

Schmoller & Mueller's

Unrivalled Display of SMALL GRAND PIANOS

The small Grand is the Piano of the moment for fine homes. Those dainty little aristocrats of the Piano world—Steinway, Weber and Hardman—have fairly captivated social America.

The Schmoller & Mueller store enjoys the distinction as America's foremost distributor of small Grands, because here you can compare those magnificent examples of artistic Piano making.

Steinway Miniature Grand, Weber and Hardman Baby Grands.

Also such prominent Grands as Emerson, McPhail, Mehlin & Steger.

If interested in a high-grade Piano for the home, by all means see the "Small Grand" exhibition at Schmoller & Mueller's at guaranteed lowest prices. Convenient monthly terms may be arranged, and a liberal allowance is made for used Pianos in exchange.

DEDICATE PRAIRIE PARK CLUB

New Home of Organization Opened with Full Ceremony.

TO BE CIVIC AND SOCIAL CENTER
City Officials, Club Members and School Men Laud Plans for Community Upbuilding as Carried Out.

What in the opinion of local educators and some civic officials will help to solve the much-mooted social center problem was the formal housewarming and dedication exercises of the new Prairie Park club house at Twenty-sixth and Ames avenue held with an appropriate program of addresses and musical numbers last evening.

Fully 500 men, women and children from the north end of Omaha turned out to join in the dedication of the club house on the site of what was only a few years ago a wilderness of cow pastures, refuse lots and unkempt team ball grounds. As B. F. Scamell, the prime mover of the Prairie Park project, expressed the matter, the vicinity of Twenty-sixth and Ames avenue was once such a tawdry neighborhood that a circus was held there one of the many vacant lots.

Well Equipped Structure.
Three spacious stories make up the new brick building which was constructed at an approximate cost of \$18,000. The first floor contains an auto garage with accommodations for sixteen cars. On the second floor are the dance hall, reception and rest rooms, while on the third floor is to be found billiard rooms and a library. Lockers and shower baths are to be had on the first floor.

After a violin and piano number by the Misses Clara and Louise Miller, Mayor Dahlgren delivered the opening remarks of the evening. "An organization of the Prairie Park kind where people may get together and become acquainted is what the city of Omaha needs," declared the mayor. "This club is setting a splendid example, which I sincerely hope may be followed by other communities."

City Attorney John Rine congratulated the Prairie Parkers and asserted that such a social center tended towards better citizenship. Chief of Police Henry Dunn then put the guests in a good humor by warbling one of his favorite ballads on John Barleycorn. His efforts pleased to such a degree that he was called back again for an encore, which was as deserving as any of his Grand Muffin kinks at the Ak-Bar-Ben Surkis.

School Men Talk.
Dr. Holovitchner of the Board of Education told of the excellent opportunities offered to residents of the north part of the city by the fine public schools there—Saratoga, Monmouth Park, Central Park and the new Miller Park building. He was followed by Superintendent E. U. Graff, who declared that the Prairie Park association had solved to a marked extent the social center problem which has been harassing Omahans with its perplexities during the last six months.

A short talk by B. J. Scamell, who planned the Prairie Park association, and a vocal solo by John McCreey closed the program. Officers and committee chairman of the club include the following: President, C. T. Walker; vice president, L. Nelson; secretary, L. H. Oldford; treasurer, N. P. Saxe; house committee, L. L. Carr; membership committee, J. K. McCombs; entertainment committee, L. Nelson. J. J. Ryder acted as chairman of the special committee in charge of the housewarming and C. T. Walker presided and introduced the speakers of the evening.

CALIFORNIA PROGRESSIVES ABANDON REPUBLICAN NAME

LOS ANGELES, Sept. 7.—Announcement was made tonight by Meyer Lissner, chairman of the republican state committee, that the progressives who won control of the state convention in Tuesday's primary, would waive their right to nominate electors when the convention meets on September 24 and would place the Roosevelt electors on the ballot by petition. Under this plan, neither the Roosevelt nor the Taft electors will go before the people under the party designation of "Republican."

