Customers remark that they feel free to direct both *friends* or *total strangers* to this store as they are sure of the *quality* of merchandise to be found here—sure, too, of the treatment that will be accorded to one and all.

REPUTATION in business is a great asset—ours has been years in building and is jealously guarded. Prices are in *plain figures*, so that he who runs may read—we know no plan that is quite so good in a store which operates strictly on the square.

### CUMMINS IS FOR ROOSEVELT

Iowa Senator Says He Will Vote for Bull Mooser.

### IS AGAINST A THIRD PARTY

He Believes Taft Was Not Fairly Nominated and Thinks His Defeat Will Change Convention Methods.

(From a staff correspondent.)  
DES MOINES, Sept. 3.—(Special.)—Senator A. B. Cummins today gave out a somewhat formal statement of his position in the present state and national campaign.  
He is for Colonel Roosevelt for president and not for Taft and believes this attitude is best for the republican party.  
He is for the republican party and stands squarely on the republican platform of Iowa and will support the properly and fairly nominated candidates of the party.  
He will devote himself largely in the campaign to the election of the republican nominees and the preservation of the party in this state.  
His statement in part follows:  
"The people of Iowa have a right to know my position upon all public questions and, therefore, I submit to them as clearly and briefly as possible my views of the political controversy in which we are engaged."  
"I think nomination fraudulent."  
The renomination of Mr. Taft was opposed by an overwhelming majority of the republicans throughout the country simply because in his administration of the office of president he had not done and said a thing which the great body of the people believed he should have done and said. A messenger minority succeeded in renominating him, and it is vital to inquire how it was accomplished.  
"First—His friends controlled the national committee.  
"Second—We have had for years a false, vicious basis of representation in the national convention.  
"Third—The system, indefensible as it is, was not enough to overcome the adverse majority in the republican states and, therefore, complaisant committees and following them the convention deliberately seated Taft delegates from Washington, California, Arizona and Texas, who had no shadow of title to seats in the convention. I speak of these states because I have examined the record as to them and have reached a conclusion after the most careful study and reflection. And thus the will of a tremendous majority was defeated by the power of a bad system and the machinations of a committee.  
"Says System is Bad.  
"I take no pleasure in reciting these things for I would like to support a republican candidate for president. There is but one way, however, to make sure that the system of the Chicago convention will be abolished and its scenes never repeated, and that is to make it plain that the candidate who is the product of the system and the beneficiary of the methods cannot reach the office to which he aspires. Therefore, I cannot support Mr. Taft."  
"Theodore Roosevelt is appealing to the moral and progressive forces of the people and I expect to vote for him, but it must be understood that I will do so protesting against the organization of a new party and dissenting from some of the doctrines announced in its platform. My vote for him will indicate that I believe he desires to promote the common welfare, but will not indicate that I look upon the new party as a wise or enduring movement in public affairs."

### Irrigation BBoard to Hear Water Claims Over Power Canal

A large delegation of business men from Omaha will attend the special meeting called by Governor Aldrich of the State Irrigation board today at Lincoln to consider the D. C. Patterson application for 2,000 cubic feet of water for power to be developed at Fremont.  
This application is not in conflict with any other prior filing, except the Richards filing, which is now owned by the Kountze syndicate of New York, and they also have an assignment of the Patterson filing. The granting of the permit will, therefore, clear the title to the water and means that active work will soon start, but if the application is not granted the chances of any power canal will be in the distant future.  
The Fremont filings do not interfere with the Columbus filings made above Linwood or those filings made by Ross and Co. below Fremont, because the others can be developed independent with the same flow of water.

### Roosevelt Would Use School Houses

ALBANY, N. Y., Sept. 3.—Theodore Roosevelt struck out on the trail of the bandana handkerchief today to follow it on a month's journey into the four corners of the country. His first day's trip took him into Connecticut and Massachusetts. Then he turned toward the west. He was greeted at every stop today by large crowds.  
The colonel announced his belief that the national government should help lighten the expense of political campaigns. He declared himself also in favor of control of insurance companies by the national government and said school houses should be used for political meetings.  
"At present we have the polling places in sheds, barber shops, saloons, everywhere, but we do not have them in the school houses."

### Steamer Takes Fire; Goes to the Bottom

BALTIMORE, Md., Sept. 3.—Fire was discovered late today in the lower hold of the steamer Nantucket, of the Merchants and Miners Transportation company, as it was discharging freight at a railroad pier at Locust Point. The water that was poured into it by the fire fighters caused the cargo to list and it turned over and sank to the bottom of the harbor. Two sailors are missing and it is thought they were overcome by smoke in an effort to save some of their effects.  
The loss is estimated at \$75,000.  
Several firemen, including Chief Emerich, were on the boat as it went over, but they climbed to places of safety and were rescued by tugs.

### WOMAN'S DEATH FROM GRIEF MAY RESULT IN LYNCHING

SPRINGFIELD, Mo., Sept. 3.—Threats of lynching Ed. A. Dickson of Branson, Mo., the blacksmith who slew August A. Dorste, the village smith of Hollister, because he alleged the latter had lowered the price of shoeing a horse from \$1 to 90 cents, were made at Branson, near here, tonight, following the death of Dorste's mother from grief. Dickson is in jail there.  
When the men quarreled, Dorste's aged mother, Mrs. Mary Dorste, went to the shop to act as peacemaker. When the woman stepped between the men, Dickson knocked her down with his fist and an anvil fell upon her. He then killed Dorste with a knife while his mother looked on. Mrs. Dorste has been grief-stricken since her son's death.

