MR. HOSPE, with the managers and employees of his various departments, join in cordially inviting you to attend this reception. Come any time and stay as long as you like.

In the Victrola Dept.

This is the best time of the year to see a complete assortment of Victrolas. Our fall stock has just arrived, and if you are at all interested in a Victrola (and everyone is), you should take this opportunity to look them over.

Mr. Wm. Zitzman and assistants will demonstrate all day with the thousands of records at their disposal. There is no reason why you should not spend a delightful half hour in this department. This is a reception and you will not be the victim of over zealous salesmanship.

In the "Framers Craft Shop."

Mr. Lucius Pryor and the young ladies of the Art Department will show you more beautiful imported and domestic novelties than you ever dreamed could be seen in Omaha. Case after case of carefully selected Mezzotints, both imported and American Facsimiles, Water Cilors, Etchings, hand colored Photogravures, Wallace Nutting Colored Platinums, Burlington Proofs and pictures of every description. Don't fail to look around. Our fall stock has just arrived. This is no sale and we would prefer that you do not ask to buy anything on opening day.

Sheet Music Dept.

Our sheet music department is the largest of its kind in the entire west. You have, at your command, the best of every catalogue in the entire world.

In the Small Instrument Dept.

Our musical department is one of the best equipped in the United States, being in charge of Mr. Enst Zitzman, who in his long years of experience, has become an expert in this particular line. He will be pleased to examine any old or new violin, free of charge, and will give you his judgment regarding value, age and tone quality of the same. You will find a complete line of Band and Orchestra Instruments, representing the best manufacturers in America and Europe.

We also carry a complete line of strings for all instruments, and we have a reputation of selling only the very best Italian violin strings.

In the Piano Dept.

Mr. W. S. Zittle, of the piano department, wishes to see all of his patrons and friends at this reception. Bring your friends, get a souvenir, hear the music and celebrate with us. Without being urged to buy this will be an opportunity for all prospective buyers to see our display of fine new pianos, just from the factories.

Player Piano Dept.

Mr. Harry Ehrhart, of the Player department, is especially desirous to meet all the musicians and lovers of music. A selected program has been planned, including the much talked about combination—The Victrola accompanied by the Player Piano. The New Solo Apollo Player will also be exhibited.

Miss Isitt and Miss Tilton will serve at the punch bowl.

Call at the Sheet Music Department and receive a complementary copy of Laura Jean West's reverie for the piano.

You will hear the Violano Virtuoso Orchestra A. HOSPE CO. You will hear the "Welte" Player Piano

1513-1515 Douglas Street
