Runaway Elephant Introduces Fairbury to New Excitement

FAIRBURY, Neb., Aug. 18.—(Special Telegram.)—One of the elephants of the Campbell Brothers circus which is stranded in this city matched her strength and cunning against those of her keepers today and lost. Consequently she is on a train on her way to Lancaster, Mo., and her most intimate friend, "Susie," which weighs about the same—5,000 pounds—is inconsolable.

The elephant was separated from her three mates on the Campbell Brothers farm south of Fairbury and brought to Fairbury. She quietly stepped into the car and was chained to the bottom. However, she soon snapped the chains, jumped out of the car and started on a run for the farm, two miles distant. The keepers finally stopped the huge brute and brought her back to the car. She was loaded and then made her escape again. She was put in the car the third time and the door closed. This time she put her head against the door and pushed it out. She walked about a block and then stopped and would not move for several hours, but gave no further trouble.

Lee Greo, former owner of the elephant, said her actions were due to the fact that she was attached to another big elephant known as "Susie."

Her three mates will be sold at sheriff's sale September 2.

REAL ESTATE DEALS IN LINCOLN COUNTY

NORTH PLATTE, Neb., Aug. 18.—(Special.)—With the bumper crop conditions in this county, the real estate market has been picking up and a number of good sales have been made. A. G. Jackson of Adams county has just purchased two entire sections of land at the head of Whitehorse creek, about eight miles northwest of this city. A number of other buyers from eastern points have been investigating real estate conditions here as well as parties located in this part of the state. The prospects are that there will be a fair number of sales of land this fall and a splendid business next spring. Corn crop conditions have hardly ever been better. There has been plenty of rain and even if no more rain falls, there is plenty to make splendid crops.

The opening program was in the hands of the local committee. At 5 o'clock Mrs. J. D. Barnes, assisted by two of her pupils, Miss Naomi Conrad and Ruth Kellogg, with Mrs. Leona Thorpe as accompanist, rendered a concert worthy of rank with any given by any company upon the chautauque platform.

WILSON WELCOMES WOMEN

Sees Important Influence for New Political Force.

REFERENCE TO THIRD PARTY

Says Force Behind It is Feeling that Men Have Gone Into Blind Alleys and Come Out Often Enough.

SEA GIRT, N. J., Aug. 18.—Governor Woodrow Wilson at the New Jersey day celebration yesterday welcomed the women of the nation "into the fold of politics." Not a word did the governor say about woman suffrage. He talked to hundreds of women who gathered to organize the Woman's Wilson and Marshall league of New Jersey. The governor pointed out that the entry of the woman into politics would make the country's politics "the same pattern with our life," a thing "devoutly to be wished."

It was a brief, impromptu speech, delivered at the close of the New Jersey day celebration, which attracted thousands of democrats from all parts of the state and many of the other states.

The governor, in his main speech at noon, approved of the celebration, discussed the reform laws of the state, but depressed once into a reference to the third party, which he elaborated on in a statement issued tonight.

What the governor said in his speech was:

"I suppose you know the force that is behind the new party that has recently been formed, the so-called progressive party. It is a force of discontent with the regular parties in the United States. It is the feeling that men have gone into blind alleys and come out often enough and that they propose to find an open road for themselves."

Pats Hope in Democrats.

In his statement explaining that reference the governor said tonight the independent and progressive forces of the country had utterly failed to get control of the republican party, but had absolutely proved the ascendancy and their entire control within the democratic party; that the people had found they could make use of the democratic party as a proper medium for their purposes.

This, he said, seemed to him to be most obvious and the most encouraging circumstance in our politics.

Of particular significance in the governor's first speech was his warning that the same bosses overthrown two years ago were planning to restore the "old order of things in New Jersey," immediately upon his exile from office.

To the women in his second speech the governor recommended participation in politics because, he said, they were "in contact with the high cost of living and the pocketbook."

STELLA TO HAVE COLT SHOW.

BABY SHOW AND CARNIVAL

STELLA, Neb., Aug. 18.—(Special.)—Paul Clark of Lincoln, republican candidate for congress in this district, is the only speaker on the program of the annual picnic and colt show to be held at Stella next Thursday. Admission will be charged to the regular scheduled Mink league base ball game between Humboldt and Nebraska City. But all other attractions are free, the business men and retired farmers of Stella having raised a large sum of money to defray expenses. The Humboldt military band will give concerts, the Ball Amusement company of Kansas City will appear in acrobatic stunts, and in the afternoon there will be a musical comedy sketch by a company of twelve people. The colt show in the morning and the baby show in the afternoon are important features.

