NOT AGAIN ON HOODOO DAY

South Omaha Sports Suffer as Result of Combination.

FRIDAY THE THIRTEENTH BAD

Fish Shy, Ducks Hide, Autos Break Down and All Manner of Mishaps Overtake the Nimrods.

Friday the thirteenth. Those who say it is not unlucky have only to mention the fact to the party of South Omaha sportsmen who went hunting and fishing Thursday night east of Meadow, Neb., in automobiles. The trip to the lake was made without a mishap, but as soon as Thursday night departed and Friday the thirteenth was ushered in everything went wrong.

Wrecks on the Way Home.
Tired and disgusted with things in general the party started for home about 3 o'clock. In turning his car around Briggs backed into the lake and it took two automobiles and the entire party one hour to draw it up on the bank. Shortly after getting under way the car-buretor was put out of commission and Briggs had to run his machine into Papillon on low speed, where he left it in a repair shop. John King lost control of his car a short way out of Papillon and for several miles it went from one side of the road to the other to the extreme fright and danger of the occupants.

Odd Fellows to Have Monster Picnic at Florence Park

One of the monster picnics of the season will be the Odd Fellows' outing this afternoon and evening at the city park in Florence. Including wives, families and friends of the lodge members, between 3,000 and 4,000 are expected to be on hand for a good time. Special delegations from Blair, Tekamah, Papillon and nearby points in Iowa will come. Extra street car service will be furnished from Omaha to Florence during the afternoon and evening.

Governor Aldrich will be on hand and deliver an address on "Why We Are Brothers." Other speakers will be Congressman Norris, Judge Loomis of Fremont, Judge Sutton of Omaha, Senator Hitchcock, W. A. Yoder, J. H. Sinclair and R. H. Olmsted.

County Fair Will Be on Carnival Grounds

The Douglas County Fair association will have its display of Douglas county exhibits on the carnival grounds during Ak-Sar-Ben again this year. The premium list has been made up and the association is pushing for entries. The county exhibit has been steadily growing ever since it has been granted space on the King's Highway, and this year the association asked for more space than the exhibits ever occupied before, but Samson was unable to grant more than it had last year. The county fair will occupy both sides of Douglas street from Nineteenth to Twentieth streets.

Trimming Streets for Ak-Sar-Ben Display

The decoration of the city for the Ak-Sar-Ben festivities will include flags, bunting and Ak-Sar-Ben colors strung from the iron trolley poles of the street car company toward the center of the street. Permission has just been obtained from the street car company to use the poles for this purpose. The street decorations will run from the depot up Tenth street to Farnam, thence west on Farnam to a few blocks west of Sixteenth. Fourth, Fifteenth and Sixteenth streets will also be decorated north and south along the principal business districts of the city.

Innocent Foreigner Suing for Damages

Pleading that he is a childlike and innocent foreigner and was imposed upon by the American Smelting and Refining company, Joseph Candiano has started suit against the company for \$25,000 damages for personal injuries in district court. Candiano asserts he was ordered to lift a 300-pound box of metal and, being an illiterate foreigner of childlike and innocent disposition, he did so. He did not know it was too much for a man to lift. The strain permanently injured him, he says.

CHIEF DONAHUE'S BODY IS CONSIGNED TO GRAVE

SUIT OVER COUNTY BUILDING

Counsel for Bonding Company Predicts Contractors Will Act.

BONDSMEN WILL HELP SETTLE

Fidelity and Deposit Company of Maryland Anxious to Have Financial and Other Differences Adjusted.

Suit to restrain Douglas county from taking possession of the new county building until the differences of the county and the general contractors, Caldwell & Drake, are adjusted probably will be instituted within a few days, according to J. A. C. Kennedy of Mahoney & Kennedy, counsel for the Fidelity and Deposit company of Maryland, surety for the contractors.

Unskilled burglars entered the apartments of Miss M. Ahlden, 384 Farnam street, who was entertaining a number of girl friends, and stole nearly \$100 worth of jewelry some time yesterday afternoon.

LONE FOOTPAD HOLDS UP AL THRESHER ON STREET

Al Thresher, 240 Lincoln avenue, was held up last night at 11:15 o'clock at Twenty-eighth and Leavenworth streets, by a solitary footpad, who enforced his demand with a revolver. Thresher was relieved of \$7 and allowed to proceed.

Pineapple Pie.

Beat one cupful of sugar and one quarter cupful of butter to a cream, add three eggs, beaten separately, a good sized pineapple grated fine and a cupful of sweet cream. Bake carefully half an hour.

Blaque of Clams.

Chop two cupfuls of clams and cook in two cupfuls chicken stock for thirty minutes. Melt three tablespoonfuls butter, add two tablespoonfuls chopped onions, cook five minutes, add four tablespoonfuls flour, strained clam liquor, cook eight minutes; add salt, pepper, red pepper, one teaspoonful Worcestershire sauce, two cupfuls hot cream, and serve.

Browned Potatoes.

