walter George, state treasurer, were enjoined by Austin M. Brownfield, a taxpayer, late this afternoon, when his petition was filed in the office of the clerk of the district court, from selling the bonds.

By the petition the plaintiff makes his allegations to cover the case from several points that have been discussed at various times during the days the project has been under consideration by the council. He alleges that the bond issue limit for municipal ownership imposed on cities the size of Kearney has been exceeded, that the bonds did not secure a majority of the taxpayers, although a majority of the votes cast were secured, and that the method of voting them was irregular and therefore illegal and making them void. The hearing will be held September 3.

AUTOMOBILE AND MOTORCYCLE COLLIDE

GRAND ISLAND, Neb., Aug. 8.—(Special.)—Otto Kluege lies at his home, near St. Liberty, badly bruised up as the result of a head-on collision, in broad daylight, and on country road, with a Mr. Grace, the former on a motorcycle, going at high speed, and the latter in an automobile, also traveling some. It is stated that Kluege lost control of his machine, when about to pass. The motorcycle was completely demolished and the radiator and lamps of the auto badly damaged. Mr. Kluege's injuries are not serious.

TERRITORIAL PIONEERS WILL PICNIC AT HICKMAN

HICKMAN, Neb., Aug. 8.—(Special.)—The Nebraska Territorial Pioneers' Association will hold its annual picnic Saturday at Hickman in connection with the regular annual celebration of the Southern Lancaster Old Settlers' association. A special train will carry the pioneers and their friends from Lincoln, leaving at 10:30 a. m. A dinner will be served on the grounds, especially for the members of the Nebraska Pioneers' association and their friends. This will be followed by short talks by the pioneers present.

Beatrice Short of Pitchers.

BEATRICE, Aug. 8.—(Special.)—With the release of Pitchers Routh and Everitt the Beatrice Mink league ball team is short on pitchers, and only three are with the team on its trip away from home.

The day following Routh's release the manager signed a young man named Everitt. He pitched one game against Nebraska City and the next day was released. He came here from Missouri.

Pen Jones, an outfielder on the team, has been released, and the three pitchers are alternating in the field when not on the slab.

St. Edward Chautauqua.

ST. EDWARD, Neb., Aug. 8.—(Special.)—The local management of the St. Edward Chautauqua assembly is planning to make the third annual session August 22 to 26, the best ever held here. The grounds are being cleaned and staked, so that anyone desiring tents for camping can register prior to August 15.

The chautauqua park is but one block from the business part of town and easily accessible. A permanent bridge was built across the Beaver, leading into the park, last year. The grounds are well shaded and covered with grass sod. Good boating facilities makes an ideal place for campers. Four big ball games will be played after the afternoon programs, August 22, 23, 24, 25 and 26.

Wassau Man Injured.

WAUSA, Neb., Aug. 8.—(Special.)—Oscar Carlson, a young farmer living near Wausa, suffered a broken leg yesterday. He was on horseback and the horse fell on him. The leg was broken below the knee, but no other injuries sustained.

Accident Kills Farmer.

McShane Will Not Permit Prize Fight

Sheriff McShane will stop the boxing exhibition, scheduled to be held in Florence next week, if it develops into a prize fight. So the sheriff says. When informed that a bout was being arranged and that Clarence English would be the drawing card, the sheriff said: "Personally I wouldn't have any objection to a prize fight; but the law says I must stop them, and I will. If they want to have a boxing exhibition, they can have it without any interference from my office, but if they try to pull off a prize fight I will have to stop it."

Elks' Big Beachfest Set for This Month

Only four weeks hence, on August 30, the local lodge of Elks will hold its annual clam bake. The Seymour Lake Country club has been selected as the place for the big sea food feast and preparations for the event are now well under way. The beachfest will be on from the noon hour, but the big feed will be ready to serve at 6 o'clock in the evening. In the meantime there will be an exciting program of games and music.

Secretary I. W. Miner of the Elks announces that no tickets to the bake will be sold after August 20, and he asks that members send in their acceptances at the earliest time possible.

