It is Announced That Roosevelt Will
Make Four Speeches in Illi-
nois on Way to St. Louis
Next Week.

NEW YORK, Aug. 28.—Charles D. Hilles, chairman of the republican national committee, issued a statement today covering the alleged agreement between Taft representatives and William Flinn, representing Colonel Roosevelt in Pennsylvania. Mr. Hilles said:

"We have received a proposition from Mr. Flinn in which he has offered to withdraw the electors from the republican ticket and substitute Taft electors in their places. The offer was made by Mr. Flinn in Philadelphia last Wednesday to Henry G. Wason, republican state chairman, and William T. Hilden, president of the Union League club of Philadelphia."

Mr. Hilles goes on to say that, according to Mr. Wason, "Mr. Flinn said that Colonel Roosevelt at Chicago had placed him in charge of matters in Pennsylvania and that he was willing to erase the Roosevelt electors' names and replace them with representative republicans who would vote for President Taft. He said that before he could do this he must obtain signatures to a petition naming Roosevelt electors on a Washington ticket. As the state law requires 3 per cent of the total vote, Mr. Flinn said that it would take nearly the whole month of September to prepare the petitions. After he has submitted these petitions to the secretary of the commonwealth, he offered to call the state committee together and name Taft electors in place of the Roosevelt men."

"I assume that Mr. Flinn is able to do this and that he will do it in good faith. There was absolutely no deal made on the state ticket. Our only objection to Flinn's republican state ticket now is that it has names of Roosevelt men on it as electors. With those removed we would not oppose any of the rest of the ticket. All that we ask in that republican electors vote for Taft and Sherman co-electors to this list will be made from time to time, and it is said the progressive campaign would be one of the most extensive ever taken in American political annals."

The names of progressive speakers announced today were: Former Senator Beveridge of Indiana, Senator Clapp of Minnesota, Senator Poindexter of Washington, Senator Crawford of South Dakota, Senator Brewster of Kansas, Congressman Norris of Nebraska, Hamlin Garland, the writer, and William Allen White, Kansas editor.

Among former democrats who will take the stump for the progressive cause are Bourke Cochran of New York and former Governor Garvin of Rhode Island.

Preparatory to a trip into Missouri and Iowa Senator Dixon today held a conference with Judge Lindsey of Denver, who has just returned from campaigning in Vermont; Colonel Cecil Lyon of Texas, who is on his way to take charge of Colonel Roosevelt's special train, and Frank Knox of Michigan.

It was said that Colonel Roosevelt will make four five-minute speeches while crossing southern Illinois on his way to St. Louis September 3. These speeches will be made at Paris, Shelbyville, Pana and Hillsboro.

Senator Dixon declined to discuss the purpose of his trip to Missouri, but it was said that he would meet several Missouri democrats while in that state.

Dixon Will Go to Denver.

DENVER, Colo., Aug. 28.—Senator J. M. Dixon, Roosevelt's campaign manager, will meet Governor Hiram Johnson, candidate for vice president on the progressive ticket, in Denver next Saturday and then will attempt, it is said, for the last time, a reconciliation between the Phil Stewart state faction of the republican party and the progressive party leaders of this state.

Judge Ben B. Lindsey will return to Denver Friday and will participate in the conference.

Borden Refuses to Meet Demands Made by Suffragettes

LONDON, Aug. 28.—The Canadian Premier, Robert L. Borden, when he faced the suffragettes for the first time today, told them emphatically he had no power to introduce a general measure of suffrage for women in the Dominion of Canada and that no threats of the employment of militant methods would have any influence on him.

The delegation of the Women's Social and Political Union was introduced by Miss Barratt. She stated that their chief object was to ask the Canadian Premier if he intended on his return to the dominion to introduce a government measure for the enfranchisement of women. She declared that the Women's Social and Political Union was considering a campaign to advise intending immigrants to go to Australia and New Zealand rather than to Canada.

On Mr. Borden's reply, she said, would depend the advice the Women's Social and Political Union gave its Canadian members and also the possibility of a militant agitation in Canada. Mr. Borden was very explicit in stating that he had no power and no intention of introducing into the dominion parliament a bill for the enfranchisement of the women. The subject of the franchise, he said, devolved entirely on the nine provincial legislatures and the dominion parliament had no warrant to pass such legislation. Mr. Borden concluded: "I should like to say with all respect I think the Canadian women are capable of judging for themselves in this matter. No suggestion of the employment of methods of any kind will have the slightest influence."

