Big Tree Blown Down—One of the big cottonwood trees in the old Furay residence grounds on North Twenty-fourth street, planted by the late Major Furay more than fifty years ago, was blown down by the high wind Monday afternoon.

Whitehorn Funeral Wednesday—The funeral of Edward Whitehorn will be held this afternoon at 2 o'clock at the residence, 2622 Douglas street. Dean John A. Tancock will preach the funeral sermon. St. John's lodge No. 25, A. F. and A. M. will have charge of the services. Burial will be made in Prospect Hill cemetery.

Vaudeville at Manawa—Howard at the Manawa vaudeville this week does a heel drop without hooks, pads or false heels, dropping from the middle of his back from a small bar. The Trebras give the audience, not mystifying, but perplexing and diverting tricks. Next week will be given to Conway's great band, starting Sunday matinee. It followed Ebery's and preceded Sousa's at Philadelphia.

Columbus Man Seeks Son—Ernest C. Bergman, a business man of Columbus, is in Omaha calling at the army and navy recruiting stations looking for his son, whom he says left home with ambitions to join the army. The son is 18 years old. He left his home at Columbus Sunday evening and has not been seen there since. His father says that a Columbus boy, who joined the army a few years ago, has been at home on a furlough and has given his son great ideas of the advantages and pleasures of army life.

GILLESPIE GOES INTO BUSINESS FOR HIMSELF

George Gillespie, who for the last year has been connected with the Trowbridge-Bolster company, has severed his connection with that firm and will enter the real estate business for himself.

Mr. Gillespie was formerly business manager of the Omaha Daily News. He has secured the control of an extensive tract of land in Utah and his chief energies will be devoted to promoting its sale.

It is now well known that not more than one case of rheumatism in ten requires any internal treatment whatever. All that is needed is a free application of Chamberlain's Liniment and massaging the parts at each application. Try it and see how quickly it will relieve the pain and soreness. Sold by all druggists.

SAVE MONEY ON ALL REPAIRS

Ryder Says He Will Reduce Bills Enough to Buy a Touring Car.

CITY REPAIRS IS APPOINTED

Total Expenditure for Fixing Autos Last Year Exceeded Three Thousand—Half the Bill of Engineer Department.

Police Commissioner Ryder expects to save the several departments of city government enough money each year hereafter to "purchase a big touring car." He introduced and secured the passage of a resolution yesterday directing heads of all departments to send their "machines to the city repair shop for repairs.

J. M. Bauman has been appointed repairer at the city repair shop at 98 per month. Heads of departments order any part of machine needed through the city purchasing agent and the employes at the repair shop will do the work for 50 cents an hour. Private garages charge 75 cents.

Repairs on some of the city's machines in 1921 cost more than the original cost of the machine. The total expenditures for repairs during the year was \$3,069.20, of which \$1,172.23 was paid by the engineering department.

To date this year the city's machines have cost \$56.69 for repairs, the repair bill on the machine in the health department being largest, \$23. Mr. Ryder says these bills will be cut in half in the next year.

City Council Notes. Bids for paving were opened and read and referred to the committee on finance and accounts for tabulation. A proposition was submitted to the council from a concern that claims to manufacture a device that will "absolutely do away with speeding" of automobiles. Photographs were introduced to prove the assertion. The device is a huge disc that stands in front of the wind shield and registers on a large dial the speed of the machine. This was referred to Mr. Ryder's department.

Corporation Counsel Baker presented an opinion in which he held the council had no charge of streets and that the engineering department could not issue permits without the consent of the council as a whole. He recommended that the council grant the permits for water mains, relieving the engineering department of that duty.

Mayor Dahlman suggested that employees of the several departments be instructed to work together. He said inspectors were not doing their duty, as some of them employed by one department refused to take any cognizance of the permits that came under the power of other inspectors. For example, he said, a tree blew down and blocked Park avenue all day Monday, but neither policemen nor any inspector reported it.

Commissioner Hummel was granted permission to sell at private sale the church at Nineteenth and Ohio, for which bids have been twice advertised for and none received.

A sprained ankle may as a rule be cured in from three to four days by applying Chamberlain's Liniment and observing the directions with each bottle. For sale by all dealers.

Iowa Girl Falls to Death from a Peak of Ranier Mountain

TACOMA, Wash., Aug. 13.—Miss Helen Hunt, a Seattle school teacher, fell to her death from Pinnacle peak on Mount Ranier today. Her body struck in a gulch 500 feet down and every bone was broken. The body was brought here tonight.

