Congressman Lobeck Thinks It's Wilson

"There is less friction in business this year on account of the coming national election than in any presidential election that I can remember of, and I remember many," said Congressman Lobeck, who returned yesterday from Washington. "Business men and manufacturers in the east do not seem to be alarmed over the election, and are not afraid that business will be disturbed. This is due, I think, to the wonderful crops." Congressman Lobeck says the election this year is more of a personal affair than ever before. He would not be quoted, however, on the Penrose-Archbold-Roosevelt affair, although he did say the former president would be harmed by it before the election was over.

Cuba Sends Apology for Attack on Gibson

WASHINGTON, Aug. 30.—Ample apologies have been made by Cuban officials, from the president down, for the assault by the reporter, Maza, upon Hugh Gibson, American charge of legation of Havana, and the State department here has concluded to let the case proceed in the regular way though officials privately believe the proceedings have not been characterized by that spirit of energy necessary to secure prompt court action. The penalty provided is severe in such cases, providing a maximum imprisonment of three years. The annoying feature is that under the Spanish legal practice it is possible to drag out the proceedings to an indefinite length, unless the Cuban president himself should demand speedy action by the judiciary.

MERZ WINS AUTO RACE AFTER DRIVING DUEL

Takes Illinois Trophy in Stutz at Elgin, Following Close Finish with Gil Anderson.

DRIVERS TWO MINUTES APART Winner Goes 203 Miles at Average of Sixty-Six an Hour.

HUGHIE HUGHES TAKES AURORA Hundred Fifty-Two-Mile Event Not Spectacular.

THREE STARTERS IN LAST RACE Jencks Trophy Captured by Endicott in Mason, Who Has No Competition Whatever at the Finish.

ELGIN, Ill., Aug. 30.—Charles Merz and Gil Anderson, both members of the Stutz automobile racing team and both driving Stutz cars, furnished the high lights in the opening day's program of the annual Elgin automobile race meet this afternoon. Merz won the 203-mile Illinois trophy race over the eight-and-a-quarter mile road course in the record time of three hours four minutes thirty-two seconds, after a spectacular driving duel with Anderson. The two drivers were but two minutes apart at the finish. Frequently they swayed down the hills at a seventy-mile-an-hour clip, with less than a dozen feet separating them. Merz drove the entire distance at an average speed of 66.11 miles an hour.

Don Herr, who won the Illinois trophy with a National car last year, drove the seame distance at an average of 65.83 miles an hour. W. Hobbs, driving a Rayfield car, and Nell Whalen, with a National, the only other starters in the Illinois trophy race, were eliminated early in the contest by engine trouble.

Although all but one of the six starters in the Aurora trophy race finished, this 132-mile event did not develop the close fight that marked the Illinois. Hughie Hughes, with a Mercer, took the Aurora in 2:28:40. His average speed per hour was 65.66 miles. His teammate, Edward Pullen, finished second with another Mercer.

The third event on the card, the Jencks trophy, at 101 miles, did not furnish a contest. There were but three starters: Harry Endicott, Mason Special; W. G. Worthington, Herschhoff "30," and F. W. Moe, Ford 1911. Worthington dropped out early and Moe ran into the ditch, leaving Endicott to parade home in "joy ride" fashion.

Chicago Traction Men Probably Will Reject Proposed New Scale

CHICAGO, Aug. 30.—Rejection of the new three-year wage contract, granting a cent-an-hour increase in pay, was generally regarded as the probable outcome of balloting which 10,000 Chicago street car men finished this morning. The count of the vote was not expected to be announced until tomorrow. In case the contract is rejected, the issues in dispute will be arbitrated. A prominent official of the union said the proposed wage agreement had been overwhelmingly defeated, but pending the return to Chicago of President W. D. Mason of the Amalgamated Association of Street Electric Railway Employees the official announcement would be withheld. The presidents of the companies said the chance of a strike was remote, as the whole question now will revert to arbitration.

Camp employes saw a body floating in the vat early today. The boiling water had peeled the skin from the hands and face. The body was not recognized until one of the Mexican herdsmen declared that it was that of Mr. Luna.

Solomon Luna was 54 years old and was the wealthiest man in New Mexico. He leaves a wife. The body will be brought to Albuquerque on a special train tomorrow morning.

His slayers never have been found.

It is likely that the state mounted police will be called on to investigate the matter.
