Clinton County Oficials Face Have More Trouble in Store.

MANY CITIES OWN UTILITIES

Demand by Carroll That State Candi-

dates Declare for Taft, Starts Controversy Upon Which Interest Centers.

(From a Staff Correspondent.) DES MOINES, Ia., Sept. 8 - (Special.)-It is probable that the indictment of county officals and others in Clinton county last week will be followed by a proceeding to oust from office at least one of the officials under the state law providing for removal for wilulif neglect of duty. It is decared that the Bupervisor Frank Keeney to remove him from office, and that if this is done the attorney general will be asked to take charge of the case. In the case of the county auditor and county recorder, the only method provided for removal is that of presecution to a jury under the old law, and this may be done unles they

resign as soon as the criminal cases

against them are disposed of. The entire batch of indictments has created a great sensation in Clinton though it had been known a long time that much rottenness was to be found for the probing. The most serious part of the matter is the showing as to the manipulation of bridge funds so that thousands of dollars were taken from the county wrongfully by the officials in connivance with the company having all the bridge contracts. The peculations are declared to have covered a period of twenty years and to be substantially similar to those done for years in many of the countles of the

The trial of the indictments will be commenced as soon as it is possible to get action in court. The office of attorney general will be represented by Henry E. Sampson, associate counsel All of the accused officials and citizens have given bonds and say they will fight the cases in court very hard.

Resign to Go to Nebraska. Prof. R. K. Bitss has resigned his position in the extension department of the lowa state college and will become head of the animal husbandry department of the University of Nebruska. Mr. Bilss has been connected with the work at Ames for the last five years and during that time has instituted many new enterprises at the institution. Following Prof. Holden's resignation, Mr. Bliss was made head of the extension department and remained as such until his successor was elected a short time ago.

Cities Own Utilities. The report of the state department of municipal accounts, just made, shows that eighty-three cities of Iowa own their own water plants and engage in the business of furnishing water to the people. Only seven of the cities reporting have of Omaha took place this evenning at water plants privately owned. The av- 7:30 o'clock in the country residence of erage charge per 1,000 gallons for water the bride's parents in Harvard, Ill. Tenmatera Make Demands

On September 15, 200 Des Moines teamsters employed by coal companies will demand an increase in wages of 15 cents per hour, or refuse to haul. There are three scales in effect at the present time. The scales range from 45 cents to 75 cents per hour. The average increase demanded will be 15 cents, Union officials believe that the coal companies will comply with their demands and that there will be no trouble. In this event, the additional expense will be taxed to the cousumer this

Commercial chauffeurs will also meet tonight to organize a union and discuss regulation of wage scale.

Convention of Churches. The Iowa Christian convention of the Churches of Christ will convene Sunday evening and remain in session until Saturday at Oskaloosa. Six missionaries from foreign countries will address the convention. An interesting feature will be the educational session Wednesday afternoon when a number of Iowa educators will make addresses. The "Message of the Convention" will be given by Walter M. White.

Carroll Makes Demand. The demand issued by Governor Carroll on behalf of the republican party that candidates for all office in the state and committeemen must declare themselves for President Taft has started a controversy that for some time will probably be the center of attraction for the state politicians. It is known that the state and congressional candidates and the party leaders decided nat their meeting here last week that they could best make the fight by standing squarely on the state platform and leaving the controversy as to president alone. It is to head off this attitude and force the making of the fight for president rather than the state ticket that the announcement was made.

#### **BROKEN BOW CHARGES SUIT** IS NOT IN GOOD FAITH

BROKEN BOW, Neb., Sept. &-(Special.)-Following the temporary injunction granted to Charles Martin last week by County Judge Holcomb, restraining the city from permitting Fairbanks-Morse & Co. from installing a new engine and pump, for use in pumping city water, comes an answer from the city today, through its attorney, N. T. Gadd. In it the city denies all the allegations of the petition and sets out the fact that the city had taken all necessary legal steps. The city for an affirmative defense, alleges that the suit is not brought in good faith. That it is brought because the city would not enter into contract with the electric light company for pumping the city water. The city further says that the plaintiff only brings the suit for spite, and for the purpose of forcing the city to either allow them to sell to the city pumping power or to forte the city to buy their light plant. Mr. Martin, to whom the temporary injunction was granted, is largely interested in the electric light plant here. The case will be heard in district court before Judge Hostetler some time next week.

Wausa to Have Electric Light. WAUSA, Neb., Sept. 8 .- (Special.) - Carl Murner has been granted a franchise by the village board and will install an electric light plant in Wausa. Work will commence on same in about a week and it is hoped to have the plant running before cold weather sets in. Both day and night service will be furnished.

#### DISCUSSES POLITICS

(Continued from First Page.) to become a deficit of \$58,000,000 in 190 and during that period of seven years the ordinary expenses of government had increased \$191,000,000, or 40 per cent.

