Monument to Mark Place from Which Pilgrims Embarked

SOUTHAMPTON, England, Aug. 16.—The laying of the foundation stone of a memorial tower to be erected on the spot where the Mayflower was moored prior to its departure for America, with the Pilgrims who set forth from this port 30 years ago in search of religious liberty, marked the second annual observance of Pilgrim's day today.
The function opened with a luncheon, presided over by the mayor of Southampton. The toast of the "Immortal Memory of the Pilgrim Fathers," was proposed by Sheriff Hallett of Southampton and acknowledged by Arthur Lord and Joel H. Beavers of Boston; speeches were also made by Sir Edward W. Brabrook and John Morgan Richards, formerly of Boston. Among those present were Francis W. Loomis, formerly first assistant secretary of state and Captain Coleman of the United States training ship Adams.
Many American visitors, a number of whom were representatives of societies, who preserve the memory of the Pilgrim Fathers in America, attended the various ceremonies.

Rumor Has Metcalfe Bull Moose Nominee

(From a Staff Correspondent.)
LINCOLN, Aug. 16.—(Special.)—A bomb was exploded in the democratic camp today when assertions were made that Richard L. Metcalfe would be the nominee of the new bull moose party for governor.
Some of the fragments of the exploded bomb are said to have hit the state house and caused consternation around the office of the governor.
Just how much the story is worth cannot be told at this time for the reason that Metcalfe cannot be located, but one of the faithful intimates that he knows all about the matter and is holding himself shy so that he will not be called upon to deny or affirm. It is an open secret that Mr. Metcalfe and brother Charlie of the Commoner have not been getting along well together lately and some go so far as to say that they are never together any more than is necessary while performing their duties in the office of the Commoner.

Swartz Drops Dead in Front of House

Morris Swartz of the firm of Swartz & Son, commission merchants, 501 South Eleventh street, dropped dead in front of his home at 8 o'clock last night. His death is ascribed to heart failure.
Mr. Swartz was 56 years of age and had lived in Omaha for many years. He had not been in good health for a long time. He had a wide acquaintance in Omaha, especially among the orthodox Jewish people.
Three sons and five daughters survive Mr. Swartz.
Cremated at Kearney.
KEARNEY, Neb., Aug. 16.—(Special Telegram.)—Mrs. Ella Mae Nelson, aged 36, of Campbell, and her affinity, Tom Gaskell, an unmarried day laborer, are in the county jail in Kearney waiting a preliminary hearing Saturday morning, having been captured at Grand Island, after a sensational flight from Kearney. The husband, Hans P. Nelson, has caused to be filed a charge of adultery against the pair.

DEATH RECORD.

Mrs. Ben Cohn.
Ben Cohn, 404 North Eleventh street, has gone to New York City where his wife, Mrs. Cohn, died Thursday. Mrs. Cohn was 59 years old and had been ailing for some time. There are no surviving children.
The deceased will be buried in the family plot in one of New York's cemeteries.

HYMENEAL.

Miss Maria Lausten.
Miss Maria Lausten, daughter of Nels Lausten, and Mr. William O'Mara were married by Rev. Charles W. Savidge at his residence Thursday afternoon at 3 o'clock. They were accompanied by the bride's sister, Miss Gertrude Lausten, and Mr. William A. Wagner.

The Struggle in the Wilderness

This Undecisive, But Savage Battle, Cost the Armies Over 29,000 Killed and Wounded in Ten Hours' Fighting

The artillery and cavalry took but little part in the conflict. The battle was chiefly one of musketry. Volley upon volley was poured out unceasingly; screaming bullets mingled with terrific yells in the dense woods. The noise became deafening, and the wounded and dying lying on the ground among the trees made a scene of indescribable horror. Living men rushed in the tangled thicket to take the place of the dead. The missiles cut the branches from the trees, and saplings were mowed down as grass in a meadow is cut by a scythe. Bloody remnants of uniforms.
If you want to go clear through the battle, cut out the coupon below and secure

SECTION 11

Brady War Photographs

(Each Section 10 Cents and the Coupon)

This section contains a complete narrative of the Battle in the Wilderness, also gives an account of the

Battle of Mobile Bay

where the Confederate ironclad ram, the "Tennessee," was overwhelmed and Fort Morgan bombarded.
The 23 pages of war-time photographs in this section show the men of both armies

The binder is highly artistic, and can be had for 50 cents. If sent by mail, 95 cents.

WILL ORGANIZE CHAUFFEURS

Drivers of Automobiles Expected to Join Teamsters.