England Renews Protest Against Canal Tolls Bill

WASHINGTON, Aug. 28.—Great Britain has reaffirmed its protest against the Panama canal bill. In a note filed today with the State department by A. Mitchell Innes, charge of the British embassy here, it was stated that if a satisfactory agreement could not be reached Great Britain would appeal to the Hague tribunal for arbitration.

The note submitted today says Great Britain will give careful consideration to both the bill and the message President Taft sent to congress relating to discrimination in favor of coastwise shipping in the canal. If after due consideration it is found that no satisfactory agreement can be reached in the matter Great Britain declares that it will be necessary to appeal to arbitration.

JOHNSON AND HEYDLER DISAGREE ABOUT RULE

NEW YORK, Aug. 28.—President Ben Johnson of the American League rules that Pitcher Walter Johnson's winning streak was broken in the second St. Louis-Washington game Monday. Mr. Johnson, who is here on his way to Chicago, said:

"The winning run was made by St. Louis when Johnson was in the box and the game will be recorded as a defeat for him. Johnson made a wild pitch, and a St. Louis batsman hit him for a single that sent home the deciding tally."

John A. Heydler, secretary of the National league, states that in his opinion Johnson should not be charged with the defeat. "The rule invariably followed by me," said Mr. Heydler, "holds the pitcher responsible for all runners on bases when he retires from the game and the first pitcher, therefore, must be charged with the defeat. It is an unfair proposition, under such conditions, to expect the second pitcher to prevent runs."

MOTOR ENTHUSIASTS HURT FATALLY RACING WITH TRAIN

JEWELL, Ia., Aug. 28.—(Special.)—While racing in an automobile along a highway with a Northwestern train between here and Ellsworth Chris Peterson and Theodore Wick, two farmers, were fatally injured this morning when the motor car they were in skidded and went off a bridge. The car, turned over twice when it plunged off the bridge and both men were hurled out. The car landed thirty-six feet from the bridge and was completely wrecked. Enginesmen of the train saw the car crash through the railing of the bridge in its wild plunge.

Executive Committee Takes Action
at Meeting Tuesday Night in
Obedience to Directions from
National Committee.

(From a Staff Correspondent.)
LINCOLN, Aug. 28.—(Special Telegram.)—At a meeting of the bull moose executive committee, carefully enveloped in the utmost secrecy, Frank P. Corrick of Lincoln was chosen to manage the Roosevelt campaign in this state, and headquarters established here at the Lindell hotel.

It is reported that the installation of Mr. Corrick was done in obedience to an order that affect coming from the national Roosevelt campaign managers through Nathan Merriam, supposed to represent this state on the bull moose national committee. The people-rule party is thus provided from above with a boss without waiting for the state convention, called to meet next week, for the purpose of organizing the party. Mr. Corrick was once secretary of the republican state committee, and has had aspirations to head a campaign committee ever since. He wanted to be republican state chairman two years ago, and again last year, and this year was crowded out of the coveted position by Governor Aldrich favoring Judge Epperson out of distrust of Corrick's loyalty to himself. Corrick in the primary was actively identified with the LaFollette propaganda.

Rivals Charge Each Other of Violating Decree of the Court

WASHINGTON, Aug. 28.—The American Press association and the Western Newspaper Union, recently enjoined by an agreed decree under the Sherman anti-trust law from engaging in any unfair business methods, have filed with Attorney General Wickereham charges that the other is violating the decree. If sustained the complaints would involve contempt proceedings. Mr. Wickereham, assistant to the attorney general, who built up the case that resulted in the agreed decree, will investigate.

The original move of the Department of Justice was the attempt of a "bitter trade" war between the concern which handles "holter plate" and "ready print" in an aggregate of about 15,000 small papers. The suit was filed and the decree entered, the Department of Justice announced, to prevent the companies from waging unfair competition that would drive one or the other to the wall, equipping the survivor with power of controlling the thought of millions of readers.

Colonel Roosevelt Says Senate Should Expel Mr. Penrose

OYSTER BAY, N. Y., Aug. 28.—Colonel Roosevelt declared today that Senator Penrose, on his own testimony, should be expelled from the senate. Colonel Roosevelt had taken this position he said in the letter to Senator Clapp, chairman of the senate investigation of contributions, which he is preparing.

