RECENT PRIZE WINNERS ON THE RED SIDE

## The Busy Bees

E any of the Busy Bees earning any pin-money this vacation? Yes, there is one that we know of-a Busy Bee in Utah who is making money picking strawberries.

A number of Omaha boys and girls are using their different abilities to make money and keep busy. Two boys have gone into partnership and they do all kinds of carpentering and odd jobs. They constructed for a neighbor a rustic flower box on an old tree stump. They took a grocery box

covered it on the outside with thick maple branches placed parallel and horizontal, then varnished it and fastened it on the stump. They filled the box with geraniums, petunias and foliage plants and it is a very effective front yard decoration.

These same boys make flower boxes for front porches. They also know enough about electricity to repair the door bells f the neighborhood and

Two other boys made several dollars fashioning hurdles and selling them to the other boys to use in jumping contests. An Omaha girl takes pictures of her friends with her kodak and sells them.

Alfred Mayer of Omaha wins first place today and Mildred White, also of Omaha, wins second. We have a new Busy Bee today, Catherine Hayden of Bloomington, Neb., who joins the Red Side.

In Cologne.

By Alfred Mayer, Aged 11 Years, 666 Georgia Avenue, Omaha. Red Side. While we were on the steamer we

decided to go "up the Rhine," and on the way take the cities we passed. As we neared Cologne from Wiesbaden and crossed the bridge which brought us

to the city we noted that it was quite large, although it was dark. We at once went to the Hotel Dom and

secured rooms. We were all very tired, so after we had supper we went to bed. Now, I suppose you all are wondering

what Cologne is and how it got its name. Well, it is a very old city, although not as old as Nuremburg, because Nuremburg is more than 900 years old, while logne is 450 years old.

The chief thing made there is Cologne and hence it gets its name.

The principal place of amusement is the beautiful church, which is over 300 years old and which was completed a they did not think it would cost as much as it did. It covers over one square block. Inside it is fitted in gold and silchurch of Milan.

Revenue from Birds' Nests.

Among the strangest methods by which governments derive income is that employed by the Slamese authorities, who gain a considerable revenue from the rental of the islands where the sea swallows breed.

These birds construct a nest which is edible, and is highly prized by the Chinese and Japanese, as well as other orientals. In fact, in recent years these and the club was to meet at Mary's brids nests have been imported and find a considerable sale at very high prices

## Health and Beauty Advice

will quickly stop the irritation and soothe your tender scalp. To prepare, pour 1 ounce quinzoin into ½ pint alcohol and to this add ½ pint water. Using this quinzoin tender regularly banishes dandruff and excess oiliness, makes the scalp healthy and induces an abundant growth of even-colored, fluffy brilliant hair.

Edith: Aching eye-muscles do not indicate a pressing need for glasses. Try this harmless eye tonic and I am sure you will find prompt relief: In 1 pint clear, cold water dissolve 1 ounce crystos, then each day put 2 or 3 drops of this in the eyes. The crystos eye-tonic is especially nice for granulated lids and to remove foreign particles. To dull eyes it gives a delightful sparkle and expression.

Myra S.: I know you feel uncomfort-able carring around so much fat this hot weather, but if you dissolve 4 ounces parnotis in 1½ pints hot water and take a tablespoonful before meals you will soon regain your former weight and shapely figure. The parnotis treatment is quite harmiess and dissolves the fat without back this creature was quite plentiful in certain localities.

It also rounds out hollows and lends a chaming tint and youth-look to prema-turely aged skins. You will find the almozoin cream-jelly far superior to anything you ever used, and it positively will not grow hairs.

Ethel: Use a delatone paste and you will be quickly rid of those annoying hairs. With some water mix enough powdered delatone to cover the hairs not wanted. Apply, and after 2 or 3 minutes rub off and wash the skin. This removes every trace of hair and leaves the skin.

Aleda: Perspiration will not cause your hair to become "mussy" and unmanage-able if you shampoo frequently with canthrox. Just dissolve a teaspoonful of canthrox in a cup hot water and you will have sufficient mixture for a thorough cleansing. Canthrox creates a wealth of cleansing. Canthrox creates a wealth of thick, creamy lather that gently and completely removes every atom of dust, dandruff and excess oil. Its use keeps the scalp clean and healthy and insures an abundance of brilliant hair, even in color and of a soft silken fluff. After a canthrox shampoo the hair dries quickly and is easy to do up in any style.

Mrs. R. M.: You must discard powder and greasy creams, because these clog the pores and cause the skin to grow rough, blotchy, oily and freckled. Using this simple, inexpensive lotion will soon clear your skin and give to it that delight. ful youth-tint so much admired. Into ½ pint witch hazel (or hot water) stir 2 teaspoonfuls glycerine, then add 4 ounces spurmax. Apply sparingly to the skin and rub lightly until dry. The spurmax lotion is invisible when on and imparts a velvety smoothness to the skin. It is especially fine for hot weather, because perspiration does not spot it, nor does it

will be quickly rid of those annoying hairs. With some water mix enough powdered delatone to cover the hairs not wanted. Apply, and after 2 or 3 minutes rub off and wash the skin. This removes every trace of hair and leaves the skin firm and smooth.

Mrs. Bob: Straggly eyebrows can be made to come in thick and silky if pyroxin be applied ocasionally with fore-finger. For short lashes, apply pyroxin at lash roots with forefinger and thumb and they will come in long and curly. Be careful and don't get any pyroxin where you hair is wanted.

O. L. R.: Your system craves a clean-ser and tonic. Into ½ pint alcohol pour 1 ounce kardene, then add ½ cupful sugar and hot water to make a quart. A table-spoonful before meals is the dose, and a course of this treatment will eliminate all poisons from the body, build up waste, strength and energy.
