

Nothing Like Leather Well Put Together

Have you a boy who is hard on shoes? Most boys are—that's why our Balcony Shoe Department puts such stress on these boy-proof shoes—that's why we're so very particular to require the very best Velour calf and Box calf for the vamps and real oak hides for the soles; every pair would be good value at 25c to 50c more than our price.

Boys' Button Sizes 9 to 13 1/2... \$2.00 to \$3.00 or Bluchers Sizes 1 to 2... \$2.50 to \$3.50

MISSES' VICI KID with patent tips, velour calf with tip toe, tan calf and patents in new Fall models, medium or high cuts— Sizes 8 1/2 to 10 1/2... \$2.25 to \$3.00 Sizes 11 to 2... \$2.75 to \$3.50

Little Women's Shoes with medium heels for growing girls; tan calf, velour calf, patents and suedes; sizes 2 1/2 to 7, at \$3.00, \$3.50 and \$4.00.

Expert shoe fitters at your service.

THE YOUNG PEOPLE'S OWN STORE BENSON & THORNE 1518-20 FARNAM STREET.

FRATERNAL DELEGATES MEET

Iowa Orders Send Representatives to Des Moines.

ROBBERS BLOW OPEN SAFE

Postoffice at St. Charles Entered and Over Two Hundred Dollars in Money Stolen, Crackmen Escaping.

(From a Staff Correspondent.) DES MOINES, Sept. 16.—(Special.)—A large number of representatives of fraternal orders arrived in the city this evening to attend the annual Iowa Fraternal congress to be held here this week.

Robbers Enter Postoffice. Robbers last night blew open the safe in the postoffice at St. Charles, a short distance south of here, securing \$213 in money and stamps. They then robbed the drug store of cigars and stole a hand-car and left for the south. They were traced as far as Osceola, where the left the handcar and probably took a freight train on the main line of the Burlington.

Baldwin Objects to Report. It developed today that the report of the state commission on workmen's compensation and employers' liability, which is soon to be filed with the governor, will not be signed by all the members, as W. W. Baldwin, for many years a high official of the Burlington railroad, has refused to agree with other members to the majority report.

Brandeis Stores Fall Opening

Presenting Our Own Importations of Women's Apparel

Original creations from Foreign Designers that show the correct style tendencies now coming into vogue in Paris and London.

The demand for women's dresses and costumes that will serve a practical purpose has been more pronounced than ever this season. Among the more elaborate garments from our Paris buyer are many adapted for the Ak-Sar-Ben Ball and similar brilliant functions.

These foreign made gowns are so designed that we will be able to adapt them to practically any size figure without altering the graceful lines or the harmony of the garment. Selections may be made during this opening display.

MOB FIRES ON AMERICANS

Attempt Made to Kill Sailors at Bluefields, Nicaragua.

SITUATION BECOMES CRITICAL

Celebration of Independence Day is Turned Into Anti-American Demonstration — Marines Are Patrolling Streets.

BLUEFIELDS, Nicaragua, Sept. 16.—American sailors from the gunboat Tacoma were fired upon in the streets here last night during an anti-American demonstration incident to the celebration of the anniversary of Central American independence. A mob of excited Nicaraguans was formed immediately and for a moment bloodshed was threatened.

Prompt action by Lieutenant Lowell, in command of the landing force of sixty marines, undoubtedly prevented more serious results. He rushed the marines to the scene of the trouble and dispersed the mob.

Sailors Were Not Hurt. The entire force of Americans patrolled the streets of the city throughout the night and prevented the assembling of natives in groups. The sailors were not hurt.

Quiet prevailed here today, but it is realized that the situation remains critical. A strong anti-American feeling exists and the action of the mob last night did not come altogether unexpectedly.

Articles denunciatory of Americans have appeared in the local newspapers.

THEOLOGICAL SEMINARY READY TO RESUME WORK

Tomorrow is opening day at the Presbyterian theological seminary. The exercises will begin at 9 o'clock with a chapel service. During the forenoon new students will be matriculated and class work will be assigned.

In the afternoon at 2 o'clock a popular service will be held, at which an address will be delivered by Rev. Joseph J. Lampe, D. D., on "Ministerial Education For Present Day Needs."

The building, especially the library, will be open to visitors both forenoon and afternoon.

Display of New Goods

Draws Great Crowds to Brandeis Stores

Spurred on by the cool weather and by the anticipation of viewing all the latest fall styles, many women were on hand at the Brandeis stores yesterday morning. The place was filled from top floor to basement with an eager host of buyers and those who came to look.