Chairman Lissner, who is at the head of the Roosevelt progressive movement in this state, said tonight before leaving for San Francisco to confer with other progressive leaders that his faction would relinquish whatever advantage was gained on Tuesday when it won the right to the designation "Republican" on the electoral ballot.

"We will place ourselves on an even footing with the Taft 'Republicans,'" he said, "and we want them to go on the ballot with us by petition. When they talk about the impossibility of setting electors on the ballot by petition here are playing the baby act. We are going to show them how easily it can be done."

In Tuesday's primary, the progressives won more than eighty of the 100 legislative nominations contended for, besides having fourteen out of twenty holdover state senators.

MILITIA OFFICER ACCUSED OF LOOTING DURING FIRE

LOS ANGELES, Sept. 7.—Quartermaster Sergeant Carl Westcott of Company E, Seventh regiment, California National Guard, was arrested today charged with looting while on duty Tuesday night during the fire that swept Ocean park. The police claim to have found a large quantity of silverware and cutlery in his quarters.

Since the fire, accusations have been made that a number of business houses were looted by the citizen soldiery, and Chief of Police Randall of Ocean park tonight said that more arrests would be made.

Westcott's commanding officer expressed the belief that the sergeant had been made temporarily insane by the heat and was not responsible.

WILSON AGAIN TO TAKE HAND IN JERSEY SENATORIAL FIGHT

SEA GIRT, N. J., Sept. 7.—Governor Woodrow Wilson intimated tonight that he probably would take part in the senatorial fight in New Jersey in the former United States Senator James Smith, Jr. is again a candidate. Two years ago he spoke throughout the state in opposition to Mr. Smith.

In announcing today a list of western speaking engagements the governor left but three open dates between now and the New Jersey open primaries September 24. His attention was called to the fact that if he intended to participate in the senatorial fight he would have but three days.

"That's enough," he said.

MOOSSES NOMINATE STRAUS

"Suspender Jack" McGee Solves Difficult Situation in New York.

OTHER CANDIDATES WITHDRAW

Former Member of Roosevelt Cabinet After Few Minutes of Hearing Consents to Make the Race for His Party.

SYRACUSE, N. Y., Sept. 7.—Oscar S. Straus, former secretary of commerce and labor in the cabinet of President Roosevelt, was unanimously accredited the nominee for governor of the progressive party by a stamped convention yesterday. Straus' nomination came about in circumstances that were not only unexpected but dramatic.

The former cabinet member, acting as the convention's permanent chairman, was about to entertain a motion from former Lieutenant Governor Timothy L. Woodruff to expedite the roll call on the names of State Chairman William H. Hotchkiss and Comptroller William A. Prendergast of New York, when a delegate from New York county leaped to his chair and demanded to be heard.

"I, 'Suspender Jack' McGee," cried a voice from the gallery. Chairman Straus looked startled. McGee, who got his name in the "suspender" by riding a broncho into camp with suspenders used as reins, moved resolutely toward the platform.

"They say I'm crazy, but I know what I am doing," he cried as he swung upon the platform steps. Chairman Straus looked with surprise on the man, who with a flaming bandana swathed around his neck and his coat blazing with badges, tossed his rough rider hat on the floor and demanded the right to make a nomination.

platform to urge Mr. Straus to make the decision. Then Mr. Hotchkiss burst from the group that surrounded Mr. Straus and held up before the crush of excited delegates a sheet of yellow paper on which was written, "He accepts." Quickly the word was passed back through the hall and another demonstration followed.

Other Names Withdrawn.
State Chairman Hotchkiss was allowed to act as chairman in place of Mr. Straus. The nomination of Mr. Hotchkiss for governor was withdrawn by John A. Kingsbury and Timothy Woodruff withdrew the name of Mr. Prendergast. Then came a flood of speeches seconding the nomination of the former minister to Turkey.

"Suspender Jack" McGee came back to his hotel a hero tonight. He and Governor Hiram Johnson of California, vice presidential candidate on the progressive party ticket, shook hands and Governor Johnson thanked McGee for what he had brought about.

