

## AMERICAN MARINES SUCCEED IN OPENING GRENADA RAILROAD

Relief Force Under Admiral Southern  
land Reaches City in Central  
Nicaragua.

### INSURGENTS DELAY EXPEDITION

Threat to Bombard Fortress Quickly  
Brings Results.

### THREE MARINES ARE WOUNDED

Shots Fired at Major Butler by  
Drunken Soldiers Go Wild.

### REBELS PROMPTLY APOLOGIZE

Train Which Had Been Halted at  
Masaya Then Proceeded to Gren-  
ada with Food for Its Starv-  
ing Inhabitants.

MANAGUA, Nicaragua, Sept. 21.—(Via San Juan Del Sur.)—Three American marines were slightly wounded by insurgents' bullets fired at Major Smedley D. Butler, commanding the battalion of American marines, as the train bearing the force of blue jackets and marines was passing through Masaya Thursday night for the purpose of opening up the railroad to Granada. The American force arrived at Granada, the populace of which is on the verge of starvation, today.

The American relief force left Managua on Sunday, September 15, to open the National railroad to Granada, where it was reported a number of girl students at a college had been isolated for forty days and were facing starvation. As the train approached Masaya, it was fired upon by rebels entrenched on Barranca hill and it was forced to come to a standstill.

Admiral Southern, who was in command of the expedition, had an interview with the commissioners sent out by the insurgent leader, General Zeledon, on Wednesday, but nothing came of the conference. General Zeledon refusing to allow the train carrying the marines to pass through the city.

### Allow Train to Proceed.

Admiral Southernland on Wednesday night sent a message to the rebel chief demanding the surrender of the Barranca fortress, which is located close to the railroad line, or the Americans would bombard the position on Thursday morning. At daybreak on Thursday General Zeledon's commissioner entered into further negotiations with the American admiral, which resulted in an agreement by which the train would be allowed to pass through Masaya and by which the Americans withdrew their demand for the surrender of Barranca hill.

In accordance with this agreement the train entered Masaya on Thursday night. As it reached the station several drunken insurgents fired at Major Smedley D. Butler, but the bullets missed him and slightly wounded three American marines. The Americans in the back part of the train thereupon opened fire on the rebels, but the shooting was quickly repressed by Major Butler.

Insurgent officials promptly disavowed the action of their men and apologized to the American commander for the occurrence. This terminated the incident and the train proceeded to Granada, where it arrived this morning.

## BUILDING TRADE STRIKE MAY EXTEND TO MANY CITIES

CINCINNATI, O., Sept. 21.—The continued refusal of the Steamfitters' union of this city to amalgamate with the plumbers, as ordered by the American Federation of Labor, will extend the building trades strike now on in Cincinnati to Chicago and other cities, labor leaders predicted today. They said that the Chicago trades building council had ordered a strike next Monday unless the steamfitters agree to the amalgamation.

Union leaders admit the strike here was called in an effort to enforce the federation's demand upon steamfitters everywhere, and that it is only a forerunner of a nation-wide movement to amalgamate the unions of the two crafts.

### Weather in the Grain Belt.

Another general drop in temperature occurred last night throughout the west and east over the central valley and upper lake region. Freezing weather, with heavy and killing frosts reported in the mountains and heavy frosts occurred in Kansas and light frosts in the upper Mississippi valley. Showers occurred in the upper Missouri and upper Mississippi valleys and lake region within the last twenty-four hours, and heavy rains have fallen in the middle Mississippi and lower Ohio valleys and east Gulf states. Rains continue in the extreme upper valleys and upper lake region this morning. Clear weather prevails in the west and the outlook is favorable for fair weather in this vicinity tonight and probably Sunday, with no important change in temperature.  
L. A. WELSH, Local Forecaster.

## New Rule in Regard to Examination of All Country Banks

NEW YORK, Sept. 21.—A ruling of great interest to country banks was laid down today by Lawrence O. Murray, comptroller of the currency, in an address delivered to a gathering of national bank examiners. On and after October 1, he said, he desired that at the examination of all country banks the board of directors shall be convened and the examination of assets made in their presence.

The comptroller cautioned the examiners to inquire very carefully into any undue concentration of the loans of a bank in companies controlled by the bank's officers or directors.