The military display and the collection of ready-to-wear importations were the most attractive to most of the women. The gowns brought here from across the ocean are not only richly beautiful in themselves, but are enhanced by being placed on models set beneath oriental canopies copied from those which sheltered the rulers of Great Britain at the Durbar in Delhi.

The hats this season are so shaped that men may once again see at least a portion of the faces of the gentler sex. The large dress shapes roll up at one side, with the brim sloping downward toward the back on the other side. Small hats are trimmed from the center of the crown up instead of from the brim as in last season's models. The favorite trimmings are heron, paradise and ostrich plumes.

DEATH RECORD.

Raphael Guido Rombauer. KIRKSVILLE, Mo., Sept. 16.—Raphael Guido Rombauer, a major of artillery attached to General Grant's staff throughout the civil war and one of the best known mine owners in Missouri, is dead at his home here.

How The Body Kills Germs.

Germs that get into the body are killed in two ways—by the white corpuscles of the blood, and by a germ-killing substance that is in the blood. Just what this substance is, we do not know. The blood of a healthy person always has some germ-killing substance in it to ward off the attack of disease. The fountain head of life is the stomach. A man who has a weak and impaired stomach and who does not properly digest his food will soon find that his blood has become weak and impoverished, and that his whole body is improperly and insufficiently nourished.

"My husband was a sufferer from stomach trouble and impure blood," writes Mrs. JAMES H. MARTIN, of Frankfort, Ky. "He had a sore on his face that would form a scab which would dry and drop off in about a month, then another would immediately form. It continued this way for a long time. He tried every remedy that any one would suggest but found no relief. He then tried Dr. Pierce's Golden Medical Discovery which completely cured him. He has stayed cured now for two years, and I recommend this valuable medicine for impurities of the blood."

Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules.

Men Accused of Larceny.

LOGAN, Ia., Sept. 16.—(Special.)—Indicted for larceny, in jail here and awaiting trial, with the district court of Harrison county in session, are among the serious conditions now confronting Joseph Moore, George Russell and Charles Wrinkle, charged with larceny.

Three Men Are Still Missing

CHICAGO, Sept. 16.—Three more bodies were recovered from Lake Michigan near Lake Bluff today, bringing up to eight the list of known dead in the accident yesterday when a thirty-six-foot cutter, containing twenty-four recruits of the United States naval training station, overturned while the party was out sailing.

Magnolia Gets Meeting.

LOGAN, Ia., Sept. 16.—(Special.)—Latter Day Saints' campmeeting closes at Magnolia this evening. At the business meeting yesterday afternoon it was decided to hold the reunion at Magnolia next year. The citizens of Magnolia were voted a resolution of thanks for their co-operation in making the meetings a success. Resolutions were also passed thanking Joseph Smith, president of the church, for his kindly greetings and expressed a hope that his life might be prolonged for continuous usefulness.

LENOX-Work on the new Burlington depot at Lenox started the last week.

The building will be of brick veneered with face brick and will be 6422.

CRESTON—The Prescott Angus printing plant has been sold by Edgar Booth to Earl Howard of Maryville, Mo., who has moved to Prescott and will take charge of the plant. Mr. Booth expects to locate at Elliott.

CRESTON—Miss Beatrice Armitage and Ralph Deralluff of this city were united in marriage Friday evening by Rev. George K. Kellogg, pastor of the Presbyterian church. Miss Armitage has been stenographer for her father, County Attorney Armitage, for the last four years.

CRESTON—The August term of district court closed Saturday afternoon. A. Ballinger, charged with assault and battery on his wife, pleaded guilty and was sentenced to one year in the reformatory at Anamosa. This was the limit the law allows for this offense. In sentencing him Judge Mack to him he thought it ought to be for forty years, but as the law only allowed one year he was getting off cheap.

CRESTON—J. M. Turner of this city has on exhibit in one of the business houses a stalk of corn twelve and one-half feet tall after being cut off four inches at the roots. The first ear is seven feet from the ground and measures seventeen inches in length. This stalk is one from a patch grown on a vacant lot in the city and Mr. Turner says the whole patch averages about the same height. The corn was planted after May 3.

Young Christian Men Out for New Members

Monday noon the thirty-five team captains and workers of the Young Men's Christian association lunched together at the association. Speeches were by J. T. Wachob, George F. Gilmore and C. G. Wallace. It looks as if the 500 mark for new members were too small a figure as 150 names are already on the list with five full working days remaining.

The plan of the workers has been to issue ten-day ticket, complimentary to prospective members which entitled the prospective to full privileges during the time of this campaign.

