organization in the United States. Ballington Booth desired to remain in America. The difference in views resulted in the withdrawal of Ballington Booth and his wife from the Salvation Army and the inauguration of the Volunteers of America.

The direction of affairs in the United States was transferred to Commander Eva Booth, fourth daughter of the general. The second daughter, the wife of Booth-Tucker, was killed in a railroad wreck several years ago. She and her husband for a long time supervised the work of the army in India and later was transferred to the United States. A third daughter of General Booth for a long time conducted mass meetings in the chief English cities, so that each member of the family was actively engaged in some branch of the army's service.

## Former Omaha Man Dies in California

Captain T. W. T. Richards, a former Omaha lawyer and prominent democrat, died at his home in Glendale, Cal., Monday night. He was about 78 years old and left here about seventeen years ago.

Captain Richards was prominent in Omaha in the earlier days, and occupied a home that stood at the corner of Eighth and Farnam streets.

Captain Richards came to Omaha in 1867, after having served in the Confederate army as captain. Two years later he was married to Miss Nellie Townes, a cousin of Lucien Stephens. She died and was buried in Omaha. In 1885 he was united in marriage with Miss Mary Henry of Kentucky. There are six children surviving, all of whom were born in Omaha.

Captain Richards founded the Omaha Foundry and Machine company, which now is the Paxton & Vetterling company.

## MRS. KELLY PROVES MYSTERY

Woman at Des Moines Unable to Tell  
of Her Relatives.

MAY HAVE COME FROM OMAHA

Police of Iowa Capital Asked to  
Locate Sam Coppel, Russian,  
Who Has Disappeared  
from Des Moines.

(From a Staff Correspondent.)  
DES MOINES, Ia., Aug. 20.—(Special Telegram.)—Mysterious conditions surround the case of "Mrs. Kelly," who drifted to the Associated Charities here yesterday from either Council Bluffs or Omaha. Police here believe relatives are in Pennsylvania, but can draw nothing definite from the woman who is seriously ill.

Police were also asked to locate Sam Coppel, a Russian, who met a wife of the old country here two years ago and who had established himself in the tailoring business. He has been missed for five weeks.

## Kenyon for Ticket; to Vote as Pleases

FORT DODGE, Ia., Aug. 20.—(Special Telegram.)—United States Senator W. S. Kenyon in a letter released today, says he will support the entire republican ticket and declares he will vote as he pleases. If the position he takes will embarrass candidates for the legislature he will resign the nomination, he says. Chicago nomination methods are the result of a system which he will fight, he declares.

## FOUR THOUSAND MEN IN BATTLE AT STATE CAMP

IOWA FALLS, Ia., Aug. 20.—(Special.)—The long-looked-for sham battle between the 4,000 troops that have been in camp at Camp Logan in this city for a week took place west of town yesterday. For the last week the four regiments have maneuvered over the ground preparatory to this big event and last evening half of the troops in camp were transferred to a new camp near Sloan Springs and this morning the troops remaining at Camp Logan were sent forth to find and attack the enemy. The troops in the new and temporary camp were on the alert for the attack and plans were laid for the defense. The maneuvers preceding the final clash were realistic and smacked strongly of true battle array. In the afternoon all the troops, including the National Guard Infantry, the United States Cavalry, hospital and signal corps, passed in review before Governor Carroll and his staff. This big event practically concluded the real program of the encampment and the soldiers will strike camp today preparatory to returning to their respective homes.

Sunday two regiments were sent out to the maneuver grounds for maneuvers and sham battle, while the other two regiments were put through drills and maneuvers on the drill grounds near camp. The order was reversed in the afternoon. Last evening the band of the Fifty-sixth regiment gave a band concert in Bates park, following dress parade and guard mount on the drill grounds.

Sunday probably saw the biggest crowd gathered in Iowa Falls and it is estimated there were 20,000 people in the city to witness the scene and activities incident to camp life of the soldier.

## DEATH RECORD.

Mrs. Florence B. Snow.  
Mrs. Florence B. Snow, aged 61 years, wife of the late F. W. Snow, died Monday afternoon at her home, 4480 Charles street, from complications due to old age. The funeral will be held Thursday afternoon at 2 o'clock at St. Andrews church. The body will be taken to Omaha for burial.