FIRST FIGHT BY COAL HAULERS

Investigation Will Be Made Into Assertions that Taxi Companies Own Camps on Outskirts of City.

(From a Staff Correspondent.)
DES MOINES, Ia., Aug. 16.—(Special Telegram.)—Chauffeurs of both private automobiles and auto trucks in Des Moines may be organized and taken into the International Brotherhood of Teamsters and Chauffeurs. Plans were laid tonight at a meeting at Trades and Labor Assembly hall for work which will, it is believed, result in a complete organization of chauffeurs, as well as teamsters. William McArthur, international organizer from Indianapolis, will be here in a few days. With a complete organization of teamsters and chauffeurs the union will be in a position to demand an up-to-date wage scale and agreement for uniform working conditions.
The first fight, however, to be undertaken will be in behalf of the coal haulers. They are expected to come forward for an increase in wages of 10 cents a ton. With all the teamsters, for the first time, organized it is planned that a strong fight be made to give them complete recognition.
It is probable that a special investigation will be made by the grand jury here into the accusation that a local company operating taxicabs owns and manages camps on the outskirts of the city. One of these camps was raided and a number of disreputable persons were arrested. Other camps are known to exist and it is declared that the taxicab company supports them for the profit in hauling persons to and from the places.

SUIT FILED AGAINST MOTION PICTURE AND FILM COMBINATION

(Continued from First Page.)

1, 1909, according to the petition. At that time the power of the monopoly of the defendants was absolute, it is stated, as they were the only manufacturers or importers of motion pictures in the country. Not one of the thousands of exhibitors throughout the United States, it is charged, can obtain a motion picture manufactured by any one of the ten defendant manufacturers unless he has received a license from the Patents company, which obligates him to use the films of the alleged combination exclusively.
An exhibitor has to pay \$2 a week to the Patents company, it is said, on every exhibiting machine owned by him, even including machines sold years before to the exhibitors without any conditions being attached to the sale.

How Scheme Works.
"Defendants, through the Patents company," the petition adds, "were enabled to and did determine whether new motion picture theaters should or should not be opened and whether old ones should be closed, although defendants had no proprietary interest in such theaters. This power they have exercised and continue to exercise arbitrarily and unreasonably through the Patents company."
Each of the ten film manufacturing defendants has license agreements with the Patents company providing films shall not fall into the hands of exhibitors who use any but the defendants' exhibiting or projecting machines.
The Patents company agreed with manufacturers of exhibiting machines stipulating that every machine be sold subject to the condition that it shall be used only for the films of the alleged combination. These agreements, it is said, fixed the selling price of machines.

Suit Raises New Point.
WASHINGTON, Aug. 16.—The moving picture anti-trust suit filed today is regarded by the Department of Justice as one of its most important moves under the Sherman law, as it squarely asks for a judicial determination of the relation of that statute to the patent laws. The suit will test the right of corporations and individuals to join their respective patent monopolies into one big monopoly through combinations and agreements.
These issues, it is declared, will be fought out more forcibly in today's suit than any pending anti-trust litigation.

Find Body of Child Missing Since Spring

FORT DODGE, Ia., Aug. 16.—(Special Telegram.)—The body of the 2-year-old son of Hugh Marlowe of Lone Rock, missing since last spring, was found this morning by his grandfather one mile from the place where he disappeared. The coroner, the sheriff and a great crowd hastened in autos to the scene. Intense excitement prevails.

ARREST OF GRIFFIN MAY UNEARTH RAILROAD THIEVES

SIOUX CITY, Ia., Aug. 16.—Frank Griffin, held at police headquarters for investigation pending the arrival of Omaha authorities, is thought to be a member of a gang that has plundered the railroads in the middle west.
Detectives working on the case expect the arrest of Griffin to furnish a strong link in the chain of evidence that has been woven around many persons in the cities where the gang has been operating. The band is said to have organizations in Chicago, Des Moines, St. Paul and Council Bluffs.
Great amounts of property are said to have been stolen from the railroads. Local connections of the organization it is alleged, are men of prominence. They took no part in the actual thefts, but are alleged to have engineered the deals. Their reputations disarmed suspicion in disposing of the goods.

Notes from Harlan.

