State Department Grants Permit for Movement of 1,200 Men from El Paso to Douglas, Arizona.

### ARMS TO GO AS BAGGAGE

Movement Intended to Afford Protection to Americans.

### RUMORS OF FIGHT AT OJINGA

Rebels Renew Attack on City with Hand Grenades.

### AID IS SAID TO BE NEAR

General Aubert with Force of Federalists is Approaching Belonged City—Hundreds Go from Marfa to See Battle.

WASHINGTON, Sept. 10.—Permission for 1,200 Mexican federal troops to pass through the United States from El Paso into Chihuahua and Sonora, to attack the fleeing rebels, was granted to the Madero government by the State department today. The arms of the troops will be carried as baggage. When the movement is to begin is not known.

Mexican rebels under General Salazar, who began last yesterday a concerted attack upon the town of Ojinga, opposite Presidio, Tex., were driven off by the federalists, and are now retreating southward in the direction of San Bernardino, according to a dispatch received at the War department from General E. Z. Steever at El Paso.

Rebels are Concentrating. More disquieting reports from the Arizona border continued today to reach the War department. Mexican rebels were said to be gathering in the vicinity of Cananea preparing for a long and forced march. Forces and supplies were being concentrated.

Although every effort is being made to learn the objective point of the most formidable expedition since Orozco's force was scattered no satisfactory explanation has been found. Scouts report a force of close to 400 well armed rebels opposite Quitman, Tex., while 1,500 more are reported camped ten miles to the rear. General Salazar still remains at Gabilan and is being closely watched by the American patrol to prevent threatened raids.

The situation at Ojinga, where there are several Americans, is causing this government some uneasiness. Instead of a strong federal garrison, as reported, it has been learned that the federal commander has only 200 men. The rebels are gathering in increased numbers in the vicinity.

Assault on Ojinga Renewed. EL PASO, Tex., Sept. 10.—Rebels are assaulting Ojinga, a Mexican border post east of El Paso on the International line, according to a telegram received here at noon by General E. Z. Steever. The telegram came from Marfa, Tex., to which point it had been telephoned by United States soldiers at Presidio, Tex., opposite Ojinga. The telegram said that the rebels were using hand grenades and attacking at close quarters, but had not been able to take the town. The firing was plainly heard on the American side, but no bullets had fallen in Presidio when the message was sent.

Hundreds Go to See Battle. MARFA, Tex., Sept. 10.—Hundreds of persons left Marfa today for Presidio, Tex., to witness an encounter reported in progress between Mexican federalists and rebels at Ojinga. The rebels were said to be using dynamite bombs in their attack on Ojinga, which was defended by General Sanchez and 300 federal troops. The Mexican consul at Marfa, S. M. De Toro, was today advised that General Tracy Aubert with a cavalry detachment was rapidly approaching Ojinga to aid the beleaguered federalists.

Interest in the reported conflict was heightened because Presidio, Tex., is in line of possible fire and a man was reported shot in the hip by a bullet that crossed the international boundary during yesterday's fighting.

General Steever's report, mentioned in a Washington dispatch probably means that General Aubert arrived today and that the rebels fled.

Mexican Senate Acts. MEXICO CITY, Sept. 10.—A secret session of the Mexican senate last night granted the request of President Madero for authorization to ask the United States government for the transportation of Mexican troops through American territory. It is planned to send a column of troops via El Paso, Tex., and Douglas, Ariz. into the state of Sonora, where several bands of federalists are operating.

## Diplomat Accused of Abducting Girl Forfeits His Bond

NEW YORK, Sept. 10.—Harry E. Nolan of Washington, D. C., recently appointed secretary to the United States legation at Panama, failed to appear in police court today to plead to a charge of abducting 16-year-old Marion McVicker of Newport News, Va. His cash bail of \$1,000 was ordered forfeited and two detectives were dispatched to arrest him.

Nolan was arrested this afternoon in the office of his lawyer and arraigned in Tombs court. He told the court that he had misunderstood the proceedings this forenoon and had left the court room under the impression that his case had been continued under \$1,000 bail. Upon hearing this explanation the magistrate revoked the order of forfeiture. The court paroled the McVicker girl in the custody of the Florence Crittenden mission. The arraignment was then declared postponed until September 17.

