This week a lady called at our office to see about placing her son in the

MOSHER-LAMPMAN BUSI NESS COLLEGE.

She said, "Rusiness men tell me the students they get from the Mosher-Lampman college are the best trained of any they can employ: I want my son to have the best."

The best training means the greatest remuneration. The demand for our graduates has become ten times greater than the supply. That's WHY we can guaraptee a position to every graduate, and that's WHY it will pay you to take your training in the Mosher-Lampman college on our absolute guarantee of success, rather than to go to some other school on chance—with the chances against you. You should enter the large class already enrolled to begin at the opening of the fall term, September 2. Work for board for out-of-town students. Write at once for full information.

The out-side appearance is entirely different from any that I have built before and the inany that I have built before and the inside arrangement is also different. The porch is good size and is built under the main roof; the front door is full quartered oak with bevel plate glass, opening into a nice south living room; from the living room is a wide mission opening to pretty dining room; opening from dining room is common hall way to two fine bed rooms and bath room.
