He tery.

Hoary Political Formalities. Boston Transcript.

The American sense of humor is never quite in full working order during the early stages of a political campaign, else the "formal notification" custom would have been long since abandoned, and candidates would have learned to put forth their "confession of faith" without the excuse of "accepting" a nomination which they had been seeking with eagerness somewhere between a year and a life time.

## Mighty Factor in Prosperity.

New York Journal of Commerce. The farmer is still an essential factor in our national prosperity. Some statisticians are estimating that the value of this season's crop will reach the enormous total of \$9,000,000,000, provided nothing happen to interfere with pretent prospects. This is fully \$500,000 more than last year's yield, and about equals the capital stock of American rallways.

Classed as a Mystery. New York World. Senator.
