Winter in Colorado-Vice President Parker of the Colorado & Southern is in town from Denver. When he left home Monday Colorado was having its first real touch of winter. There was snow on the street of Denver and the mountains covered with new snow. Mr. Parker does not think that fruit has been materially injured by the cold. Down in the Gunnison valley, the peach section of the state, the weather was much warmer than in the foothills and on the plains.

John A. Swanson Dies in Denver

John A. Swanson, member of the firm of King-Swanson company, died suddenly Monday night at Denver. His sister, Miss Mary Swanson, was the only relative at his bedside when he died. Mr. Swanson has been in Colorado for some months in an endeavor to benefit his health. Although intimate members of the family realized that Mr. Swanson's recovery was hopeless, his death was not immediately expected.

IT TAKES more than a sprained wrist to keep a bridge enthusiast from her favorite game.

One of the best bridge and auction-bridge players of Omaha is Miss Helen Davis who last week sprained her wrist when her skirt caught in the brake of her automobile and she fell.

Although Miss Davis carries her arm in a sling, she is accepting bridge invitations, for she has ingeniously figured out a way to play with one hand. When Miss Davis starts for a bridge party, she carries with her a "dummy" bridge set, this includes a rack for the dummy hand, and on this rack her cards are placed. Of course she does not shuffle or deal the cards, but any one can do that for her.

Monday afternoon, Miss Davis was one of the guests at the bridge party given by Mrs. Barton Millard, and today she attended the informal bridge afternoon given by Mrs. Louis S. Clarke for Miss Marguerite Schneider and Miss Clara Schneider.

At the Field Club.

Roosevelt Sentiment in Nebraska Wanes Since Convention.

REPORTS TO WILSON LEAGUE

Democrats Make Estimate of Conditions Prevailing in State and Show the Third-Termers Going Back.

Out of forty-nine letters received here by the Woodrow Wilson league from members of the league living in all parts of the state, thirty-eight said the Roosevelt support is diminishing in their community. Among a long list of questions asked by the league in the circular sent to all its members in the state appeared the question, "Has the Roosevelt support increased or diminished since his Chicago convention?" Three of the letters received showed an increase, thirty-eight a decrease, seven no difference and one undecided.

This shows that 77 per cent of the localities from which replies are received the members estimated a decided loss for Roosevelt since his convention. An unchanged condition of Roosevelt sentiment was estimated by 14.3 per cent of the localities into which inquiries were sent. Only 4.1 per cent of the members estimated that in their community Roosevelt sentiment had grown since the Roosevelt convention.

Many of those who announced a decrease in the colonel's strength in their community emphasized their statement by saying the decrease amounted to 25 per cent. Others said it was 10 per cent. Still others calculating more closely estimated the decrease at 3 per cent. The letters come from men who are in touch with the political situation in their community. These members were asked by the league to make their very best estimate on the situation in answering the questions put to them, as the information was to govern the activities of the Woodrow Wilson League in the various localities during the fall campaign.

"Sentiment in Iowa that was once Roosevelt sentiment is either no longer such or it does not express itself so loudly," said P. A. Barrett of South Omaha, having just returned from an extensive trip over Iowa. "The Roosevelt people when asked about their politics begin rather half-heartedly by saying, 'I was for Roosevelt.' " "They are all talking in a lower tone than they were and they will talk lower yet."

Rube Wrestlers to Appear at Carnival

H. G. Counsman and H. R. Johanson, who were the feature of the Ak-Sar-Ben circus, have signed a contract to stage a daily exhibition of their act on the carnival grounds. These men, who are known as the "Teddy Brothers, Rube Wrestlers," were a delight to every audience at the den during the last season. They wrestle habitually in rube fashion and the act often has been commented upon as better than anything of the kind ever seen on the professional stage. They will give free exhibitions on the carnival grounds that those ineligible to join the Knights of Ak-Sar-Ben may see their laughable contortions.

Oh, My! What an Awakening After a Glorious Vacation!

The Almost Anybody family hopped off the train two days before the end of their vacation. They had a good time over at Lake Annyplace, and they just knew that the time-tried servant and the good yard man would keep the place in order.

"Visions of a nicely kept lawn and repaired swing occupied Mr. Anybody's mind during the ride home on the street car. Mrs. Anybody was thinking about cleanly scrubbed floors, a well fed canary, a sleek and docile cat and a spick and span home.

But the awakening! Oh, that awakening! A regular crop of exclusive weeds replaced the finely mowed grass. No longer did the shrill chirp of Dickey bird entertain the neighborhood, for Dickey bird long ago gave up the ghost via the cat.

Two Valuable Recipes for the Hair and Skin

Washing the head with soap results in discolored, "stringy" hair and a scalp that is dry and scaly or uncleanly oily. Shampooing with cantrox soon corrects the condition that causes this, and a teaspoonful dissolved in a cup hot water is simple for the thickest head of hair. Cantrox is soothing and invigorating and not alone cleanses thoroughly and completely but stimulates the hair-roots to healthy activity. Hair shampooed with cantrox is always soft, fluffy, lustrous and of a rich, even color.

STOCK YARDS RATES RAISED

Water Board Decides on Eight Cents Per Thousand Feet for Packers.

INCREASE DATES FROM JULY 1

Representative of the Stock Yards Interests Enter Protest for Second Time, but Are Overruled by the Board.

Rates for water furnished the South Omaha stock yards and packing houses was definitely fixed at 8 cents per 1,000 gallons instead of 4 1/2 cents by the Water board at a meeting Monday afternoon.

This increase dates from July 1. The increase was announced several weeks ago and an opportunity given the packing houses to protest. Representatives of the stock yards interests protested for a second time yesterday.

According to the present rate of consumption, this increase will mean an additional revenue of \$10,000 for the Water board, the South Omaha industries consuming nearly a third of the water pumped by the Minne-Lusa station.

For more than two hours the packers argued with the board against the increase, but at the conclusion of the arguments the increase was authorized by a vote of four to one. Barlow, Howell, Sherman and Healey voted for the raise and O'Brien cast the only negative vote. Condon was absent. Sherman and Healey declared they would favor a reduction if the rate after trial proved unreasonable.

The Packers' Argument. Packing house interests argued that they ought to be furnished water at the actual cost of the service to them, a reasonable profit being added. They did not believe they ought to pay their share of the cost of maintaining and operating the entire plant.

Commissioner Howell said the average cost of delivering water to consumers is 9.46 cents per 1,000 gallons. Deducting from this the hydrant rentals and receipts from other sources the net cost of delivery is 8 cents per 1,000 gallons.

The water commissioner produced figures to show that the average additional cost per animal slaughtered in South Omaha would be 1/4 of a cent, the total cost for each animal under the new rate being 1 1/4 cents. He also produced the report of three consulting engineers hired by the water board. They reported that 8 cents is the lowest possible rate at which water can be delivered without a loss to the plant.

Selby Produces Figures. W. L. Selby, spokesman for the packers, produced figures of his own in which he showed that the actual net cost of delivering water to South Omaha is 8.6 cents per 1,000 gallons, and therefore maintained that a rate of 5 cents per

1,000 gallons would be lucrative. Even at 4 1/2 cents, he said, the water board would derive a profit of \$23,668.78. A rate of 6 cents would produce a profit of \$23,695.23, he said.

Mr. Howell said the new rate to the South Omaha interest would mean an earlier reduction in the rates of water furnished the small consumers, who are now charged 35 cents per 1,000 gallons. General Manager Buckingham of the Stock yards said the new rate would not force South Omaha packing houses to close up, but would result in an increased killing business at Sioux City and St. Joseph, where the rates are less than half the new rate put in force by the water board for South Omaha.

OLD BARRETT ESTATE IS SOLD TO JOHN SCHUMANN

The old Barrett estate, eighty acres of farm land southeast of Elk City, has been sold to John Schumann of Gretna for \$8,500. The farm has been held by Barrett estate for fifty years. It was unimproved, but despite that fact sold at more than \$100 an acre. The sale was negotiated by the Byron Reed company.

Are You FAT?

I Was ONCE. I Reduced MYSELF

I was Fat, Uncomfortable, Looked Old, Felt Miserable, suffered with Rheumatism, Asthma, Nourishment. When I worked or walked, I puffed like a Turkey. I took every advanced medicine I could find. I Starved, sweated, exercised, Doctored and changed climate, but I ruined my digestion, felt like an invalid, lost steadily, lost weight. There was not a single plan or drug that I heard of that I did not try. I failed to reduce my weight. I dropped society, as I did not care to be the butt of all the jokes. It was embarrassing to have my friends tell me I was getting stout, as no one knew it better than myself.

SOMETHING HAD TO BE DONE I began to study the cause of FAT. When I discovered the cause I found the remedy. The French Method gave me an insight. I improved on that. Removed the objectionable features, added more pleasant ones, and then I tried it on myself for a week. It worked like magic. I could have

EXERCISED WITH JOY at the end of the first week when the scales told me I had lost ten pounds by my simple, easy, harmless, Druggists Method. It was a pleasure to continue until I regained my normal skin in size. I feel fifteen years younger. I look fifteen years younger. My Double Chin has entirely disappeared. I can walk or work now. I can climb a mountain. I am normal in size, I can weigh just what I want to weigh. I feel master of my own body now. I did not starve, but eat all I wanted to. I did not sweat, but I did not get hot. I used no electricity, or harmful exercises, but I found the Simple, Safe, Common Sense WAY of reducing weight. My Doctor says I am a perfect picture of health now. I am no longer sitting, but I am happy, healthy woman. Now I am going to help others to be happy. I have written a book on the subject. If you are fat, or you are thin, or you are old, or you are young, or you are a man, or you are a woman, send me your name and address I will mail it FREE, as long as the present supply lasts. I will also give you money. Save you from harmful Drugs. Save you from starvation Diets, harmful Exercises, possibly save YOUR LIFE. It is yours for the asking without a penny. Just send your name and address. A Postal Card will do and I'll be glad to send it to you. You can quickly learn how to reduce yourself and be as happy as I am. DON'T PULL OUT THE GRAY HAIRS. RESTORE COLOR

"Pull out one gray hair and a dozen will take its place" is an old saying, which is, to a great extent, true, if no steps are taken to stop the cause. When gray hairs appear it is a sign that Nature needs assistance. It is Nature's call for help. Gray hair, dull, lifeless hair, or hair that is falling out, is not necessarily a sign of advancing age, for there are thousands of elderly people with perfect heads of hair without a single streak of gray.

When gray hairs come, or when the hair seems to be lifeless or dead, some good, reliable hair-restoring treatment should be resorted to at once. Specialists say that one of the best preparations to use is the old-fashioned "sage tea" which our grandparents used. The best preparation of this kind is Wyeth's Sage and Sulphur Hair Remedy, a preparation of domestic sage and sulphur, scientifically compounded with later discovered hair tonics and stimulants, the whole mixture being carefully balanced and tested by experts.

Wyeth's Sage and Sulphur is clean and wholesome and perfectly harmless. It refreshes dry, parched hair, removes dandruff and gradually restores faded or gray hair to its natural color.

Don't delay another minute. Start using Wyeth's Sage and Sulphur at once and see what a difference a few days' treatment will make in your hair. This preparation is offered to the public at fifty cents a bottle, and is recommended and sold by all druggists.