Considerable competition has been aroused by H. C. Rosacker's team guaranteeing to bring in more than its full quota of fifty members. The three teams of the physical department or 30 per cent of the workers have brought in 80 per cent of the member and claim they will maintain this record throughout the contest.

The ranking of the teams according to the number of members brought in is as follows: First, No. 1 H. C. Rosacker; second, No. 7, O. G. Franke; third, No. 2, E. T. Ireland.

BUZZINGS

W. H. Bucholz, just made Nebraska's member of the council of the American Bankers' association, was in the banking business at Norfolk before he came to the Omaha National.

John M. Guild, who is the handy man for the Commercial club, learned to be a live one as secretary of the South Omaha Live Stock exchange.

Tom Fry will never be small fry whether retired from the fish business or not.

EIGHT SAILORS ARE DROWNED

Cutter Containing Recruits Upset by Gale Near Chicago.

THREE MEN ARE STILL MISSING

Chief Gunner's Mate Negus, Who Had Charge of the Party, Dies After Rescuing Several Men of Party.

CHICAGO, Sept. 16.—Three more bodies were recovered from Lake Michigan near Lake Bluff today, bringing up to eight the list of known dead in the accident yesterday when a thirty-six-foot cutter, containing twenty-four recruits of the United States naval training station, overturned while the party was out sailing.

Three other members of the party still are missing. Searching crews, under the command of the officers of the station, dragged the lake for the bodies.

Included in the bodies recovered today was that of Chief Gunner's Mate W. E. Negus, who died while heroically trying to save his companions. When the boat overturned Negus grabbed two of the recruits and started for the shore. He resurfaced one of them and went back into the water to assist others. In all, fourteen men either swam ashore or were rescued and Negus aided nearly every one of them.

He was distracted from grief because he was in charge of the boat.

About Thirty Men in Boat.

The boat has seats for sixty men and was about half full, though no account could be obtained tonight of the exact number who sat in. In an hour practically all the recruits were incapacitated by seasickness and in a squall that sprang up the heavy cutter became unmanageable. Negus, seeing the danger, attempted to anchor about 200 feet off shore. The hawser parted and in sight of several hundred residents of the fashionable lake shore colony all the lads were thrown into the water when the cutter rolled over.

Negus and a dozen of the apprentices came to shore by swimming or clinging to oars. Onlookers rushed into the water and aided the drowning men to safety, but when the dead and rescued were counted up at least five men were found to be missing.

Identified Dead.

The five identified dead are: R. C. HARLAN, 18 years old, Bloomington, Ind. L. L. SOUTHWORTH, 18 years old, Pittsburgh, Pa. J. WALLACE, 18 years old, Turner, Ind. W. N. ANTROBUS, 21 years old, Indianapolis, Ind.

J. A. PATTON, 22 years old, Stanton, O. Apprentices: Camilla, Winkler, Stanley, J. F. Jackson and Field, were missing last night though patrols from the naval station and volunteer parties of residents searched the beach for miles. Twelve men, including Negus, were taken to hospitals. Negus later disappeared and search was ordered for him by Commandant W. F. Fullam, of the training station as the man was semi-insane as a result of the tragedy for which he blamed himself, threatening to put an end to his life.

The only boat that put out to the aid of the cutter was a motor boat from the training station ordered sent by Commandant Fullam. It was swamped, but drifted ashore with all hands. Homes of the healthy residents of Lake Bluff were thrown open, hot blankets and restoratives provided and pulmonators sent from Chicago. The cutter after its hawser parted, braced to and rolled over among the breakers on the long shore bar. There was a heavy undertow and only a few of the boys could swim.

OMAHA IS SEEKING THE MEETING OF RETAILERS

Omaha is seeking the 1912 convention of the National Federation of Retail Merchants. Indianapolis and Omaha were trying for it, with the advantage somewhat in Indianapolis' favor. St. Louis has now entered the contest. Enough votes may be divided so that Omaha may win.

The convention is scheduled for November 13-12. Thirteen directors of the federation are to vote on the 1912 meeting place.

WESTERN POSTAL CLERKS WILL RECEIVE INCREASE

In the division comprising Nebraska, Colorado and Wyoming there is 300 railway mail clerks employed. It is estimated that they will receive an advance in salary of \$90 per year. The remaining 600 have not held their positions the time

required by the service in order to be given an increase.

Hospe to Keep Open House and Be the Real Host All Day

From 10 o'clock this morning to 10 tonight A. Hospe will keep open house at his store, 1513 Douglas street, in celebration of his thirty-eighth year in business in Omaha. The store, one of the prettiest and most interesting in Omaha, will be decorated throughout and visitors will have access to all three floors and the basement.

