Scott-Michelson Wedding.

At the attractive home of Mr. and Mrs. F. H. Michelson on West Second street Wednesday evening at 6 o'clock, occurred one of the most beautiful weddings held in Grand Island, when Mr. Michelson gave his daughter, Miss Lucile, in marriage to Dr. Frank Waldo Scott of Shelton, formerly of Omaha. Rev. L. A. Arthur of St. Stephen's Episcopal church read the wedding lines.

grin wedding march. Preceding the ceremony Mrs. Michelson sang "All that I Ask of You is Love" by Ingraham. The bride looked exceedingly beautiful in cream chiffon over satin, trimmed with duchess lace, and a diamond coronet took the place of the usual wedding veil. A shower bouquet of lilies of the valley was carried. Miss Eva Lambert, bridesmaid, was attired in yellow chiffon with a white sash and she carried a shower bouquet of yellow roses. Little Catherine and Ruth Michelson were the flower girls and they were dressed in white, trimmed with yellow ribbon. The bridegroom was attended by Dr. Anderson of Omaha.

The wedding bell under which the couple were married consisted of white carnations and yellow immortelles. The color scheme of yellow and white was carried out very effectively throughout. After the ceremony a wedding dinner was served. The centerpiece consisted of pink Killarney roses festooned from the chandelier above and to each plate were streamers of smilax.

Mrs. Michelson was assisted by Mrs. Ella Lane, Mrs. H. C. Lyons, Mrs. M. H. Wilkins, Miss Ruth Lyons, Miss Edith Thompson and Mrs. Cloud Smith.

Following the dinner there was a reception. They were given a wheelbarrow ride up the street and their baggage was well placarded and due notice was given on board the train which took them on a honeymoon trip to Lincoln and Kansas City.

The bride is a well known and accomplished young woman of Grand Island and recently graduated as a trained nurse. Dr. Scott is a practicing young physician and is at present located at Shelton where the happy couple will be at home to their friends shortly after October 1. He has quite a number of friends here.

Out-of-town guests in attendance were Mr. and Mrs. O. A. Scott and Miss Uarda Scott of Omaha, Mr. and Mrs. Spicer and Mr. and Mrs. Morris of Shelton, Mr. and Mrs. Cloud Smith, Miss Ruth Lyons of Oklahoma, Dr. Anderson of Omaha, and Miss Starn of Omaha.

Teacher Weds in California.

The wedding announcement of Miss Vivian E. Alvison, daughter of Mr. and Mrs. J. L. Alvison, formerly of Omaha, now of Long Beach, Cal., to Mr. W. H. Bence of San Bernardino, has been received in this city. The marriage took place at the home of the bride's parents, 754 Rose avenue, Tuesday afternoon, the anniversary of Mr. and Mrs. Alvison's wedding. Rev. Henry K. Booth of the First Congregational church read the ring service in the presence of immediate relatives and friends.

The color tone of pink veiled with green prevailed throughout the interior of the home, a profusion of blossoms forming the setting for the bridal party in front of the fireplace and gracing the bride's table in the dining room, where refreshments were served at the conclusion of the ceremony. The bride wore her traveling costume of cream serge and carried bride's roses. Miss Maude Fish, who was the only attendant, wore white and carried pink carnations.

The bride, who is a sister of Mrs. E. R. Woods and Mr. Otis T. Alvison of this city, was for a number of years connected with the public schools here. She was an enthusiastic and successful teacher and won many friends among her associates who will miss her from their circle.

Mr. and Mrs. Bence left on an afternoon train for a short trip through southern California. They will reside in San Bernardino. The out-of-town guests were Mr. Marion P. Bence, Mr. and Mrs. William Morgan of Riverside, Rev. and Mrs. Watson of San Bernardino, Mrs. Raymond and Miss Raymond of Anaheim, Mr. and Mrs. Urion, Miss Edith Packard and Misses Anna and Mary Gardner of Los Angeles.

Teachers Call Halt.

Unless Superintendent N. M. Graham modifies his zeal in developing the teachers of the city there is likely to be trouble. At least that is the idea of the teachers, who claim that they are being overworked. Superintendent Graham has lately introduced certain home work and self-development work for the benefit of the teachers, who say that all their time is occupied, not only in the school, but out of it as well. The latest objection of the teachers is to an order compelling them to attend certain reading circles on Saturday mornings. It is understood that a number of the teachers yesterday sought the assistance of certain business men in order to have the board and su-

Loebek Busy Explaining.

Since the homecoming of Congressman Charles Loebek he has spent considerable time in South Omaha trying to explain what he has done for the people of that district during his stay in congress. At two or three little gatherings held in South Omaha the congressman has been compelled to fall back upon the democratic home record in order to claim any merit. Outside of a few copies of the Congressional Record sent to office holders and on request of a few citizens, the local laboring men claim that Loebek has been of no service to them in the house. In particular his tariff record, it is said, makes no hit with the packing house men and stockmen generally, who will suffer by the reduction of the tariff.

