ELSA HUBERTE.

EDNA FINLEY.

Miss Elsa Huberte, daughter of J. M. Huberte, a well known business man of Nebraska City, sailed September 14, from New York, enroute for Porto Rico, where she takes a position in the government schools of San Juan. Miss Huberte is a graduate of Bellevue college, being one of the honor graduates of the class of 1912. While at Bellevue she took an active part in the religious and social life of the school and holds a first grade certificate from the normal department of the institution. Miss Huberte in company with forty-

five other teachers, with whom she is sailing, will arrive at San Juan today, and will take up her work in the San Juan High school on September 23.

Miss Edna Finley of Bellevue, Neb., also one of the honor graduates in the class of 1912, leaves Friday for Sitka, Alaska, where she takes a position as a mission teacher in the Indian schools. Miss Finley is a talented musician and is a graduate of the normal as well as classical department of Bellevue. She will sail from Seattle on September 24 and will commence her three years' term October 1.

STATE INDUSTRIAL SURVEY

Deputy Labor Commissioner Analyzes Figures.

WAGE EARNERS HALF IN STATE

Two and Quarter Persons Dependent Upon Each Worker—Average Wages Computed for Various Employments.

(From a Staff Correspondent.) LINCOLN, Sept. 19.—(Special.)—Deputy Commissioner of Labor Louis V. Guye, having just completed the industrial survey of Nebraska, which shows the industrial conditions, gave out the following summarized statement:

Nebraska has 71,000 people and concerns who are employing as wage earners 187,965 persons, of whom 145,684 are males, 41,380 females and 311 children between the ages of 14 and 16 years. The average monthly wage of the males is \$28.46, while that of the females averages but \$40.80, with the males working nine and one-quarter hours per day and the females eight and one-half hours.

This survey shows that there is an average of two and one-quarter persons dependent on every wage earner within the state, so that we have 63,871 persons dependent upon the wages of the 187,965 persons, or, in other words, 52 per cent of the 1,192,214 people of the state, which comprises our entire population, belong to the wage-earning class.

Speaking specifically, a wage earner is one who is working for another person independent upon some other person for employment, being subject to discharge by their employer. In this class in our survey have included only the farm hands and have not taken into account the tenant farmer, the farm owner, doctors, lawyers, dentists (other than those dependent upon wage salary), justices of the peace, constables and all business men and concerns, housewives and other persons who are not earning a salary. The farm laborers constitute the largest group, consisting of 27,747 persons, with a monthly wage of \$32, which includes board and room washing which would bring their standard up to \$46.40 per month. Next comes the railway employes with 26,867 persons, earning an average monthly wage of \$37.50 for the men and \$47.75 for the women. Next comes the manufacturers with 22,888 persons with a monthly wage of \$32.40 for the males and \$38.80 for the females.

The highest salaried class in the entire state is the state officials and their employees, who average throughout the entire state departments \$11.23 for the men and \$15.50 for the women. Next come the institutions, fifteen in number, averaging \$68.02 for the men and \$30.82 for the women. In these institutions, however, as a rule, board and lodging is included, and thereby should become a part of their salary.

It is somewhat interesting to note that we have 19,938 school teachers, earning an average monthly wage of \$57.25, with less than an average of nine months' employment per year. There are also 2,112 ministers of the gospel, earning an average monthly wage of \$66.81, while the printers, bricklayers, plasterers, plumbers and electricians average monthly wages of \$102 for an eight-hour day.

The poorest paid class of male laborers are the bakers and the barbers, who receive an average monthly wage of but \$48, with a twelve-hour work day. The poorest paid class of female laborers are the laundry workers and the retail clerks, who receive an average monthly wage of \$32 for a ten-hour work day.

New Silo Company.

The Crown Lumber and Silo company is a new Omaha corporation filing articles with the secretary of state this afternoon. They will do a general lumber business with a capital of \$100,000. The board of directors are C. H. Walrath, C. E. Walrath and A. Thorne Swift.

The petition from the Sixth congressional district, which was sent in by the bull moose convention officers and which was sent back by the secretary of state because the names attached did not show the residence of the signers, was returned today, the matter being fixed up by writing in the residence of the signers.

State Treasurer George and Secretary of State Wolf, left today for an inspection and appraising trip in Chase county, where there are several thousand acres of school land to be appraised.

T. R. Sentiment Waives.

J. C. Robinson of Hartington, an attorney who appeared before the supreme court this morning, says that he can see quite a change in the political conditions in his locality.

"The Roosevelt sentiment is not nearly as strong as it was two months ago and as far as I can see seems to be losing ground. Mr. Taft is much stronger than he was at the time of the republican national convention and I am confident that when election rolls around there will be a very strong showing for the president. Of course we see people going wild over Mr. Roosevelt in some localities, but we saw them doing the same thing in the case of Mr. Bryan four years ago, and yet they voted for Mr. Taft then and I think they will do so this time."

Requisition for Goss.

Herbert L. Goss, who has been wanted in Fremont for the robbery of a jewelry store on October 10, has been apprehended in Milwaukee and the governor of Nebraska has asked requisition papers for his return to this state.

