### STATE BANKERS ON MONDAY

Six Hundred Visitors Expected to Attend the Convention.

### DETECTIVE BURNS WILL TALK

Aside from the Regular Business Session There Will Be Entertainment Features Offered the Visitors.

The sixteenth annual convention of the Nebraska Bankers' Association, destined to be the largest and most interesting meeting in the history of the association, will be held in Omaha tomorrow and Tuesday. Bankers from all corners of Nebraska will be here and some of the greatest experts on banking and monetary laws in the country will be in attendance. The keynote of the entire convention will be, "How can the banker assist the farmer and how the farmer assist the banker?" Several speeches and discussions on the topic are on the program of each of the four sessions to be held.

Great Detective to Talk. The headliner of the addresses will be one delivered by William J. Burns, the internationally famed detective, whose agency protects banks throughout the United States. He will talk on "Protection of the Banks" at the beginning of the session held Tuesday afternoon. All the sessions of the convention will be held in the Elks' club rooms between Farnam and Harney streets on Fifteenth street. A few minor business meetings will be held at the headquarters of the delegates at the Rome hotel, where also will be the scene of the sociability part of the program. Some of the 600 bankers who will attend the convention will arrive in Omaha this afternoon and evening. The secretary of the association will be at his desk at the Rome hotel at 7 o'clock this evening and register all these newcomers. A special meeting of the executive council is scheduled for the Rome hotel at 8 o'clock. They will hear reports from officers and committees and make final arrangements for the convention proceedings.

### FIREMAN SAVES LIVES OF MATES IN TUNNEL

TACOMA, Wash., Aug. 24.—John Denise, a fireman on the Northern Pacific railroad, saved the lives of six fellow trainmen today after they had been overcome by coal gas in Stampede tunnel, near here. Denise was fireman on a "pusher" helping to shove a heavy freight train through the tunnel. Midway the air hose broke, the brakes set automatically and the train came to a standstill. Although himself faint from the deadly coal fumes that filled the tunnel, Denise began a search for his fellow workmen. Three of them he found in the west end of the tunnel. He dragged them to the cab of the "pusher," uncoupled the engine and rushed them to fresh air. Enlisting the aid of other workmen the fireman plunged again into the gas-filled tunnel and to the engine of the freight where he found the other trainmen almost suffocated. He uncoupled the engine and ran it from the tunnel, where he collapsed. Denise and all of the rescued trainmen will recover.

### ADVENTISTS BEGIN SESSIONS WITH MEETINGS AT DAYBREAK

LINCOLN, Neb., Aug. 24.—(Special.)—Four meetings held at daybreak marked the first day of actual work on the part of the Seventh Day Adventist conference at College View. Fully 100 delegates from Nebraska are gathered for the meeting. Elder M. D. Wood, who is to go as a missionary to India, will speak next Sunday, giving his reasons for leaving the Methodist denomination. Following are the delegates here from Omaha: G. W. Stahl, Miss Pierce, Mrs. Swartz, Mrs. Wyckoff, Mrs. Miller, Mrs. Kent, Mrs. Gahrner, A. T. Gibbon, Edgar Moser, E. Hammett, Clyde Wyckoff, alternates, Mrs. Stahl, P. P. Kent and Mrs. Eldridge.

### CULLS FROM THE WIRE

Alderman Louis Brozo of Detroit was bound over to stand trial on the charge of having accepted a bribe of \$100. One woman was seriously injured and two women and a man slightly hurt in Minneapolis when an automobile filled with Kansas City tourists skidded on the pavement and struck the curb. Governor Oswald West served notice today on the authorities of the city of Portland and Multnomah county that he proposed to institute next Monday a. m. a "house clean-up" in Portland. Real estate changes in the regulations governing surveys of lands in Alaska, under which landless companies and others have acquired rights to thousands of desirable sites without patenting them, were made known in Seattle.

### WARREN HEARS WYOMING STATE STRONG FOR HIM

WASHINGTON, Aug. 24.—(Special Telegram.)—Senator Warren has received returns from the Wyoming primary election held Tuesday last indicating that he received twice as many votes in the state as were cast for John D. Kendrick of Sheridan, his democratic opponent for the United States senatorship. Senator Warren has no opposition for the republican nomination and Mr. Kendrick likewise was the only candidate on the democratic ticket. The result of the primary election is significant in that it shows a republican majority which if maintained in the November election will insure the state to the republicans. In counties heretofore democratic, Warren had twice and in some instances three times as many votes as his opponent.

### Orozco in Big Trap Burns Three Trains; Soldiers Lack Food

JUAREZ, Mex., Aug. 24.—Caught in a trap, although the trap is 100 miles wide, and 300 miles long, is Pascual Orozco, commander-in-chief of the rebel forces in the north. This is declared by advices received here by General Joaquin Teller, federal commander of this zone. The official announcement is verified by railway representatives and other sources. Orozco now has only about 600 men. He is surrounded by federal forces aggregating 10,000. Orozco left Villa Ahumada, a station midway between Chihuahua and Juarez, only yesterday. Three times he attempted to move away from the railway, only to have his scouts encounter some federal force. On his final departure yesterday, he burned his trains, sixty-five cars, destroyed three locomotives, and mounting his men, rode away to the southwest. The rebels are suffering greatly for want of food for themselves and their horses.