The colonel made this statement after he had read from what purported to be an extract from Mr. Penrose's testimony before the senate committee to the effect that he had advised John D. Archbold of the Standard Oil company to make a second contribution to the 1908 campaign, lest the company encounter difficulties in certain quarters. Colonel Roosevelt said that in his opinion this was an offer of protection from the government in return for a contribution, and that it did not differ essentially from the sale of police protection in New York.

Taft Will Not Make Political Speeches

SPRINGFIELD, Mass., Aug. 28.—President Taft in a speech from the rear platform of his private car here today declared that he did not intend to take any further part in active politics.

"I am not here to make a political speech," said the president. "I have given that up. I believe that there are some politics going, but I am not going to take part in it. So far as I am concerned you will have to make up your minds without hearing me further."

BOSTON, Aug. 28.—President Taft, accompanied by his military aide, Major Rhoades, left here at 10 a. m. to attend the centennial celebration at Columbus, O. His private secretary, Carmi A. Thompson, will join him in Ohio. The president motored from his summer home in Beverly and was greeted by a cheering crowd when he boarded his private car at the south station.

It is also stated that the pope will later create a cardinal in Central America, probably in Mexico.

SIX WARSHIPS OFF BEIRUT Italian Squadron Anchors Near Syrian Port Wednesday.

NO DEMONSTRATION IS MADE
Vessels Previously Reconnoitered
Harbors of Jaffa, Haifa and
Acre—Inhabitants Fear An-
other Bombardment.

BEIRUT, Syria, Aug. 28.—A squadron of Italian warships, comprising six vessels, anchored off this port this morning. Their object is unknown.

The city is well patrolled by the Turkish garrison and all is quiet. The war vessels had previously reconnoitered the port of Jaffa, in Palestine, and also the Syrian seaports of Haifa and Acre, but had not attempted a landing nor fired any shots.

The population of the coast towns, however, show signs of nervous tension, fearing a repetition of the bombardment of last February, when sixty-two non-combatants were killed and many wounded in the streets of Beirut by the Italian fleet. At that time a number of old Turkish gunboats, as well as cruisers and a torpedo boat, were sunk while lying at anchor in the port.

Negro Member of Bar Association Sends Resignation

MILWAUKEE, Aug. 28.—The race question again came up before the American Bar association today. William R. Morris of Minneapolis, one of the three negro lawyers who had been unseated by the executive committee, but which action was reversed by the association, sent a telegram announcing his resignation, saying it was based on "an entirely unselfish consideration of the best interests of the association."

On motion of Joseph Merrill of Thomasville, Ga., the resignation was accepted. "I am opposed to the admission of negroes to this organization," said Mr. Merrill, "but I want to express our appreciation of his dignified attitude in resigning."

One of the others on the executive committee was W. H. Lewis, a United States assistant attorney general who still retains his membership. The recall of judges was formally denounced by the association as "fallacy" and as "tending to deprive the public of judges of ability and high character."

It was stated that the adoption of the report of the committee headed by Frank E. Kellogg of St. Paul, denouncing the judicial recall movement, expressed the sentiment of the association's 5,300 members and the attitude of attorneys generally throughout the country.

French Army Aviator is Burned to Death When Tank Explodes

DOULAI, France, Aug. 28.—Lieutenant Felix M. Chanderier of the aviation corps was burned to death while flying in his aeroplane today.

He started from this city for Clatons on the test necessary for the acquisition of the pilot's certificate. When he reached Crecy-Sur-Saine, about half the distance, his petrol tank burst into flames and the machine crashed to the earth.

The young officer's body was completely consumed by the fire. He belonged to the Eighth infantry regiment and had been attached only a short time to the aviation section.

INDICTED OFFICERS OF REALTY FIRM SURRENDER

NEW YORK, Aug. 28.—William H. Cooper, a former vice president of the Seiser-Cooper company and ex-president of the New York Central Realty company, and Ernest Sharp, an officer of the realty company, who were indicted by the federal grand jury recently charged with using the mails to defraud, surrendered themselves today and were released on bail. Claude J. Van Slyke, president, and James A. Robinson, treasurer of the realty company, had been arrested.

New Form of Graft is Discovered by State's Attorney Whitman

NEW YORK, Aug. 28.—Searching along the trail of police blackmail that led up to the murder of the Gambler Herman Rosenthal, the state's attorney now reports a form of social evil from which colossal graft is obtained. This blackmail, he says, was obtained from about a dozen houses in this city, each of which paid from \$1,500 to \$2,000 a month for police protection.

