

SUIT IS BROUGHT TO NAME RECEIVERS FOR UNITED MOTOR FIRM

Forty-Two-Million-Dollar Holding Corporation Will Be Reorganized Following Proceedings.

APPOINT STRONG AND WALKER

Noted Capitalists of Country Among Company's Directors.

SECURITIES LATELY DECLINE

Five Constituent Firms Involved in Action in Court.

ACTION FILED BY CREDITORS

Five Constituent Companies Are Involved in Proceedings—Plans of Reorganization Are Under Way.

NEW YORK, Sept. 12.—Receivers were appointed today for the United States Motor company, a \$42,000,000 holding corporation organized in 1908 to control ten automobile and gas engine manufacturing companies.

Its directors number some of the best known capitalists in the country.

The receivers, W. E. Strong and Robert Walker, were appointed by Judge Hough in an insolvency suit brought by creditors. Five of the holding firm's constituent companies were involved, namely: The Aiden-Sampson Manufacturing company of Detroit, the Brush Runabout company of Detroit, the Columbia Motor Car company of Hartford, Conn.; the Dayton Motor Car company of Dayton, O., and the Maxwell-Brisco company of Tarrytown, N. Y.

Bankers identified with the company say that the proceedings are friendly and were brought with the purpose of clearing up the company's affairs. Plans for reorganization are said to be under way. The securities of the United States Motor company have been declining on the curb market for some time and it was generally reported that the company was in difficulties.

Eight Amendments Rejected by Voters of Buckeye State

COLUMBUS, O., Sept. 12.—Final figures from eighty-seven of the eighty-eight counties in the state compiled today by the secretary of state show that eight of the forty-two amendments to the state constitution voted on at a special election September 3 have been defeated. The eight amendments are: Good road bond issues of \$20,000,000. Prohibition of outdoor advertising. Regulation of labor injunctions. Abolition of the death penalty. Use of voting machines. Appointment of women to certain offices. Elimination of the word "white from the constitution." The total vote was less than 500,000, below 50 per cent of normal.

Murders Wife, Banks Body With Flowers, Then Kills Himself

WALLACE, Idaho, Sept. 12.—The body of Charles Keil, aged 74, said to have been a former wealthy Minneapolis merchant, and that of his wife were found in a mountain cabin near Murray today. Keil evidently had shot his wife and then himself. After shooting his wife he had washed her wounds, banked her body with flowers, knelt by her side and blew out his brains.

A letter addressed to Charles Hyle of Portland, believed to be a son-in-law, pleaded with his children to take back their mother that she might die in her old home.

Another note declared that he had committed the deed to prevent his wife from being taken to an asylum.

Social Democrats of Germany Will Meet at Chemnitz Sunday

BERLIN, Sept. 12.—The greatest political gathering in point of numbers and in many respects the most important of the year, will begin at Chemnitz, Saxony, on September 15 when the social democrats gather for their annual general meeting. Here officers will be elected, party differences adjusted and the plan of campaign for the ensuing year mapped out.

Present indications are that the meeting will be marked by many sharp if not bitter contests. All the party leaders of whatever faction deny the existence of any important differences of opinion within the party, but the resolutions looking to the changes of the party organization affirm it. Back of them, although no one in authority will admit it, lies a movement to take from the present leaders of the organization a great part of the power now vested in them by enlarging certain important committees, creating new checks upon existing executive officers and otherwise restricting the dominant faction in its conduct of party affairs.

The other resolutions refer to, in the main, internal party affairs. It is unlikely that any platform change of any moment will be made, all wings of the party being fairly united as to that, although differing as to methods of procedure.

The enrolled membership of the party is nearly 1,000,000. Of this number more than 130,000 are women. Every third voter who went to the polls at last January's election cast a social democratic ticket. The party, with 119 seats in the Reichstag, has relegated to second place the clericals, for years the strongest party represented. It has, moreover, 225 delegates in the Diets of the various German states.