As additional attractions circus lemonade will be served and the guests will be entertained with selections from the most modern musical instruments—a few of which are real marvels of sound production and an extremely interesting innovation in Omaha.

Concerts will be given all day on a new violino virtuoso, an instrument combining the music of the violin with piano forte accompaniment. A Welte player piano is another entertaining feature to be in operation. This instrument is capable of reproducing on the piano the exact rendition of scores, played by the famous pianists, even affording the quality of "feeling" to be noted in the play of the masters. The "Minuet" by Faderewski will be a principal number on this instrument.

Something new in mechanical musical instrument concert will be the combination of player piano with singers on the Victor Victrola.

A. Hospe, who has been at the head of many progressive movements in Omaha and whose ability has shown itself through the growth of his business, will be the host during the day. Souvenirs will be given to the visitors.

JONES TELLS OF SALE TO HARVESTER TRUST

(Continued From First Page.) is to sell, so that the American company makes no money. "We aim to buy from the New Jersey company at the same price at which we would buy from any other company. But it is a fact that the American company has paid no dividends."

The defendants include George W. Perkins, Cyrus H. McCormick, Elbert H. Gary, president of the steel corporation; George F. Baker, Norman B. Ream, Charles Deering and Harold F. McCormick.

The filing of the suit was determined upon after the Department of Justice and the company had failed to agree to a plan to dissolve without litigation by dividing the corporation property among new companies, as was done in the tobacco corporation dissolution.

The government charges that the corporation by combining the five largest agricultural implement manufacturers in 1912 created a trust and monopolized at that time 35 to 50 per cent of the trade.

Methods of Sales Changed. Mr. Funk testified that prior to the combination of the large harvester companies in 1902 they all were active competitors. Upon the combination the general agencies of all the companies were turned over to the new organization, he said.

The products of the present company, Mr. Funk asserted, were sold to the farmers through jobbers in the Pacific coast states and through general agents in other states. All excepting the Pacific coast states, he said, were divided into five districts, the central district being northern Illinois, northern Indiana and eastern Iowa.

Key to the Situation—Bee Advertising. Earthquake at Granada. MADRID, Sept. 15.—An earthquake occurred today at Granada, in Andalusia. Several houses were damaged.

CIRCUIT COURT OF APPEALS REFUSES TO ACT IN KANSAS CASE

(Continued from First Page.)

acts of the Chicago convention in June. To those I would say—read the evidence in the California, the Texas and the Washington cases."

The Keokuk speech was made from a platform erected at the intersection of two of the principal streets. The address dwelt almost entirely with the republican national convention and the progressive platform.

Women Democrats of Illinois Meet. CHICAGO, Sept. 16.—Mrs. Ellen M. Hendon and Dr. Julia Holmes Smith, officers of the Women's Democratic league here, made plans today for meeting Mrs. J. Borden Harriman of New York tomorrow, who comes to Illinois to organize Wilson and Marshall clubs.

Mrs. Harriman will be given a luncheon by the Iroquois club tomorrow shortly after her arrival. Among the Illinois women who will meet Mrs. Harriman are Mrs. Adlai Stevenson of Bloomington and her daughters, Miss Letitia Stevenson and Mrs. Martin Hardin; Mrs. Jesse Palmer, Weber of Springfield, Mrs. Sara S. Bornemann and Mrs. Henry G. Solomon of Chicago.

Bryan After Taft and Roosevelt. GREELEY, Colo., Sept. 16.—In a speech here today William J. Bryan characterized President Taft as "The man who went into office with a million majority and who will go out by unanimous consent." He said Taft had failed utterly to reduce the tariff in keeping with campaign promises.

Mr. Bryan referred to Theodore Roosevelt as "The most dangerous man in the country. He criticized the actions of Roosevelt while president in permitting the absorption of the Tennessee Coal and Iron company by the United States Steel corporation. He declared the former president recognized the trusts as permanent institutions, free from competition, while he recognized competition as legitimate in all other lines of human endeavor.

Sherman Is Improving. GROVE BEACH, Conn., Sept. 16.—Vice President James S. Sherman is slowly recovering from his nervous breakdown, which some time ago, after advice of

his physicians, caused him to seek the seclusion of Grove Beach. The vice president expects, if he recovers sufficiently, to take part in the campaign this fall.

WOULD LIKE SOME NEBRASKA SUNSHINE UP IN CANADA

J. L. Kaley has returned from a trip north and reports that many of the great wheat fields in Saskatchewan and Manitoba are still green and doubtless will be injured by the early frosts, as they were last year. On account of almost daily rains in these provinces for the last three weeks, farmers have not been able to thresh their out grain and much of it is growing in the shock. A little Nebraska sunshine would be very greatly appreciated just now by the Canadian farmer.

