Other lectures will follow on every Monday, Tuesday and Thursday evening for four weeks. These will be given by J. W. Miller of the educational department, R. S. Flower of the boys department and Ira J. Beard of the religious department. In addition there will be lectures by Dr. Harold Gifford on "Hygiene of the Eye, Ear, Nose and Throat," Dr. J. M. Bannister on "Community Hygiene," and Dean Fordyce of the University of Nebraska on "Safe and Safe Sex Instruction."

Sol Luna Admired by Omaha Friends. Solomon Luna, whose death is announced in dispatches from New Mexico, counted several warm friends in Omaha, among them Judge Ben S. Baker and Victor Rosewater. Judge Baker became quite intimate with him during the time he was serving on the federal bench in Mexico, and Mr. Rosewater was in close contact on the republican national committee, of which both were members.

"Sol" Luna was quiet and unassuming, yet with a manner that attracted people strongly," says the latter. "He had been a member of the committee since 1895, and with the exception of General Powell Clayton, held the record for longest continuous service. It is said he could have been United States senator on the admission of New Mexico to statehood, but declined to take public office of any kind."

OMAHA TO ENTER THE MILWAUKEE DAIRY CONTEST. Omaha will enter the international dairy contest in Milwaukee in October. Application blanks have been filled out by Dairy Inspector Bosnie and forwarded. Last year Omaha won second prize for purest milk exhibited.

ANNOUNCEMENT

C. W. HULL COMPANY

Anthracite (Hard) Coal

Scranton and Lehigh, All Standard Sizes, \$11 Per Ton

The black, shiny kind, with the lowest percentage of slate and bone. Anthracite Nut Number 2 size; \$10.00 per ton anywhere in Omaha and suburbs. Our No. 2 Nut is the next smaller size to standard nut, (chestnut), and can be burned with the highest degree of satisfaction in any Base burner, no matter how large. Measure the openings between the grate bars in your stove and you will find they will in no case exceed 5-8 of an inch; generally they are only 1/2 inch. Don't let anyone tell you No. 2 Nut can't be burned in your stove. Try it for yourself.

Bituminous (Soft) Coal

"Torrid Nut," \$6.50 Per Ton

Absolutely Illinois' best. Thoroughly screened at the mine and rescreened at our yards. "Torrid" nut has held its own and made many new friends through long years of competitive strife. To do this it must be all we claim for it.

Walnut Block, \$5.50 Per Ton

Cheapest and best from Iowa. Some people prefer this to other coals that cost more money. We keep it in stock because our customers like it. Good reason—good coal.

Apex (Colorado), \$8.50 Per Ton

This is the "cream" of Colorado coals from the famous "Pinnacle" mine in Routt county. It looks good enough to eat and everybody likes it. The "peer" of all western coals and the best by far of any stove coal ever sold in Omaha. We call it "Apex" (our own trade name), and will make an affidavit, if necessary, that every pound we sell comes from the "Pinnacle mine" and no other. All of this coal is as clean as the samples in our offices and absolutely free from impurities of any kind.

Model Carney Vein (Wyoming), \$7.00 Per Ton

Like Lignite Coal! A great many people do. Carney vein is the best there is. We have it and our price is right. Smokeless, sootless, and a free, clean burner. This is an excellent coal for the kitchen range. We do not recommend it for furnaces.

Mammoth Vein Smokeless (Colorado), \$8.00 Per Ton

This is a very high grade lignite. Comes into Omaha on the Rock Springs freight rate and is as good as 95 per cent of the Rock Springs coals for which you pay \$8.50 and \$9.00 per ton. Strictly high grade, smokeless and sootless and guaranteed to be absolutely free from impurities of any kind. Good coal for all domestic purposes and well worth the money.

Sebastian Smokeless (Arkansas), \$8.00 Per Ton

The "premier" furnace coal. Most heat for your money. The highest degree of satisfaction with the least effort. Pennsylvania anthracite is too high. We know it, but can't help it. "Sebastian Smokeless" is the only logical substitute. There are other so-called substitutes, but they won't do, and the least said about them, the better. This is absolutely the same coal as the "Celebrated Pocahontas," the standard fuel of the United States navy—soft and friable, but cokes perfectly. The slack "cokes" and burns exactly like the lumps. No waste, no smoke, no soot, just intense heat and satisfaction. Ask our many satisfied customers. Apply at our office for their names and addresses. The coals mentioned above are only a few of our leaders. We handle everything in the fuel and building material line.