Nolan was arrested last night on a complaint of agents of the Old Dominion Steamship company that the McVicker girl, whose father is reputed to be a prosperous innkeeper at Glasgow, Scotland, had disappeared from the steamer Jefferson shortly after its arrival here Friday. She was to have sailed for Scotland.

Nolan and the girl were found at a fashionable Broadway hotel, where they had registered as H. E. Nolan and wife. The girl broke down and told the detectives that she had met Nolan aboard the vessel and at his suggestion that she get a position in New York had changed her mind about going back to Scotland and gone with him.

WASHINGTON, Sept. 10.—Harry E. Nolan, the young diplomat arrested in New York charged with abducting, was confirmed by the senate as secretary of legation at Panama on August 22. Nolan, who was born here, but who was appointed from Illinois, had passed the examinations necessary to his appointment and was ordered to report for instructions. He did not do so, however, and has not communicated with the State department. The government will take no action until the courts pass upon the case.

## Wilson Favors the Improvement of All Internal Waterways

BURLINGTON, Ia., Sept. 10.—The eleventh annual convention of the Upper Mississippi Valley Improvement association convened here today with delegates from Iowa, Missouri, Illinois, Wisconsin and Minnesota present, with former Congressman Thomas Hedge of Burlington in the chair.

A letter from Woodrow Wilson praising and endorsing the work of the association was the chief feature of the morning session. The convention will last for three days and on Thursday the delegates will be taken to Keokuk on a government steamboat to inspect the dam across the Mississippi there.

Governor Wilson's letter, which was addressed to Colonel John T. Martin of St. Louis, a delegate to the convention, was as follows: "I am sincerely sorry that it will not be possible for me to attend the meeting of the Upper Mississippi River Improvement association. I am bound by engagements at the time of the meeting from which I cannot honorably withdraw. It would give me pleasure to be present and to express my entire sympathy with projects that look toward the opening up and the systematic connection of our great water courses and their preparation for navigation on a great scale. It has undoubtedly become necessary that we should reconsider our whole transportation problem in view of the developments which are sure to follow immediately upon the opening of the Panama canal. We have become aware in recent years that our transportation facilities were not equal to the great demands made upon them by the enormous movements of trade within the country. Our trade must have open ways. Our water courses must be linked and where necessary deepened. We must broaden and multiply the channels of our commerce. I could not say anything to the congress that could not be better said by you who have become experts upon this question, but I can at least give myself the pleasure of expressing my own unhesitating opinion in the matter." (Signed) "WOODROW WILSON."

## Sharp Division Among Badger Bull Moosers

MILWAUKEE, Wis., Sept. 10.—A battle between the faction of the Wisconsin progressive party favoring the nomination of a complete state ticket and the delegates opposed to such action, it seemed today will make tomorrow's state convention of the party here rather lively.

The primary purpose of the convention is the nomination of presidential electors, and Provisional State Chairman Norman L. Baker proposes to limit the scope of the meeting to that program. Milwaukee County Chairman F. E. Davidson leads the faction favoring a full ticket.

## REPUBLICAN MARGIN IN MAINE IS 3,557

Governor Plighted Defeated for Re-Election by William T. Haines of Waterville.

### CAPTURE SEATS IN CONGRESS

Three Out of Four Republicans Are Elected Over Opponents.

### HINDS' PLURALITY INCREASED

Makes Campaign Favoring Administration of Taft.

### LEGISLATURE ALSO REPUBLICAN

It Will Elect United States Senator to Succeed Obadiah Gardner—Republicans Get Three of Four Congressmen.

PORTLAND, Me., Sept. 10.—The political overturn in Maine in which the republicans won back the governorship, won three out of the four congressmen and a sufficient majority on joint ballot in the legislature to assure the election of a republican United States senator, became more apparent today with additional returns.

William F. Haines of Waterville, republican, was elected governor by a plurality of 3,557 over Governor Frederick W. Plaisted, democratic candidate of Augusta. The vote, with twenty-eight towns missing, in last returns was:

Haines, republican, 70,772.

