Butler to Report on Subway Tax—Commissioner Butler of the department of city finances and accounts will report on the conferences held between commissioners and business men over the subway tax ordinance next Monday. Treasurer Ure Moving—Treasurer Ure is moving the steel fixtures of his office into the new court house. He will occupy the northeast room on the first floor. He expects to be one of the last officials to locate in the new building, although work of moving will be kept up gradually until all furniture in his office in the city hall is transferred. It is probable that Water board will occupy the offices now used in the city hall by the treasurer, a request for the use of them having been made of the council. Bell Directory Growing—Forty-three thousand Bell telephone directories will be printed for the issue of October 1 in Omaha. Hitherto the company has never printed over 40,000 at a single issue. The passing out of existence of the Independent telephone in Omaha and suburbs has increased the demand for the Bell and in the last month alone 700 new Bell phones have been installed in Omaha, South Omaha and the suburbs. The telephone development in Omaha is said to be second in the United States and that, of course, means second in the world. That is, with the exception of San Francisco Omaha has more telephone permits than any other city. Omaha has one telephone to every five persons. New York City has one telephone to every twelve inhabitants; Chicago for every eight; San Francisco for every four and eight-tenths.

Culls from the Wire

Frank Stebold, 35 years old, publisher of a weekly newspaper in St. Louis, is under arrest at Chicago on a charge of bigamy. Thrilling exhibitions of flying in a treacherous wind, which swept across the Chicago field at the rate of thirty-five miles an hour, proved amusement for several thousand persons at the aviation meet yesterday.

STENOS MAY CATCH COLD

County's Girl Employes Suffering in Unheated Old Court House. MAY JOIN MISS ANNABEL LEE Poor Girl Who Lies in Tomb by the Sounding Sea May Have Company Unless Protection from Cold Comes. Everyone who is familiar with the writings of Edgar Allan Poe remembers the sad fate of "the beautiful Annabel Lee." Omaha people will regret to learn that the girl stenographers and clerks in the old Douglas county court house are in dire danger of coming to a similar end. It was "darn chilly" in the building today, as one of the stenographers remarked. The old heating plant has been removed, it having been thought that the county would be housed in the new county building before more cold weather should come.

Annabel is Beautiful. "As the poem narrates, Annabel Lee was beautiful. She was a perfectly delightful girl and quite accomplished; played the piano, sang a little, and could take a hand at bridge. She was quite a little embroiderer, too—let me pour you some more tea, that's all cold.—Well, as I was saying, you wouldn't want to meet a nicer girl than Miss Lee. Her health was never the best. As a little girl she never was strong. The poem says she and Poe, or whoever it was loved with a love that was stronger than that of many far older and wiser than they were. Miss Lee's lack of wisdom was her undoing. It seems that she went out one night without a wrap or with too light a wrap or thin-soled shoes and it was quite windy. She got in the chill wind and caught her death of cold and the next thing she knew she was down with pneumonia.

Swoop Down on Her. According to the poem a flock of "wing-ed" seraphs swooped down from heaven and bore her away. The fact is, though, she died. Poor Miss Lee. It was a shame that she had to die. Now "the moon never beams without bringing home dreams of the beautiful Annabel Lee," but, while a dream is nice enough in its way, hang it all, it won't get up in the morning.

start the fires and fix the eggs and toast. "Truth all the night tide," he states, he lies down by the side of Miss Lee "in her tomb by the sounding sea." This is not the writer's notion of any good place to lie down, as the sounding sea might keep a person awake all night and he wouldn't be fit for work the next day; but it was Poe's idea of paradise just then and as long as he was satisfied who else has any right to kick. He made his tomb and he was willing to sleep in it.

Annabel Lee's Tomb. Well, if they don't get into the new building pretty soon, or a temporary heating plant isn't put in the old or the weather doesn't moderate all the dolls in the county's employ will be crowding into the Annabel Lee tomb until no one can lie there and the s. r. o. sign will have to be hung out. The county Remington brigade shivered around all morning and even after they donned their coats they were chilly.

Senator Hitchcock Home from the East

Senator Gilbert M. Hitchcock is again in our midst, having returned with Mrs. Hitchcock from New England, where they have put in the time since the adjournment of congress. The senator seems to look a little thinner than usual, but says he is enjoying good health, and is gratified to see things looking so bright on his home-coming. Senator Hitchcock delivered three speeches on behalf of the democratic candidates in the Maine campaign, and expects to enter actively into the campaign in Nebraska.

It will be his first speech following the November election.