Jack Johnson Says Wife Ruined Health Taking Care of Him

CHICAGO, Sept. 12.—Mrs. Etta Duryee Johnson, wife of Jack Johnson, champion heavyweight pugilist, died a suicide after wrecking her health in caring for her husband, who was a victim of nervous prostration and suicidal mania for a year on account of injuries and exertions during his fight with Jeffries. This was the testimony of Johnson at the inquest here today over the body of Mrs. Johnson, who shot herself last night in her apartment over the champion's saloon.

Johnson said the nature and extent of his sufferings after the championship fight had been a secret between his wife and himself.

"I am still suffering from the results of that fight, to some extent," he said. Johnson gave his testimony in tears. He declared that his wife's efforts to keep him from committing suicide were what broke down her own health.

He said: "I believe I incurred brain fever or some similar derangement from the exertions and the heat of the Jeffries fight. I was not myself for a year, but the secret was closely kept between me and Mrs. Johnson. She saved me twice when I tried to choke myself to death. She seized me and struggled with me and prevented the act. She had an awful time taking care of me for over a year. I am only telling this now in justice to my wife. It never has been told before."

The jury returned a verdict that Mrs. Johnson committed suicide by shooting while temporarily insane.

Modern Lochnvar Uses Automobile Instead of Charger

BRISTOL, Va., Sept. 12.—Lochnvar himself could not have won a bride in more sensational fashion than Arthur Hagye did here late yesterday. But instead of a charger, Hagye used an automobile and a party of friends.

Sixteen-year-old Myrtle Moore's father objected to her marrying Hagye and so they planned an elopement. Late yesterday a party of Hagye's friends drove up to the seminary and sped Miss Moore away to a cross road, where they transferred her to a buggy in which Hagye was waiting. The pair hurried to Johnson City, Tenn., while the motor car continued on to Abingdon, Va.

At Abingdon an officer warned by the irate father, shot the tires practically off the automobile before he discovered Miss Moore was not in it. Meanwhile Arthur and Myrtle were married in Johnson City.

BEATRICE BUSINESS MEN GO ON BOOSTING TOUR

BEATRICE, Neb., Sept. 12.—(Special Telegram.)—Nearly two hundred business men of Beatrice left on a special train over the Burlington on a trade boosting trip through the South Platte country today. The party remained overnight at Red Cloud, where it was entertained by the Commercial club of that city. The return trip will be made tomorrow and will include stops at all towns between Red Cloud and Beatrice. The party is accompanied by the Beatrice Military band.

FORMER TEKAMAH MAN IS CHILLED TO DEATH

STURGIS, S. D., Sept. 12.—(Special Telegram.)—James McDaniels of Chaik Butte, aged 27 years, while on the way home from neighbors accidentally fell into an old well Monday night during the storm. It is thought he chilled to death. The body was brought here today for shipment to Tekamah, Neb., tonight.

WEST NEBRASKA CONFERENCE VOTES IN FAVOR OF UNION

SCOTT'S BLUFF, Neb., Sept. 12.—(Special Telegram.)—By a practically unanimous vote the West Nebraska conference today favored the proposition of uniting with the other conferences and getting Scott's Bluff, Banner, Morrill and Garden counties into the Northwest Nebraska conference.

ABBOTT MAY LAND AS COMMISSIONER

Nebraskan Said to Be in Position to Succeed Valentine in Indian Bureau.

GOOD RECORD IN OFFICE

Assistant Has Shown Remarkable Grasp of Affairs.

BELIEF HE WILL BE NAMED

Others Mentioned, but Former University Regent is First.

INTENSELY PRACTICAL IN OFFICE

Relations with Wards of Nation Have Been Such as to Warrant Belief He Would Successfully Hold Position.

(From a Staff Correspondent.)

WASHINGTON, Sept. 12.—(Special Telegram.)—There is a growing belief in official circles, particularly in the Interior department, that Fred H. Abbott of Aurora, Neb., assistant commissioner of Indian affairs, will be appointed successor to Commissioner Valentine, who has just tendered his resignation.