"I speak now," he continued, "of any bank where such a concentration would ruin the bank if the loans are bad. Whenever you come across a case where the directors or officers are unduly concentrating the funds of a bank in corporations controlled by themselves, and where you have no information on which to base an opinion as to whether the loans are good or bad, it seems to me you are clearly entitled to one of three things: First, that the books of the corporations be voluntarily opened to you, or second, that the directors give you a full statement in detail of the business of the concerns; or, third, that a copy be given you of a report on the company or corporation made by an independent auditor."

Mr. Murray complimented the examiners for their work, but added that "we must improve it materially."

He said he considered the country examiner is often overworked and underpaid, but nevertheless he insisted "that the time given to examining country banks be materially lengthened."

## Senate Committee Will Not Call Mrs. Edward Harriman

WASHINGTON, Sept. 21.—Mrs. Harriman, widow of the late Edward Harriman, the railroad magnate, and Miss Bliss, daughter of the late Cornelius N. Bliss, former treasurer of the republican national committee, will be excused from testifying before the senate committee investigating campaign expenditures, Senator Clapp and Senator Pomeroy decided today.

A sergeant-at-arms sent to New York to subpoena them, was assured by C. C. Tegelhof, formerly private secretary to Mrs. Harriman, that Mrs. Harriman had no personal knowledge of any contributions and that she would be willing to produce any documents of the Harriman estate for the inspection of the committee. Cornelius N. Bliss, Jr., has assured a representative of the committee he would produce every paper the Bliss estate has relating to contributions, and that it would be unnecessary to subpoena Miss Bliss.

M. F. Elliott, general counsel for the Standard Oil company; C. T. White and W. H. Libby, also Standard Oil officials, have been served with subpoenas to produce certain books before the committee.

## Strikers Recoupy the Rifle Pits Near Utah Copper Mine

BINGHAM, Utah, Sept. 21.—Three hundred strikers recouped this morning in the fortifications on the mountainside known as the shooting gallery, from which the firing was done toward the Utah copper mine on the first days of the miners' strike here.

The men are supposed to be a part of the force which came down from the breastworks to hear the address of Governor Spry on Thursday. The fortress was deserted yesterday and it is supposed that its recouping is due to the predictions that nonunion men would be put to work by the Utah Copper company today.

Superintendent Schilling of the company did not confirm the predictions. He said this morning:

"We will do nothing today."  
More deputy sheriffs were sent out on the Bingham and Garfield railroad this morning to strengthen the patrol established on the theory that the line might be blockaded to prevent the importation of strikebreakers.

There was no firing this morning, although the strikers returned all their weapons.

## Last of the Maybray Mikers is Sentenced

Edward C. Moore, the last of the famous Maybray mikers to be sentenced, was given one year and one day in the federal prison at Leavenworth and fined \$20 by Federal Judge Smith-McPherson at Council Bluffs yesterday.

There was no firing this morning, although the strikers returned all their weapons.

## MEXICAN CHIEFS ACQUITTED OF VIOLATING NEUTRALITY

MARFA, Tex., Sept. 21.—Colonel Pascual Orozco, sr., and his five companions, advisers of Orozco, Jr., leader of the Mexican rebellion in the north, who were captured by United States troops at Presidio, Tex., were found not guilty of neutrality law violations at their hearing today before United States Commissioner Griffin and released. The elder Orozco and Jose Cordeva, immediately were re-arrested at the request of the Mexican consul at El Paso.

## SALVATION CASH. CLOTHES AND LOBSTERS ARE STOLEN

Thieves entered the Salvation Army headquarters at Seventeenth and Davenport streets last night and stole \$20 in cash and a \$2 check.  
Clothing valued at \$10 was stolen from J. G. Vancasco, 618 North Nineteenth street. Three lobsters were taken from the meat shop of M. Leffebitz, 2501 Leavenworth street. Entrance was effected by cutting out the glass in a rear window.

## MOONEY ARRESTED IN COUNCIL BLUFFS

Clever Thief who tried to Rob  
Platau at Paxton Caught at  
Same Trick in Iowa.

### OUTWITTED AT HIS OWN GAME

Got George Clark to Room, but Acted  
Suspiciously and Police Called.

### CONFESSES TO OMAHA JOB

Says He Pulled Trick in Omaha, but  
Did Not Come Down Fire Escape.