HARLAN, Ia., Aug. 16.—Harmon Baughn, brother of W. E. Baughn, mayor of Harlan, and one of the oldest and most influential pioneers of this county, died at his home in this city at 9:45 o'clock Thursday morning. Death was caused by Bright's disease and other complications.
The Shelby county fair will begin Tuesday, August 19. Among the attractions this year will be aeroplane flights by Prof. Bonney. An automobile parade will be given on the first day and a silver loving cup will be presented to the winner having the largest representation.
C. H. Kemp, a business man here, had a very narrow escape Monday morning. He was riding to his cattle feeding yards and had reached the south end of town when the horse he was riding toppled upon a live wire which had blown down during the storm Sunday night. Both the horse and the rider were knocked down, but aside from a little shaking up no damage was done.
Miss Helen Overholt, while driving her touring car Thursday, ran into the dray team of Frank Debor, killing one horse and damaging the motor car.

ARMY WORM EATS RUSSIAN THISTLES INSTEAD OF CORN

SIOUX FALLS, S. D., Aug. 16.—(Special.)—Bugologists are greatly interested in the peculiar and unusual taste exhibited by a horde of army worms, which are operating in a limited territory in western Stanley county, near Kadoka. For years one of the greatest vexation pests of the farmers there, as well as in many other parts of the state, have been the Russian thistle, or "tumble weeds," as they are commonly known. The army worms operating near Kadoka have developed a sudden taste for Russian thistles, which during past years have always been "passed up" by them. The army worms first appeared on the farm of S. S. Hughes, near Kadoka, and he thought his corn and other crops were a "poner." But, much to his surprise and delight, the army worms devoted their entire attention to the Russian thistles. They clean up the thistles and leave nothing but the clear stalks standing and do not in the slightest degree molest the grain and corn in the fields where they are operating. The selection of Russian thistles for food is a new "stunt" of the army worms and the matter will be reported to the experts of the Agricultural department at Washington.

TENNIS TOURNAMENT RESULTS IN NEW INTER-COUNTY CHAMPS

PLATTSMOUTH, Neb., Aug. 16.—The Inter-county Tennis association held its annual meeting and smoker at the home of Paul Morgan. The election of officers for the coming year resulted in the selection of Dr. Shannon of Weeping Water, president; Dave West of Nebraska, vice president; and Matthew Herold of Plattsmouth, secretary and treasurer.
The finals and the challenge round in the tournament after several days' delay from rain, was played Monday, resulting in new inter-county champions in both singles and doubles. Paul C. Morgan, former champion, was defeated by Ralph Larson of Plattsmouth, 6-3, 1-6, 6-3, 6-2. Ralph Larson and John Falter won in the finals in the doubles by default from Paul C. Morgan and K. Staats.

Wanna Wins from Magnet.

WASCA, Neb., Aug. 16.—(Special.)—Wanna defeated Magnet yesterday in a well played and closely contested game by a score of 9 to 7. The game was the opening one of the Magnet baseball tournament. Saturday the Pearl Creek and Magnet teams will mix it.

DUN'S REVIEW OF TRADE

Business Continues Good and Better Conditions Are to Be Expected.

DEMAND FOR IRON AND STEEL

Cotton Goods Generally Show Strength and Many of the Finer Lines Have Made Noticeable Advances.

NEW YORK, Aug. 16.—R. G. Dun & Co.'s Weekly Review of Trade tomorrow will say:

The industrial and trade situation fully maintains its recent improvement and a further advance in activity is noted in reports from the leading centers.
Everything points to a continuance of the present activity in iron and steel and the advancing trend of quotations pronouncedly increased profits to the producer. Consumers of pig-iron are devoting a good deal more attention to their requirements for the coming year, but future business is not readily accepted unless higher prices are offered. Basic iron is strong at \$4, while white Bessemer rails are firm at \$33, Pittsburgh, and open hearth at \$23.50, Pittsburgh. Demand for merchant steel bars, plates and sheets continues to tax capacity, while tinplate and sheets are very active and there is prospect of an advance in quotations.
Well-maintained activity is still the leading feature in dry goods. Some hesitation was caused in the cotton goods division by the substantial decline in raw cotton, but the only effect noted was a slight softening in print cloths. Drills, sheetings, ducks and heavy colored cottons show no abatement in strength and some lines of fine goods have advanced under the influence of scarcity caused by reduced production incident to labor troubles.
A few sales were reported for China shrimps and export trade, as a whole is slow, although movement on old orders is good. Cotton yarns are quiet and practically unchanged, but worsted yarns are in demand and firm.
Although the demand for footwear shows further improvement, the enhanced prices asked by manufacturers still cause much hesitancy on the part of buyers. All kinds of leather continue in good demand, without any large transactions, tanners still refusing to contract ahead in any considerable quantity at present quotations. Trading in upper leathers is steady, but no special activity is shown. Business in steady volume and would be still more active were supplies not so closely cleaned up.

