THE SOCIETY OF THE BEE-HIVE

By MELLIFICIA. Wednesday, Sept. 18.
THE BACHELORS of the Omaha Junior club and the Omikron club, the two foremost men's dancing clubs of the city, are planning to add considerably to the season's gaiety with a series of dances, each, through the year, and a large, elaborate Christmas party. Plans were made Tuesday by both clubs.
The Junior club held a banquet Tuesday evening at the Country club with a musical entertainment following the dinner. Willard Butler and John McCague played the mandolin and guitar, Harold Pritchett gave a terpsichorean number, and a vaudeville entertainment was given by professional talent. It was decided to give a large formal party or favor dance during the holidays and three or four informal dancing parties during the year. Besides the dancing parties, there will be either a banquet or theater party each month during the winter.
The following officers were elected: Harry Koch, president; J. C. Lord, financial secretary, and the executive committee includes Herbert French, Edward O'Brien and Gerald Wharton.
The executive committee of the Omikron club also held a meeting Tuesday and completed arrangements for the series of parties for the winter season. Next Saturday evening Joe Ringwalt will entertain at a stag party at his bungalow at Florence Heights for the members of the Omikron club. The first week in October a banquet will be given at one of the cafes, and dancing parties will be given at Chambers' academy October 25, November 21, December 24, March 27 and April 25. The most elaborate of the parties will be the Christmas dances on Christmas eve.
The following are the executive officers of the club: Fred Creigh, W. S. Byrne, Harold Thompson, Ed Leary, Yale Holland, R. E. Van Orsdal and Jesse Rogers.

NEBRASKA GETS FIRST FROST

Limited Area Between Long Pine and Chadron Touched Tuesday.
FREEZE IN SOUTH DAKOTA TOO
Territory Around Black Hills Visited by Extreme Cold Weather—Corn in Most Cases is Out of Danger.

Nebraska got its first frost of the season Tuesday night, but it was over a limited area between Long Pine and Chadron. Elsewhere temperatures ranged from 24 to 65 degrees above zero, with indications that a warmer wave was coming over the mountains and moving east.
Along the Bonesteel line of the Northwestern in South Dakota and in the Black Hills there was a freeze, the temperature getting down to about 30 degrees above. From Long Pine to Chadron in many places the frost was of the killing variety, but as there is little corn raised in that section of the state it is felt that the greatest damage was to vegetables and gardens.

Higher Temperatures South.
Along the railroad lines south of the Northwestern temperatures were higher than during the previous night and besides there were heavy clouds that acted as a blanket, keeping away the cold.
The report of close to a bumper crop throughout northern Nebraska and the further report that it is well advanced is confirmed by W. W. Johnson, assistant general freight agent of the Burlington, who is just back from a trip that took him as far west as O'Neill. While out he made an inspection of many fields of corn and talked with numerous farmers of Dixon, Knox, Cedar, Dakota, Antelope, Pierce and Holt counties. From the information gained, he is of the opinion that in these counties the corn crop right now is the best that has ever been raised in that section of the state. The acreage is unusually large and generally the fields are beyond the point

where frost would result in any serious damage.
Mr. Johnson says that as usual there are a few fields that would be damaged by a killing frost, but in some instances this would be true if frost held off until the middle of October. However, these fields of soft corn are very few and limited in area.
Mr. Johnson found that meningitis among horses is spreading to the northern counties of the state and while the disease has not become epidemic the losses have been heavy. Should it continue, he is of the opinion that it will interfere seriously with the farmers' fall work.

Pat Crowe Enjoys Stay in Hospital

Under sentence of ninety days in the county jail, the redoubtable Pat Crowe, star kidnaper and reformer, is enjoying himself out at the county hospital where he was taken by Sheriff McShane last Monday. Crowe had been complaining that he was sick and has been pronounced really sick, due to a recurrence of some old troubles and may possibly have to undergo a slight operation. The balmy air of the field club district, however, as he tells it, is much more pleasant than the lower end of Dodge street.

GIRL ACROBAT PERFORMS DANGEROUS FEAT IN PUBLIC

Dashing Dainty Marie, now playing at the Krug, gave nearly 5,000 persons a thrill at 12:30 yesterday, when suspended by a rope passed behind her head, she was slowly lowered from the top of the Woodmen of the World building.
Like a green and white bird the girl's figure floated on the rope with the breeze and as strong men on top worked a wireless spectators held their breath lest the girl should lose her nerve and fall to the earth. When her feet touched earth she was asked why she did it.
"Well, it was not for anybody's love, nor yet to win a big wager. It was merely for an advertisement."

BOGUS CLEANER IS ARRESTED

By Apprehending Bowman Clothing Theft System is Stopped.

RICH SOLVES THE MYSTERY

New Detective on Force Gets Man Who Admits Having Pawned Four Suits of Clothes and Overcoats.

Clothes thefts accomplished by a method of confidence are believed to have been stopped in the arrest of M. L. Bowman, who conducted what was purported to have been a tailoring and cleaning establishment at 128 Leavenworth street. Bowman is believed to be the man who has been making a thorough and systematic canvass of the city, soliciting pressing and cleaning work, and in this way securing hundreds of dollars worth of wearing apparel.
As far as is known none of the clothing thus secured has been returned. Bowman's arrest was accomplished by Detective Rich, who only recently became a member of the force, and who was detailed to catch the culprit.

Method of Procedure.

His method of procedure was to watch the pawn shops, and he learned in this way that a considerable amount of clothing had been pawned at different places by the same person. He then set about to locate his quarry, the result being that Bowman was arrested.
Bowman admits to the detectives that he disposed of four suits and overcoats to pawnshops, but his operations apparently have been much more extensive. All of the thefts that have been made in the last few weeks have not been reported to the police, so there is no way of telling the extent of Bowman's operations.

THIS snappy autumn weather is a gentle reminder that you need your fall suit. We have it here—many have bought their suits of us this season who bought elsewhere last season. Fremont Young Man Arrested on Charge of Opening Letters

Otto V. Von Gemmingen of Fremont was yesterday turned over by the Fremont authorities to Deputy United States Marshal H. P. Haze, charged with tampering with the mails. Von Gemmingen, who is about 20 years of age, had for the last month been employed as sub-messenger in Fremont carrying mail between the depot and the postoffice.
He was arrested in Fremont Sunday, after attempting to cash a check payable to Guy Kendall of Atkinson for the sum of \$7.94, and was brought to Omaha,

where he waived his preliminary hearing before Commissioner Herbert Daniel.
Hail was fixed in the sum of \$1,000, the prisoner being bound over to the grand jury, which convenes September 21.

A Serious Breakdown

Von Gemmingen comes of one of the most highly respected families of Fremont, his father being the pastor of the German Lutheran church in that city.

After waiving the preliminary hearing the prisoner was taken early in the afternoon back to Fremont, where he will be placed in the county jail.
