DRESHER BROS. 2D BIRTHDAY

Omaha's Favorite Cleaners and Dyers Experience Phenomenal Growth In Short Time.

ARE LIVE ONES INDEED

The youngest cleaning and dyeing establishment in Omaha, but the very largest.

That's the story of the growth of Dresher Brothers, Cleaners and Dyers at 211, 213 Farnam street, who are today celebrating their second anniversary.

Dubious ones were plenty when Dresher Brothers opened their truly modern plant two years ago.

But Dreshers, fairly overflowing with vim, heeded not, and today their chief concern is to find room enough to expand in.

This firm is today installing the largest rug cleaning machine ever brought west of Chicago.

Dreshers from the very start on were strong believers in plenty of good help, and unquestioned equipment, and their plant today is not only the finest equipped in Omaha, but is one of the very finest in all America.

Delivery wagon after delivery wagon and auto after auto has been added to the Dresher equipment.

Dreshers' patronage is not confined to Omaha, but work pours in daily from a dozen surrounding states.

Now, dear reader, one may as well attribute Dreshers' growth to the proper cause, had one not should it not be taken for granted that they do better cleaning, better dyeing, better altering and repairing than any other local establishment?

Next time you have some cleaning work just call up Tyler 1909 or Auto A-225 and experience some of Dreshers' characteristic "better work".

And if you live out of town send in your work by express for Dreshers pay express charges one way where work amounts to \$3 or over.

Now then, this marks the second birthday of Dresher Brothers as Cleaners and Dyers; just watch the future growth of this concern.
