Nebraska Apple Tree Growing Two Crops

LINCOLN, Neb., Aug. 21.—(Special.)—Two crops of apples from one tree is another score for Nebraska. Secretary Marshall of the State Horticultural society reports that an apple tree near Weeping Water grew two crops, one from the main tree, which were picked. A few days later blossoms appeared on some shoots growing from the bottom of the tree and stands a good chance of making good apples, as the fruit is now well along toward maturity.

TWO PROMINENT FREMONT MEN ARE LAID TO REST

FREMONT, Neb., Aug. 21.—The funeral of Julius Beckman was held from his late residence on East Tenth street Tuesday afternoon, Rev. W. H. Bus of the Congregational church of this city and Rabbi Frederick Kohn of Omaha, conducting the service. Mt. Tabor Commandery Knights Templar acted as an escort and the exercises at Ridge cemetery were in charge of the Masonic order. During the hour of the funeral most of the business houses in the city were closed by proclamation of the mayor.
The funeral of Thomas Donahue, father of James A. Donahue of this city, was held from St. Patrick's church this morning, Father O'Sullivan officiating. Mr. Donahue was about eighty-six years old and a native of Ireland and a resident of this city since 1874. He served during the civil war in the Fourth cavalry in the regular army, and for some time after his close on the frontier. McPherson Post of the Grand Army and the Woman's Relief Corps attended the funeral in a body.

and economic order of the country. The new party thrusts itself forward into the vacuum left by the phantoms of other third parties which have passed into oblivion. Oblivion, too, awaits it. The democratic party in the nation has many times defeated its republican rival in August; but, 1912 has it done so in November?
Calle Wilson a heretic.
The speaker commented upon the platforms of the democratic and progressive parties and read excerpts from a volume written by Governor Wilson, whom he declared a pedagogue, not a statesman.
He upheld the protective tariff and said the thoughtful could see no promise of betterment "in the frantic cry for a change." He commended the recent vetoes of tariff bills by President Taft and said the vetoes called for the support of every citizen. Continuing, he said: "The crime of the new age is frenzied speech and action, lack of thought, a spurring of deliberation and of the weighing of consequences. Fakirs with projects to 'get rich quick' draw gaping crowds. Mad haste is the pastime of the multitude. Automobiles race to carry their passengers to death at a mile a minute. TWENTY YEARS.

Makes a great difference in most women. They are troubled with "nerves"—they suffer from headache, sleeplessness, a sensation of irritability or twitching, hot flashes, dizziness, or many other symptoms of female weakness. The local disorder and inflammation should be treated with Dr. Pierce's Lotion Tablets and the irregularity and weakness of the female system corrected and strengthened with Dr. Pierce's Favorite Prescription. The strain upon the young woman or the woman of middle age—upon the nerve and blood forming structures—may be too great for her strength. This is the time to take this restorative tonic strength-giving servine and regulator. For over forty years sold by druggists or woman's peculiar weaknesses and distressing ailments. The one remedy so perfect in composition and so good in curative effects as to warrant its makers in printing its every ingredient on its outside wrapper. The one remedy which absolutely contains neither alcohol nor injurious or habit-forming drugs.
Following letter selected at random from a large number of similar ones and cited merely to illustrate these remarks:
"In the winter of 1908, I became greatly run down and irregular," writes Mrs. Hattie Scott, of Swan Creek, Neb., Route 1, Box 24. "I slowly but surely grew worse, and at last, resolved to apply to the doctor for help. The doctor said I had inflammation, enlargement and laceration. I was in bad distress and got no better. The doctor said I would have to have an operation, but he said I would not listen. My husband purchased two bottles of Dr. Pierce's Favorite Prescription. When I started to take this remedy I could not walk across the floor, but after I had taken three bottles I could feel myself gaining, so I dropped the doctor and took Dr. Pierce's Favorite Prescription. Only for it I think I would have been dead—I really believe it saved my life. I feel better now than I twenty years."