### WILL BE BROUGHT BACK HERE

His Offense in Council Bluffs Was  
Not Strong Enough, So Will Be  
Turned Over to Omaha  
Courts for Trial.

Arthur Mooney, who attempted to rob W. C. Platau, an Omaha jeweler, in room No. 119 in the Paxton hotel Friday morning after inviting him there to make a loan on a diamond ring, attempted to pull off the same stunt at the Grand hotel in Council Bluffs yesterday afternoon, and not only failed to rob his intended victim and make his exit by the fire escape, as he did here, but was himself held up by Chief of Police Froom and Emergency Officer Jack O'Neil, and is now locked up in the Council Bluffs city jail, after making a frank admission of his responsibility for the Omaha job.

The fellow went to the Grand hotel at about 7 o'clock Friday evening, and registered as Richard Wald, Omaha. He was assigned to room 419, located on the fourth floor facing the arway where there was no fire escape. Later, after investigating the hotel rooms the outside of the building, he asked to be transferred to a south room, 219, facing Bayliss park with one of the windows opening upon a fire escape.

Friday afternoon he made the rounds of the loan brokers inquiring about the possibility of securing a small loan on a three-stone diamond ring, which he said he had purchased ten years ago for \$375.

### Lays Trap Again.

Shortly after 5 o'clock yesterday afternoon he called up the Clark Jewelry company on the phone and asked if loans were made on diamonds and told the story of the \$375 ring. Fifteen minutes later he called up and asked that the diamond expert be sent to his room at the Grand as he was laid up with a sprained ankle, and suggested that the money for the loan be brought to the hotel. Mr. Clark had shortly before read the story of the Paxton holdup and was suspicious and asked his attorney, Herman Schurz, who was in the office, to go over and investigate. Schurz refused to concur in the suspicion that it might be the same game that was attempted at the Paxton, but wisely took no money with him. He was shown to Wald's room. He entered, leaving the door wide open and two bell boys stood across the hall to observe what was going on. He remained there through several minutes of the preliminary conversation, during which Wald appeared to be nervously eyeing the boy. He then told Schurz that his wife had the diamond and would be back in a few minutes and asked him to call in fifteen minutes.

### Police Notified.

In the meantime Mr. Clark had telephoned police headquarters, and Chief Froom and Officer O'Neil responded. On the way to the hotel Patrolman Barrett was picked up and stationed at the foot of the fire escape on the outside of the building. When Chief Froom rapped and was bidden to enter he found the door locked, and heard Wald open it. As the latter did so the chief's revolver was thrust into his face and he was told to throw up his hands. The muzzle of O'Neil's revolver was also pointing at his head, and his hands quickly went up as he remarked, "Well, I guess you've got me."

## Fifty-Five Thousand In Bills Taken from Shipment by Express

PENSACOLA, Fla., Sept. 21.—A package containing \$55,000 disappeared in transit from the First National bank in this city to officials of the Louisville and Nashville railroad at Flomont, Ala. The money was part of a shipment of \$150,000 intended as a payroll and was in bills of small denominations.

Details of the robbery, which is said to have taken place Wednesday, did not become public until today. Reports were current that the westbound Louisville and Nashville train leaving here Wednesday morning had been held up and robbed, but this was emphatically denied today by railroad officials here.

The money was put up in two sealed packages at the bank, one containing \$55,000 and the other \$20,000. These packages were delivered to the Southern Express company and in turn to the Louisville and Nashville pay car at Flomont to be used in paying off the men as the car came south to Pensacola. On being opened in the pay car, it is said, the larger package was found to contain a roll of papers from a magazine instead of the money. The express messengers, it is said, claim the seals on the packages were unbroken while the packages were in their care. Railroad and express officials refuse to discuss the disappearance of the money.

## Culls from the Wire

The fortieth annual convention of the American Public Health association, which has been in session in Washington, adjourned to meet next year at Colorado Springs, Colo.  
William Whiting Borden, son of the late William Borden, and Mrs. Mary Borden, whose share of his father's estate is said to be \$5,000,000, is to become a foreign missionary and will begin his life's work at Kanau, China, as soon as his preparatory studies are completed.  
The Indian bureau files by Mrs. Helen Pierce Gray, the investigator of Crow Indian affairs, arrested in Washington on a charge of concealing public records were located at the Department of Justice and other places by Attorney J. E. Wright, acting for the attorney general. Practically all the papers withdrawn from the official archives by Mrs. Gray now have been accounted for.

