MAY LIFT FRATERNAL RATES

Modern Woodmen Suit Will Result in Increase for Many.

TESTIMONY GIVEN IN CASE

City Council of Des Moines Makes Investigation Into Reports that State Phone Company is Raising Rates.

(From a Staff Correspondent.)
DES MOINES, Ia., Sept. 19.—(Special Telegram.)—Rates in all fraternal insurance companies stand a good chance of being raised, if the suit now pending in court is decided in favor of the Modern Woodmen of America. The fact yesterday was acknowledged by the chief counsel for the defendant company. In his arguments he stated that if the case is decided in their favor it will be a forerunner for a raise in rates of a number of other companies. Testimony was given today to show that the increase in rates is fully justified and that unless there is a change in the plan of doing business much of the fraternal insurance will finally fail.

Higher Phone Rates.
The city council of Des Moines has been making investigation into reports that the state telephone company is raising rates for telephone service in the city, but the officials today make strong denials of any intent to increase rates. It is declared however that contracts have been offered large users of telephones which show a decided increase of rates, which is declared to be violation of an agreement at the time the absorption of the independent line was agreed to.

WOMAN SHOT THROUGH HAND BY HER HUSBAND

ELDORA, Ia., Sept. 19.—(Special.)—In a quarrel on the station platform at Abbott Crossing, north of here, last night, Mrs. George Shindell was wounded by her husband, she claims, with a revolver with which he attempted to kill her. Shindell, who is joint agent at Abbott Crossing, was arrested at Grundy Center an hour later. His wife was also detained and given medical attention. Shindell and his wife have been estranged for a year or more, and during that time the husband has had the children with him. Mrs. Shindell came to see the children, and when she was about to leave her husband tried to induce her to remain with him. She refused, she says, and, according to her statement, a quarrel followed, and when she was about to board the train her husband threatened to kill her with the revolver. She fought for possession of the weapon, and in the scuffle it was discharged three times the bullets passing through her hands. Her wounds are not considered dangerous.

SIXTY ACRES OF BEANS ON CLEAR LAKE FARM

CLEAR LAKE, Ia., Sept. 19.—(Special.)—Building a bean crib is certainly something new in Iowa. Oats bins, hay mows and corn cribs have all had their place in the language of Iowa, but a bean crib is new and novel. Sam Kennedy is building a crib of this kind, the dimensions being 20x22 feet, and he expects to have at least 1,000 bushels of beans to store away in it. He will commence threshing the crop just as soon as the weather dries. He has sixty acres of fine navy beans as were ever raised in any country, and he does not expect to sell them for less than \$2 per bushel. He expects that the crop will average him between fifteen or twenty bushel per acre. Such a large acreage is something entirely new in this section of Iowa.

MOTHER AND DAUGHTER MARRIED ON SAME DAY

IOWA FALLS, Ia., Sept. 19.—(Special.)—The unusual occurrence of issuing marriage licenses to mother and daughter on the same day happened in Grundy county recently, the ladies who figured in the strange transaction being Mrs. Effie A. Remick and Miss Alice E. Remick. The mother had been divorced and was licensed to remarry J. U. Cochran. Her age was given as 39 years. The daughter's age was given as 16, and she was legally authorized to wed Charles E. Dickson. The daughter was married at Grundy Center and the mother at Reinbeck.

EFFORT TO END LIFE. CRESTON, Ia., Sept. 19.—(Special Telegram.)—Frank Averill of Fontanelle, attempted to commit suicide at the home of a brother-in-law, Scott Ewing at Fontanelle today, by stabbing himself above the heart and then cutting his throat. No cause is given. He is still alive and it is thought he may recover.

WILSON IS IN ANANIAS CLUB

(Continued from Page One.)
ately to the western headquarters, where he talked to a gathering of business men and politicians before the time set for his departure to Detroit at 10:30 a. m. Besides the political side of his visit to Detroit the governor looked forward to another incident--his introduction to Tyrus Cobb, the Detroit base ball player. The governor lived and practiced law in the same section in Georgia in which Cobb lived. Ralph Smith, the representative of the national committee, who comes from Atlanta, Ga., and who is traveling with the governor, planned "the Georgia reunion."