CORSICAN STRIKES ICEBERG

Liner in Accident Off Newfoundland Finishes Trip.
DAMAGE SLIGHT, SAYS CAPTAIN
Passengers Insist That Hundred Tons of Ice Fell on Deck and That Ship Was Leaking Badly.

LIVERPOOL, Aug. 21.—The Allan line steamer Corsican, which struck an iceberg east of Belle Isle near Newfoundland on the afternoon of August 12 while on its voyage from Montreal for this port, arrived this morning. The forepart of the vessel was protected by collision bulkheads, otherwise it showed no signs of damage.
Captain Cook, the commander of the Corsican, said:
"The weather was hazy when the Corsican collided with the iceberg on August 12. It was traveling slowly when the iceberg was sighted right ahead. The engines were immediately stopped. It suffered no damage below ten feet of the water line."
"The crew was at once called to the stations and the boats were swung out but were soon taken back again. All the water-tight doors were at once closed. The weather continued foggy for four days, but the ship was able to proceed at moderate speed. Its bows were protected with collision bulkheads."

say vessel was Damaged.
Most of the passengers of the Corsican say there was no panic on board at the time of the collision. Two Cambridge students named Hethell and Stevens, however, say they were almost thrown out of their bunks by the violence of the impact. They also assert that a number of the passengers were panic stricken and that one woman called on everybody to kneel and pray.
The students assert that 100 tons of ice fell on the ship's decks and that there was nineteen feet of water in the hold last Sunday.
The crew, they say, were unable to sleep in the forecastle after the collision. Several passengers had narrow escapes. Stevens continued: "Several Italians on board were seized with panic, grabbed their bags and jumped into the boats. If we had taken to the boats there would have been no chance of being picked up, as the fog bank was said to be 100 miles wide. As a matter of fact, we did not sight a boat for two days."
The captain asserts that he did not ship any water.

The passengers held a meeting today shortly before their arrival and presented Captain Cook with a gold watch and a purse of gold.

STATE BOARD REFUSES TO BUY OMAHA LAND

(From a Staff Correspondent.)
LINCOLN, Neb., Aug. 21.—(Special.)—The State Board of Public Lands and Buildings, was unable to buy the tract of land under advisement for the deaf and dumb school, and returned from Omaha last night, still undecided what would be done. Land Commissioner Cowles does not think the state needs the land and is opposed to its purchase.
Representative Holmes of Omaha introduced a bill in the legislature asking for an appropriation of \$20,000 for improvements, which had in mind the purchase of more land. The legislature cut the amount down to \$12,500. George Reynolds of Chicago owns the land wanted by the superintendent of the school, but holds it at a full amount of the appropriation. The board offered him \$11,000, but he refused. It is understood that P. W. Kuhns has secured an option on the land for much less than the board offered the owner.

OMAHA YOUNG PEOPLE MARRIED AT LINCOLN

(From a Staff Correspondent.)
LINCOLN, Neb., Aug. 21.—(Special.)—Wedding bells range for a couple of Omaha people at the parsonage of St. Mark's Reformed church today, when Rev. Mr. Orr joined in matrimony Arthur R. Kane and Mrs. Elizabeth A. Kelley, both of that city.