Mr. Abbott has shown a most remarkable application of the problems presented for solution in connection with the Indian question. He has been intensely practical in his relations with the wards of the nation and he has made a record with those who do business with his department for keenness of perception, a readiness to reach conclusions, broad, generous sympathy and readiness to cut red tape when its cutting will serve a purpose.

While two or three men are being talked of in connection with the position, the judgment of those in a position to know is that Mr. Abbott will get the appointment in the near future.

Lawyer Gibson is Arrested on Charge of Murdering Client

NEW YORK, Sept. 12.—Burton W. Gibson, the New York lawyer, whose client, Rosa Menachik Szabo, lost her life while boating with him on Greenwood lake, New York, on July 16, was taken into custody today by Deputy Sheriff Degraw of Orange county on a warrant charging Gibson with murder in the first degree. Gibson was arrested at his office.

Gibson issued a statement just before his arrest, reasserting his innocence and insisting that there had been no struggle either in the boat or in the water.

"I am not prepared," he said, "to believe that the report will show that Mrs. Szabo died of strangulation. There certainly was no struggle in the water between Mrs. Szabo and myself which would result in her being strangled. When she came up, she did not hit the boat in such a manner that would cause her to die of strangulation. I certainly did not clutch her by the throat, and there was no way by which she could have died in that manner."

Evidence submitted before County Judge Royce of Middletown, upon which a warrant, charging Gibson with murder in the first degree, was issued, was most sensational. Dr. Schultz, coroner's physician of this city, swore that Mrs. Szabo was so injured before she fell into the water that she never breathed after she had sunk below the surface. The surgeon said there were tracks of jujitsu by which Mrs. Szabo could have suffered a sharp blow in the throat which so affected a nerve as to close her trachea, thereby making it impossible to breathe.

Late Returns Change Result in Colorado

DENVER, Colo., Sept. 12.—Returns early today from yesterday's state-wide primary reversed the complete victory which was indicated for the progressive wing of the republican party, as based on returns late today.

Progressive republicans elected only two candidates who had announced they were Roosevelt progressives—Philip B. Stewart for governor by apparently less than 1,000 majority over Clifford C. Parks, regular republican, and Attorney General Benjamin Griffith, incumbent.

Stewart's victory, it is said, may preclude the launching of a complete Roosevelt progressive party state ticket, which was to be placed on the November ballot by petition.

Elias M. Ammons won the democratic gubernatorial race by probably 5,000 over Thomas Tynan, warden of the Colorado state penitentiary.

Progressive democrats were chosen for all state offices. There were no contests for presidential electoral nominations, democratic and republican parties each selecting six electors.

Royal Arch Masons Elect Officers

INDIANAPOLIS, Ind., Sept. 12.—The general grand chapter, Royal Arch Masons, today selected San Francisco for the next triennial convention. In September, 1915, elected officers and upheld a ruling that the Philippine Islands are within the jurisdiction of the grand chapter of the United States.

Trainman Killed and Six Hurt in Rear-End Collision in Kansas

From the Cleveland Plain Dealer.

ST. JOSEPH, Mo., Sept. 12.—J. E. Johnson of St. Joseph, a brakeman, was killed, G. L. Williamson, brakeman, was fatally hurt, and five other trainmen were seriously injured when a St. Joseph & Grand Island eastbound stock train ran into the rear end of a local freight train at Troy Kan., seventeen miles west of here early today.

The local was standing on the main line and the engineer of the stock train did not see its lights. All the injured men live here and were brought to a local hospital.

GRAND ISLAND IS CHOSEN

Osteopaths Will Hold Next Meeting at That Place.

ATZEN IS ELECTED SECRETARY

Well Known Omaha Doctor is Honored by Election—Convention Ends Here Until the Next Year's Meeting.