MODERN BROTHERHOOD INSURGENTS ACTIVE

LEXINGTON, Neb., Aug. 18.—(Special.)—The big mass meeting of the members of the Modern Brotherhood of America, held at Lexington July 25, is bearing fruit rapidly. The secretary, J. H. Hale, is receiving contributions from many of the lodges daily. The insurgent side has become so strong and insistent, that the supreme officers have sent their steam roller chauffeur, D. N. Davis of Michigan, into the state to try to help State Manager S. S. Hayman of Grand Island stem the tide. They advertised a meeting at Lexington last night where they have a membership of 250 and failed to get an audience. They left this morning on an early train, promising dire vengeance at the next supreme convention on all who failed to transfer before October 1.

HYMENEAL

Jockens-Michels.

FAIRBURY, Neb., Aug. 18.—(Special.)—Henry O. Jockens and Miss Margaret Michels were married at the home of Mr. and Mrs. M. R. Michels near Jansen in this county Thursday. The ceremony was performed by Rev. H. A. Jockens, father of the groom. The couple were attended by Miss Anna Michels and William Michels, sister and brother of the groom. The bride was attired in white voile trimmed with rich lace and wore a long veil and carried white roses. The groom wore the conventional black. The house was prettily decorated with golden rods and potted plants. A beautiful wedding dinner was served to the guests. Mr. and Mrs. Jockens will take their home on a farm north of Gladstone in this county.

Richardson Apple Crop Large.

PAISLEY CITY, Neb., Aug. 18.—(Special.)—Weaver Bros., are receiving 7,000 apple barrels that cost 37½ cents each. They expect 7,000 more later on. Charles Smith expects to use 5,000 at Forest Hill fruit farm and Emerson Bowers 4,000 at Verdun. This is 15,000 apple barrels for three producers in this county. This will make 10 cars of apples, which is only a small part of the apples raised in this county. It is confidently expected that the shipments of apples from this county this year will fill 1,000 cars.

Crowell Saloonist Fined.

FREMONT, Neb., Aug. 18.—(Special.)—John Storms, who was arrested in May, last, on the charge of selling liquor without a license at Crowell, pleaded guilty on one count in the district court yesterday and was sentenced to pay a fine of \$100 and costs. There has never been a licensed saloon at Crowell, but for some time previous to his arrest it is said that Storms ran an open saloon, doing a rushing business.

Magnet Water Plant Damaged.

MAGNET, Neb., Aug. 18.—(Special.)—A young cloud-burst visited this section last evening and as a result the west wall of the new waterworks power house was undermined and caved in. The damage will amount to quite a sum. The rain was the heaviest seen in this section for many years.

MACHINE METHODS

REACT ON CORRIK

(Continued from First Page.)

suit in their selection by the bull moose party when they meet in September and thus everybody will be satisfied. The hitch will come in getting those fellows to heed themselves. Some of them have openly announced that there will be nothing doing when it comes to getting off of the ticket and it will now remain to be seen whether their own personal interests are to stand in the way of the possible success of the state ticket. With the Aldrich faction demanding that the Roosevelt faction get off of the electoral ticket and the Norris-Clark faction sore because of the "treachery" toward Corrick, it would seem that the Roosevelt patriots have troubles which would not bring any more joy for many moons.

Dem in Turmoil.

The democrats are also considerably up in the air. The nomination of Mr. Wilson has not brought out the enthusiasm it was expected to do. In fact, there is no enthusiasm whatever, and the sole interest in the democratic campaign lies in the probable split of the party in Lancaster county.

Would Vote for Taft.

During the past week the democratic campaign has developed into a double-deck affair. While the state convention elected W. H. Thompson of Grand Island, chairman, and this week the state headquarters have been located in the home town of Mr. Thompson, Brother Charlie Bryan and Brother-in-law Tom Allen have located another headquarters in the Commoner office and it looks as if Mr. Bryan had troubles to meet when he arrives home the first of next month. Then, too, the formation of a Wilson and Marshall club by those who opposed the nomination of Mr. Wilson, and the announcement by Mr. Bryan that a "sure enough" Wilson club would be formed in Lincoln, has not tended to harmonize very much. That Mr. Bryan meant what he was talking about when he said that a "sure enough" Wilson and Marshall club would be formed is evinced by the fact that already steps have been taken for the formation of such a club and last night a meeting was called by John Gilligan for next Wednesday evening at the Lincoln hotel.

