CORN IS IN FINE SHAPE

Condition of Crop is Ten Points Above This Time Last Year.

HEAVY YIELD OF SPRING WHEAT

Total Production Will Be Hundred Million Bushels More Than Last Year—Potatoes Are Above Normal.

WASHINGTON, Aug. 9.—The August crop report of the crop reporting board, bureau of statistics, United States Department of Agriculture, issued at 2:15 p. m., today and made up from reports of its agents and correspondents throughout the country, gives a preliminary estimate of the yield and quality of winter wheat; the condition on August 1 (or at time of harvest) of spring wheat, corn, oats, barley, potatoes, tobacco, flax, rice and apples; the acreage and condition of buckwheat and hay; the acreage, preliminary estimate, of the yield and quality of rye; stocks of oats and barley in farmers' hands on August 1 and the indicated yield per acre of these crops.

The report follows:

Corn—Condition 86 per cent of a normal, compared with 83.3 per cent last month, 83.3 per cent last year and 87.9 per cent the average for the last ten years. Indicated yield per acre, 21.9 bushels, compared with 22.9 bushels last year and 22.4 bushels, the average yield for the five years, 1906-10. On the planted area, 710,100 acres, it is estimated the total production, interpreted from condition reports, will be 23,000,000 bushels, compared with 22,500,000 bushels last year and 21,310,000 bushels in 1910.

Hay (all tame)—Condition, 91 per cent of a normal, compared with 86.3 per cent last month, 88.6 per cent last year, and 82.6 per cent the average for the past four years. Indicated yield per acre, 1.49 tons, compared with 1.14 tons last year, and 1.42 tons, the average yield for the five years, 1906-10. On the planted area, 49,200,000 acres, it is estimated the total production, interpreted from condition reports, will be 73,000,000 tons, compared with 55,000,000 tons last year and 60,000,000 tons in 1910.

The figures for hay have been revised by the bureau of statistics to conform with the census bureau's classification and basis. Changes are due mostly to the inclusion of grain cut green for hay which heretofore have not been included in the Department of Agriculture's basis of estimations.

Apples: Condition, 6.58 per cent of a normal, compared with 67.9 per cent last month; 53.9 per cent last year and 53.9 per cent the average for the past ten years.

mal, compared with 88.3 per cent last month, 88.3 per cent last year and 87.9 per cent, the average for the last ten years. Indicated yield per acre, 21.9 bushels, compared with 22.9 bushels last year and 22.4 bushels, the average yield for the five years, 1906-10. On the planted area, 710,100 acres, it is estimated the total production, interpreted from condition reports, will be 23,000,000 bushels, compared with 22,500,000 bushels last year and 21,310,000 bushels in 1910.

The figures for hay have been revised by the bureau of statistics to conform with the census bureau's classification and basis. Changes are due mostly to the inclusion of grain cut green for hay which heretofore have not been included in the Department of Agriculture's basis of estimations.

Apples: Condition, 6.58 per cent of a normal, compared with 67.9 per cent last month; 53.9 per cent last year and 53.9 per cent the average for the past ten years.

CONGRESSMEN MEET GOMPERS IN CAPITAL

(Continued from First Page.)

which to continue development or to meet any unexpected obstacle to its profitable cultivation, or any unanticipated drain upon his financial resources.

Under the new law settlers will be able to obtain a marketable title in three years instead of ten years as under the old law. Under the new law private land owners who purchase water rights from the government are required to perform the same duties of cultivation and reclamation as is required by homesteaded tracts under the reclamation law, which will tend to prevent the holding of undeveloped land for speculative purposes.

New Features of Law.

The new law has several additional features which are approved by the secretary of the interior, including the imposition of an interest charge upon all installments not paid when due, a provision for charges to be paid for improvements when necessity is shown after the completion of the original plans for the project, and the fixing of a building charge, a proviso to prevent the consolidation of holding until final payment of the building charge shall have been made, and a proviso to transfer to the local officers of the reclamation service the duty of receiving all payments due on reclamation entries or water rights. This service has hitherto been transformed by receivers of local land offices, which are frequently a considerable distance from reclamation projects, so that settlers cannot go there without great inconvenience, which in the future will be entirely obviated.