### FALL SAYS AMERICANS HELPED TO DEPOSE DIAZ

EL PASO, Tex., Sept. 3.—United States Senator A. B. Fall, who is investigating whether American money helped recent Mexican revolutions, said today he believed the Madero revolution was backed by certain American oil interests. He claimed to know "the day and the place the money was put up."  
He said that while President Taft did not know their purpose, 2,000 American troops were gathered near the Mexican border to put Diaz out of Mexico.  
This information was communicated to President Diaz and caused him to leave Mexico, Fall said.  
Mr. Fall left here today for New Mexico.

### THOUSAND MONGOLIANS KILLED IN BATTLE

CHICAGO, Sept. 3.—"Governor Chao Ehr-Hsun of Manchuria has telegraphed to the government," says a dispatch from Peking, China, to the Chicago Daily News today, "that General Chang Cho Lin attacked a large force of Mongolians near Tonanfu, defeating them after a twelve-hour engagement. The Mongolians lost 1,000 killed and 700 taken prisoners. The Chinese captured five guns and much ammunition."

### BUZZINGS

George E. Norman, who, as grand marshal, rode at the head of the Labor day parade, used to work in the Union Pacific shops before the shopmen went on a strike.  
Deputy Labor Commissioner Lewis V. Guye was a barber by trade until he got his present job but he shows no inclination to trade back.  
How quickly the kaleidoscope turns is recalled by the fact that last year's Labor day saw C. M. Fiedler big in the foreground and a preceding year put C. O. Fratt in the front row.

"We'll Have It When We Want It"

**WRIGLEY'S SPEARMINT GUM**  
**PEPSIN GUM**

I have received a letter from a young lady, who asks me: "Is the old Pe-ru-na (Ka-tar-no) better than the revised Pe-ru-na?" Either medicine has its place. One is adapted for one condition, another for another. Ka-tar-no is a better remedy for some conditions than the revised Pe-ru-na.  
On the other hand, the revised Pe-ru-na is a better remedy for some conditions than Ka-tar-no. They are both intended as cathartic remedies. They have both done a great work in relieving catarrh, chronic and acute. Many hundreds of cases of chronic catarrh have recovered while taking Ka-tar-no and the same is true of the revised Pe-ru-na during the last six years since its revision.  
There is a difference, however, in the two remedies. Whichever catarrh is associated with constipation then the revised Pe-ru-na is the best. Indeed, this is exactly why the revision was made, to meet such cases. But where no laxative is needed, where the bowels are regular or inclined to be loose, then the old Pe-ru-na (Ka-tar-no) is the better remedy.  
The revised Pe-ru-na is for sale at all drug stores. Those wishing to obtain Ka-tar-no, address The Ka-tar-no Co., Columbus, Ohio.

Take it on every outing—make sure of passing time pleasantly, besides improving teeth—appetite—digestion. This refreshing confection prevents you from smoking too much—offsets bad effects if you do.  
It's easy to carry and stays clean until used. It costs little by the package, but less by the box of twenty packages. So buy it while you're near where it's sold.

### ACADEMICS STUDY TAXATION

Nineteen Universities Represented in Meeting at Des Moines.

### MANY REPORTS ARE PRESENTED

Bull Mooser Not Agreed on Whether to Place Full Ticket in the Field in Iowa—Many Conferences Held.

(From a Staff Correspondent.)  
DES MOINES, Sept. 3.—(Special Telegram.)—Nineteen universities and nine colleges are represented in the sixth national tax conference which commenced sessions here today, including Yale, Leland, Leland, Stanford, Chicago, Minnesota, Washington and John Hopkins, all by delegates duly appointed. The university delegates far outnumbered those who were appointed by governors of states and the program is largely one of academic study of taxation questions. Taxation papers were presented by men from Louisiana, New Jersey, Ohio and New York today.  
Pythians in Session.  
More than 1,000 Iowa Knights of Pythias and Pythian Sisters are in Des Moines today to attend the Grand Lodge of the former and the Grand Temple of the latter which are holding their annual sessions here. The meeting will continue until Thursday.  
Ticket Fight Not Settled.  
The situation in reference to the state ticket question, scheduled to be settled by the progressive state convention, continued chaotic today. Even the arrival of Medill McCormick of Chicago, had not, early this afternoon, afforded a solution.

### MOOSERS LACK IN NUMBERS

(Continued from First Page.)

### Why They Took recess.

A motion was made to adjourn until 7 o'clock to enable the committee to report and secure enough delegates to make the meeting legal.  
Colonel Jenkins opposed adjournment saying that a large number of delegates had come to the convention supposing that business would be done this afternoon and could not stay for the evening.  
Several others discussed the matter and finally J. P. Corrick announced the fact that no business could be transacted until the necessary 600 names had been secured and that there was only one thing to do and that was to send this committee out into the ways and hedges and sign them up.  
The motion to take a recess until 7 o'clock was carried.  
Only about 190 were present at the meeting.  
The evening session was slow in convening and while the state band played outside the auditorium there did not seem to be much enthusiasm.  
Johnson at Fair Grounds.  
Governor Johnson spoke at the fair grounds this afternoon to a fairly good crowd in the auditorium, but refused to speak on the platform in front of the amphitheater. A large crowd had gathered in the grandstand to hear him and were much disappointed that he refused to speak. Many of them had paid for seats for the purpose of hearing his address and seeing the races and large numbers left and went to the auditorium, where he delivered the only address of the day, although he had been advertised for three addresses at the fair grounds.  
At 7:30 the First congressional district delegates gathered in front of the auditorium and endorsed Paul F. Clark, bull moose candidate on the republican ticket, for congress.
