main healthy are those who prepare their systems in advance of baby's coming. Unless the mother aids nature in its pre-natal work the crisis finds her system unequal to the demands made upon it, and she is often left with weakened health or chronic ailments. No remedy is so truly a help to nature as Mother's Friend, and no expectant mother should fail to use it. It relieves the pain and discomfort caused by the strain on the ligaments, makes pliant and elastic those fibres and muscles which nature is expanding, prevents numbness of limbs, and soothes the inflammation of breast glands. The system being thus prepared by Mother's Friend dispels the fear that the crisis may not be safely met. Mother's Friend assures a speedy and complete recovery for the mother, and she is left a healthy woman to enjoy the

for Immunity CHICAGO, Sept. 20,-Part of the \$272.000 loot robbers got from the Bank of Montreal at New Westminster, B. C., and which was hidden here, has been recovered by Chicago police, according to an

admission of Assistant Chief Scheutler today. It was intimated that the amount would run into the thousands, in Canadian bills of large denominations. Captain John Mahoney and Lieutenant Bernard J. Burns, who will be required to answer charges preferred by Chief Mc-Weeny before the civil service commis-

sion for permitting the pank bandits to escape, returned to the city today. They went on a furlough shortly after their unsuccessful attempt to capture the thieves, and returned before the expira-

Trying to Buy Immunity. The man, said to be a go-between, is reported to have informed the police today that there were four instead of two of the bank robbers in the South Wabash avenue saloon when the police went there to make arrests and that they were negotiating to buy immunity from arrest

when they were surprised by the appear ance of Lieutenant Burns. According to the story circulated, a police officer discovered that the four robbers were hiding in Chicago and demanded \$100,000 as the price of his silence. Under the plan said to have been suggested, each of four police officers were to receive \$25,000. Two of the robbers, it is said, had agreed to pay the sum for protection but the other two refused

declaring the amount exorbitant. While the negotiations were pending there was a leak, according to the story and Captain Mahoney and Lleutenant Burns learned of the presence of the robbers in the saloon and attempted to capture them.