"Hence the increase in the cost of con

jucting the ordinary governmental operations during the Roosevelt regime was almost 6 per cent annually; it was 4 per cent during the preceding period of ten years and approximately 3 per cent per annum during the decade of 1882-1992. "Mr. Taft might have looked with complacency upon this phase of governmental operations and defended an annual increase in disbursements of 5 or 6

the last twenty years. "But he chose to dedicate himself to the task of setting a great business house in order so that instead of increasing the burden of expenditures \$35,900,000 a year during each of three years, President Taft's administration has reduced the ordinary disbursements from \$65,000,-

000 per annum to \$654,000,000 per annum and the deficit of \$58,000,000 for the last year of the Roosevelt administration has been turned thto a surplus of \$26,000,000 in the last year of the Taft administra- contained in a printed proclamation Frauenfelder, near Verdon, Wednesday

### INTERVENTION BY U. S. IN MEXICAN QUARREL CONSIDERED BY TAFT

(Continued from First Page.) is protected only by 100 federal troops and

wo machine guns. Forces Hand of United States. EL PASO, Sept. 8 .- The threatened attack of Agua Prieta by forces under Ines Salazar, a rebel general, confirms the suspicion that Salazar intends causing international complications. It was the men of Salazar's command who crossed the international line, between Douglas and El Paso, on two occasions this week and engaged United States troops protecting the border. It was Salazar himself, who on frequent occasions has made incendiary speeches and issued written proclamations against Americans, but more particularly against the American government for enforcing neutrality in guarding against the smuggling of ammunition to

the rebels in Mexico. The threatened attack on Agua Prieta at the home Saturday, with a short servby 500 rebels of Salazar's command, it is lice and in the afternoon at the Wabash Ege. A small company of relatives and believed by Mexican federal and American church. Many relatives and friends were friends was in attendance, and the cereofficers here, is but the daring continua- in attendance. tion of the rebel leader's original program.

Campa Gets Message. NOGALES, Artz., Sept. 8 -- An official warning from Washington has been sent here to Leader Emilio Campa that Americans or American property must not be molested. The mossage was sent today by courier through Vice Consul Bowman of Nogales, Mex., opposite this city.

The warning is made necessary, the message to the rebel chief recites, by indignities suffered by Americans, and

"Any wiiful molestation by the insurrectionists of the persons or property of American citizens in the region now in control of the Mexican insurrectionary forces, will be intensely resented by the American government and people. There positively must not be any maltreatment of American citizens or American property by you or your men, and it would be well for you to so inform your men and your fellow leaders in this insurrection."

Advance on Capital.

MEXICO CITY, Sept. 8.-That the rebels of the south have begun an advance on the capital is the information contained n a message just received from the American ambassador, Henry Lane Wilson. The typewritten note is signed by one styling himself secretary of General Emiliano Zapata, the rebel leader. It says the notification was sent through Ambassador Wilson, who is dean of the diplomatic corps, in order that he might transmit it to his colleagues. The statement regarding the advance

and the intentions of the insurrectos is of the bride's parents, Mr. and Mrs. Ed signed by five men prominent in the afternoon by Rev. Mr. Day of the Chris-

Weeping Water Notes. WEEPING WATER, Neb., Sept. 8.-(Special.)-John Domingo, a prominent and well-to-do farmer of this vicinity, is having a fine residence erected in town,

modern throughout. Weeping Water is dryer than the name indicates. The last few weeks there has been barely enough water in the wells to fill the mains.

Dr. W. H. Tuck, secretary of the State Vetinarian association, reports two cases of diseases of horses similar to the disease that has ravaged in Kansas and taken so many horses.

The funeral of James Colbert, who died last Thursday, was held at the noon hour

The members of the Methodist Episcopal church have been so well pleased with their pastor. Rev. L. F. Townsend, that they have recommended his return at an increase of \$100 in salary.

The weather conditions have been almost perfect the last few weeks for a bumper corn crop. In Cass county farmers have had a good all around year for grain, alfalfa and fruit.

The total enrollment at the school the last week was 306 pupils, and several have yet to register.

Sloan on Campaign Trip.

DESHLER, Neb., Sept. 8 .- (Special.)-C. H. Sloan of Geneva, congressman and candidate on the bull moose-republican ticket for re-election in the Fourth district, was in Deshler Friday looking after his political fences. Mr. Sloan is making a personal canvass of his district. He refuses to talk Roosevelt or Taft, but stands for a protective tariff, wants sugar and lumber taxed, wants appropriations for hog cholera innoculation and quarantine and investigation of stock diseases. He insists that practical results for his constituents is what he is after, regardless of the party brand.

# HARMLESS REMEDY **BEAUTIFIES AND** DARKENS HAIR

What a pity it is to see so many people with thin, wispy hair, faded or streaked with gray, and realize that most of these people might have soft, glossy, abundant hair of beautiful color and lustre if they could but use the proper treatment. There is no necessity for gray hair under sixty-five years of age, and there is no excuse for anyone, young or old, having thin, straggling hair, either full of dandruff or heavy and rank smelling with excessive oil. You can bring back the natural color

of your hair in a few days and forever rid yourself of any dandruff and loose hairs, and make your hair grow strong and beautiful by using Wyeth's Sage and Sulphur Hair Remedy. For generations common garden Sage has been used for restoring and preserving the color of the hair; and Sulphur is recognized by Scalp Specialists as being excellent for treatment of hair and scalp If you are troubled with dandruff or

itching scalp, or if your hair is losing its color or coming out, get a fifty cent bottle of Wyeth's Sage and Sulphur from your druggist, and notice the improvement in the appearance of your hair after a few days' treatment.