## Coming to See Ak-Sar-Ben—Then and Now

## REPUBLICANS OPEN CAMPAIGN IN OHIO

Senator Lodge Addresses Great Mass  
Meeting at Columbus.

### BOGUS ECONOMY IS SCORED

Hope of Votes is Mainstay of  
Every Action of Last Democratic  
Congress—Courts Should Re-  
tain Independence.

COLUMBUS, O., Sept. 21.—Senator Henry Cabot Lodge of Massachusetts, R. B. Brown, candidate for governor, and other prominent speakers opened the national and state republican campaign in this city today.

The opening consisted of two mass meetings in Memorial hall and two parades. The first meeting was at 2 o'clock this afternoon and the second at 8 o'clock this evening. Congressman Edward L. Taylor of Columbus presided at the afternoon meeting, at which Senator Lodge, Mr. Brown, Rev. John Wesley Hill of New York and Congressman Philip R. Campbell of Kansas spoke.

Senator Lodge, after declaring his pleasure in addressing the Ohio gathering, told of his long intimate friendship with President McKinley. His speech was largely devoted to a review of the acts of the late congress.

"The democratic house," he said, "determined to enter upon a career of legislation and in order to secure their legislation they adopted to an extent never known in our history, that most vicious practice of attaching legislation to appropriation bills, which hitherto the rule of both houses have been carefully framed to prevent. They started out with the proposition that they were going to make great economies, but when the final account was made up it was found that the government where there were no extravagances and the extravagances in which they freely indulged were poured out lavishly where it was thought that large sums from the treasury would result in securing support at the polls. The economies and extravagances alike were determined not by the interests of the government or the people, but in every case by the hope of votes."

The speaker asserted that the actions of the democratic legislators had crippled the State department to effect a saving of \$30,000; that they selected this year when Mexico is in a ferment of revolution, to cut off five cavalry regiments from the army; that their economy had caused this country to drop from second to third place among the navies of the world, with the Panama canal on the point of being opened and that their civil service legislation threatened the disorganization of the service.

### Proposed Constitutional Changes.

The democratic tariff measures, voted by President Taft, were criticized by Senator Lodge, who continued: "But during the last few years another question, or rather, a series of questions have arisen, which far transcend all others, because they involve the fundamental principles upon which our government and our institutions rest. These questions have been raised and violent constitutional changes have been agitated and advocated by men of all parties. This agitation has divided opinion in the two great parties, whether the division has been openly declared or not. These questions are far graver than any possible question of economics or administration. If the proposed constitutional changes should be carried into effect they would completely revolutionize our system and theory of government as we have known it since the beginning of our history."

"It is now seriously proposed to make the courts depend upon the will of a majority of the voters at any given moment—a majority which may be fleeting, temporary or accidental. The courts of the United States were made

## FORM BIG TOBACCO COMPANY

Daniel G. Reid and Associates Or-  
ganize \$50,000,000 Combine.

### OPTIONS ON SEVERAL PLANTS

Present Plan is to Manufacture All  
Forms of Tobacco and Make  
a Specialty of Cig-  
arettes.

NEW YORK, Sept. 21.—A \$50,000,000 tobacco company, now in process of formation here, is reported today to have the financial support of Daniel G. Reid, chairman of the Chicago, Rock Island executive board and several of his associates. Mr. Reid is now in Europe, but is expected to return about October 1.

According to the report options have already been obtained on a large number of independent tobacco companies in all parts of the country. The present plan, it is said, is to manufacture all forms of tobacco and to make a specialty of cigarettes.

The decree of the United States supreme court dissolving the American Tobacco company, it is reported, has brought about favorable conditions in the opinion of the promoters, for the launching of the new company. Tentative plans provide for dividing the stock into \$20,000,000 preferred and \$30,000,000 common.

## General Wood Will Visit Fort Crook Next Saturday

WASHINGTON, Sept. 21.—Major General Leonard Wood, chief of staff of the army, will leave here Monday for an annual inspection of the national defenses. According to the tentative Itinerary, he will be at Columbus barracks September 24; Chicago, September 25; Des Moines, September 26 and 27; Fort Crook, Neb., September 28; Robinson, Neb., September 29, and McKenzie, Wyo., October 2. The tour of inspection probably will require more than a month's time. General Wood will be accompanied by Captain Frank R. McCoy of the general staff corps.