Plaisted, democrat, 66,515.

Two years ago the vote for governor was: Bert M. Fernald, republican, 64,672; F. W. Plaisted, democrat, 72,425.

The missing twenty-eight towns two years ago cast 151 votes for the republican candidate and 846 for the democratic leader.

Congressman Asher C. Hinds, First district, and Frank E. Guernsey, Fourth district, republican, were re-elected by increased majorities, and Forrest Goodwin, republican, supplanted Congressman Samuel W. Gould, democrat, in the Third district.

The democratic candidate for the Second district, Congressman D. J. McGillicuddy, was re-elected.

### Insures Republican Stand

The new legislature will stand on a joint ballot, ninety-four republicans and seventy-eight democrats, with ten districts yet to report. The house senate will be made up of twenty-two republicans and eight democrats, with one district missing. The house will be composed of seventy-two republicans and seventy democrats. This majority will be sufficient to elect former Congressman Edwin C. Burleigh of Augusta, as United States senator in place of Senator Obadiah Gardner, who was appointed to fill the vacancy caused by the death of Senator William P. Frye, republican.

Political observers were in doubt as to the effect of the republican victory and the attitude of the progressive leaders regarding the national campaign. All of the leaders were actively identified with the republican party in yesterday's election.

### President Taft Pleased

BEVERLY, Mass., Sept. 10.—President Taft was so greatly pleased today with the republican victory in Maine that he forgot about his lame ankle and went out to play golf. He was especially cheerful when he learned that the Maine legislature will be republican, assuring the republican party of another vote in the United States senate.

Although the president had no statement to make about the Maine result his friends here were not so reticent. According to their view, the result will serve to keep in line many republicans who were wavering toward the progressive. It will be an example, they say, to the doubtful ones of what can be accomplished where a solid front is presented to the democrats.

The papal legate to the congress, Cardinal Van Rossum, arrived today from Rome and was driven to the Hofburg, where he was received by the emperor and members of the imperial family.

The crowning function of the congress will take place Sunday morning, when an immense procession will march from St. Stephen's along the Ringstrasse to the Hofburg, where low mass will be celebrated by the papal legate on top of the great entrance gateway. The emperor and all members of the court will attend the service, which will be conducted within the view of 50,000 persons.

## DEATH OF MRS. SZABO NOT DUE TO DROWNING

NEW YORK, Sept. 10.—Physicians who performed an autopsy today on the body of Mrs. Rosa Menschik Szabo, exhumed yesterday in a Jersey City cemetery, declared this afternoon that they had found indications that the woman's death was due to causes other than drowning. A further examination, the result of which will be learned tomorrow, they said, would determine the exact cause of death.

## ON TRAIL OF THE BULL MOOSE

Republican Speakers to Follow Roosevelt Through West.

### WILL CHALLENGE STATEMENTS

John Maynard Harlan and J. Adam Bede to Carry On Energetic Campaign for Taft on the Coast.

John Maynard Harlan, son of the late Justice John Marshall Harlan of the United States supreme court, passed through Omaha yesterday on his way to the Pacific coast. Beginning at Huntington, Ore., he will take up the trail and follow Colonel Roosevelt in a special train and will answer the latter's speeches by presenting the real facts and figures of the situation.

Former Congressman J. Adam Bede of Minnesota joined the party here and will campaign with Mr. Harlan throughout the trip. Mr. Bede is well known here as a clever and forceful orator and a master of satire.

The itinerary of the party will be exactly the same as that of Colonel Roosevelt. In many cases their special train will follow the colonel's train so closely that they will address the same audiences.

"The republican national committee has requested me to follow Colonel Roosevelt," said Mr. Harlan. "It is not our intention to attack Colonel Roosevelt, but we do intend to see to it that no misrepresentation by Mr. Roosevelt shall go unchallenged. We intend to present the truth. And where Colonel Roosevelt has avoided or distorted the truth, we intend to supplement his speeches in that respect. It is our intention that the people of the Pacific coast to whom Colonel Roosevelt is to address his appeal for support for his third term party, shall from him receive no misconception of the truth concerning the republican party or the administration of President Taft."

