BOONE DIVORCE TAKEN UP

Hot Contest Involving Much Property in Supreme Court.

MAINE RELIC IS RECEIVED

Young Veterans at Lincoln Have Powder Tank Taken from the Wrecked Battlehip—Plan Novel Butter Exhibit

(From a Staff Correspondent) LINCOLN, Aug. 29.—(Special)—The sensational Boone county divorce case of Reynoldson against Reynoldson will have an airing in the supreme court of Nebraska, an appeal from the district court of that county having been made by Mrs. Reynoldson this morning.

Four years ago Charles Reynoldson, a very wealthy Boone county farmer, said to be worth about \$15,000, was married to a woman known as Vivian Boyer. Soon after their marriage Mr. Reynoldson discovered that his wife had not been in the past all that she should have been and besides had been living with a man by the name of James S. Boyer, known as "Blackie" by some of his associates.

Reynoldson sued for a divorce and during the pendency thereof it was discovered that Boyer had filed suit for a divorce from Mrs. Boyer in the district court of Cherry county and that the same was granted February 12, 1912. The plea was then made by the attorneys of Reynoldson that if Mrs. Reynoldson was the wife of Boyer at the time of her marriage to Reynoldson the marriage should be set aside as void. The testimony in the district court, according to the papers filed in the supreme court of the evidence was of a very racy nature, resulting a decree by the court that Vivian was the common law wife of Boyer and as such her marriage to Reynoldson was void and the court annulled the ceremony.

The case has been very bitterly fought in Boone county courts, nearly every attorney in Albion being retained on one side or the other. The woman makes the appeal to the supreme court and asks for \$8 a month and the use of the house in which she has resided since the case started, during the pendency of the hearing in the supreme court.

Delinquent Corporations. The secretary of state is preparing a list of the corporations which have not paid their state tax which will be submitted to the governor September 1. The list will then be published in two daily papers of the state and the delinquents will be required to come across with an extra ten dollars as a delinquent fee.

Governor Aldrich returned from his speaking trip today and will be in his office tomorrow.

Thompson Back to Capital. W. T. Thompson, former attorney general of the state, but now connected with the legal department in Washington who has been visiting in Nebraska for the last month returned to Washington with his family this morning.

Johnson Speaks Tuesday. Governor Johnson of California, candidate for vice president on the bull moose ticket, will arrive in Lincoln Tuesday morning at seven o'clock from Kansas City. He will be the guest of Governor Aldrich during his stay and will speak at the state bull moose convention and also at the state fair during the day.

Randall Back from Trip. Fire Commissioner Randall returned from his trip to the Big Horn basin yesterday and this morning was in his office. He says that his trip was not one of pleasure at the expense of the state, as a certain democratic paper stated, but that during his trip he condemned buildings and kept a stenographer busy every day attending to the work.

Taft Done in Butter. The dairy building will have an exhibit this year which will doubtless be of great interest. A local creamery company has always had an exhibition some figure in life size done in butter, but this year it goes a little farther and will have an exhibition made of butter figures of Taft riding an elephant, Wilson with the democratic mule and Roosevelt and his bull moose.

Encampment in Over. Adjutant General Phelps and Captains Gage, Kesterson and Hamilton returned to Lincoln this morning from the encampment of the Second regiment, which broke camp yesterday at Grand Island.

Receive Maine Relics.

The navy yard officials at Washington have sent to Adjutant General Phelps a powder tank which was taken from the wreck of the Maine at the time the battleship was taken from the mud in Havana harbor. The tank is about three feet long and nine inches in diameter and shows the effect of the explosion, being warped and twisted. It does not show very much effect from its long submersion in the water, only having an occasional scaly crust on the sides. The relic will be presented to the Spanish war veterans of the city.

Danger from Glanders. The state veterinarian department was exhibiting this morning several pictures of people who had been afflicted with glanders contracted while taking care of horses infected with the same disease. An exhibit will be made at the state fair by the department in an endeavor to educate the people along the line of the danger of contracting the disease by those handling the animals.

Bank Changes Name. Application was made to the secretary of state yesterday by the Bank of Gandy asking permission to change its name to the Bank of Stapleton. This has become necessary, as the town of Gandy has almost become depopulated on account of the town of Stapleton being established at the end of the Union Pacific railroad across from Calaway and the people have been moving their houses and other property of a movable nature over to the railroad town.

Kearney Young Woman Makes Swimming Record

KEARNEY, Aug. 29.—(Special)—Miss Axene Frank, daughter of Mrs. Pauline Frank, city librarian, made a swimming record for a woman of but two months' study of the art when she swam across Lake Kearney last evening and back without taking a rest, the distance being fully one mile. Miss Frank is a student in the Emerson College of Oratory at Boston, and while rugged has never given much attention to any of the so-called athletic efforts offered for muscular development. She promises to eclipse her record by attempting to swim the entire length of the lake, a distance of a mile and a half.

Adventists Discuss Christian Education

COLLEGE VIEW, Neb., Aug. 29.—(Special)—Urgent appeals for the parents to realize the responsibility of giving their children a Christian education to save them for the kingdom to come were made by several speakers in a rally on "Christian Education" at the Seventh Day Adventist camp meeting at College View. This meeting was one of the features of an interesting program carried out yesterday and was attended by practically everyone on the grounds and quite a number from the village. Among the speakers were Prof. M. B. Van Kirk, educational secretary of the Central Union conference; Elder B. L. House, who holds a similar position in the Nebraska conference; Elder R. F. Andrews of College View; Prof. L. F. Blue, principal of the Hastings intermediate school, and Prof. C. L. Benson of Union college.

The graduation exercises of the nurses at the Nebraska sanitarium were held in the Adventist church directly opposite the camp ground tonight. Dr. David Paulson of Chicago will deliver the class address on the subject, "The Ideal Missionary," while Dr. J. D. Shively, medical superintendent of the sanitarium, presented the diplomas. Eight young women will be granted diplomas.

COMMISSION GIVES OUT LIST OF RELEASES PURCHASED

CINCINNATI, Aug. 29.—The National Base Ball commission today gave out the list of players whose releases have been purchased by major league clubs from minor or major clubs since August 20, 1911, under agreements filed with and approved by the commission. The list does not include players recalled by major league clubs on August 20, 1912, under optional agreements. The list includes:

National League—By Cincinnati from Ottumwa, Gregory, Knisley and Kyrie.

American League—By St. Louis from Wichita, Brown; By Chicago from Burlington, Iowa; from St. Joseph, Joseph; from Des Moines, Douglas; from Lincoln, Smith. By Detroit from Muscatine, Zamloch; from Hannibal, O'Mara; from St. Joseph, Powell; from Denver, Healy; from Philadelphia from Davenport, Craig; from Mobile, Bush; By Washington from Denver, Keayworth.

"Agreements not received and therefore subject to approval."

Accompanying the list was a warning to club owners that hereafter the commission would strictly enforce the rule which requires that the transfer of a player by or to a major club, for immediate or future delivery, must be submitted to the commission within a reasonable time.

Regulations have been enacted by the commission to facilitate the enforcement of the national agreement restricting the number of players a major league club may carry on its annual reservation list to thirty-five, exclusive of the manager and of the players promulgated as ineligible.

BEATRICE JOBBERS WILL MAKE BOOSTING TOUR

BEATRICE, Neb., Aug. 29.—(Special)—The Jobbers and manufacturers of Beatrice have completed arrangements for their trade excursion to be held on September 11 and 12, and at least 200 will comprise the party. On the first day stops will be made at towns on the Burlington "high line" between Beatrice and Red Cloud. On the return trip home the principal towns between Red Cloud and Wyoming will be visited.

Old Settlers Meet at Edison.

EDISON, Neb., Aug. 29.—(Special)—The old settlers' reunion is on here. J. H. Moorehead and Attorney F. J. Munday of Red Cloud addressed large audiences yesterday. J. W. Kelley and Silas Barton spoke today.

of Kirkville, Mo., has charge of the school management subjects, while Profs. Batterson and Stryker of the local State Normal have classes in academic subjects. About 300 teachers are in attendance.

SCHUETZENFEST AT HARTINGTON.

HARTINGTON, Neb., Aug. 28.—(Special)—The annual Bow Valley Schuetzenfest took place here Tuesday and Wednesday. This is the big German festival in this country and it drew an unusually large crowd this year. The Schuetzenfest (shooting match) took place on the grounds of the Schuetzen-verein and a program of sports was carried out. Joseph Menke won the shooting contest and was elected king and his wife was chosen queen. The festivities closed with a big bawdy dance, for which an orchestra of LeMars, Ia., furnished the music.

OLD ACCOUNTS DISPOSED OF

Water Board Settles with Water Company.

PACKERS TO BE GIVEN HEARING

Commissioner Howell Gives Out Statement that Stock Yards Must Use Water Pumped by Omaha Plant.

Final settlement of all accounts between the Water board and the old water company will be made today when Water Commissioner Howell tenders the company a check for \$3,000 for the uncollected bills due the company in the sum of \$35,000. The Water board will retain \$2,000 bills due the water company.

A resolution directing Water Commissioner Howell to make this settlement was adopted by the board at a meeting yesterday afternoon.

The resolution further stipulated that \$7,000 would be paid the company for losses, unappraised property and that the board waived all claim for shrinkage since the appraisal of this property in April.

Mr. Howell said the \$73,000 was paid when the city assumed ownership of the plant, and that the board had decided to waive its claims because the cost of appraising the property again would be considerable and that work of the water commissioner and the board would be retarded by a lot of "fiddlin' around."

Gives Packers a Hearing.

The board has directed that a rate of 8 cents per 1,000 gallons, to be charged the South Omaha packing houses and stock yards, be put into effect, the resolution authorizing the rate to be retroactive, dating from July 1 of this year.

This raise has been opposed by the packing houses and the board has invited interested parties to be present at a meeting to be held Friday afternoon at 2 o'clock.

By this increase, 3½ cents per 1,000 gallons, the Water board expects to increase its yearly revenue at least \$5,000. The packers now consume one-third the water pumped.

Water Commissioner Howell is authority for the statement that the stock yards and packing houses must use water pumped from the Omaha plant.

A plant is being built in South Omaha to supply the stock yards district. It is expected to