YOUNG MOTHERS

No young woman, in the joy of coming motherhood, should neglect to prepare her system for the physical ordeal she is to undergo. The health of both herself and the coming child depends largely upon the care she bestows upon herself during the waiting months. Mother's Friend prepares the expectant mother's system for the coming event, and its use makes her comfortable during all the term. It works with and for nature, and by gradually expanding all tissues, muscles and tendons, involved, and keeping the breasts in good condition, brings the woman to the crisis in splendid physical condition. The baby, too, is more apt to be perfect and strong where the mother has thus prepared herself for nature's supreme function. No better advice could be given a young expectant mother than that she use Mother's Friend; it is a medicine that has proven its value in thousands of cases. Mother's Friend is sold at drug stores. Write for free book for expectant mothers which contains much valuable information, and many suggestions of a helpful nature. BRADFORD REGULATOR CO., Atlanta, Ga.

Not Salts and Pills, "Cascarets"

If Constipated, Bilious, Headachy, Stomach Sour, get a 10 cent box of Cascarets—take one tonight.

You men and women who can't get feeling right—who have headache, coated tongue, foul taste and foul breath, dizziness, can't sleep, are bilious, nervous and upset, bothered with a sick, gassy, disordered stomach, or have back-ache and feel worn out. Are you keeping your bowels clean with Cascarets, or merely forcing a passage every few days with salts, cathartic pills or castor oil? This is important.

Cascarets work while you sleep, cleanse and regulate the stomach, remove the sour, undigested and fermenting food and foul gases; take the excess bile from the liver and carry out of the system all the constipated waste matter and poisons in the intestines and bowels. A Cascaret tonight will straighten you out by morning—a 10-cent box from any drug store will keep your stomach sweet; liver and bowels regular and head clear for months. Don't forget the children. They love Cascarets because they taste good—do good—never grip or sicken.

CATARRH MISERIES ENDED FOREVER BY SIMPLE REMEDY

The quickest, best and safest way to cure catarrh or a cold in the head is by using a remedy that will "touch the spot" and do its work quickly without leaving any bad effects. Ely's Cream Balm, which is applied to the nostrils or rubbed on the throat or chest gets right at the root of the trouble and instantly relieves even the worst case of catarrh or cold. A few minutes after applied you can feel a loosening up in the head, the pain and soreness are gone, the sense of taste, smell and hearing come back, and you feel like a different person.

Ely's Cream Balm cleanses, heals and strengthens the inflamed membranes, takes away that stuffed up feeling and dull pain in the head, relieves the throat soreness and stops the nasty discharge which is the cause of the disgusting hacking, spitting, blowing of the nose, and foul breath. Hay fever victims who are made miserable by fits of sneezing, coughing and wheezing get instant and permanent relief by the use of this simple remedy.

Don't suffer another minute. Ely's Cream Balm will relieve you immediately, and a 60-cent bottle will more than likely work a complete cure. All druggists sell it.

A Cure From The Forest

Nature in her wisdom and beneficence has provided, in her great vegetable laboratory, the forest, a cure for most of the ills and ailments of humanity. Work and study have perfected the compounding of these botanical medicines and placed them at our disposal. We rely upon them first because of their ability in curing disease, and next because we can use them with the confidence that such remedies do not injure the system. Among the best of these remedies from the forest is S. S. S., a medicine made entirely of roots, herbs and bark. It does not contain a particle of harmful mineral. S. S. S. cures Rheumatism, Catarrh, Sores and Ulcers, Scrofula, Malaria, Skin Diseases, Contagious Blood Poison and all other diseases dependent on impure blood. As a tonic S. S. S. builds up the system by supplying a sufficient amount of vigor and nourishment to the body. S. S. S. always cures without leaving any unpleasant or injurious effects. Book on the blood and any medical advice free. THE SWIFT SPECIFIC CO., ATLANTA, GA.

Old Age

RESS AND HEALTH TO MOTHER AND CHILD. Mrs. WINSLOW'S SOOTHING SYRUP has been used for over SIXTY YEARS by MILLIONS OF MOTHERS for their CHILDREN WHEN TRUETHING WITH PERFECT SUCCESS. IT SOOTHES THE CHILD, SOFTENS THE GUMS, ALLAYS ALL PAIN; CURES WIND COLIC, and is the best remedy for DIARRHEA. It is absolutely HERMATIC.