## Boone Woman is Caught in Engine

BOONE, Ia., Sept. 21.—Mrs. Abraham Jacobson was instantly killed at her home here today, when her clothing caught in the pulley of a gas engine used in operating a churn.

## WALDO APPOINTS MEN WITHOUT INVESTIGATION

NEW YORK, Sept. 21.—On the witness stand for the third time, the aldermanic committee which is investigating police conditions, Police Commissioner Rhineland Waldo today repeatedly disavowed responsibility for the fact that he had appointed to his force many men rejected by his predecessors and whose records at police headquarters showed that they had been arrested for various offenses.

In answer to this and to instances of men who had obtained appointment through false oaths as to age and other qualifications, as pointed out by Emory R. Buckner, who conducted the examination, the commissioner declared he had put his whole trust in the Civil Service commission and had appointed men in one, two, three or four from the commission's list without having his own department investigate the character of the men.

## THIEF DROPS WIRE COIL. PURSUED BY DETECTIVE

A large coil of stolen copper wire was recovered by Detective Sullivan yesterday afternoon at Fourteenth and Dodge streets from Fred French, a "coked" fiend. When French saw Sullivan following him, he dropped the wire and escaped.

## HOUSES WRECKED IN "LONDONDERRY RIOT"

Irish Nationalists Make Violent  
Attack on Unionist  
Parade.

### TORCHBEARERS ARE STONED

Sir Edward Carson Is Given Enthu-  
siastic Reception by Unionists,  
but Big Row Follows  
Speechmaking.

COLERAINE, Ireland, Sept. 21.—Five houses were wrecked in a riot at Londonderry today between the factions disputing over home rule and which followed a meeting of unionists in Guild Hall, which was presided over by the Duke of Abercorn. Nationalists stoned the torch bearers and bandmen of the unionists.

Sir Edward Carson and the other unionist leaders who are conducting the anti-home rule campaign in Ulster received an enthusiastic reception here today. The town had been gaily decorated for the occasion and the unionists' clubs, headed by their bands, escorted Sir Edward and his party from the railroad station to the grounds, where a great demonstration was held.

## Posse Lynchers Negro On California Desert

BAKERSFIELD, Cal., Sept. 20.—The lynching of a negro on the desert thirty miles east of Mojave, by men alleged to be employed on the Los Angeles aqueduct, was reported tonight. It is said the negro attacked the 6-year-old child of a woman who is homesteading a tract of land near the aqueduct camp in Jawbone canyon and the men formed a posse which pursued the negro. Surrounding him in a gulch several miles from the scene of the crime, they ridged his body with bullets. Officers left here tonight in an automobile to investigate.

## Rich Oil Field is Dis- covered Near Panama

NEW ORLEANS, Sept. 21.—What promises to be a wonderfully rich oil field with latent possibilities for solving the fuel problem of the Panama canal zone, according to Gerald H. Hamilton, editor of the English section of the Panama City Star, has been discovered in Colombian territory, not more than a day's journey from the canal.

Mr. Hamilton, who arrived here yesterday from the isthmus, said that officials of the Panama canal commission as well as American capitalists, were investigating the oil district. He added that a German had discovered the oil at but a short distance below the surface.

## WILSON FOR FIRST TIME SEES A POLITICAL ORGANIZATION

COLUMBUS, O., Sept. 21.—Twelve hours were spent in Columbus tonight by Governor Woodrow Wilson, but in these were crowded the formal opening of the democratic campaign in Ohio, a luncheon with Governor Harmon, Representatives James M. Cox, the democratic candidate for governor, and state leaders, and a series of speeches and receptions. It was a strenuous windup to the presidential nominee's first week of consecutive campaigning. As he started back to Sea Girt, N. J., tonight he said he was more than satisfied and pleased, both with the thrill of campaigning and the enthusiastic greetings he had received. Enthusiasm and demonstration spread through the day's events. For the first time in his life the governor saw what a political organization looked like. He saw the precinct organizers, the county leaders and the state executives and with them, hundreds of coworkers. They crowded Memorial hall and gave the nominee an ovation.