"There will be no interference with the plans or the meetings of Colonel Roosevelt. We shall tolerate nothing that might embarrass him. But we shall permit no misrepresentation or misstatement to go uncontradicted. We are prepared to present the truth and we intend to do so. That is the simple purpose of our campaign."

John Maynard Harlan was born in Kentucky in 1864. He bears a striking resemblance to his illustrious father. He is a graduate of Princeton and was one of the famous foot ball players of that university. In 1905, when he was a candidate for mayor, he stirred Chicago as it had never been stirred before or since.

## GAYNOR AS WITNESS SHOWS HIS MASTERY OF EVASIVE RETORT

Mayor of New York Refuses to Allow Lawyer to Learn Views on Police Graft.

### THREATENS TO LEAVE STAND

Considers that Questions Asked by Buckner Are Irrelevant.

### TWICE DENOUNCES HEARING

Says Attempts to Scandalize Him Will Be Unsuccessful.

### QUERIES LEFT UNANSWERED

Mayor Before Leading Sets on Foot Investigation of His Own Concerning Contracts Let by Committee.

NEW YORK, Sept. 10.—For more than two hours this afternoon Mayor Gaynor of New York sat in a witness chair at the city hall and parried with picturesque retort and evasion the attempts of counsel for an aldermanic committee to learn his views on the police situation brought to a head by the murder of the gambler, Herman Rosenthal.

Three times he threatened to leave the stand because he considered the questions irrelevant; twice he denounced the hearing as a scandal-mongering excursion and often he said his attempts to "scandalize" him would be in vain for he had lived in the city too long and had begun his efforts to purify the government long before Emory R. Buckner, counsel for the committee, was born.

At no time during his examination would he admit the police department was inefficient. He expressed renewed confidence in Rineclader Walden, commissioner of police, and declared if social evil flourished, it was at least on the decrease and was a lesser evil than police blackmail, which he had tried to eradicate.

By way of a counter-investigation of the committee whose chairman, Alderman William H. Curran, he denounced yesterday, the mayor before taking the stand, set foot an investigation of reports that the committee had accepted a high instead of a low bid for its stenographic work.

Questions Unanswered. Nine out of every ten questions asked by Buckner remained unanswered. The mayor had formed no opinions, he said and had not come to tell his opinions any way. If he were asked about facts or about any instance wherein the police department had violated the law he was ready to answer.

Four things he said, he had brought about in the departments; He had done away with police "violence and club laying"; he had forbidden the practice of policemen degrading themselves to get evidence against disorderly houses by consorting with immoral women; he had insisted on the integrity of the civil service, so that "Murphy or anybody else can't influence appointments and he had done away with graft in connection with enforcement of the liquor laws. This he said, had amounted to \$2,000,000 annually.

"Though the mayor lost his temper time and again and protested to Mr. Buckner that he was asking foolish questions, the young lawyer kept at his task patiently, unfurled by the rebuffs. The crowd, which jammed the aldermanic chamber until standing room only remained, frequently broke into applause at the mayor's retorts.

"If you do not think I am trying to badger you, Mr. Mayor," remarked Mr. Buckner.

"Oh, I have to make allowance for your zeal and everything," replied the mayor, laconically. "I was young once myself."

## Two More British Army Aviators Are Killed by a Fall

OXFORD, England, Sept. 10.—Another double aviation fatality, the second within a week, occurred today to members of the army flying corps, when Lieutenant C. A. Bettington and Lieutenant E. Crotchley were killed while flying past Wolvercote.

The machine in which the officers were maneuvering had nosed over Oxford and had reached a point just outside Wolvercote, when the motor seemed to stop and the car fell to the ground from a height of 500 feet. One account of the accident says that an explosion occurred while the machine was in the air.

The body of one was found in the river and the other was picked up in a field. A big battle in the army maneuvers in which a number of officers of the flying corps are taking part, began yesterday and the newspapers today referred in glowing terms to the success of the aviation corps.
