Prices on Board of Trade. CHICAGO, Sept. 26.—Official forecast of freeze tonight west and northwest made a freeze tonight west and northwest made corn prices today take an upward leap. The close was nervous at the top figures reached, %c to like higher than last night. It was an almost constant ascent in the corn market. Quotations at no time showed more than a moderate reaction. Experts declared the government figures on the probable yield in Kansas and Nebraska were excessive by 20 to 25 per cent. December closed at 54%4688%c, an advance of 161%c net; No. 2 yellow, 73%4674c.

Signs of a big increase in the visible supply tended to weaken wheat near the end of the day. By that time shorts had largely covered and many longs taken profits. December closed %c up at 21%651%c.

A brand new golden egg hatched into the kingdom of Omaha bowlers last evening when the Automobile league opened its first season in first-class shape. President Traynor made a short speech and then introduced Mayor Dahlman, who made a few remarks of encouragement to the boys on their first appearance as a bowling league and wished them all success possible. Punch and other refreshments helped to make things merry. while the alleys were nicely decorated with emblems of Old Glory and Ak-Sar-Ben. The league will bowl every Thursday evening, and, although the scores were small, a better grade will appear later. Scores:
