CHICAGO, Sept. 7.-Wheat barely escaped today going into the eightics. December delivery sold as low as 900 50%, the third day in succession that the low price record for the season has been broken. night. Covering by shorts made a firmer tone in wheat carly, but as proviously this week the advance was followed by de-pression later. December fluctuations ran from 9099916 to 9197914c, with last sales 90%c, a loss of %6%c net. Distratingly dry weather southwest brought good support to the bull side of corn. December swing from 5%c to 54%c, closing firm 4c net higher at 53%c. Cash grades were in good demand. No. 2 yei-low, 7946794c.

In the oats crowd, cash concerns were good buyers of futures. December ranged from 32%c to 32%c and closed a shade up at 32%25%c. In the end pork was 12%c off to 2%c up and other provisions slanting from last night's level to 7%c increase in cost. The leading futures closed as follows:
