

TRAINLOAD OF HOMESEEKERS

Labor Commissioner Guye Has a Colonization Scheme.

LOCATE HUNDRED FAMILIES

So Many Applicants Have Been Received That Promoters of the Plan Are Able to Select the Most Desirable.

Deputy Labor Commissioner Guye is in Omaha and in connection with D. C. Deaver of the Burlington's home-seeking department is working up the plans for the excursion train that is to be brought from Chicago to Nebraska, September 2, and which will have on board the heads of 100 Chicago families, coming out to seek farms and farm lands.

The idea of colonizing the vacant lands of western Nebraska originated with Mr. Guye some months ago and he at once opened up a correspondence with numerous societies in Chicago and other Illinois cities and towns. The result has been that he has secured pledges from the heads of 100 families and they will come here, look the ground over and get everything in found satisfactory, will locate. He found so many people desirous of coming to Nebraska that he was enabled to select his men and of the 100 picked for the initial trip, all are men of considerable means, and most of whom have had experience in some branch of agriculture, either recently, or when they were boys.

The train will be accompanied from Chicago by Messrs. Guye and Deaver. Here it will be met by Governor Aldrich and run on to Lincoln, where it will be divided, one portion going up into the Alliance country and the other through the sand hills. At stopping points in Nebraska, Governor Aldrich and Messrs. Guye and Deaver will drop the homeseekers off where there are cheap lands. At these points they will be met by company agents, who will be supplied with lists of cheap lands. These lands will be shown to the land seekers, who will be enabled to make their purchases without paying the customary commissions exacted by the regular land agents.

The idea in doing this is to secure the actual settlers and furnishing them land at actual cost. Commissioner Guye says he has letters from thousands of farmers in the east, all of whom express a desire to come to Nebraska and secure farm lands. Many are prepared to buy the high grade and improved farms, while still others are desirous of securing cheaper lands. Up to the present time he has made little effort to secure settlers from farther east than Illinois, feeling that he can fill the state with farmers from the central west.

Dairies Inspected by City Officials

Health Commissioner Connell, City Commissioner Ryder, Dr. C. W. Pollard and Dairy Inspector Bosse visited several dairies of the city Tuesday and inspected them. They were unanimous in reporting all in satisfactory condition, clean, well kept and model in every particular. They concluded their trip with a visit to the dairies in the southwest section of the city.

Areaway Ordinance May Be Amended

City Commissioner Butler's ordinance taxing a tax on areaways under sidewalks may be amended before it comes up for passage. Mayor Dahlgren favors the ordinance, but believes the tax ought to be reduced from 2 1/2 to 1 per cent. Butler himself may amend the ordinance to exempt areaways from which owners derive no income.

PIERPONT HAS LOVELY VACATION IN COLORADO

H. W. Pierpont, salesman for C. C. George & Co., will return from his vacation Tuesday. He spent three weeks of it in bed with tonsillitis at Palmer Lake, Colo.

The salesman left for the resort well and hearty three weeks ago, but on arriving there went to bed with a large and painful neck. He has written he has been tickled with his vacation, having spent each day dabbling his throat with an iodine feather.

Nobody is Too Old to learn that the sure way to cure a cough, cold or sore lungs is with Dr. King's New Discovery. 50c and \$1.00. For sale by Beaton Drug Co.

Rock Island Will Have Splendid New Freight Depot Here

Second Vice President Ridgeway of the Rock Island is in town on his way home to headquarters in Chicago. Mr. Ridgeway has been out on the company line looking into the crop conditions and the car shortage question.

As to crops, Mr. Ridgeway finds them of the bumper variety all through Nebraska, Kansas, Iowa and Illinois, with a wonderful wheat crop in Minnesota and the Dakotas.

Relative to the new freight depot to be erected in Omaha by the Rock Island, Mr. Ridgeway says the matter is entirely in the hands of President Mudge, who is expected to come west soon. He has seen the plans, and while not caring to discuss them, says the building will be one which will be a credit to Omaha, of a pleasing style of architecture, modern and large enough for future needs unless the business in and out of Omaha should increase very rapidly. Mr. Ridgeway was unable to state when work upon the structure would begin.

Commissioner Ryder Sprains His Ankle

Police Commissioner Ryder is suffering from a sprained ankle sustained while inspecting dairies Tuesday. He stumbled over a trough while investigating sanitary conditions in a dairy in the southwest section of the city. He was unable to appear at his office, but telephoned that he was suffering little pain and would "be on the job" tomorrow.

Army Men Anxious About Their Money

United States army men of Omaha and the neighborhood are still anxiously watching the deficiency army appropriation bill. The fact that it has not yet passed has for some time inconvenienced the army men here, and especially the married men, who need their salaries. Payments of wages have not been made for June or July.

Remarried Year After Securing Divorce

Albert Bubb and Elia Bubb, whose bonds of matrimony were severed a year ago, were remarried in the county judge's office by Justice of the Peace C. W. Britt yesterday. They said they had found they loved each other after all. Since the divorce Mrs. Bubb had lived in Osceola, Ia.

PLANS ARE MADE FOR STATE TEACHERS' MEETING

President E. L. Rouse of the State Teachers' Association and Superintendent E. U. Graff have conferred on plans for the annual meeting of the association, which occurs election week in November. The meetings will be held in the Auditorium of the new wing of the high school, which will accommodate about 800. Other rooms at the high school will be used for committee meetings.

YOUTH DECLARES HE NEVER WILL FISH AGAIN

While Frank Hadok, 12 years of age, was fixing a fishing line at his home, 207 North Ninth street, one of the hooks became lodged in his lower lip. Police Surgeon Edward removed the hook.

Young Hadok says he is never going fishing again because he knows how it hurts a fish to be caught on a hook.

HAYES SAYS HE WILL PLAY HERE SATURDAY

"Gravy" Hayes of Chicago, Midwest singles champion, will positively play in the challenge round singles match Saturday afternoon despite the fact that he suffered a sprained ankle Monday afternoon in a practice match with Harry Koch. The ankle is improving rapidly and was reported much better this morning.