Charles Oldham, who deserted his wife in Omaha, has been caught in Dallas City, Ill., and Governor Aldrich has issued a request to the Illinois governor for his return. Charles Wineinger, who is charged

entered the house of a man in Blaine county and stole something over \$100, has been found in Hamlin county in South Dakota, and Governor Aldrich will ask the governor of that state to send him back to Nebraska.

The Farmers' State Bank of Talmage

has made application to the State Banking board for a charter. The capital stock of the bank will be \$30,000. The officers are, B. C. Marquardt, president; Adolph Ritter, vice president, and E. G. Spencer, cashier. The application was granted.

State Assessment Role.

Secretary Seymour of the assessment board is completing the assessment rolls, which show many interesting things. Among others, the stock in national banks is \$1,124,781; stock in state banks, \$2,811,797; property of insurance and security companies, \$551,902; property of franchisees and corporations, \$3,355,021; property of pipe lines, \$112,233; property of express, telephone and telegraph companies, \$2,000,713.

Fourth District Nominates Sloan

YORK, Neb., Sept. 19.—(Special Telegram.)—The progressive convention met at the court house this afternoon and organized the progressive party for York county. A. G. Wray was chosen chairman and B. A. Ward secretary. The Fourth congressional convention nominated Charles H. Sloan and the representative, W. J. Coleman. The senatorial and the county convention was adjourned subject to the call of the chairman.

MANY ARE REGISTERING AT STATE UNIVERSITY

(From a Staff Correspondent.) LINCOLN, Sept. 19.—(Special.)—If the registration of students the first day at the State university is any indication of what the attendance will be this year, the record will be broken by a considerable margin. The first day's registration was 472, while last year the first day only 296 registered. This year there are only four days for registration purposes, while last year five days were given to the work, which may possibly account for the rush on the start.

Easy to Get Rid of Dandruff And Stop Hair From Falling

Parisian Sage Hair Tonic Will Make Any Person's Hair Luxuriant and Fascinating.

LOOK OUT FOR IMITATIONS

Give Parisian Sage a chance to drive every particle of disgusting dandruff from your hair. Give it a chance to soak into the hair roots and stop the hair from falling out. You won't be sorry if you do—you'll be dandruff dirty all your life if you don't. And when you get a bottle of Parisian Sage you are not throwing any money away, because it is guaranteed to eradicate dandruff, to stop falling hair and itching scalp in two weeks or money back.

It is not a dye and does not contain poisonous lead; if you think lead cures the hair is safe to use ask your doctor or druggist. Parisian Sage kills the dandruff germ because of its peculiar power to get to the roots of the hair; right where the germs thrive and multiply. But besides killing the germs it supplies nourishment to the hair; stops it from falling out, and causes it to grow thick and luxuriant. Parisian Sage is a most delightful hair dressing, not sticky or greasy. A large bottle for only 50 cents at druggists, department stores and toilet goods counters everywhere.

The Greatest Sale of Jewelry The West Has Ever Known

Brandeis Stores bought from the Trustee in Charge, the entire stock of Diamonds, Watches, Jewelry, Silverware and Leather Good of A. Mandelberg, 1522 Farnam Street, at just a fraction of their actual value.

The jewelry store was one of the best known in the west. It has been conducted successfully in Omaha for many years. Mandelberg carried a strictly reliable and up to date jewelry stock and every article in his store was known to be of excellent quality. We bought his entire stock and fixtures, and everything in his store will go on sale at Brandeis Stores beginning Tuesday of next week, and the bargains that we will offer will make this sale the most notable event of its kind in western merchandising history.

The brilliant window displays will attract immense crowds during the next four days. Later detailed announcements will be made.

Cattle Not Subject to New Horse Disease

HOLDREGE, Neb., Sept. 19.—(Special Telegram.)—Fears that Phelps county cattle were becoming victims of the epidemic that is killing the horses were allayed today when State Veterinarian A. Bostrum visited the herds and found the disease to be blackleg. The state expert says: "There is absolutely no evidence anywhere that the menigitis germs have attacked cattle." Mr. Bostrum finds the epidemic abating here, he stated this evening. While many horses are still contracting the disease, it is not of the virulent form prevalent when he visited the county two weeks ago. Fully half the horses contracting the disease now recover without treatment, according to his findings today.

GROGAN QUIT'S POSTOFFICE

Former Superintendent of Mails Sends In His Resignation.

BROWN IN LINE FOR OFFICE

Chief of City Distribution, Who is on Vacation in Florida, Will Probably Be Grogan's Successor.

Former Superintendent of City Mails Henry S. Grogan has resigned from the postoffice force, and his resignation has been accepted. When the reorganization of the local postoffice was effected in June, Mr. Grogan was made one of the assistant superintendents of mails. Desiring to spend some time on his farm in Minnesota, he asked for a leave of absence of sixty days, which was granted. He has decided to continue farming. This leaves a vacancy in the official circle of one assistant superintendent. Under the rules of promotion instituted by the present postmaster, William Brown, chief of city distribution, would be entitled to the position.

On Long Leave.