District Attorney Whitman has learned that these houses paid high protection not because of their great income, but because protection was an essential to their existence. These houses were extensively furnished and decorated. Only the proprietor and a few servants lived in them. Callers were shown a list of names of girls who could be called upon to come to the house when wanted. Opposite the names of these girls were the ages, and the lists in the hands of the district attorney show that these girls are from 15 to 18 years.

Assistant District Attorney Smith has been investigating this form of disorderly house graft for several weeks and the results of his investigation probably will produce a sensation.

Assistant District Attorney Rubin received a message from Postmaster Frederick E. Johnson of Hot Springs, Ark., who took Schepps into custody, stating that he had under arrest three men whose description generally fits that sent out for "Gyp the Blood" and "Lefty Louie" by the New York police.

The message says that one of the men is taller than the other and that the tall one is left-handed. When questioned by the sheriff, according to the message, the men said they were traveling salesmen from Atlanta, Ga., and that they were in Hot Springs on business.

Havana Reporter Who Attacked Diplomat is Released from Jail

HAVANA, Aug. 28.—A sharp note addressed to Cuban Secretary of State Sangrillo by American Charge d'Affaires Hugh S. Gibson was followed today by notice from the Cuban Department of Justice that the case against Enrique Maza, the reporter said to have attacked the charge last night, would be laid before the prosecuting attorney. In spite of official request last night by Mr. Gibson that Maza be held he was released soon after his arrest. His release followed his telling the magistrate that he had been overwhelmed with "patriotic fury" in consequence of the insult "heaped upon" his country by Mr. Gibson's insisting upon the government's payment of a claim for \$57,000 made by Hugh Hellyer, an American contractor.

The "bull moose" selected state committee of three or four, also named county committees and made plans for an active campaign. Governor Johnson of California, Roosevelt's running mate, will enter the state Thursday and will make addresses at Evanston, Rock Springs, Rawlins and Cheyenne, appearing here Friday night. Later Colonel Roosevelt will probably stump the state.

GEORGE SHOWS HIS RECORD Accounted for All Interest as Treasurer of Custer County.

REPLIES TO CAMPAIGN STORY
First Official to Give Surety Bond—
Shows How Conditions Differed
Ten Years Ago from Those
Now Prevailing.

(From a Staff Correspondent.)
LINCOLN, Aug. 28.—(Special Telegram.)—State Treasurer W. A. George has issued the following statement regarding the charge that he did not turn over interest money during his term of office as county treasurer of Custer county:

"My attention has been called to an article appearing in one of the democratic papers of August 27, regarding my administration as county treasurer of Custer county. The article in question is misleading. It states that I retired from the office in 1910. The facts are that I served from January, 1902, to January, 1906, which was ten years ago.

An indirect charge is made that I did not account in full for interest received from the banks from county deposits. That charge is not true. During the years of my administration and years preceding it was the custom of the banks desiring county funds for deposit under the law then in force to file with the county board a bid for specified amounts and with such bid a bond to protect same, and such bonds designated by the county board as county depositories. During my administration the bids and bonds as filed were not sufficient to cover more than the legal deposits, and the balance of funds were left in the treasurer's hands, for which he was personally responsible. Numerous receipts were made by me to the county board to relieve the situation by furnishing additional legal depositories or providing a burglar-proof safe and put on a night watch, but without success.

All interest received from the legally county depositories has been accounted for, and no interest was received that was not accounted for other than the legal deposits. I do not owe Custer county one cent for interest.

I was the first county treasurer of Custer county to give surety bond, which was given at a cost of \$55, and by so doing relieved myself from obligation to any individual or banks, such as would have arisen through my request as signers as security on my bond.

The legislature, session of 1905, amended a depository law so as to provide for the safe keeping of all county and state funds, relieving the treasurer from personal liability. The law was again amended in 1907 and again in 1909 and this leaves conditions entirely radically different, and no interest was received by me from the county board in 1909 and 1910. Another noticeable change in conditions as to what they were ten years ago, is that the county board now pays a salary of \$2,000, provided the fee of the office were sufficient to pay the same, and the provisions for clerk hire were not sufficient, resulting the office forces to work days, nights and Sundays to keep up the work, whereas the treasurer receives a straight salary of \$1,500, with no restrictions and is allowed all clerical help needed to perform the work.