With little opposition Grand Island was selected as the 1913 meeting place of the Nebraska Osteopathic association in its thirteenth annual business session at the Millard hotel yesterday. Next year's meeting will be held early in September.

Dr. C. B. Atzen and Dr. A. T. Hunt of Omaha and Dr. C. K. Struble of Hastings were the candidates nominated for the vacancy on the state osteopathic examining board which is caused by the expiration of Dr. Atzen's term of appointment. Governor Aldrich will name one of these three nominees for the position.

New officers elected are as follows: President, Dr. E. M. Cramb, Lincoln; vice president, Dr. C. K. Struble, Hastings; secretary, Dr. C. B. Atzen, Omaha; treasurer, Dr. Lulu L. Cramb, Fairbury.

Dr. Young Reads Paper

At the opening of the meeting this afternoon, Dr. J. T. Young of Fremont read an interesting paper on the physiology and anatomy of the lumbar and sacral regions of the spinal cord and column, mentioning many useful hints of a practical nature in treating these irregularities. Dr. Young also read a paper on the topic, "Hemorrhoids."

Commander Trimble Makes Annual Report to the Grand Army

LOS ANGELES, Cal., Sept. 12.—The business session of the forty-sixth annual encampment of the Grand Army of the Republic opened today with the annual address of Harvey M. Trimble, commander-in-chief. Reports of other officers and committees were heard during the day.

The report of Commander-in-Chief Trimble referred to the work done by the Grand Army of the Republic for the reorganization of the blue and the gray on the fiftieth anniversary of the battle of Gettysburg and also took up matters relative to the proposed incorporation of the Grand Army of the Republic, one of the leading matters of business laid before the convention.

Although it found that a compound was served instead of butter and that mattresses "were exceedingly thin for comfort," the special committee appointed to investigate the charges against the National Soldiers' home at Dayton in the main exonerated the management.

"The committee said food was supplied in abundance and no complaint was found among the 3,000 inmates.

"The system is a beautifully executed bit of administrative work in feeding," says the report, "but it is repugnant to the idea of home and comfort considered from our American standpoint. It may be the best possible solution of the problem, but it certainly smacks more of a military camp or a prison than of a home for the worthy, though unfortunate men who saved the nation."

MOTION MADE TO QUASH DENVER INDICTMENTS

DENVER, Sept. 12.—A motion to quash the indictments found the other day against city officials and owners of property in Denver's segregated district was made today by the defendants' attorneys on the ground that the city charter gives the fire and police board control of the district and removes such regulation from the jurisdiction of the court. Judge J. H. Teller of the criminal court will hear arguments on the motion and render a decision next week.

Strike at Superior

SUPERIOR, Wis., Sept. 12.—Two-thirds of the Superior street railway employees affiliated with the Duluth union quit work today. Only a part of the cars usually in service ran today, half manned by strike breakers.

Officials of Trust Companies Discuss Need of Publicity

DETROIT, Mich., Sept. 12.—The various organizations affiliated with the American Bankers' association expected to conclude their convention today. A number of reports remained to be disposed of and several addresses were scheduled to be made before the conventions elected officers.

British War Office Bars Monoplanes

LONDON, Sept. 12.—On account of the recent casualties to aviators of the British army flying corps, four lieutenants having been killed within a week, the war office has suspended the use of monoplanes in the service. Army aviators consider that biplanes are safer and more stable than monoplanes.

Taft Calls for Papers in Religious GARB CASE

WASHINGTON, Sept. 12.—President Taft has taken personal charge of the question of permitting religious garb to be worn in Indian schools and at his request Secretary Fisher's unannounced decision and accompanying papers have been referred by the Interior department to the summer White House at Beverly.

Winter Comforts

Now is the time to look to the winter's comforts. Do you need a stove, a rug or anything else? Read The Bee "Household Goods" and the "for sale, miscellaneous," columns today—perhaps the very thing you want is advertised at a great reduction. Tyler 1000

REBELS UNDER ROGAS ARE READY TO ATTACK CITY OF AGUA PRIETA

Mexican Chieftain Serves Notice Assault Will Begin at Ten O'clock, Mountain Time.

