DENIAL OF LAW VIOLATIONS

Saloonmen, Policemen and Firemen Witnesses in Ouster Case.

OTHERS TESTIFY FOR DEFENSE

Evidence of Saloons Being Open After Eight O'clock and on Sunday is Contradicted by Several.

Further testimony in denial of the state's charges of wholesale liquor law violations was offered by the defense in the Ryan-Pivonka ouster suit.

John Kubat and Louis Sandwick, South Omaha city firemen stationed in the fire station near John Frank's saloon, used Robert Stares, a straw boss in the Morris packing house, who lives near Frank's saloon, testified that they have been in position to observe the conduct of the saloon and never have seen the law violated there. John Zaloudek, a South Omaha detective, testified there has been little violation of the liquor laws by South Omaha saloonkeepers. John Scott, a police officer, contradicted the state's testimony of John Urbansky that Sandusky's saloon was open on last primary day.

The policemen, the firemen and the detective testified that for their living they are dependent upon their positions.

Ed Pivonka, bookkeeper for the Pivonka Coal company and brother of Pivonka, Police Commissioner Pivonka, denied the testimony of the state that one Sunday he worked as a bartender in Kerbel's saloon. Ed Bolz, bartender for William Jetter, swore the law never has been violated in Jetter's saloon.

John F. O'Leary, a shoe dealer, testified he had been on the streets of South Omaha more or less and has not seen saloons operating after 8 o'clock p. m. and before 7 o'clock a. m., nor on Sundays. He admitted that they may have operated without his knowing it.

Fuel and Iron Co. Accused of Trying to Evade Its Taxes

CHEYENNE, Wyo., Aug. 9.—Certain officials of the Colorado Fuel and Iron company are accused either of misrepresenting to stockholders the property holdings of the corporation in this state or of attempting to deprive the state of \$105,525 in taxes in 1910, in a report to the State Board of Equalization just issued.

The report sets forth that a reappraisal was made in 1910 whereby more than \$18,000,000 was added to the valuation of the property holdings of the Colorado Fuel and Iron company in Wyoming; that this valuation was used in making a report to the stockholders, and continues:

"When the company came to list its property for taxation we did not get an increase of \$19,000,000. On the contrary, counsel for the company appeared before the equalization board and asked that the output for 1910 be placed at a figure 10 per cent lower than the preceding year."

Tong War in Frisco Will Be Renewed

SAN FRANCISCO, Aug. 9.—Because Lee Seem, a Chinese slave girl, valued at \$1,500 was rescued from a den in a raid by the police Wednesday evening and taken to a Mission home there is portent of strife in San Francisco's Chinatown. The tongs are muttering, and the Hatchet and gunmen are arming, while the police squad is seeking the Tong leader who is supposed to have been the owner of the girl.

The Four Families tong, of which the girl's former master was a member, accused two others of the Tong of having informed the mission of the girl's plight, and the accused men have been served with notice to appear and exculpate themselves or prepare for death.