Shallenberger is Back.

Ex-Governor Shallenberger is in the city, having closed his chautauque engagements, and will now bend his energies toward his own success in Nebraska as a candidate for the United States senate on the democratic ticket. Mr. Shallenberger has managed to keep out of the political scrap in his own party by staying out of the state. It will be remembered that he did not attend the Grand Island convention (Inconspicuous) and now returns only to find that the Lancaster democrats are squabbling over which Wilson and Marshall club shall be designated the real thing with the name blown in the bottle.

Mr. Shallenberger states that he has been delivering democratic speeches at the chautauque engagements, helping out the party in other states, but now proposes to get into the fight for Nebraska democracy. He does not think that many democrats will oppose him because of what may have happened in the past, but believes that they will see the chance to have two democratic senators from Nebraska, and will act accordingly. He also believes that he will receive quite a republican support on account of the action of the national republican ticket.

DAIRY FARMING TAKES START IN BLACK HILLS

BELLE FOURCHE, S. D., Aug. 18.—(Special.)—Fairy farming in and around the Black Hills is fast coming to be recognized as productive of great profit to ranchers and homesteaders. For many years the northwestern part of South Dakota has been widely known as one of the great cattle and sheep sections of the west. But high prices of feed and hay due to drought and other conditions, severe winters and generally discouraging conditions has slowly but surely reduced the stock interests in this part of the state until this year the shipments will be unusually light because there is practically no stock left on the range. All stock owners who could sold out, some being forced to for ready money, but most of them for the attractive prices they could secure for their best and little prospects for feed. Now this summer feed and hay is plentiful but no stock to eat it and prices are rapidly dwindling.

The absence of the old-time stock business has turned the attention of many of the ranchers who have some means to the possibilities of dairy farming on a large scale. Several sales of land have recently been recorded, the property being bought for this particular purpose. Over on the Redwater the Smiley ranch, which includes 400 acres of irrigated land, is being prepared for dairying on a large scale. Buildings of modern and sanitary arrangement are being built and Mr. Smiley is now in the east purchasing a carload of registered Holstein cows which will be fed from the abundance of alfalfa raised on the ranch. Farmers are learning that they must specialize in the dairy business with good cows and not use dairy cows for all purposes and even the small farmers who are now branching into this dairy business along this line are meeting with success.

WOLF BOUNTY CLAIMS DISCOUNTED IN DAKOTA

PIERRE, S. D., Aug. 18.—(Special.)—About 80 cents on the dollar is wheat holders of wolf bounty certificates will get this year, after the claims which are considered as fraudulent in Fall River and Pennington counties are eliminated. On account of the rush of state assessment work in the state auditor's department it will probably be a month before the warrants are out for the payment of these claims, and on final adjustment it is possible the amount might be a cent or so away from this figure, but the 80 cents will be very close to the amount to be paid on each dollar of certificates. Had it not been that the fraudulent work was so strong that it practically revealed itself, the claims would have gone several thousand dollars higher and the amount to the claim holders would have been smaller. HOT SPRINGS, S. D., Aug. 18.—(Special.)—The annual convention of the South Dakota Pharmaceutical association closed here last evening. Officers were elected today as follows: President, A. C. Ackerman, Sioux Falls; first vice president, D. Laven, Minneapolis; second vice president, Chris Postman, St. Paul; third vice president, A. Alpersen, St. Paul; secretary-treasurer, J. E. Iowa News Notes.

SHENANDOAH—Fred Tyler, a wealthy young farmer well known in southwest Iowa, who lives just south of Shenandoah, went violently insane last night and the assistance of four neighbors was required to subdue him. He will be taken to Omaha for treatment. His aberration was totally unexpected and a terrible shock to his friends.

SHENANDOAH—G. W. McGrew, arrested on a charge of drunkenness Saturday night, tried to commit suicide by hanging himself in his cell in the city jail. He tore the blankets into strips to make the rope and hanged himself to a bar in the corner of the cell. He was discovered by an attendant and cut down before serious injury had taken place.