CONDITIONS EVERYWHERE GOOD

Business Outlook of Country, as Viewed by Bradstreet People.

NEW YORK, Aug. 16.—Bradstreet's tomorrow will say:
Crop and industrial developments are of a gratifying character and though a few lines have not yet shown evidence of movements in general are upward. The cereal crop situation is even brighter than heretofore, and threshing returns on spring wheat are within the yield, both as regards quality and quantity. Other grains that have been harvested have done equally well. Crop conditions are larger than was anticipated a while ago. Corn, though still backward, has made progress, save in parts of the northwest, where it is still in the field. In the southwest, where it was needed, but the plant will require warm weather and a late arrival of frost to carry it to maturity.
Incidentally, the iron and steel trade continues to surge forward at a more profitable rate. In some of the more prosperous farming regions there is a renewed movement to pay outstanding obligations and while collections in parts of the south remain slow there is evidence of improvement in payments. Operating officers of the railroads are stronger than ever in their belief of a forthcoming car shortage. The steel and iron branches that is likely to ensue will mean a large return movement of merchandise, all of which is bound to tax transportation facilities.
Orders for dry goods are numerous at western, southwestern and northwestern centers, but in the east some branches denote less activity than heretofore, though on the whole a good, steady business has been transacted. Men wear and dress goods are still active, prices are firmer and some lines have been withdrawn.
Business failures in the United States for the week ending August 15 were 221, against 211 last week, 215 in the like week of 1911, 222 in 1910, 183 in 1909 and 235 in 1908.
Business failures in Canada for the week ending with Thursday number 38, which contrasts with 22 for last week and 28 in the like week of 1911.
Wheat, including flour, exports from the United States and Canada for the week ending August 15 aggregate 4,774,948 bushels, against 3,740,125 bushels last week and 3,607,265 this week last year. For the seven weeks ending August 15 exports were 19,008,875 bushels, against 18,977 bushels in the corresponding week last year.
Corn exports for the week are 12,527 bushels, against 95,265 bushels last week and 288,131 bushels in 1911. For the seven weeks ending August 15 corn exports were 648,171 bushels, against 4,016,139 bushels last year.

GARDNER AND CLOTHIER BEAT LARNED AND LEONARD

SOUTHAMPTON, N. Y., Aug. 16.—Gardner paired with W. J. Clothier, the two holding the eastern doubles championship, reached the semi-finals by defeating E. P. Larned and C. R. Leonard, in the third round, 6-1, 6-3.
W. F. Johnson and C. F. Watson, Jr., also gained the semi-finals by defeating G. M. Church and W. Kuhn, 6-0, 6-1.
In the second round of the doubles A. S. Dabney and N. W. Niles, former eastern title holders, won from J. R. Carpenter, Jr., and A. Thayer, the Pennsylvanians at 9-7, 6-4. In the same round H. A. Plummer and B. S. Prentice defeated the Yale pair, A. H. Man, Jr., and E. W. Peaslee, 6-1, 6-0.
Two former national champions, Mrs. Marshall McLean and Mrs. Bager Wallace appeared in the mixed doubles. Mrs. McLean with L. E. Mahan won a place in the third round by defeating Miss Kissell and H. Torrance, Jr., at 6-2, 6-1. Mrs. Wallace and W. M. Washburn took a place in the semi-final by defeating Mrs. A. H. Potter and G. P. Snow, 6-2, 6-4.

THREE PERFECT SCORES AT KANSAS CITY SHOOT

KANSAS CITY, Mo., Aug. 16.—Harry Snyder, Kansas City; Harvey Dixon, Oronogo, Miss., and C. B. Eaton, Fayette, Mo., amateurs, surprised the galleries at the northwestern shoot by making perfect scores. Each broke the 100 targets shot at. An Illinois marksman, J. Graham, had the next best score, breaking 100 out of a possible 100 targets.
W. H. Herr of Guthrie, Okla., was high professional with a score of 100 out of 100 and Ed O'Brien of Florence, Kan., finished second in the professional class with 100.
The Great Western handicap, the prize event of the meet, will be shot off tomorrow. One hundred marksmen will compete.

FORMER BLUFFS WOMAN DIES; DENIED KISS TO LAFAYETTE

HOPKINS, Mo., Aug. 16.—Mrs. Nancy M. Marsh, who died here last week at the age of 102 years, had the distinction of having refused a kiss from Marquis de Lafayette on his visit to America. Mrs. Marsh lived at that time in Washington, Pa. She would not allow La-