LA JUNTA, Colo., Sept. 19.—"If the democratic tariff program is adopted it will ruin every honest man engaged in raising sugar beets," declared Colonel Roosevelt here today in an appeal to the sugar beet growers of the country.

HYMENEAL

Brott-Kingsley.
YORK, Neb., Sept. 19.—(Special.)—Miss Helen Kingsley and Raymond Brott were married yesterday afternoon at the home of the bride's mother near this city. Rev. R. S. Lindsay officiated.

Two Beauty Hints Every Woman Should Know

Complexion blemishes rapidly vanish after a few applications of a simple spruce lotion, made by dissolving 4 ounces spermacin in 1/2 pint witch hazel or hot water and adding 2 teaspoonfuls glycerine. This lotion is lavish when on, cleans the skin of all eruptions or blemishes and gives to it a soft, velvety finish. It is fine for dispelling the oily shiny condition which afflicts complete protection to the complexion during the trying weather of fall.
Cleansing the hair and scalp with cantrox, a purifying and astringent, is greatly to the hair's beauty. A teaspoonful of cantrox dissolved in a cup hot water is ample for shampooing the heaviest head of hair, and when used on dull, "straggly" faded hair makes it bright and fluffy and gives to it a rich, even color. No danger of catching cold follows the use of cantrox.—Adv.

15th at Douglas

state from placing the names of the bull moose party on the ballot until such time as the courts have decided the legality of the law.

"In carrying the case up to the district court," said Mr. Morrissey, "we will have the power to do many things which the secretary of state had not the right to do. For instance we will have the right to bring in witnesses, something we could not do in a hearing before the secretary of state. We had the names of thirty-four men whom we would like to have had appear at the hearing. We can reach them by court process. Among that number were G. O. VanMeter, the man who claims to have secured the signatures to the bull moose petition. Dr. R. F. Williams, superintendent of the insane asylum who it is said claimed he did not sign the petition; L. B. Fuller, private secretary to Governor Aldrich, who circulated the petition at the asylum and the penitentiary; E. E. Bennett, who assisted Mr. Fuller in the circulation of the petition; H. H. Antles, deputy warden at the penitentiary, and many others whose names appear on the petition, but who it is claimed were not at the convention.

franchise. I believe that, under our constitution, which guarantees to the people free elections, a liberal construction ought to be given to all laws which undertake to restrict voters in the exercise of those rights."

CHICAGO DETECTIVES HUNT BANK BANDITS

CHICAGO, Sept. 19.—Detectives again searched Chicago today for two bank robbers, for whose arrest a reward of \$25,000 is offered, and who escaped with \$150,000 in loot after beating Police Lieutenant Burns into unconsciousness when he attempted to arrest them singly-handed.
The hunted men are wanted for a share in the daring robbery of the Bank of Montreal at Westminster, B. C., a year ago. Five men dynamited the safe and got away with \$250,000. Three have been arrested.

ALL VISITORS TO SNEED TRIAL WILL BE SEARCHED

AMARILLO, Tex., Sept. 19.—Judge J. N. Browning of the Forty-seventh district, here today in granting a hearing of habeas corpus petition in the case of John B. Sneed, charged with killing Al G. Boyce, ordered that every person entering the court room Monday, September 24, be searched for arms. "There will be no admission of an arsenal," said the court. "Search shall be made at the door and no individual admitted without it first shall have been shown that he is not armed."

STREET CAR SERVICE IN DULUTH IS NORMAL

DULUTH, Mich., Sept. 19.—The street car strikers marked time today and apparently the public has accepted a normal car service as an indication of an end of the strike, and the cars continue well filled. However, many union men and certain walking clubs, formed during the heat of the controversy refuse to ride. Two cars were stoned last night in the west and a few ties placed on tracks in the east end. The stoned did no damage and the ties were removed by the car crew.

EUROPEAN GEOGRAPHERS VISIT SAN FRANCISCO

SAN FRANCISCO, Sept. 19.—The party of European geographers touring the United States, accompanied by members of the American Geological society, arrived here today. After a two days' visit they will depart for Salt Lake City. Extensive entertainments have been arranged here. The Europeans are guests of the American society.