HEAVY RAINS HELPING PREVENT CAR SHORTAGE

Railroad men report that the coal car situation is a little easier than a week ago and that right now coal is being brought through on record time. They all agree that when once the heavy movement of grain starts to market, it's going to be difficult to get cars for coal, but in the meantime, they hope to have the equipment make one or two round trips, bringing in sufficient coal to last until the grain is well out of the way and a large number of cars are released. It is contended that the frequent rains are helping out on the impending car shortage for the movement of grain. These rains are preventing the farmers from threshing and consequently are going much toward a solution of the car situation.

BIDS FOR STEEL PIPE TO BE OPENED AUGUST 24

Bids for steel pipe for the north half of the forty-eight-inch water main to Florence will be opened by the water board August 24. Specifications for the pipe have been approved by the board. There will be two miles of such pipe. A new pipe district on Fortieth street from Grand avenue to Fort street was created by the board to supply water in place of the water now supplied by wells, which have been condemned by the health department. Other water districts created are Lake street from Forty-second to Forty-fifth street, and Twenty-fifth avenue from Poppleton to Woolworth avenue.

POLICE FIND MARKS COOKING HIS BREAKFAST

In response to a call that prowler was in the house of John Marks at 2011 Spencer street, Patrol Conductor Pete Dillon and Officer Joe Hell hurried to the scene in the emergency machine, only to find Marks preparing his breakfast. Marks, who is a member of the Marks Bros. Saddlery company, has been in Canada the last two months and returned home Wednesday. The neighbors noticed a light in the house and notified the police. They did not know of his return and believed someone was ransacking the house.

BEATRICE YOUNG WOMAN IS FATALLY BURNED

BEATRICE, Neb., Aug. 8.—(Special Telegram.)—Miss Augusta Epp, a school teacher of this city and only daughter of Mr. and Mrs. John Epp, was probably fatally burned this morning by an explosion which resulted while she was attempting to start a fire in a stove with kerosene. The house was partially destroyed.

Accident Kills Farmer.

BEATRICE, Neb., Aug. 7.—(Special Telegram.)—Forrest Bryant, the young man, who was impaled on the handle of a pitchfork, while threshing near Holmesville yesterday, died today. He was 25 years of age and leaves a widow.

Key to the Situation—Bee Advertising.

VALUABLE CROCKER DOGS NOT COMING THROUGH OMAHA

The Alice Crocker dogs, en route from San Francisco to New York, are not coming this way, and consequently a lot of dog fanciers are sad. The Union Pacific officials here were advised that Alice Crocker-Whitman and a car of dogs, some of them said to be worth thousands of dollars, were on the way east through Omaha. She was reported to be accompanied by maids and dog doctors, and they were requested to show the woman and the canines all necessary courtesies. Now it turns out that while the woman and her dogs are coming special they are traveling over the southern route. It is said that the owner of the canines fears that the weather across Nevada and Wyoming might impair the health of the animals.

Says Harriman Knew of Times Dynamiting

LOS ANGELES, Aug. 8.—The defense in the bribery trial of Clarence S. Darrow, obstructed the rebuttal case of the prosecution today, first by a lengthy continuation of the cross-examination begun yesterday of O. H. F. Mayer, the "mysterious stranger," and later by blocking an attempt to impeach the testimony of Job Harriman, one of the important defense witnesses. In the latter effort the entire afternoon was consumed by arguments concerning the admissibility of testimony by Edward Adams Cantrell, a socialist lecturer, which purported to show that Harriman had knowledge of the plot to blow up the Los Angeles Times building. Judge Hutton took the question under advisement until tomorrow.

The question put to Cantrell was whether on October 15, 1910, in San Luis Obispo, Cal., Job Harriman had said to him with reference to the blowing up of the Times building: "I have known for some time that preparations were being made to pull off the job." Before an objection could be made, Cantrell gave an affirmative answer, but it was stricken out. The witness testified that at the time mentioned he was a candidate for secretary of state on the socialist ticket and that he and Harriman were engaged in the campaign. The persistent and judicious use of Newspaper Advertising is the Road to Business Success.