HER ATTORNEY A HUMORIST

Facetiously Worded Petition Filed in County Court by J. E. Rait. CASHIER SUES ROME MILLER

Hated to Disturb the Tranquil Equanimity of the Blind Goddess, but Insists She Wants Her \$17.58. When Miss Florence Cogeshall, formerly a cashier and bookkeeper at the Millard hotel, called upon J. E. Rait and told him her troubles the attorney was suffering with what is known as a "funny streak." It seems that Miss Cogeshall had had some financial differences with Rome Miller, proprietor of the hostelry. She wanted a suit started.

The result of the girl's desire to sue and attorney's disposition to be facetious is the following petition, filed in county court today: "This plaintiff is reluctant to disturb the tranquil equanimity of the blind goddess, but finds it necessary to complain of the defendant, Rome Miller, for that plaintiff was engaged in his service as bookkeeper and cashier at the Millard hotel from August 15, 1912 to September 3, 1912, and rendered service to him in that capacity of the reasonable value of \$22.58, of which \$17.58 remains unpaid, and which amount the defendant with perverse inexplicable obstinacy refuses to pay."

A jury trial is asked by Miss Cogeshall.

Wants Water Board to Buy Judgments

The city council is considering a proposition submitted by City Treasurer Ure that the water board invest a part of its \$300,000 now on hand in hydrant rental judgments which are held against the city in the sum of \$200,000. Mr. Ure says that this will stop an interest of 7 per cent that these judgments are now drawing, whereas the money on hand in the water works fund is drawing but 2 1/2 per cent. The city has \$300,000 in the street im-

provement fund that could be used for this purpose, but other warrants are being taken up and paid for out of this fund, so that it fluctuates.

Fanning Takes Bid from Ford Paving

At a meeting of the city council the contract for paving paving district 170 was let to C. E. Fanning and taken from the Ford Paving company. The action was in opposition to the report of the city engineering department which said the Ford people were lowest bidders.

The vote on the proposition stood: For—Dahlman, Butler, Withnell and Hummel; against—McGovern and Kugel.

What Women Want to Know

By Mrs. D. M. O'Neil. "Superfluous hairs on face or forearms can be instantly and painlessly removed by a single application of a paste made by mixing delatone and water. Cover the hairs with the paste, leave on two minutes, wipe off, wash the surface in warm water and the hairs are gone. "Fenciling the eyebrows is unsatisfactory and unnecessary. To make them grow darker and thicker, gently massage with pyroxin. If applied to the lash roots with the finger tips, the lashes will grow long and silken. "Japanese women never have hair on the face or suffer from sunburn or freckles. They seldom use face powder, but rely almost solely upon a lotion made by dissolving a package of mayatone in a half-pint of witch hazel. Applied in the morning, this 'holds' all day and keeps the skin soft, smooth and satiny. "Too much moisture causes the hair to lose color, become dry and brittle and fall out. Dry shampooing invigorates the roots. Mix four ounces of orris root with a package of therox. Sprinkle a little of the mixture on the head, brush out, and the hair will be clean, sweet, fluffy, lustrous and easy to do up."—Adv.

THE BEEHIVE SOCIETY

By MELLIFICIA. Sept. 16, 1912.

APPENDICITIS is becoming more and more fashionable. At present there are four young society women down with this universal though not very dangerous ailment. Miss Elizabeth Davis, the reigning queen of Ak-Sar-Ben, is the latest to succumb. She was taken this morning to Clarkson hospital to be operated on. Miss Frances Wessels is also in Clarkson hospital recuperating from an operation for appendicitis. She was taken ill while in Paris this summer, but delayed the operation until her return home. Miss Mary Alice Rogers recently underwent an operation at St. Catherine's hospital, but is now convalescing. Miss Ine McConnell, daughter of Mr. and Mrs. A. B. McConnell, is also convalescing from appendicitis at her home on West Farnam street.

Although it must be rather discouraging to these society girls to be out of the social whirl, even temporarily, still they have not been forgotten. Their popularity has increased, if anything. It is said that the number of inquiries, notes and flowers which these young women have received would be almost too much for the nervous system of any perfectly well girl.

To Wed in Rome. Omaha friends of Miss Helen Jeannette Runyan, formerly of Council Bluffs, have received the announcement of her engagement to Mr. Ralph Steele Shepardson of Aurora, Ill.

Miss Runyan has many friends in Omaha, having attended Brownell Hall before going to Vassar, where she graduated two years ago. Her parents, Mr. and Mrs. G. W. Runyan have moved to Los Angeles, Cal.