DEATH RECORD

George Weerts.
FAIRBURY, Neb., Sept. 18.—(Special.)—After a five weeks' siege of typhoid fever, George Weerts died at a hospital in this city. He was born in Gaber, Germany, May 8, 1868. When quite young he came to America with his parents, Mr. and Mrs. George Weerts, who located on a farm near Diller, in this county. The deceased is survived by his mother, two sisters and two brothers.
Judge B. F. Thompson.
KEWANEE, Ill., Sept. 18.—B. F. Thompson, county judge of Stark county, and prominent in Grand Army affairs of western Illinois, died suddenly today at his home in Toulon, aged 75. His regiment, the 112th Illinois, was holding its annual reunion at Geneseo at the time.

Kills Primary Law.

"I contend," said Mr. Morrissey, "that when the law says that nominations shall be made at a primary held in April, and then any bunch of men can come in later and hold an old style convention and also nominate officers, that it practically kills the effect of the primary law. Our primary law was passed especially to kill off the old convention system. Now in comes a lot of fellows and hold an old time convention and put up a set of officers to contest with those who have been legally nominated by the people at a regularly called and legal primary. In short, if an old time convention can be held any old time after the primary, what is the use of the state spending thousands of dollars for the purpose of holding a primary?"

Views of Martin.

Attorney General Martin, who was present at the hearing yesterday, but did not take part, has this to say regarding the controversy:
"I was asked this question some time before there was any attempt made to organize a new party in this state. I made a casual investigation of the law and found that section 5811 of Cobbe's statutes expressly authorizes the formation of a new party when 300 electors assemble and participate in a state convention, and, upon complying with the provisions of that section, such new party is entitled to file its nominations with the secretary of state and secure a place on the ballot at the general election.

"I also found that section 5805 of Cobbe's statutes, relating to the primary law, authorizes the formation of a new party when 500 electors assemble in a state convention, and, upon complying with its provisions, such new party is entitled to have a place on the primary election ballot.

"I observed that there was a question whether or not the first section had not been repealed, thus leaving section 5805, relating to the primary, as the only law on the subject. It seemed to me there was grave doubt about the repeal of the first section, and this seems to have been the view taken by the compiler, because he has carried both sections into the published statutes.

"It appeared to me that these two provisions ought to be construed together, and when a convention was called that complied with the provisions of both sections, and a party name was adopted, such party name and its nominees should be entitled to a place upon the general election ballot.

"In other words, when asked for an opinion on the question I state that I should advise the secretary of state to accept the filing papers of a party which had complied with these provisions of the law. Disputed questions of fact as to the formation of the new party must be decided by the secretary of state from the evidence before him.

"I recognize the fact that the courts have always given a liberal construction to statutes which undertake to limit the rights of voters when exercising the elec-

Peck to Attend the Grain Dealers' Meet

E. P. Peck of the Omaha Elevator company is to be one of 1,000 or more delegates who will attend the sixteenth annual convention of the Grain Dealers' National association at Norfolk, Va., October 1, 2 and 3 next.
Mr. Peck has signified his intention to go to the convention, which is to be one of the most important held in the country this year.
The people of Norfolk have made elaborate arrangements for the entertainment of the visiting grain dealers. Special arrangements have been made for the entertainment of the visiting ladies.
The membership of the Grain Dealers' National association is made up of all the prominent grain brokers, commission men and elevator-owners of the country. It is one of the strongest trade organizations in the United States.

FEDERAL DISTRICT COURT GETTING READY FOR WORK

The trial calendar of the United States district court has just been issued for the September term. It is to begin September 23. Motions, demurrers and the like scheduled for hearing will be heard the first day of the term. Jury trials are to commence October 1 at 9:30 a. m. The trial docket will be called and cases assigned on Monday morning, September 23, at 10 o'clock. Among the cases to come up are fifteen damage suits, twelve of which are against railroad companies.

CUMING COUNTY SUPPORT IS LOST BY BULL MOOSE

William A. Smith of Beemer, chairman of the democratic county central committee of Cuming county, called at the Woodrow Wilson headquarters this morning.
He brought the information that Roosevelt had practically lost his support in Cuming county. He said there had been some bull mooseers there before the Roosevelt convention, but said that time the colonel had steadily lost ground in Cuming county.

FIRE RECORD.

