### STATE FAIR OPENS GATES

Many Nebraskans Attend in Spite of Unfavorable Weather.

### MUCH PLATINUM IS STOLEN

Leading Dealer Says Some Thief is Getting Away With Large Quantities—Governor Johnson Speaks Tuesday.

(From a Staff Correspondent.) LINCOLN, Neb., Sept. 2.—(Special.)—The State fair opened this morning under unfavorable circumstances on account of the heavy rain which was falling, a goodly number of people braved the mud and tried to enjoy themselves at the grounds.

Nearly all the exhibits are in place and but for the rain, everything would have started off auspiciously for the 1912 exposition. The race track was very muddy and the races were postponed.

The city is full of people, who began coming Saturday and kept it up all day yesterday, while this morning, notwithstanding the unfavorable weather, every train was loaded with state fair visitors.

### Brings Indian Relic.

Chief Clerk Fiegenbaum of the governor's office returned from his vacation in Rochester, N.Y., this morning, bringing with him a couple of Indian relics taken from the scene of a battle between government troops and the Indians in 1865. A large number of the Indians who were killed in the battle were buried at that place near the river bank. The water has gradually worn away the embankment and from time to time bones, tomahawks and other things that have been exposed to view. The relics brought back by Mr. Fiegenbaum are a tomahawk of stone and another instrument supposed to have been used as an anvil and corn crusher. Both are on exhibition in the governor's office. Captain Palmer, at one time postmaster of Omaha, but now dead, participated in the battle under General Connor, who had charge of the regular troops.

### Much Platinum Stolen.

The food commissioner's office received a letter from one of the leading dealers of the country who sell platinum, a large amount of which was stolen from the Nebraska Food commission last week, stating that they had received word from the country that they had been robbed much in the same manner that the office here was robbed and platinum in considerable amount taken. The description of the robber corresponds to that given of the man who took the goods here, in nearly all of the places representing that he was a book agent and carrying the usual book agent's paraphernalia. In each case he made his getaway successfully and did not seem to tarry long in one place.

### Johnson Speaks Tuesday.

Tuesday will be a busy day for Governor Johnson and the bull moose party. The governor will arrive at 7:25 over the Missouri Pacific, where he will be met by numerous admirers and will go to the Lindell hotel preceded by the Nebraska State band, where a reception will be held. Governor Aldrich will give an address of welcome in behalf of the bull mooseers of the state and Richard L. Metcalf another in behalf of the people who are not bull mooseers. Governor Johnson will then go to the executive mansion and take breakfast with Governor Aldrich. At noon he will address the state convention of bull mooseers at the Auditorium. At 2 o'clock he will deliver another address at the grandstand at the fair grounds, and twenty minutes later another at the auditorium on the grounds. At 2:40 he will talk to the women on "Votes for Women," and at 5:30 there will be a nonpartisan dinner at the Lindell hotel. At 8 p. m. the address of the day will be given at the city auditorium and at 10:45 he will take the train for Chicago.

### Boy Run Over by an Automobile.

FAIRBURY, Neb., Sept. 2.—(Special.)—The ten-year-old son of Mr. and Mrs. L. L. Nucholls was run over by an automobile on the corner of D and Tenth streets and quite seriously injured, although no bones were fractured. The youngster was coming down the sidewalk on an auto-coaster and ran ahead of the car. The driver was unable to stop the machine before it passed over the boy. Mr. Nucholls is a conductor on the Rock Island.

## German Vets Meet in Grand Island

GRAND ISLAND, Neb., Sept. 2.—(Special.)—The annual convention and "fest" of the Western Kriegerbund, an organization of German soldiers who since their service for the fatherland have emigrated to this country and become American citizens, is in progress in this city, the opening session having taken place Sunday evening. This session was of a formal reception nature and was held at the Eagles' hall.

The convention proper opened Sunday morning with divine services at the Plattdeutsch Helm—the club house and grounds of the North German, otherwise owing to the topography of the fatherland, known as the Low German society. Rev. F. Gaferl addressed the veterans and music was furnished by the Hastings and Grand Island male choruses and the local German Ladies' chorus of forty voices. In the afternoon an address of welcome was made by Acting Mayor Broadwell and a cablegram was read from Mayor Ryan, from Germany, the latter being on a visit through the continent at the present time. Responses were made by Senator John Hecker of Denver, president of the Central bund, and President Mertens of the Western bund, of St. Omaha. Delegates were then chosen to the national convention. Dinner was served by the local committee at the park grounds of the Plattdeutsch Verein.

The officers of the Western bund are: A. F. Mertens, South Omaha, president; R. P. Hinrichs, Jansen, vice president; Ernest Koenig, Omaha, secretary; T. F. Harthum, Denison, Ia., financial secretary; Hans T. Wiese, Bennington, treasurer; Herman Bailing, Fort Crook, J. T. Clausen, West Point, and E. Eppell, Omaha, board of directors.

### DARTMOUTH FOOT BALL CAPTAIN VISITS HERE

He was the honor guest at a banquet at the Happy Hollow club Monday evening when a total of eighteen Omaha boys who are enrolled at Dartmouth or who expect to enter this month attended. Bennett was tendered an informal dinner at the University club this noon. Together with Voyle Rector, former Omaha High school star right tackle who is counted as a likely candidate for a tackle position on the Hanover eleven this year, Bennett left for the east last night.