Miss Hunt was one of a party which climbed Ranier today. The accident happened just after the descent was begun and the other women in the party were so unnerved that it was necessary to lower them with ropes. Miss Hunt went to Seattle from Tama, Ia.

Havemeyer's Power in Colorado Shown

DENVER, Aug. 13.—Letters purporting to show the best and sugar industry in Colorado was dictated by H. O. Havemeyer, head of the American Sugar Refining company, were introduced today in the government's inquiry to dissolve the sugar trust. A telegram addressed to Chester S. Morey, head of the Great Western Sugar company, with headquarters in Denver, and dated February 16, 1920, read:

"Cannot pay over \$450 for beet. H. O. H."

The following day Mr. Morey answered the telegram by letter, thus, according to the evidence:

"I am in receipt of your telegram and I assure you that I have never approved paying more than this price for beets first, last and all the time and aside from two factories which have contracted to pay a higher price there will be no advance without the matter being submitted to you."

JOE KELLY AND FAMILY HURT BY FALLING DOOR

Joseph Kelly, a salesman for the M. E. Smith company, his wife and daughter, were badly bruised Monday night when their automobile struck the garage door which was wrenched from its fastenings and fell on the trio.

Mr. Kelly was driving into the garage in the rear of his home, 210 Blinney street, when the machine hit the side of the doorway. The door, which is a large one, fell over on the three occupants before they could get out of the machine.

Hurd Has Moved Thousands of People Toward the Sky

If he is not the oldest man in point of service in running passenger elevators in the office building in Omaha, George Hurd, one of the present elevator conductors in the federal building, is confident he is crowding the oldest man mightily close for the honor.

Hurd has been jerking the citizens skyward by hydraulics and electricity for just 23 years. He began his service in the New York Life building when that structure was puncturing the clouds in the opinion of the people of the state. Then after serving in the city hall for a time by appointment of Mayor George P. Bemis, he was booted through the

transom by the vicissitudes of politics when the administration changed. Finding himself "on the outside of the hall," he again angled for the elevator job in the New York Life and landed it. During the time of the Trans-Mississippi exposition, Hurd was the man who yanked the levers in the New York Life that carried all the curious visitors to the top of this building. During that summer, Hurd says his record shows that he rode the elevator 20 miles a day by actual count. In this he asserts he has all balloon men skinned by a neck and a half at least, for he daily ascended an aggregate distance of ten miles and descended without a parachute.

COUNTY DADS BAR RED MIKE

Commissioners Are Unanimous When New Deputy's Bond Comes Up.

OBJECT TO HIS PAST RECORD

He Has Been Going Under Alias and Has Charge Now Pending Against Him in District Court.

Because he has been going under an assumed name and has a charge of vagrancy hanging over him in district court, the Board of County Commissioners, at the suggestion of Chairman O'Connor of the judiciary committee, has held up "Red Mike" Wallace's appointment as deputy sheriff by refusing to accept his bond of \$10,000 filed last week.

Wallace, whose real name is Wallinsky, was appointed a deputy several weeks ago to take the place of John Mahoney, who resigned. Although the appointment created considerable talk, Sheriff McShane insisted on keeping him on his staff. Since his appointment "Red Mike" has been the leader in all raids made by the sheriff's office.

The entire board of commissioners frowned at the appointment and when Wallace's bond came up for approval, the commissioners were unanimous in deciding that Mike should be turned out in the cold.

An opinion from the county attorney's office is to the effect that Wallace has no authority until his bond can be accepted, and if the board of county commissioners insist upon turning down his bond McShane will have to appoint a new deputy to take his place.

Wallace said last night that he would institute mandamus proceedings against the county commissioners to force acceptance of his bond, he says, is furnished by the same company that furnishes all bonds for sheriff's deputies.

Jewish Young Men Form "Ahmey" Club

To inspire proper political interest in the Jewish community in Omaha and to aid in the naturalization of all eligibles, thirty enthusiastic young men met last night in room 714 of the Omaha National bank building to organize the "Ahmey" club. The word "Ahmey" means "our

club."

INSURGENTS STAND BY TAFT

Gronna First to Announce Will Support Republican Ticket.

CONFERENCE HELD AT CAPITAL

Statement Agreed Upon for Followers of La Follette—Other Senators Refuse to Make Statements Regarding Their Views.

MINNEAPOLIS, Aug. 13.—Senator A. J. Gronna, of North Dakota, who was here for a few hours last today, said he was going home to support the republican ticket in the coming campaign, from top to bottom, including the presidential electors.