A nice way to serve cold mashed potatoes is to pack them solid in a square bread pan, then slice like cold mush; lay on a buttered tin, brush with the beaten yolk of an egg and brown lightly in the oven.

GRAY HAIR

Wonderful Method—Your Hair Can Be Darkened and Kept So.

NO COMMON DYES

Gray hair is believed by most people to be evidence of weakening in physical and mental power. They think the loss of vitality in the hair proves a general falling in strength.

Those who have gray hair and who must rely upon employers or others are often compelled to fight this prejudice. It is particularly hard for the man with gray hair who has been thrown upon his own resources by business failure or mercantile changes and who must seek a new position.

Gray-haired People Not Wanted

The gray-haired person soon realizes that younger-looking men are chosen for positions, although he may know some thus selected who are really older than he is.

Among women, the one who possesses hair of the natural dark or dark-brown shade (rather than gray, white or bleached) meets with the highest favor. As a matter of fact, gray has nothing whatever to do with loss of physical or mental vitality. It is caused by a disorder of the pigmentary glands in the hair follicles, due to such causes as a shock, fever, wearing of heavy hats, neglect in caring for the hair, etc.

Only those can afford gray hair who are independent. All others ought to take the necessary means to restore the natural shade.

Restoration of Color

Scientists have been studying the problem for years, and at last the best treatment has been evolved, which has as its object not merely in restoring the hair to the natural shade of youthful days, but in developing a luxuriant, silky, strong, beautiful growth.

The hair roots and glands are reached as is accomplished by no other method, and the best possible results are obtained. The hair does not change its color in a few hours, as is the case with the worthless dyes, which not only make the hair appear ridiculous, but seriously damage it and hasten baldness. On the contrary, this new method causes the hair to darken gradually, so that the appearance is that of improving health and vigor.

Valuable Book Free

Once the true shade is attained, it is practically permanent, inasmuch as only occasional further slight applications will keep the hair in perfect condition, guaranteed up to the eighty-fifth year of age.

The cost of the new method is very small, and, as compared with the expense of frequently purchasing dyes, it is much cheaper. It is obtainable only from KOSKOTT LABORATORY. An illustrated, very interesting book, which tells how to improve and preserve the hair, will be sent absolutely free. No other book has ever told what you can learn by reading this. It has information about restoring the hair to natural color, overcoming baldness, lasting removal of dandruff, how to stop hair from falling out, etc.

This treatise is of value to men and women of all ages and gives information never before published. It will be sent postpaid in plain wrapper if you return Coupon below. Do not delay. Save your hair, grow new hair and restore the color. KOSKOTT LABORATORY, 1249 Broadway, 158 A, New York, N. Y.

PLANS FOR BIG CONVENTION

Nebraska Manufacturers' Meeting to Be Held on November 14.

ORGANIZE STATE ASSOCIATION

State Manufacturers to Come to Omaha This Fall for Purpose of Perfecting a Permanent Organization.

The convention of Nebraska manufacturers is to be held November 14. This has just been decided by the committee that was appointed by the Omaha Manufacturers' association to make arrangements for the call of the manufacturers of the state in a mass convention this fall for the purpose of organizing a state association.

The program for the convention is now being made up. The committee in charge of all arrangements is composed of David Cole, president of the Omaha Manufacturers' association; F. L. Ellick and John W. Towle. The committee was appointed by Vice President Sanborn of the Omaha organization. Whether the convention is to be in session one day or several days, where it will be held and other details, are yet to be worked out by the committee.

Letters will soon be sent out from the Commercial club to the manufacturers throughout the state asking them to attend this convention. A great number of letters have been received at the club rooms from manufacturers in every part of the state favoring the calling of such a convention. The personnel of the convention will be representative of every part of the state and representative of every line of manufacture.

Omaha Canoeists Reach St. Joseph

George Biermar, Kenneth Hatch, Ed Bierman and Ray Farrell, the four Omaha boys who started for St. Louis in a motorboat, have reached St. Joseph. They wrote Louis Blendorff from there yesterday, saying that they are having the time of their lives. They are leisurely making the trip, living on the fat of the land, stopping when they feel like it and making trips out into the country, shooting game, eating fruit and drinking real milk.

Six Doctors to Get Five Dollars an Hour as School Inspectors

Superintendent E. U. Graff will name six physicians within the next five days to make medical inspection of pupils in city schools when contagious diseases threaten.

President Holovitchner of the Board of Education and the members of the board instructed the superintendent last year to appoint physicians for this purpose, giving him full power. While regular medical inspection in the schools cannot be had, the Board of Education and superintendent approximate it by employing physicians to make inspections that might prevent a contagion.

The doctors so employed are to be paid at the rate of \$5 an hour. Formerly the city health commissioner was superintendent of medical inspection in the schools, but the Board of Education has divested him of that power.

UNION PACIFIC PUTS TWO NEW TRAINS INTO SERVICE

Passenger traffic on the east end of the Union Pacific has increased to such an extent that the company has found it necessary to put on two new trains each way. The new service will become effective not later than October 1, and sooner if the schedules can be arranged.