After the adjournment of the afternoon session the delegates were slow in re-assembling and it was 9 o'clock when Chairman Hotchkiss called the convention to order. Nominations of other candidates were taken up at once.

The ticket as finally selected was: Governor, Oscar S. Straus, New York; lieutenant governor, former State Senator Frederick M. Davenport, Oneida; associate judge of court of appeals, Carlos C. Alden, Buffalo, and George W. Kirchway, Columbia university, secretary of state, Homer S. Cahill, Syracuse; state comptroller, Horatio C. King, Brooklyn; attorney general, John Palmieri, Brooklyn, and state treasurer, Ernest Cawcroft, Jamestown.

ALTITUDE RECORD BROKEN BY AVIATOR IN FRANCE

HOULGATE, France, Sept. 7.—Roland G. Garros, the aviator, today eclipsed the old world's record for altitude by about 2,156 feet. Ascending in a monoplane, Garros went up 15,240 feet. At this height the rarified atmosphere caused his engine to stop suddenly and the aviator had to volplane to the ground. The previous record of 13,779 feet was made at Vienna on June 20, by the Austrian aviator, Csakay.

Foreign Affairs

It is reported that Chinese troops in the southwestern part of the province of Yunnan, which borders on northern India, have revolted.

In the Panama assembly Constantino Arosemena, ex-president of the national assembly and a relative of President Arosemena, advised the Panamanians "to retain the remnant of their sovereignty as the claws of the American eagle are deep in the body of the republic." The speaker strongly assailed the United States.

Hale and Hearty at 79

The strength, vigor and health enjoyed by Mr. R. H. Chase, who is almost 79 years of age, are most remarkable, and he says it is all due to the use of Duffy's Pure Malt Whiskey.

"I have used Duffy's Pure Malt Whiskey for over 13 years, and although nearly 79 can out-walk most of the young men of today. My strength, activity and ability to enjoy life are all due to your valuable medicine. I am now negotiating starting a fruit farm in Washington or Michigan, as I feel like a young man with all the world before me. I will always keep Duffy's Pure Malt Whiskey with me, and I recommend it to all old people who wish to keep young and vigorous."

Wrong Negro Hung For Attacking Girl By West Virginians

PRINCETON, W. Va., Sept. 7.—That a mistake was made in the choice of victims in the lynching last night of Walter Johnston, a negro, following an attack on 15-year-old Nita White, is the belief now held by the authorities here. Governor Glascock has ordered an investigation into the lynching and in his letter to Prosecuting Attorney J. O. Pendleton directing it, wired: "He who lives by the sword dies by the sword."

After a consultation between Pendleton, Judge Maynard, Assistant Prosecuting Attorney Ross, Mayor Pennington and Sheriff Ellison, a statement was issued in which they declared there is plenty of evidence that Walter Johnston did not commit the crime for which he was lynched. It is said the negro fell far short in dress and physical appearance of the man described by the girl.

Foreign Lands Send Finest Laces Here For Omaha Women

The women who attend Hayden Bros.' fifth annual fall lace exhibit and sale, to be held in the music room, September 9 to 12, probably will be attracted especially by the deep flouncings with narrow edgings and bands to match. The flouncings are intended to be draped and looped into pannier effects which the Parisian style oracles say are "the thing" for the fall and winter seasons. The narrower edging and bands are for additional trimming on the skirts and for the bodices.

These laces are in white and black, are of numerous kinds and come from many countries. The hand-made laces are all imported. From Bohemia is a lace which has never been shown in Omaha before. It is a cobwebby lace—a complicated network of threads. A collar of Bohemian lace has at intervals an inset motif of Irish crochet.

Slightly more expensive than the Bohemian and by far the most costly of all the other laces is, of course, the rose point lace from France. An edging not more than three inches wide is \$8 a yard. One edging combines the minute needle-work and dainty rose pattern for the rose point with duchess lace. The combination of two kinds of lace in one piece is novel and attractive.