REVOLUTIONARY IDEA SPREADS

General Steever Says Outbreaks in Other States Are Pending.

MEXICAN ARMY LEAVES EL PASO

Three Trains, with 900 Men, Leave for Douglas, Ariz.

REBELS ROB PASSENGER TRAIN

General Camps Takes All Arms on Board and Then Runs Cars on Bridge and Sets Them on Fire.

DOUGLAS, Ariz., Sept. 12.—No movement of the combined rebel forces of Inez Salazar and Antonio Rojas was apparent today when the time limit given by Rojas for the surrender of Agua Prieta had expired. Before daylight 60 federal reinforcements, including many Yaqui Indians, under General Augustin Sanjines, arrived from Juarez and were checked across the international line by custom officers.

The rebel forces of Inez Salazar, consisting of about 350 men, will not take part in any attack on Agua Prieta, according to reports this afternoon. The force left camp, four miles from the border, today and started south toward El Tigre mine. Officials of the Phelps-Dodge company fear another attack on Nacozari.

General Sanjines sent out several scouting expeditions in the direction of Rojas' camp, but no word had been received as to the whereabouts of the rebel forces.

A score of negro troopers of the Ninth United States cavalry were rounded up and arrested in Douglas by an armed guard of the regiment today, after they had engaged in a dispute with peace officers, in which revolvers were drawn by both parties.

Demand Surrender of City

WASHINGTON, Sept. 12.—Brigadier General Steever telegraphed the War department today that the Mexican rebels, under Rojas were planning finally to attack Agua Prieta, opposite Douglas, Ariz., at 10 o'clock this morning, mountain time. The Mexican federalists, entrained last night at El Paso, which include 400 Yaqui Indians, were being rushed to the defense.

Coincident with the dispatch with the reinforcements for the Mexican federal garrison at Agua Prieta, the arrival at Naco, Ariz., of 1,000 Kraus Jorgensen rifles and 500 carbines with ammunition was reported by General Steever. They will be available for the arming of Americans on the border.

General Steever also transmitted reports of impending revolution in Coahuila, Nuevo Leon and Tamaulipas.

Later advices concerning the fight at Cuhtlihuac, indicate the rebel lost heavily in men and supplies. The federal forces drove the enemy before them and forced him to ford the Concho river on rafts. The rebels, 1,000 strong, were believed to have been commanded by General Orocozo and were last reported retreating toward Coahuila.

Mexican Troops Leave El Paso. EL PASO, Tex., Sept. 12.—Three trains bearing about 800 Mexican federal soldiers left here secretly last night for Douglas, Ariz., from which point they will cross to Agua Prieta threatened by a rebel attack.

The first train carried General Augustin Sanjines and fifty-seven men, mostly Yaqui Indians and a few Sonora volunteers. The other trains carried federal infantry supplies and a few machine guns. The movement leaves only about 600 federal soldiers in Juarez.

Lieutenant Colonel H. L. Roberts of the Second infantry was in charge of the troop trains. Colonel Roberts has reported to General Steever at Fort Bliss that the first train arrived at Douglas safely early this morning.

BEVERLY, Mass., Sept. 12.—President Taft today received Chandler P. Anderson, counselor for the State department, who came down to Beverly from York Beach, Me. It was admitted that Mr. Anderson's interest in the Mexican situation made certain a discussion of conditions in Mexico.

Southern Pacific Train Robbed. NOGALES, Ariz., Sept. 11.—The Southern Pacific passenger train which left here for west coast points at 11 o'clock today was held up by rebels under Emilio Campa at Juquane, thirty miles south of Nogales, and partly destroyed.

The first intimation that rebels were in the vicinity was a volley of shot fired at the engine and, obeying the implicit command, the engineer brought the train to a stop. Campa himself boarded the train and with an exhibition of extreme deference explained to the passengers that they would not be molested;