DETROIT SCANDAL GROWS

Twenty Aldermen Charged with Conspiracy to Defraud City.

SIXTEEN MEN ARE ARRESTED

Nine of the Accused Are Already Under Bond to Answer Charge of Taking Bribe in a Trucking Deal.

DETROIT, Aug. 9.—Sensational developments in the local aldermanic graft scandal occurred today when Prosecuting Attorney Shepherd announced that before night about twenty aldermen would be placed under arrest on charges of conspiracy to defraud the city in connection with their official positions.

Nine aldermen recently arrested on a similar charge are also included among the twenty new indictments.

Sixteen arrests were made before noon. Seven of the aldermen also face the original bribery charges as follows:

"Andrew J. Walsh, Louis Brozo, Louis E. Topsy, Frank J. Mason, Thomas E. Gilman, Martin J. Ostrowski, David Rosenthal, Richard Watson and Stephen D. Skrzacki.

The new arrests were William H. C. Hindie, William Koenig (candidate for mayor), George E. Ellis, Thomas Lynch, Patrick O'Brien, Joseph Merritt, William Zoeller.

Those newly arrested were required to furnish \$5,000 bonds and those formerly taken in custody were released upon furnishing surety to the amount of \$2,000.

CATHEDRAL FOR DES MOINES

Vestrymen Favor Making Change at St. Paul's Episcopal Church.

SUFFRAGAN BISHOP IN CHARGE

Dr. Harvey Wiley Stops at Iowa Capital Long Enough to Declare that He Will Support Wilson This Year.

(From a Staff Correspondent.)

DES MOINES, Ia., Aug. 9.—(Special Telegram.)—St. Paul's Episcopal church will in all probability be converted into a cathedral with Rev. J. J. Lonsley of Evans-ton, Ill., suffragan bishop of Iowa, in charge. An informal meeting of the vestrymen of the church was held today and it is understood the members favor the change.

Wiley for Wilson.

"I am sorry to see the republican party disrupted. I was born a republican, have always lived one up to this time, and will be again when it has received its chastisement."

This was the statement made today by Dr. Harvey Wiley, for many years chief of the bureau of chemistry of the Department of Agriculture, who was en route to Tama, where he is to deliver a lecture. He is supporting Wilson for president.

Harlan City Council Reappoints Baughn

HARLAN, Ia., Aug. 9.—(Special.)—W. L. Baughn, mayor of this city, who resigned at the request of several prominent business men after a night of revelry some two weeks ago, was re-elected by the city council at their meeting Monday night. His resignation was brought about by a committee of citizens headed by Attorney G. W. Cullison, who informed him that he would be better resigned than subjected to the strict rules of the Oyster law. The reappointment has caused considerable ill feeling among the more prominent people and he may yet be the subject of ouster proceedings.

Iowa Notices.

IDA GROVE.—Bruce, Lusk, junior member of the firm of F. A. Lusk & Son of this city, was married at Bedford, Ia., Tuesday to Miss Besale Engstrom, daughter of Mr. and Mrs. C. W. Engstrom.

IDA GROVE.—Announcement was made yesterday of the marriage of Ina Ally Crawford and Lincoln D. Rankin, a prominent young couple here who have kept their marriage a secret since November 25, 1911.

PORT DODGE.—The Port Dodge Portland Cement corporation has reduced its capitalization from \$5,000,000 to \$2,000,000, because it has discovered that the corporation was over-capitalized. The mill the company is preparing to build will cost more than \$700,000. Governor B. F. Carroll attended the recent meeting of stockholders and was elected a director in the corporation.

IDA GROVE.—Ernest Schmidt was brought to a hospital here from Schleswig with a broken leg and internal injuries. Schmidt and his brother, Arlo, were riding in Dr. Schultz' car when the machine turned over with them. Ernest with a broken leg managed to crawl out from under the car and release his brother, who was pinned down. Arlo then carried Ernest on his back to the doctor's.

