WILSON IS CONTRADICTED

New York Democrats Take Exception to Candidate's Statement.

DODGING THE STATE ISSUES
Letter of His Secretary Used as Reply to Story He Did Not Know He Was to Meet State Committee.

SEA GIRT, N. J., Sept. 12.—Governor Woodrow Wilson today made public a letter which he had sent in reply to a western New York democratic leader who had written him expressing opposition to the renomination of Governor Dix and asking his views on the New York state situation.

Governor Wilson wrote: "Allow me to acknowledge the receipt of your letter of August 30 and to express my sincere interest in it contents. The information and judgment it conveys impressed me very much indeed. I feel as deeply as you do the gravity of the New York state situation and hope with all my heart that the forces that are working for a wise choice in the matter of the governorship will prevail."

Wilson is Contradicted.
SYRACUSE, N. Y., Sept. 12.—Democrats who had charge of the arrangements for the visit to Syracuse yesterday of Governor Wilson took exception today to the nominee's reported statement that if he had known the democratic state committee and county chairmen were to have met here the day he was to visit the state fair, he probably would not have accepted the invitation, as he wished to avoid participation in the internal politics of any state.

Francis Kernan, at whose home Governor Dix was entertained during his stay here, made public a letter from J. P. Tumulty, Governor Wilson's secretary, dated September 9, expressing regret that the nominee could not remain in Syracuse last evening to attend a dinner which had been arranged by Mr. Kernan. The letter says in part: "As Governor Wilson was leaving Sea Girt last evening he requested me to acknowledge receipt of your letter of August 29 containing a very generous invitation, and to tell you that according to the arrangements made by the national committee it will be necessary for him to leave for New York as early in the afternoon as possible after his meeting with the state and county committees."

John A. Mason, secretary to Governor Dix, and secretary of the state committee, declared today that there had been no misunderstanding with Governor Wilson. "After it was learned positively that Governor Wilson was coming to the fair," he said, "we called a meeting of the state committee. It was for the purpose of selecting the presidential electors, but we all thought it would be a good thing to

shook hands with the braves and patted the cheeks of the babies. Then he made a speech to several hundred "paifaces."

From Blackfoot Colonel Roosevelt started back to Pocatello and then was to go to Ogden, Utah, to address the progressive state convention.

Mr. Roosevelt said today that while he did not object to hard work he would be obliged to make only a few more speeches.

"I am glad," he said, "to speak in every part of every state, but, of course, that is a physical impossibility. I hope the people I am obliged to refuse will understand this."

Neb. He will be succeeded by Rev. B. Johnson of Martel, Neb.

John T. Wehrli and Miss Elsie Smith were married Thursday morning at the bride's home near Cortland, Rev. H. G. Leist of Mt. Pleasant, Ia., officiating. The bride is a daughter of Cortland and the bride formerly taught school there.

Oscar Slusher of Bradford, Ill., and Miss Amelia Larimore of Beatrice were married at Lincoln Wednesday.

Holdrege Doctor Successfully Treats New Horse Disease

HOLDREGE, Neb., Sept. 12.—(Special Telegram.)—County Physician D. S. Palmer continues to meet with splendid success in the antitoxin treatments he and his son, Paige, are testing on meningitis-infected horses. Nine horses and two mules have now been treated and but two have died, both almost hopeless cases to begin with. A large supply of the antitoxin was received from the factory this morning and exhaustive tests will at once be made.

Because of the great number of inquiries coming by telephone and telegraph from this state and Kansas, Dr. Palmer today made public the exact treatment used in the tests. The antitoxin used is subcutaneous injections of the same strength as specific tincture, or fluid extract, given hypodermically in one ounce repeated in two hours and then every four hours until the animal's condition is normal. As long as fever persists injection of salt water is given every two hours.

Because of the ravages the epidemic is

WEBSTER COUNTY MAY BUILD NEW COURT HOUSE

RED CLOUD, Neb., Sept. 12.—(Special.)—The county commissioner has decided to submit a proposition to the voters of the county asking for authority to build a new court house. The present building is badly dilapidated and the records are in danger of destruction. The plans call for a five mill levy for three years which will raise about \$75,000.

The horse disease has struck this county and many animals have died. So far nothing has been found to check the epidemic. The drug stores have been besieged and they find considerable difficulty in securing medicine. The wet, cool weather seems to have no effect on the spread of the disease. Five horses died today in this city.

G. W. Hummel, living a mile south of this city, shipped a car load of water melons today. One thousand three hundred and fifty melons made a car and they were all picked from two acres of ground. Mr. Hummel secured first and second premiums on his melons at the state fair.

JOHNSON IN SOUTH DAKOTA

Governor of California Speaks at the State Fair at Huron.

HURON, S. D., Sept. 12.—To a large crowd Governor Hiram W. Johnson at the state fair today delivered a speech devoted mainly to what the progressive party intends to do for the under man. He told the audience the fight for the uplift of the toiler and his family was national, and not sectional; that it was the duty of the man on the ranch as well as the man in the city to lend his aid in relieving the sufferings of the poor, the underpaid and the oppressed.

"It is humanity's fight," Governor Johnson declared, "and it knows no state or sectional boundaries. We stand as one great army, battling the best and biggest fight in history."

The governor's reception was enthusiastic. Several thousand persons were at the station when his car pulled in. The governor was met by Governor R. S. Vessey, one of the executives who participated in the Chicago meeting when it was decided to ask Colonel Roosevelt to make the race for president, and United States Senator Crawford.

ROOSEVELT SPEAKS IN IDAHO

Colonel Stops at Boise, Blackfoot and Pocatello.

BLACKFOOT, Idaho, Sept. 12.—A group of Blackfoot Indians wearing their traditional garments welcomed Colonel Roosevelt today. The colonel arrived in Blackfoot after an all night ride from Boise and spent two hours here. He