Mr. Brown has been in the postoffice service here for twenty-five years. When

he requested his long leave of absence it was not known whether or not he would return to the service. It is thought, however, that in view of the promotion that is now in store for him he will likely return and receive the appointment. He is popular with the employees.

Watch For This Man

He Will Call at Your House and Will Ask You to Permit Him to Install a Cottage Arc Light, the First Payment to Be Made 10 Days After Installation.

Let him do it. Then, if you don't like the light we will take it out and you pay nothing. If at the end of ten days you decide to keep the lamp, pay us 75 cents; then 75 cents a month after that and 75 cents 30 days after that—and that's all.

\$2.25 (in very easy payments) for a 99-candle power incandescent Gas Lamp which consumes only 1-1/2 feet of gas an hour—that's 3 hours' light for one cent—is attractive to look at, is convenient and gives the light which is nearest to daylight.

Let our representative install a Cottage Arc Light and then you compare it with an open flame burner, which consumes just twice as much gas.

Why do we want to cut down our gas sales, do you say? We don't cut them down; these lights are so satisfactory that persons who have not heretofore used gas now do so wherever artificial light is required, and of course that increases our business.

We guarantee glassware, chimney and mantles for 3 months. If anything breaks, we replace it.

Watch for Our Special Representative and Have Him Install at Least ONE COTTAGE ARC LIGHT.

Norm Parks Accused of Burning Property to Get Insurance

BROKEN BOW, Neb., Sept. 19.—(Special Telegram.)—A warrant has been sworn out for the arrest of Norm Parks, former editor of the Custer County Republican, who disappeared several weeks ago, shortly after his office was partly destroyed by fire. Parks is charged with burning insured property with intent to defraud the insurer. The sheriff of Custer county and state fire warden are making efforts to locate him.

Curwin Honeywell, who is charged with extorting money from Parks, has been released by Judge Hostetter on \$500 bonds to appear at criminal term of the district court in November. Parks, who was under \$500 bonds to appear against Honeywell as witness, has disappeared, and now Honeywell comes out with a sworn confession in which he implicates Parks in the burning of the Republican office several weeks ago. Honeywell worked for Parks as printer and in his confession he says Parks offered him \$500 to burn the Republican building and contents in order to get the insurance.

Honeywell agreed to the proposition, so he stated, and on the day of the fire Parks let the office force go to the ball game and accompanied them. The confession then goes on to describe how Honeywell set fire to paper in the back of the office and in a closet and then ran out and gave the alarm. After the fire, which considerably damaged the interior of the office, Honeywell states, Parks refused to pay him all of the money that had been promised him for doing the job and it was for this reason he says that he pulled the gun on Parks and his mother and made them give him a check.

Aunt Sally's Advice to Beauty-Seekers

C. M. P.: The neck should receive similar attention to that given the complexion, so color and texture of skin will be the same. A yellow neck and a white face give a discordant effect. I advise using for both neck and complexion the treatment recommended to "Monica."

F. M.: First, stop scowling if you would get rid of the lines between the eyes. The best application for such lines, and all wrinkles, is a solution of powdered saxolite, 1 ounce, dissolved in witch hazel, 1/2 pint. Bathe the face in this daily until entirely relieved.

Monica: You hardly need such a list of cosmetics as you mention. Ordinary mercerized wax will help you more than any or all of them. It will gradually absorb the withered, discolored complexion and you will soon have a new youthful and healthy-looking skin. You needn't get more than an ounce of the wax, which will cost you little at any drugstore. Apply nightly, like cold cream, washing it off mornings.—Woman's Realm.

THE SAFE WAY

Did you ever pass a blind man on the street? Did you ever see a man with his two feet off his two hands off or one hand and one foot off? Did you ever read of a terrible accident in which several became disabled for life? Did you ever look upon an insane asylum without the question coming into your mind, "What would be the result if I should be similarly afflicted?" The fear of total disability comes to us all. Life insurance can be obtained in many companies by those in good health, and thus provision can be made for dependents in case of death; but to live totally disabled, unable to provide for wife and children, and a burden to them, is worse than death. Here is the serious question. You can provide against such a contingency by taking one of those new policies issued by

Two Divorce Suits Filed at Madison

MADISON, Neb., Sept. 19.—(Special.)—Mrs. Dora Clayton has commenced suit in the district court of this county against her husband, Arnold O. Clayton for divorce. She alleges cruelty, nonsupport and desertion. She asks for the custody of her 16-months-old baby.

Mrs. Mabel Bland of Norfolk has petitioned the district court to dissolve the marriage bond between herself and her husband, Ray E. Bland, whom she alleges has failed to support her and who has been wantonly cruel. They were married at Stanton, October 6, 1911.

Youth Struck by Engine.

KEARNEY, Neb., Sept. 19.—(Special Telegram.)—Thomas Fred, 18 years of age, was instantly killed this afternoon, when he was run down by a Union Pacific switch engine while on his way to the cannery factory to work. The train slowed up, giving ample time, it was thought, for him to cross the tracks, but lurched forward when the trolley was thrown open, knocking him under the locomotive and six cars passed over his body before the string of cars could be stopped.