Senator Gronna made the statement that at a conference of progressive republicans in Washington Saturday night, in which Senators La Follette, Borah of Idaho, Keayon of Iowa and others took part, the form of a statement was agreed upon, which gives reasons why La Follette followers should refuse to leave the republican party and join the third party movement.

Senator Gronna said: "If I left the republican party I should feel under obligation to resign my seat in the senate. I was elected by the republicans as a republican and I am still a republican."

WASHINGTON, Aug. 13.—Senator La Follette tonight declined to comment on the conference referred to by Senator Gronna held in Washington last Saturday night.

Senator Borah also declined to discuss Senator Gronna's announcement and Senator Keayon's views could not be ascertained. It is known here, however, that the position to be taken by progressive republicans was considered at a conference in the senate chamber last Saturday.

This conference was informal, and it is understood that senators participating were in favor of remaining within the republican party. It is not known here that Senator Gronna was authorized to make any announcement of the result of the discussion.

Earth in Midst of Meteoric Showers

WASHINGTON, Aug. 13.—Astronomers at the United States naval observatory were on the lookout tonight for the first eight of a series of meteoric showers due in the northwestern heavens in the constellation Perseus. They had promised that the appearance of this phenomenon would be towards midnight, becoming more brilliant just before daybreak.

This display of heavenly fireworks, which is to be visible to the naked eye, will continue throughout tomorrow and Wednesday nights. The savants explain that this phenomenon is caused by the earth passing through the thickest portion of the meteoric particles known as "perseus showers," the effect of which is that the heavens abound with swiftly moving, shooting stars, darting in all directions.

It is pointed out that the display ought to be unusually brilliant this year.

STANDARD STEEL MAIL CAR WILL BE EVOLVED

F. D. Johnson assistant superintendent of the railway mail service has come to Washington where the committee on standardization of railway mail cars is to meet. Mr. Johnson is one of the three members of the committee. It is thought that at this meeting the final plans for a standard steel mail car to be required on all roads will be finally drawn up and submitted to the Postoffice department.

Prosecutor Lauds Darrow's Intellect in First Argument

LOS ANGELES, Aug. 13.—Alternately denouncing Clarence S. Darrow as a corrupter of men and lauding his brilliancy of mind, Assistant District Attorney W. J. Ford, made the opening argument in the Darrow bribery trial today. The prosecution extended to others connected with the defense of the Chicago lawyer to Job Harriman who Ford maintained was an accomplice in the alleged bribery of jurors; to Lincoln Steffens, designated as a "Christian anarchist," and to other defense witnesses of lesser importance.

Time after time Ford assailed Darrow personally, either because of his philosophic teachings or his conduct of the McNamara defense. Throughout the day the man long regarded as the foremost champion of organized labor in the courts listened to successive arraignments of himself, his friends and the cause he represented with apparent unconcern.

The climax of the prosecutor's personal denunciation was reached in his charge that Mr. Darrow by his teachings, was responsible for the blowing up of the Times building and its attendant fatalities. J. R. McNamara, he said, had been deluded by the doctrines advocated by Darrow. At another time the speaker referred to the defendant as the "brilliant gladiator of the courts."

NEGROES TRY TO PAWN TWO STOLEN WATCHES

THE SOCIETY OF THE BEE-HIVE

By MELLIFICIA. Omaha, August 13.

HOW SMALL the dear old world is getting! It used to be that a visit of folks from abroad, or from any far-away-place, was a gala event to be noisily celebrated, but such guests have become so commonplace as scarce to make conversation.

When contemplating a journey that was to take them away from home for more than a week, our parents would plan and talk about it months ahead, and reminisce long after their return. Now we jump thousands of miles, or skip away for months, on a moment's notice to pack our trunks.

I was in a company the other day that had just received picture posts from Spain, from Paris, from Alaska, from Japan, from Atlantic City, from Quebec and from Mackinac.

In the early days, the only globe trotters Omaha could lay claim to were George Francis Train and Charles H. Dewey. Today I can name a score who have girdled all the way round, and they are not regarded as curiosities either.

Examples of how we have spread out over the universe bob up all the time. A case in point is Mrs. Charles B. Rustin, who is getting letters from her grandchildren as from the four quarters of the earth. One grandson and a granddaughter, with their mother, Mrs. McIntosh, are summering at the far corner of the Baltic; another grandson has accompanied his father on a fishing excursion to northern Canada; the children of Fred Rustin are with their mother in French Brittany; and the children of Henry Rustin are in the Puget sound country. It seems to me that makes a pretty widepread family tree to have rooted here in Omaha.