### IRWIN PLEASUED WITH PLANS FOR THE BIG SHOW

Charles Irwin and Hugh Clark, who will have charge of the Frontier Days celebration here during the coming A-Sar-Ben festivities, were in Omaha yesterday looking over Rourke park, where the affair will be staged. They expressed themselves well pleased with the location and stated that the grounds afforded plenty of space for the races and other stunts that will be held.

## WATER RATES ARE COMPARED

Some Packers Pay More Than Those of South Omaha.

### CHICAGO PAYS SEVEN CENTS

Both Packers and Water Board Agree That the Matter Should Be Settled Outside of the Courts.

Water rates from other cities in the middle west show that packing houses are paying from 3 to 7 cents a thousand gallons for water, the latter rate being at Chicago. Kansas City pays 4 cents; St. Joseph, 4 cents; Milwaukee, 5 cents; Chicago, 7 cents, while at Sioux City the packers maintain their own system at a cost of about 3 cents a thousand gallons. Wynkoop Kierstead, Kansas City; Prof. O. P. Stout, University of Nebraska, and M. L. Holman, St. Louis, the three consulting engineers hired by the local water board, say it is justifiable to raise the present rate for water at the South Omaha packing houses from 4 1/2 to 5 cents, and the packers are protesting against this increase. They aver that 5 cents at the most is all the service is worth to them.

At Sioux City the packers maintain their own system, pumping the water from wells near the Missouri river at an approximate cost of 3 cents a thousand gallons. R. C. Howe, representing the Armour plant, believes the South Omaha packers can build a plant and pump their own water on a similar plan for 4 cents rather than submit to the proposed raise to 5 cents.

The stock yards and packing houses consume an average of 7,000,000 gallons of water daily, which is nearly one-third of the amount pumped by the Minne-Lusa station at Florence. At present the packers have to equip their plants at their own expense with adequate pumping service, as the pressure is too low to permit carrying the water to the killing rooms and above the ground floors in the packing houses.

Representatives of the South Omaha interests as well as the Water board agree that some sort of a sliding scale should be arranged and the matter settled without resort to the courts. A meeting for the purpose of further considering the case will be held the latter part of this or early next week.

### CHARGE BUSINESS MEN WITH RUNNING LOTTERY

MONTEZUMA, Ia., Sept. 2.—Warrents charging forty-four merchants and three other citizens of this place with violation of the state laws by conducting a lottery in disposing of two automobiles, were served last night, according to an announcement made tonight by a representative of the attorney general's office. Practically every merchant in the city is included in the list.

## Wolgast Offered Purse to Contest Willie Ritchie

SAN FRANCISCO, Sept. 2.—The biggest prize ring money that has been dangled in front of the eyes of a boxer since the fabulous purse was offered to James J. Jeffries and Jack Johnson by Tex Rickard, two years ago, was hung up tonight by Eddie Crane, promoter and manager of the Tuxedo club, when he agreed to give Champion Lightweight Ad Wolgast \$25,000 for his end of the prize money, win, lose or draw, to fight twenty rounds with Willie Ritchie in this city Thanksgiving day.

The proposition was made to Billy Nolan, manager of Ritchie, who expressed his willingness to take the best terms possible after Wolgast's slice had been set aside. Wolgast is in New York and it is expected he will make answer to Mr. Graney within a few days. Ritchie's wrist is still in plaster cast, but the doctors who are attending him say he will be ready for the gymnasium again in a little over two weeks. He will have a challenge at the ringside tomorrow in Los Angeles to the winner of the Mandot-Rivers fight.

## to Enter Tourney Golf Experts Ready

WHEATON, Ill., Sept. 2.—Sweating weather interfered with final practice by the golfers who will play tomorrow in the qualifying round for the national amateur championship over the links of the Chicago Golf club. Harold Hilton of the Royal Liverpool Golf club, American champion, complained of the heat, saying that no one in England would play in such weather. Nevertheless he went out in a foursome, having for a partner Norman E. Hunter of the Honorable Corporation of Edinburgh Golfers. Paul and Robert Hunter of Middletown played against the Englishmen and halved the match with them, the best ball of each side being good for a 71. Part of the course is 72.

Jerome Travers and C. B. McDonald of the National Golf Links of America, played a round with Oswald Kirby and R. C. Watson of Westport. Travers and McDonald winning, 7 and 1. Travers complained of a stiff neck and said he was not at his best.

Hilton will tee off at 9:45 tomorrow morning, his partner for the morning round being Warren K. Wood of Home-wood. Only the best sixty-four may play in the afternoon, so the conclusion of the thirty-six holes of medal play may see some changes in the pairings, although the effort has been made to pair golfers of nearly equal class. Metropolitan Champion Jerome Travers and K. P. Edwards of Middletown start at 8:50. "Chick" Evans and N. Wheeler of Lake Geneva start at 10. Fred Herreshoff and G. A. Ormiston of Oakmont start at 10:15.

## Phelps Farmers Watch Horses Die By New Disease

HOLDREGE, Neb., Sept. 4.—(Special Telegram.)—Deaths among the horses of this county from the mysterious new disease have averaged twenty per day now for several days. Farmers are greatly alarmed and can talk of nothing else on the streets. Calls for state aid have been sent in, but no reply has yet been received.

Local veterinarians like their brothers elsewhere acknowledge themselves baffled and not one authentic report of recovery has been received. The spread of the disease is coincident with the continuance of hot dry weather, thus discrediting the wet weather fungus growth theory so far as this community is concerned. Likewise pasture conditions are not alone responsible as horses kept in their stalls have become victims. Included in the latter class have been two valuable animals kept in this city by a horse importing firm.