### PLAN TO ADJOURN IN DANGER

Murdoch Makes Stand Against Money for Bridge Company. PROBABLY WILL YIELD TODAY. Point of No Quorum in House Causes Early Recess at Night, but Congress Probably Will Quit Today.

WASHINGTON, Aug. 24.—Plans for an adjournment of congress tomorrow were threatened tonight in the house by a determined fight of Representative Murdoch of Kansas, against an appropriation of \$50,000 for mail service on the Eads bridge across the Mississippi river. The bridge connects East St. Louis and St. Louis and is owned by fifteen corporations. Mr. Murdoch amid exciting scenes among members anxious to get home, insisted on a point of no quorum and a hurried call was sent out for absentees. The attack on the bridge came during the consideration of the conference report on the postoffice appropriation bill, which the senate already had adopted. Mr. Murdoch first made the point of order that the conferees had exceeded their authority in putting into the bill an amendment, which provided that part of the appropriation for inland transportation of mail should be paid for carrying those two cities "other than upon a mileage basis" and vesting discretionary authority in the postmaster general to pay a fair and reasonable price for the special transfer and terminal service at the union station at both ends of the bridge, including the use, heating and lighting of the mail building and transfer service, the cost not to exceed \$35,000.

### ORIENT REPRODUCED FOR ENTERTAINMENT BY THE VANDERBILTS

NEWPORT, R. I., Aug. 24.—An oriental city glowed tonight on the spacious grounds of Beaulieu, the summer home of Mr. and Mrs. Cornelius Vanderbilt, who gave what was said to be one of the most elaborate private entertainments ever known even in this summer colony. On the cliff overlooking the bay had been erected a ball room 100 feet long and ninety feet wide. The trees and plants of the surrounding grounds were outlined with tiny electric bulbs. Guests brilliantly costumed passed through splendid oriental domes and long lanes of tropical plants into a room where paintings, luxurious divans, and the furnishings generally gave the scene the atmosphere of the east. The entertainment began with the presentation of a musical comedy by a company from New York. Then there were four quadrilles. The first represented the four seasons and was given by young society women in appropriate costumes. A Persian quadrille came next and there also was a gypsy quadrille, in which members of the Russian, German and Mexican embassies participated with Newport society women including Countess Szechenyi, who was Miss Gladys Vanderbilt before her marriage. A Russian quadrille was led by Mrs. Cornelius Vanderbilt and Henri De Bach, secretary of the Russian embassy.

### STANDARD OIL CONTRIBUTION FACES WILSON AT DINNER

SEA GIRT, AUG. 24.—Governor Woodrow Wilson saw before him at dinner tonight a heavy bag labeled "\$2,000,000 contribution from the Standard Oil company." Instead of money, however, the bag contained sand. The occasion was a dinner by newspaper correspondents to

### ALLIANCE WILL URGE GERMAN INSTRUCTION IN THE PUBLIC SCHOOLS

FREMONT, Neb., Aug. 24.—(Special Telegram.)—The third annual meeting of the State German-American Alliance in session here was called to order by President Valentine Peters of Omaha, at Turner hall this evening. There were about 350 delegates present, nearly all the local branches being represented. The Omaha delegation number fifty-three. Mayor Wols welcomed the visitors to the city. Carl Fritz, on behalf of the different German societies of the city welcomed the delegates. President Peters responded. One of the most important features in the president's report was in regard to teaching the German language in the public schools. He recommended that the alliance use their efforts to have German taught in the grades as well as the high school as in that way a more thorough knowledge of the language could be obtained. There has been a good growth of the membership of the alliance throughout the state and a greater interest in the principles of personal liberty and local self-government. The business sessions of the alliance and election of officers will take place tomorrow, closing with a banquet in the evening.

### HOT WEATHER IS QUICK TO AFFECT THE BOWELS

Well-Known Fact That Extreme Heat Conduces to Chronic Constipation. The disposition to eat cold food and indulge in iced drinks is one reason why constipation and diarrhoea is so prevalent in the summer, and there is no time when people should more carefully avoid bowel disturbances, as much serious disease is directly traceable to these conditions. We need all of our strength to withstand the enervating effect of heat. To regulate the bowels and quickly relieve even the most aggravated case of constipation, the combination of simple laxative herbs with pepsin, known as Dr. Caldwell's Syrup Pepsin, is highly recommended by all who have ever used it. Unlike cathartics and violent purgatives, Dr. Caldwell's Syrup Pepsin acts gently on the stomach, liver and bowels, without griping or other discomfort, bringing relief in an easy, natural manner. It can be used with perfect safety by the most delicate woman or child, and yet is equally effective for the strongest constitution. Mild, pleasant to take, and inexpensive, it is the ideal family laxative. By cleansing the bowel tract thoroughly and eliminating the foreign matter and poisons that irritate and inflame, it will quickly check summer diarrhoea and restore normal conditions. Druggists sell Dr. Caldwell's Syrup Pepsin for fifty cents a bottle—a larger family size costs one dollar. Get a bottle and keep it in the house; it will save many times its cost in doctor bills. A free trial bottle, postpaid, can be obtained by writing to Dr. W. B. Caldwell, 466 Washington St., Monticello, Illinois.

### FOR RENT 1614 HARNEY

One of the Most Central and Best Retail Locations in the Shopping District.