From Belgium are filmy duchess, princess and Liere laces and also from this little country comes the heavy, rich point Venice. From Spain are hand-run silk laces. The fine Caricmacras, both applique and gupure and the Limerick lace, come over seas from Ireland. There is a quantity of the ever popular Irish crochet from the Emerald Isle and plenty of substantial Cluny lace from France.

The "real" lace patterns are all im-

Wright Exhibits Big Beet Raised at Fairacres Home

A twenty-two-pound emerald wuzzel, or stock beet, is on exhibit in the lobby of the Commercial club rooms. The monster beet was raised by W. S. Wright of Fairacres. Mr. Wright accompanies the beet with a letter to Commissioner Guild stating that while he was at Lincoln Wednesday at the state fair he looked in vain for a mangel wuzzel that would equal it, and found none. He adds that next year he expects to arrange for a special exhibit at the state fair that shall show up Douglas county products with reference to the products of the state as he says "we can lick the tar out of the entire state."

tated in the machine made laces. The latter cost from one-half to one-fifth as much as the hand-made and it takes a connoisseur to distinguish some of the limitations from the real.

Throughout the laces and embroidered trimmings, shadow effects are even more noticeable than they were last spring. The colored trimmings are not so gorgeously oriental as they have been, but are more subdued and delicate. French pinks, blues, grays and greens are noticeable. There is a great deal of embroidery on net and chiffon and some gold, rhinestones and crystals.

The robes, all ready to wear except for the charming satin linings, are of net and chiffon embroidered in silk designs and encrusted with beads. Instead of having the long simple lines of last season, the skirts of the robes are slashed and paneled and the waists are invariably decorated with a bertha or draped effect.

Heretofore the annual display has been held on the third floor, but this year not enough space was available and Manager Johnson of the lace department secured the large piano department on the Douglas street side of Hayden Bros.' store. Mr. Johnson has just returned from New York with a corps of buyers, where they had their pick of selections from the first importations of the year.

A Good Geer.
"I don't believe in forcing schools for children," said Governor Woodrow Wilson at a dinner in Trenton. "A child that knows at 4 as much as ordinarily it would know at 8 is, to my mind, about as useful an object as Calhoun Clay's watch. That's a fine watch you've got there, Calhoun," said a friend. "Is it a good geer?"
"A good geer," said Calhoun Clay. "Well, you bet your life it's a good geer. Why, it can do an hour in half the time!"—Milwaukee News.

MAN AND THE SOIL.

Dr. R. V. Pierce of Buffalo, author of the Common Sense Medical Adviser, says "why does not the farmer treat his own body as he treats the land he cultivates. He puts back in phosphate what he takes out in crops, or the land would grow poor. The farmer should put back into his body the vital elements exhausted by labor, or by ill-health induced by some chronic disease." Further, he says, "the great value of my Doctor Pierce's Golden Medical Discovery is in its vitalizing power. It gives strength to the stomach and purity to the blood. It is like the phosphates which supply nature with the substances that build up the crops. The far-reaching action of Doctor Pierce's Golden Medical Discovery is due to its effect on the stomach and organs of digestion and nutrition. Diseases that begin in the stomach are cured through the stomach. A bilious spell is simply the result of an effort made by the liver to catch up when over-worked and exhausted. I have found the 'Discovery' to be unsurpassed as a liver regulator and rich blood-maker."

Miss LOTTIE KENSELY of Perth, Kansas, says: "I will here add my testimony of the effectiveness of your remedy upon myself. I was troubled with indigestion for two years or more. Doctored with three different doctors besides taking numerous kinds of so-called 'stomach cures' but received no permanent relief. I was run down, could not sleep at night with the pain in my chest, caused by gas on the stomach. Was weak, could not do scarcely anything although I was hungry nearly all the time. About one year and a half ago I began taking your 'Golden Medical Discovery,' and after having taken several bottles am nearly cured of stomach trouble. Can now eat without distress and have gained fifteen pounds in weight. I thank you for your remedy and wish you all success in your good work."