## Culls from the Wire

The American Philatelic society is holding its twenty-seventh annual convention and outing in Springfield, Mass.

Railway officials believe train wreckers were responsible for the derailment of Southern Pacific eastbound passenger train No. 4 near Lenoir City, Tenn.

"The more suits against the trusts that are brought to a successful conclusion the way Mr. Wickham brought the Standard Oil and American Tobacco cases to a conclusion, the better it will be for the trusts," said Colonel Roosevelt.

That Mrs. Charles Fadeloff shot her husband in self-defense and that she married Edward Stocker of Gary, Ind., believing she had been divorced, were the features of the testimony of the woman accused of the murder of her husband, Charles Fadeloff in Cincinnati.

## BEESWAX

As far back as the memory of man runneth, or at least ever since he has been bartering in Omaha, which is now 20 years, Adam Morrell has been tending where his hair ought to be with a smooth surface most serviceable as a skating rink for files.

One of Adam's headlines used to be a specially prepared hair tonic of which everything was claimed that was ever claimed for any other such concoction and particularly these two enticing items:

"Prevents baldness."

"Makes Hair Grow."

Trying to sell a bottle of the stuff one day, Adam was expatiating on all its fine qualities, every argument being contrived apparently by his own shiny pate.

Why don't you use some of it yourself?" queried the incredulous customer. "Oh, it wouldn't do me any good," came back Adam.

"I was already bald and had no more hair to make grow before I began putting up and selling this tonic."

## CONGRESSMAN NYE WILL NOT MAKE ANOTHER RACE

MINNEAPOLIS, Minn., Aug. 19.—Congressman Frank M. Nye announced here today that he would not be a candidate for congress to succeed himself after serving three terms. He gave as his reason for retiring that he was not in sufficient accord with the republican party to file as a republican.

"I shall be absolutely free in this and future campaigns," he said today, "to act, speak and vote my convictions."

## MARSHALL NOTIFIED OF HIS NOMINATION FOR VICE PRESIDENT

(Continued from First Page.)

of life balance as the end of the year, and to assume that the mighty many, who are becoming convinced that that social system that we call democracy is but a glittering generalities, will long endure the industrial slavery being produced.

"Whether voting the ticket or not, men everywhere looking upon the awful injustice of this economic system are becoming socialistic in theory if not in conduct. And shall any fair-minded man say that if it redounds to the interests of the people of this country that 100 men shall control its business to the good of everyone, that there is anything fallacious in the theory that government instead of transferring business to a favored few for the benefit of all should itself discharge that business for the benefit of all?"

"I do not hesitate to say that if it be impossible to restore this republic to its ancient ideals, which I do not believe, and I must make the ultimate choice between the paternalism of the few and the socialism of the many, count me and my house with the throbbing heart of humanity."

"The discontent in republican ranks is democratic discontent. How much of it has reached the point where, wearied with the bad workings of a good system, it is willing to topple that system over and try something new, I cannot prophesy. But I am quite sure that whatever badges men may wear in America this year, whatever ballots they may cast and whatever battle cries they may utter, there are but three grades of citizens."

"The first grade is made up of the favored few, their hangers-on and their beneficiaries, who think the eagle is upon the dollar, not as an emblem of liberty, but as an emblem of power and who look upon government as an annex to their business affairs; these are the men who in the past years of republican misrule have turned the temple of constitutional freedom into a money-changers' mart and have made of the co-ordinate branches of the government obedient lackeys of the jingling gongs."

"Growth of Socialistic Ideas.  
"The second grade consists of those whose outlook upon life has been enlarged by the civilization under which we live, who have been taught by the school and the college, by the press and the magazine, who appreciate the good things of life, whose horizon has been enlarged and whose capacity for joy and sorrow has become unbearable to them. They have reached a point where, in the struggle for that which they believe to be right, they are willing to destroy the ideals of the republic. How many of these there are, I do not know, but I do know that special privilege in the republic is breeding them day by day like rabbits in a warren."