Grocery Store Burns.
BEATRICE, Neb., Sept. 19.—(Special Telegram.)—Fire of unknown origin this morning destroyed the grocery store of J. W. Kuhl in Glenover, a suburb of Beatrice. The loss will amount to \$2,000, partially covered by insurance.
Fatal Race Quarrel in Circus.
ROCHELLE, Ill., Sept. 19.—Joseph Ramonino, San Antonio, Tex., was shot and killed and Francisco Basques was seriously wounded as the result of a race quarrel among circus employees here today. Police are searching for a negro who is said to have done the shooting.

Boy Bitten by Pet Cat.

VIRGINIA, Minn., Sept. 19.—Bitten by a pet cat suffering with rabies Harry Hanson of Mountain Iron may be a victim of hydrophobia. The boy was taken to St. Paul today for the Pasteur treatment. The cat was killed and its head sent to the State Board of Health for examination. Word was received here today that the animal was infected by rabies.

No danger of catching cold follows the use of cantrox.—Adv.

Chicago Fire Chief Drives Bearcat Here

M. J. Kavanaugh of the staff of the chief of the Chicago fire department, is in Omaha enroute to the west coast in his new automobile, the Midland Bearcat, a sixty-horse power machine.
He is the guest of F. W. Nelson of 1431 South Fifteenth street. The automobilist has come the distance of 560 miles from Chicago through mud almost hub deep in places.

NEBRASKANS INCLUDED IN PRISON CONGRESS ROSTER

The preliminary program of the American Prison association's annual meeting, which was held in Omaha last year, and which this year is to be held in Baltimore in November, is out. The list does not include any Nebraska speakers, but the official roster carries the names of A. W. Clark of Omaha as assistant secretary, and of both Mr. Clark and Judge Lee Estelle as members of the board of directors. Judge Estelle is also on the committee on prevention and probation, and J. A. Piper, secretary of the State Board of Charities at Lincoln, is on the special committee of jails, lockups and police stations.

The Keynote of Health Is the Liver

Scientists have definitely learned that the liver is one of the most important organs of the human system. It is the sieve which separates the good from the bad, the nutrient from the poison. Allow the liver to become torpid or inactive, the poison is sent through the system and causes the result: First you become bilious and constipated and later the consequences are more serious. Nobody can live as regular as a clock in order to enjoy life we subject ourselves to dietary indiscretion. If the proper remedy is then used the trouble is quickly ended. A remedy which comes nearest to the heart of the people is a natural remedy. The natural remedy most widely used is Hunyadi Janos Water, the Natural Laxative. Its natural combination is wonderfully effective in Biliousness, Torpid Liver and Constipation--1/4 tumblerful cleanses the Liver, flushes the intestines, purifies the system and is gentle, speedy and sure. Don't take substitutes; they are worthless imitations and may be harmful.

"NIGHT SHIFTS" REQUIRED HERE

Dresher Brothers, Cleaners,
Enter Into Remarkable Period of Activity.
A REWARD OF MERIT
"We all get just what is coming to us!" This may be in the language of the streets, but it's forceful just the same, and aptly expresses the situation at Dresher Bros.' extremely modern dry cleaning and dyeing establishment at 2211, 2213 Farnam street.
Dreshers are so busy cleaning, altering, and repairing fall clothes, etc., that a night shift has become necessary, and it is nothing to hear sounds of life and activity at the Dresher plant at 2 a. m. to 4 a. m., or thereabouts.
Now then, this must be a sort of reward of merit for faithful work and arduous efforts to please, don't you think? The Dresher boys "sit up nights" to plan improvements on their plant; they will go a mile out of their way to please a customer; they are turning out a grade of work unexcelled anywhere throughout the whole United States and THIS is the reason they are doing such an overwhelming business at the present moment.
But never mind the rush! YOUR work will be taken care of better than ever; the force is a large and able one; send in every bit of fall and winter clothing for an immediate overhauling and thorough cleansing. Just phone Tyler 1300 for a wagon; or bring your work to the plant, or to Dresher The Tailor at 1515 Farnam street, or to the Dresher branch agency in The Pompeian Room of the Brandeis Stores.
And always remember that Dresher pay express one way where the work amounts to \$3 or over.