Under the law now in force all counties receive not less than 3 per cent on their daily balances and the state treasurer gets 3 per cent on such daily balances. Under the guarantee law all state banks may be made county depositories without the necessity of giving bond. The examiner who checked up the records of Custer county for the last sixteen years states in his report to the county board that his accounts are absolutely correct, that he found no shortage or error therein, and in said report is embodied as I take it a strong compliment for efficiency with which the work of the office was done during my four years as county treasurer.

Thomas Has Offer of Arkansas Place

Prompted by the order sending infantry to Nicaragua, the revolutionary junta here today made an effort to open negotiations with the State department with the object of ending hostilities. Angel Ugarte of the junta sought an interview with William T. S. Doyle, chief of the division of Latin-American affairs in the department, to submit a proposition for the withdrawal of American troops and the submission of the issues of the revolution to an election. Mr. Doyle declined to receive Ugarte officially and advised him to submit any of his proposals through Senor Castillo, the Nicaraguan minister.

The salary paid by the state to Dr. Thomas as superintendent of the Kearney normal is \$3,000, while that paid by the state of Arkansas to its chancellor is \$7,000.

The claim of Hugh Hellyer, an American contractor, against the government of Cuba for \$57,000, representing the final settlement of the Venegueros water works contract, was paid.

WASHINGTON, Aug. 28.—Grave concern over the situation in Nicaragua was expressed at the State department today, following the ordering of the Tenth infantry to the unsettled Central American republic.

A single direct dispatch from Nicaragua told of a serious situation in Matagalpa. The dispatch was sent by 125 Americans and told of the killing of a German named Nelson and appealed to the State department for immediate protection. Lack of further dispatches from Nicaragua was a source of anxiety.

Under the present orders when the Tenth infantry arrives in Nicaragua the United States will have 3,500 soldiers, sailors and marines ashore. This force, the State department believes, will be ample to protect American lives and interests. Colonel Henry A. Green of the Tenth will command the land forces and Rear Admiral Sutherland will be in charge of the naval operations.

Rebel Junta Active.
LINCOLN, Neb., Aug. 28.—Prof. A. O. Thomas, head of the Kearney State Normal school of this state, will tomorrow be formally tendered the chancellorship of Arkansas state university.

Four members of the board of regents of the Fayetteville university were in the city today consulting Nebraska regents regarding Mr. Thomas. They will arrive in Kearney tomorrow to tender him the position. Professor Thomas has so far remained silent whether he will accept the position.

Allegations of conditions bordering on barbarism and acts even worse than those which took the troops of the united powers into China to quell the Boxer rebellion have been received at the State department within the last twenty-four hours.

The deliberate murder of two Americans, Dadd and Phillips, after they had been wounded and were helpless following the massacre at Leon on August 19, focused attention on the previous reports of barbaric "warfare."

The United States marines now being rushed south on the Pacific, after being landed at Colon, will have to be transported across the isthmus by railroad and taken on the cruiser California, on the Pacific side, for transportation to Corinto. That would mean a delay of at least a week.

Will Move at Once.
The Tenth regiment, recruited to full war strength and fully equipped for campaigning in the tropics, is to be taken aboard merchant ships in the harbor of Panama and rushed. They will be on the ground in Corinto in less than two days. The soldiers will be dispatched along the line of the railway from Corinto to Managua, the capital, at points where American Minister Wetzel and Commander Terhune of the gunboat Annapolis believe they will afford most protection. Colonel Henry A. Greene commands the regiment.

The Pacific mail ship now at Panama, will sail tomorrow with one battalion, leaving the remainder of the regiment to be brought up to Corinto on other ships. With the arrival of the Tenth and the marines now on the way, United States forces actually landed in Nicaragua and on American warships available for landing will be increased to about 4,500 men. Further improvement in the situation will be made probable late today or tomorrow when the gunboat Denver arrives at San Juan Del Sur, the cable station.

Will Keep Line Open.
By the operation of the wireless equipment of the ships at the cable station and that of the collier Justin, lying at Corinto with women and children aboard, the State department at Washington practically will be in communication with American Minister Wetzel at Managua. The American troops will be expected to keep free from interruption the telegraph lines along the railroad from Managua to Corinto.

These lines have been frequently interrupted by small bands of rebels taking stations along the route and the American force of marines has been inadequate to keep the route open. Commander Terhune recently made one attempt to clear