IDA GROVE.—Saturday a hundred friends and neighbors gathered at the home of Mr. and Mrs. William Crane to help them celebrate their golden wedding anniversary. Wednesday afternoon the friends and neighbors gathered at the home to attend the funeral of Mr. Crane. He died from heart trouble. Mr. Crane was born in the state of Ohio in 1841 and came to America as a boy of 12, locating first in Jones county, Ia. He married Margaret Bolt of Monticello, Ia., August 2, 1888, and they have lived in Ida county for thirty years. He was a prominent and highly respected farmer.

PRISONERS MAKE ESCAPE FROM MILLS COUNTY JAIL

GLENWOOD, Ia., Aug. 9.—(Special.)—A clever jail delivery was effected by Earl Mendenhall last evening.

Sheriff Bushnell was alone at the building, his family spending the night at Malvern. The sheriff was called a block in town and as he was leaving Mendenhall asked him to bring him some smoking tobacco.

When the sheriff returned the cells and corridor were dark and upon a hurried investigation he found the jail empty.

The cells had been taken from the inside window, splintered a wire hook improvised of a piece of wire clothline, the hook passed nine feet through the bars to the closet where the keys are placed by the prisoner. The keys worked out to the prisoner, the doors unlocked from the inside and the sheriff's residence opened from the inside. On top of the cell, which is nine feet long, tacked together, they had placed a bit of candle and the light from this guided the hook to the keys.

The job would be difficult in daylight and to pull it off in the short time that they were alone required a steady nerve. Bloodhounds were unable to take the trail from the jail. They found it a block east, where the prisoners had gone down an abrupt bank, and followed it to Pacific Junction, where the trail was lost. Mendenhall was serving a six months' sentence for jail breaking, the time being given him to await developments in another direction, and William Willetts was awaiting trial for attempted incendiarism. Willetts has been sick with some heart affection and Mendenhall has nursed him faithfully.

Farmer's Wife Killed, Child Fatally Hurt, as Auto Hits Motor

CENTRAL CITY, Neb., Aug. 9.—(Special Telegram.)—An automobile owned and driven by W. H. Heinemeyer, a farmer residing a few miles southeast of Central City, ran head on into the Union Pacific motor car on the Stromsburg branch, shortly before noon today and as the result to the accident, Mrs. Heinemeyer, who was riding in the car is dead and her child fatally injured.

The accident occurred at the crossing about a mile north of Polk. Evidently Heinemeyer, driving around a bend in the road did not see the motor until it was too late. The motor was going full speed and the automobile struck it about the center. The automobile was upset and its occupants thrown out. Mrs. Heinemeyer was so badly injured that she died soon afterwards. The impact was so great that the motor car was almost thrown from the track and was delayed sometimes for repairs.

Another automobile accident near the reunion grounds in Central City today. J. Mack's automobile, driven by his son, skidded in turning a corner and Mrs. J. Mack was thrown out and her arm shattered.

BLACKHANDS BLOW UP A STORE IN GREENSBURG PA.

GREENSBURG, Pa., Aug. 9.—A heavy charge of dynamite was exploded early today in the doorway of the store of John and James Malcack. Guests in the Hotel Rappe were thrown into panic by falling glass, scores of windows in the hotel building having been broken. The store was wrecked. Immediately after the explosion, two men hurried into the street and were driven away in a waiting automobile. Recently John Malcack received a number of black hand letters.

DEATH RECORD.

Rev. J. D. Krum, TECUMSEH, Neb., Aug. 8.—(Special.)—Rev. J. D. Krum, D. D., died at his home in Ottawa, Kan., at 10:00 o'clock a. m. on Tuesday. He had been in failing health for some time and was aged 81 years. He is survived by a son, Herbert Krum, and by several grandchildren. The late Mrs. D. F. Osmond of Sterling was a daughter. He was a former pastor of the church in Tecumseh, and left here in 1885.

Iowa's Oldest Woman is Dead. IOWA CITY, Ia., Aug. 9.—(Special.)—Mrs. Mary Harsh, Iowa's oldest woman, is dead in Hopkins, Mo., where she was visiting her daughter when the end came. She was 102 year old and had been a resident of Iowa fifty-two years. Former Senator A. F. Harsh of Lowell, Neb., is a son, and Senator A. B. Harsh of Creston, Ia., is another.