"The third grade of citizens it pleases me to call old-fashioned constitutional democrats. These are they who believe that the equality of mankind does not consist in an equality of brain and brawn, but in an equality whereby every man, native and foreign born, has an inalienable right to exercise all of his ability in getting on in the world, just so he realizes that in getting on he owes it to himself, to his family and to the republic to see to it that he gets on honestly and that he does not prevent any other man from obtaining the reward of his honesty and enterprise."

"These old-fashioned democrats believe in making money, but they believe every dollar made should be so clean that an infant may take its teeth upon it. And they hold that it is no part of government to boost one man and boot another."

## Wilson Makes Address.

TRENTON, N. J., Aug. 20.—"This is a democratic year," said Governor Wilson in addressing the democratic league of Trenton today. "It is not a democratic year because we wish it to be, but because America is responsive to the impulses of the world. Privilege is giving way in all countries to the pressure of public opinion."

The governor reiterated that he was under no obligations for his nomination to the presidency. "I need not tell you," he said, "that the nomination was received without promises to anybody except to the people of the United States. Every man is under bond to the people of the United States. You can't serve one class at a time and you can't pick no favorites."

## Political Notes

C. J. Martin, elector on the republican ticket in Iowa, has resigned on the ground that he could not vote for President Taft.

Senator Penrose of Pennsylvania declared that he would make a statement in the senate on Wednesday relating to the contributions to the republican campaign fund in 1904.

The progressives of Nevada gained a victory when Attorney General Baker decided that persons voting at the primary election to be held on September 3 may also sign the petitions of independent candidates.

Illinois progressive leaders held an extended conference to devise some plan to insure the placing of the names of their candidates on the state ticket under a party circle containing the word "progressive."

Governor Woodrow Wilson stated the difficulties of outdoor campaigning at Hoboken when he addressed the annual picnic of the Plattdeutscher Volkfest Verein, a German-American organization, of the entire metropolitan district. From a high improvised balcony, the governor spoke while bands paraded in other parts of the park with thousands of people massed about the speaker.

## STRAIGHT SETS AT NEWPORT

Sixty Matches in National Singles  
Provide No Surprises.

TOUCHARD BEATEN BY LITTLE

Two of the Three German Players  
Entered in Tournament Defeated  
and the Third Will Play  
Today.

NEWPORT, R. I., Aug. 20.—Three score matches in the opening round of the national lawn tennis championship in singles were run off today on the Casino courts under the conditions of turf and weather and with no unexpected results. Nearly all the matches today were decided in straight sets. One of the longest contests was between E. M. Pickman of Los Angeles and W. R. Burden of Newport, which went five sets. In the last set the Newport player had his man five love and 40-15, when Pickman rallied and took seven straight games and the match.

The Pacific coast players showed up strongly. McLaughlin dropped only a single game, against Lieutenant F. B. McNair, United States navy, stationed here. There were several other players from army and navy, but they were unable to cope with the civilians.

Three German players are entered in the tournament and two of them were eliminated. R. A. Auzpiter of Berlin being the only one left. He will play his match tomorrow.

The match which featured for the forenoon was between the doubles champions, R. D. Little and G. F. Touchard, who had been drawn against each other in the first round. Touchard was erratic and Little had no difficulty in capturing the match in straight sets.

Doubles championship matches will be played tomorrow. M. E. McLaughlin and T. C. Bundy, the Pacific coast challengers, are three-to-one favorites in the betting at the Newport club over G. T. Touchard and R. D. Little, the title holders. Summary:

## LARGE CONTRACT AWARDED TO F. H. TURNEY & CO.

One of the largest contracts of its kind that has been let in Omaha for some time was awarded yesterday to F. H. Turney & Co., with offices in the Ware block, to install the National Weather Strips in the buildings controlled by the Brandeis interests.

The strips are to be installed in the windows to keep out the cold in the winter and take the place of storm sash.

Office buildings, schools, etc., are using window strips more every year, also in residences where the owner does not care for storm sash.

This same company has just finished stripping all the windows in the postoffice and are now installing their strips in the Ware block and Henshaw hotel.