Glavin Men Hard Pressed.

After falling to get more than a baker's dozen at any one of their meetings the Glavin-Jameson crowd hit upon a house warming plan to be held next Tuesday night. Refreshments were advertised and some orators. But the Wilson-Marshall club sat down, so to speak, and appointed Monday, September 23, as a night upon which to celebrate the centennial anniversary of the emancipation proclamation of Lincoln. George W. Berge of Lincoln has been invited to be one of the word painters of the occasion. It will be a big meeting, say the members of the Wilson-Marshall club. And in the meantime Glavin and his satellites will try to muster a crowd on Tuesday night through the aid of "refreshments." But the young men claim they will have refreshments of their own particular brand, Merry war is the word, and all bent upon plucking the democratic goose of the golden egg supposed to be laid in the postoffice.

BOY BANDIT TRIO TAKEN

Detectives Lacey and Sullivan Run Holdup Gang to Earth.

ARRESTS MADE IN THE BLUFFS

Evidence of Guilt Found on Prisoners and They Consent to Return Without Extradition Formalities.

After only one night of outlawry, during which time they secured \$4 and two watches, Omaha's boy bandit trio fell into the hands of the police last night shortly before 9 o'clock in the Northwestern railroad yards in Council Bluffs, as they were preparing to leave for Sioux City. At headquarters they gave the following names: Arthur Nelson, 2521 Patrick avenue; Gilbert Lindemann, Milwaukee, and James Cohen, 2426 Blondo street.

When searched Cohen was found to be in possession of the gold watch that was taken from Clark Carnaby, 2233 Locust street, last night, as well as several letters addressed to him. One of the other youths had Roy Musgrave's knife. A watch belonging to J. W. Morgan was also recovered.

The boys would not talk to the police about their crimes but maintained an attitude of defiance while they were being booked. Detectives Lacey and Sullivan, assisted by Council Bluffs officers, made the arrests, but to the local sleuths belongs the credit for their capture.

Obtain First Case.

Lacey and Sullivan discovered a watch taken several days ago from J. N. Johnson, 2823 North Twentieth street, and by means of the description given of the youth who pawned it, they were able to locate Arthur Nelson. When they went to his home to arrest him they learned that he had just left with the other two young men for Sioux City, and the officers hurried to the Northwestern yards in Council Bluffs, where the arrests were made.

While being brought back into Iowa, Cohen attempted to destroy letters addressed to Carnaby, which he had in his possession, but he was stopped by Lacey and the letters taken from him and they will be used for evidence.

The parents of the boys knowing nothing of the actions of their youths and when told by the police they were prostrated. A receipt for an express package sent to Sioux City leads the police to believe that the revolvers used by the trio were shipped ahead, and the authorities there

have been asked to get the parcel from the express office.

Today the four victims of the trio will be brought to headquarters to identify the prisoners. Not one of the prisoners is over 21 years of age and the youngest is only 15 years old.

Lovett is Pleased With Western Crop

"I have never known crop conditions in the west to be better," says Robert S. Lovett of the Harriman lines. "I don't see how they could be better. Business is for that reason unusually fine and the outlook is excellent. A great deal of our work is retarded by a lack of labor, much of our construction work in particular being delayed. So, with fine crops and the demand for labor much in excess of the supply, times ought to be very fine.

"The opening of the Panama canal will cause rapid development of the Pacific coast. A large area will be put into cultivation, and the development of local business will be rapid. Of course, the canal will take some of our through business, but I hope that in time we will be compensated by an increase in local traffic.

"There will probably be some car shortage this fall. I expect a very heavy traffic on our lines, but don't believe that the shortage there will be serious. With our increased facilities for handling traffic, we ought to be able to handle the increased business expeditiously. I say this because we have recently done a great deal of additional double tracking, added numerous passing tracks and made heavy additions to our equipment."

SCROFULOUS TROUBLES

No truth is more forcibly manifested in physical life than the old saying, "like begets like;" for just as the offspring of healthy ancestry are blessed with pure, rich blood insuring good health, so the children of blood-tainted parentage inherit a polluted circulation which fosters a chain of scrofulous troubles. The usual signs of a scrofulous inheritance are swollen glands about the neck, weak eyes, pale, waxy complexions, sores and ulcers and general poor health. Treatment should be commenced at the first indication of Scrofula for it may get beyond control if allowed to run unchecked. S. S. S. is the very best treatment for Scrofula. It renovates the circulation and drives out all scrofulous matter and deposits. S. S. S. goes to the bottom of the trouble and removes the cause and cures the disease. S. S. S. is made entirely of roots, herbs and barks, and is an absolutely safe remedy for young or old. Book on the blood and medical advice free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