## AK-SAR-BEN DAYS BEGIN WEDNESDAY. BETTER THAN EVER

Carnival Gates Swing Open to Mer-  
ry-makers at Noon and Fun  
and Frolic Start.

### PREVIOUS EVENTS OUTCLASSED

Floral Automobile Parade First Big  
Event of Fall Festival.

### GREAT AGRICULTURAL EXHIBIT

Woodmen, Cadets and Soldiers in  
Great Dedicationary Parade.

### ELECTRICAL GEMS AND FLOWERS

Brilliant and Awesome Pageant of  
Illuminated Floats, Followed by  
Coronation Ball for New  
King and Queen.

Next Wednesday afternoon at 1 o'clock gates of the carnival grounds at Eighteenth and Douglas streets will be thrown open and from that time until midnight, October 5, the annual festivities of Ak-Sar-Ben will not cease. Some of the shows for the carnival already have arrived and most of the others will come tomorrow. The Douglas county fair will have its exhibits on the grounds, taking the booths on both sides of the street for an entire block.

The Irwin Brothers wild west outfit, with 150 persons and 250 head of horses and cattle, with which they will repeat the Cheyenne frontier days, will be here from September 28 to October 5, during which time the performances will be repeated daily at Rourke park, Fifteenth and Vinton streets. Eighteen cars, comprising a "special train," will bring the outfit to Omaha.

The first big parade feature of this year's festivities is the automobile floral parade, which takes place on the streets of Omaha Tuesday afternoon, October 1. Charles Beaton is at the head of this committee in charge of this feature. Already some fifty automobiles have been entered for this spectacular parade. Expert decorators in artificial flowers have been secured from Chicago. They have been at work in the Brandeis stores for the last two weeks, where they have been taking orders for artificial flowers and making plans for those who desired outlines of designs for their automobiles. Many are planning their own designs for the cars while others prefer to accept one of the plans of the experts' versatile brains.

### Floral Parade First.

Prizes will be offered for the best decorated cars in the parade, the artistic work and the general effect of the floral decorations being taken into consideration. The costumes of the occupants of the car must harmonize with the general scheme of the floral decorations. Prizes ranging from \$50 to \$200 are offered. Several silver loving cups as grand prizes also are offered. Many ladies are entering the parade with decorated cars, and entries are being received from many parts of the state as well as from Council Bluffs.

Seven years ago a floral parade was held in connection with the Ak-Sar-Ben festivities. At that time there were but 120 automobiles in the city of Omaha. Since that time the automobile floral parade has not been attempted until this year. Now that the cars in the city run up into thousands and automobiles have developed from the little "horseless carriage" to the giant, smooth, Pullman-like forty-horse power, seven-passenger cars, this parade is expected to be one of the very most fascinating spectacles of the Ak-Sar-Ben festival.

The great electrical parade with its variegated blaze of lighting will burst forth on the gaze of the crowds Wednesday night, October 2. "Gems and Flowers" this year is the theme of the electrical parade. Everywhere the mythological, historical and dramatic significance of the various gems and flowers is carried out in the scenes portrayed by the floats, and the whole is one blazing panorama of beauty, culture and mythology.

## Prominent York Girl Is Killed Under Auto

YORK, Neb., Sept. 21.—(Special Telegram.)—Last evening Miss Claire Green, daughter of L. P. Green, was riding in an automobile with Miller Chorn, when they attempted to pass another machine. Both were running at a high rate of speed. The road was not level and the machine turned turtle, catching Miss Green beneath it and injuring her so that she died in a few hours.

### English and Walters Matched.

CHICAGO, Sept. 21.—Billy Walters, welterweight champion of the United States, and Clarence English of Omaha were matched here last night for a fifteen round bout at St. Joseph, Mo., on the night of October 1. The weight agreed upon is 141 pounds at 3 o'clock on the day of the fight.

### Every Day in The Week and Especially on Sunday The Bee want ad pages offer a most complete bulletin of opportunities. Read The Bee want ads and you will certainly profit by them.

If you want to buy a home or find a buyer for one, buy or sell vacant property or personal property, if you want to loan or borrow, exchange or hire, there is no other way of doing it so quickly or as cheaply as it can be done by the use of a Bee want ad.
