

MOOSE WOMEN ORGANIZE

Wives of Roosevelt Politicians to Boost Party.

LANCASTER REPUBLICANS ACTIVE

Fair Grounds Busy Place on Sunday. Where Band Concert is Given for Amusement of Visitors.

Frontier Show is Ready.

(From a Staff Correspondent.) LINCOLN, Sept. 1.—(Special.)—"Let the women do the work," or at least a part of it, will be the program of the bull moose party in Lancaster county if the women can have their way.

Regulars Are Active.

That the regular republicans of Lancaster county do not propose to let their organization lapse just because Roosevelt happened to capture the county convention is evidenced by the fact that the county central committee met last night and perfected the organization by the election of J. Reid Green, former secretary of the county committee, chairman.

Inspect Power Company.

The Nemaha Valley Light and Power company, which has notified the railway commission that they desire to incorporate, was paid a visit by Commissioner Hall and Messrs. Cates and Garber of the physical valuation department, in order that the commission may know the facts in regard to the property owned by the company.

To Hold Rifle Camp.

A rifle camp will be held by the companies of the National Guard stationed in Omaha some time during the present month. The camp will be under the instruction of Lieutenant Test of the regular army, now instructor for the Nebraska guard.

Busy at Fair Grounds.

While today is Sunday, still the fair grounds is a pretty busy place. On account of the heavy wind which blew down several tents last night and the accompanying rain, work on a great many of the exhibits which were outside of the buildings was delayed, necessitating a general "get there" spirit this morning in order to have things ready when the morning sun is fired Monday.

descriptions was hanging on tent ropes or lying around on the grass. None of the visitors insisted on taking lunch with the red people.

Governor to Issue Reply to Morehead

(From a Staff Correspondent.) LINCOLN, Sept. 1.—(Special.)—The published letter of Lieutenant Governor J. H. Morehead, democratic candidate for governor, answering the challenge of Governor Aldrich to a series of joint debates, was the subject of a few remarks this morning around the hotel lobbies.

Governor Aldrich said: "I will prepare a statement for publication tomorrow. I rather think the gentleman has evaded the issue and I will cover the matter I think satisfactorily. I know what he is fishing for, but he will be using the wrong kind of bait."

ROOSEVELT REPLIES TO SENATOR PENROSE IN LETTER TO CLAPP

(Continued from First Page.)

his removal. I suppose you won't like this, and I am awfully sorry, but I beg you to believe that if it were feasible for me to act in any other way, I would do so; and it is only because I have no other alternative that I must relieve Bunn."

Refers to Parker.

Here Colonel Roosevelt replies to an allusion in the recent Washington testimony to Alton B. Parker's charges in 1904, in reply to this charge that big corporations had contributed liberally to the republican campaign fund through the solicitation of Mr. Cortelyou.

This letter, which was published shortly after it was written, contained correspondence between Messrs. Roosevelt and Harriman and characterized Mr. Harriman's statement that Roosevelt requested him to raise \$250,000 as "a deliberate and wilful untruth—by rights it should be characterized by an even shorter and more ugly word."

As to Harriman Case.

"This letter was written in Mr. Harriman's lifetime and neither was contradicted then nor can be contradicted now. Mr. Loeb, then my private secretary, heard my conversation with Mr. Harriman and can testify about it. Mr. Harriman never even discussed with me giving anything to the national committee, and never spoke to him about it or requested a dollar from him.

Often Talked to Bliss.

"I communicated with Mr. Bliss very infrequently, and never made any allusion to contributions in any letter that I wrote him or any conversation I had with him. From Mr. Bliss, as from Mr. Cortelyou, I received the explicit statement that no promise had been made and no obligation entered into directly or indirectly in connection with any contribution that had been received, or would be entered into in connection with any contribution that might be received in the future."

Referred to Garfield.

"Messrs. Archbold and Rogers, the former doing almost all the talking, stated they had come down in connection with the accusations made against the Standard Oil company regarding rebates. I informed them that Mr. Garfield had informed me that he was about to report very strongly against the Standard Oil company on this matter; and I referred them to Mr. Garfield, suggesting that they see him or H. K. Smith and go over the matter with them before coming to me."

Any Scientist will tell you that Beer keeps best in Brown Bottles. Wahl-Henius Institute of Fermentology, Chicago, writes: "We have tested beers repeatedly, placing the bottles into direct sunlight, and testing the same after one, two, three and five minutes exposure; found that the beer with three and five minutes exposure became undrinkable on account of the peculiar odor developed. The detrimental effect of light upon beer can be successfully counteracted by the employment of brown or dark colored glass bottles."