Will Complete Auto Trail to the Coast

Word has been received from H. E. Fredrickson and his good roads auto party at Salt Lake City that the work of boosting good roads and setting up sign posts along the way will be continued by Salt Lake City autoists across Nevada and California to San Francisco and Los Angeles. Together with several Wyoming good roads boosters Fredrickson marked the roads across Wyoming and Utah as far as Echo. The signs are in white, yellow and black and are easily readable from a distance.

It was decided at a mass meeting of motor enthusiasts in Salt Lake City early in the week to name the new transcontinental highway the "Omaha-Salt Lake Pioneer Trail."

PERSONAL PARAGRAPHS.

Mr. and Mrs. H. Hurd, old residents of Raymond, Neb., are guests of their nephew, George Hurd, forty-fourth and Harney streets. They are on their way to visit their old home in eastern New York.

L. J. Dunn has gone to Lost Land lake on a fishing trip, a place that he has visited every season for the last five years. He knows of a particular bay in the lake where he catches pike weighing six to ten pounds.

W. E. Morse, former general superintendent of the Northwestern, passed through Omaha on his way home from the Pacific coast. He stopped off here between trains and called on General Manager Walters.

BIG HARDWARE STORE AT OTTUMWA DESTROYED

OTTUMWA, Ia., Aug. 8.—Ottumwa's business quarter was threatened by fire tonight when the four-story wholesale hardware store of Harper & McIntire was destroyed. The loss is \$300,000. Explosions of powder and cartridges imperiled the firemen, but no one was injured. The stocks of a score of merchants in the burned block were damaged by smoke and water.

One of the most common ailments that hard working people are afflicted with is lame back. Apply Chamberlain's Liniment twice a day and massage the parts thoroughly at each application, and you will get quick relief. For sale by all dealers.

ONE MILLION

Since January 1, 1912, The Midwest Life has written One Million Dollars of insurance in Nebraska. It expects to write another million before the year closes. You never heard the Midwest Life people kicking on Nebraska. It is too good a state for that. Of course they would appreciate it if more Nebraskans bought their life insurance of this home company, but the number who do is increasing each year. A great many more, however, could be accommodated. At this point in the writing of this ad, a Nebraska business man called at the home office for rates and a sample policy. Later he took \$5,000 on his life, making the corporation of which he is the general manager the beneficiary. He sets a good example for many others to follow. He stood up for Nebraska in a practical way. Who will be the next?

"DENIED DRINK, CUTS THROAT"

THE NEAL CURES DRINK HABIT IN THREE DAYS

Recent discoveries in medical science have demonstrated that the young man who cut his own throat in this city last Saturday, when a drink was denied him, was suffering from the accumulated and stored up poison of alcohol, which is always found in the system of the constant or excessive drinker. This poison causes nervousness, craving appetite and desire for liquor, resulting in more and more liquor (more poison) being taken into the system each day until nature rebels and demands the penalty—insanity and death. The Neal Treatment, now established in sixty principal cities, is always given under a guarantee that if it fails to absolutely eliminate this poison and effect a perfect cure of the affliction in three days' time, every cent paid will be promptly refunded. For further information call or address NEAL INSTITUTE, 1502 South 19th Street, Omaha.

Bankers Life Insurance Co., Lincoln, Nebraska.

Dear Sirs:

Your esteemed favor of 5-29-11 came duly to hand and I wish to acknowledge receipt therein of draft for \$1,146.63 in full settlement of Policy No. 1788. I desire not only to thank you for the promptness in which you have made this settlement, but also for the many favors and illustrations of kindness shown me during the past twenty years. Without said favors it is exceedingly doubtful whether I could have carried any insurance and without this my preparation for old age would have been meager indeed.

I can cheerfully recommend your company for safety, promptness in payment, and favors in the extension of time for payment of premiums.

Thanking you for everything you have done for me and wishing you great success in the future, I am,

Very truly yours,

VIRGIL KOSSUTH VAN DE VENTER.