BUZZINGS

is said, withdrew from the committee when he was appointed receiver for the telephone company, as he could not consistently serve and be a member of the committee.
Division of Assets.
The cost of sale, cost of suit, taxes, receivers' certificates, mechanics' liens and other preferred claims to be paid before the bonds, amounted to about \$400,000 in round numbers. This left about \$600,000 of the \$1,000,000 accruing from the receiver's sale, to be distributed among the bondholders. There was about \$2,000,000 in bonds outstanding. Receiver Abbott is paying 14 per cent on the face of the bonds and paying in full with 7 per cent interest, all coupons up to and including October 15, 1912. This makes a trifling over 20 per cent that is being paid on the face of the bonds. The receiver is holding back a little over 3 per cent for contingencies and for anything that may come up in the shape of claims allowed by the court subsequent to the original decree.
On top of the 20 per cent paid by the receiver, with the proceeds of the sale the bondholders' committee distributes its \$400,000 pro rata to its members, which, it is said, will bring their percentage to a total of about 43 cents on the dollar.
Outside Bondholders.
The First National bank of Omaha is one of the bondholders that did not enlist in the committee. The result is that it has received the 14 cents on the dollar with interest, which brings it up to about 20 cents on the dollar. This bank held about \$25,000 worth of the bonds, \$12,500 worth having been held as collateral on a \$1,250 note.
A Catholic priest, whose home is over in Iowa, is also reported to hold \$40,000 of the bonds which were not deposited with the bondholders' committee, and therefore does not share in the bonus. These are the largest blocks of bonds that will not participate in the extra dividend.

DR. GEORGE E. SHAMBAUGH WINS PRIZE FOR RESEARCH
IOWA CITY, Ia., Aug. 21.—(Special.)—Dr. George E. Shambaugh, a native Iowan and an alumnus of the University of Iowa, has been awarded by the International Congress of Otolaryngology the prize for the best research work on the anatomy and physiology of the ear. The congress ended its sessions last week in Boston. It meets once every three years. He is the first American to win the honor.
It was while studying in the biological laboratories of Prof. Samuel Calvin and Prof. C. C. Nutting at the state university of Iowa that Dr. Shambaugh began his researches in anatomy, which have now brought him to the foremost position among the specialists of the world and to America's coveted prize. Dr. Shambaugh has made some remarkable discoveries during his research work on the ear. The "Shambaugh theory of hearing" is well known among medical men.
After graduating from the State University of Iowa in 1892, Dr. Shambaugh spent two years in a medical college. After graduating from medicine in America, he spent two years in special study of the ear, nose and throat in Europe, spending most of his time at Vienna and Berlin.

CIRCUS EMPLOYE HELD ON CHARGE OF MURDER

UPLAND, Neb., Aug. 21.—(Special Telegram.)—Arthur Eldridge, superintendent of the laborers employed by the Cole Bros. circus, was bound over to the grand jury here today before a justice of the peace on a charge of murdering Sam Parker, another circus employe. A number of circus employes are also held as witnesses and as a result the Cole Bros. circus will have to remain here for several days before enough men can be recruited to put it on the road again. The circus is owned by Messrs. Coulter and Campbell, the latter a member of the Campbell Bros. circus which disbanded at Fairbury last week.

His skull was fractured and his leg was broken in two places. He was brought here and placed in a local hospital for treatment.

GUTHRIE CENTER WOMAN IS DRAGGED TO DEATH

GUTHRIE CENTER, Ia., Aug. 21.—Dragged half a mile along a rough country road, her skirts caught in a buggy axle, Mrs. James Pierce, 65 years old, was so badly injured that she died two hours later. Her body was brought here today. The accident occurred about five miles from Guthrie Center late last night, while Mrs. Pierce was en route home with her husband to their farm eleven miles north of here. The horse became frightened and the occupants were thrown out.

Pretty Mothers

Health is the foundation of all good looks. The wise woman realizes this and takes precautions to preserve her health and strength through the period of child bearing. She remains a pretty mother by avoiding as far as possible the suffering and dangers of such occasions. This every woman may do through the use of Mother's Friend, a remedy that has been so long in use, and accomplished so much good, that it is in no sense an experiment, but a preparation which always produces the best results. It is for external application and so penetrating in its nature as to thoroughly lubricate every muscle, nerve and tendon involved during the period before baby comes. It aids nature by expanding the skin and tissues, relieves tenderness and soreness, and perfectly prepares the system for natural and safe motherhood. Mother's Friend has been used and endorsed by thousands of mothers, and its use will prove a comfort and benefit to any woman in need of such a remedy. Mother's Friend is sold at drug stores. Write for free book for expectant mothers, which contains much valuable information.
