GRAIN AND PRODUCE MARKET

Movebent of Wheat This Month Has Been on an Enormous Scale.

WEATHER CONDITIONS NOT BAD

Action of the Bull Leaders Who Forced the Advance in Corn Prices Will Be Watched for Some Time.

OMAHA, Sept. 23, 1912.

The movement of wheat so far this month has been on an enormous scale and, taken in connection with corn and oats, the last few weeks run breaks all previous records. That there has not been more accumulation as a result of this run was due to the fact that stocks of all grain were greatly depleted following the harvest period. The wheat market has now reached a point where a continuation of this heavy marketing must result in important accumulation. The trade is at a point where Canada and Russia will compete and undersell in supplying Europe. Russia shipped 4,500,000 bushels the last week. Reports indicate additional rains in portions of Minnesota. The firmness in the northwest markets at the close last week was the chief supporting influence. Cash wheat, unchanged.

So far as early messages indicate, there has been no serious frost in any part of the corn belt, with possibly a little injury in South Dakota last week. The weather map is mostly fine today. The action of the bull leaders who forced the advance in prices last week will be watched closely for some time. The temper of the trade and the public will no doubt be conservatively bearish if the country has fine weather this week. Traders still suggest limiting short sales to May contracts and they believe December will show quick rallies from all depressions until there is less difference between prices of old and new corn. There is nothing at present to encourage selling in the current month..

Cash corn, unchanged to ½c lower.

Grain men report that the oats market has a decidedly oversold appearance for all deliveries. The marketing is very heavy and elevator men look for a car shortage within a few weeks. Cash oats was unchanged.

Primary corn receipts were 21,000 bushels, oats, 58,000 bushels and wheat and flour equal to 474,000 bushels.

Liverpool closed ¼@½d higher on wheat and ¼@½d lower on corn.

Primary wheat receipts were 3,103,000 bushels and shipments were 1,005,000 bushels, against receipts last year of 1,788,000 bushels and shipments of 973,000 bushels.

Primary corn receipts were 925,000 bushels and shipments were 403,000 bushels, against receipts last year of 653,000 bushels and shipments of 352,000 bushels.

Primary oats receipts were 1,331,000 bushels and shipments were 824,000 bushels, against receipts last year of 685,000 bushels and shipments of 540,000 bushels.

The following cash sales were reported: Wheat—No. 2 hard winter: 4 cars, 86c; 1 car, 85¾c. No. 3 hard winter: 1 car, 86c; 4 cars, 85½c; 1 car, 85¼c; 7 cars, 85c. CHICAGO GRAIN AND PROVISIONS

Features of the Trading and Closing Prices on Board of Trade.

CHICAGO, Sept. 23.—Increasing stocks of wheat proved too much of a burden today for prices. The market closed weak, a shade to ½c net lower.

Traders took due notice of the fact that within the last few days nearly 1,000,000 bu. had been added to the amount of wheat in store in Chicago. In this connection attention was also given to the big increase in the United States visible supply total, 3,543,000 bu., as against 74,000 bu. decrease for the corresponding time a year ago. World shipments, too, were as large as expected, and receipts northwest of here continued far in excess of the figures twelve months back.

Forecasts of rain, snow and cold in the spring crop belt afforded ammunition to combat the wheat bears, but selling pressure became pronounced as the session neared an end. December closed at 91¼c, a net loss of a shade.

Corn prices took to the down grade as a result chiefly of the fine weather for maturing the crop. December closed steady ⅝c net lower at 53@53¼c. No. 2 yellow, 73¾@73¾c. Although covering by September shorts gave steadiness early to oats, the market later succumbed to the bearish influence of other grain. December closed at 32⅝@32¾c, showing a net decline of ¼@⅜c.

Provisions suffered from miscellaneous selling. In the end pork was less expensive by 5@7½c to 30c, lard 7½c off to 2½c up and ribs unchanged to a decline of 5c.

The leading futures closed as follows:

NEW YORK STOCK MARKET

Some New High Records for Year Established on Exchange.

BEAR ELEMENT NOT SO STRONG

Market Takes Encouragement From Favorable Bank Statement and Further Gold Engagements Abroad.

NEW YORK, Sept. 23.—Some new high records for the year were established today on the stock market. United States Steel and Amalgamated Copper touched high marks with other issues of less prominence. Trading was again heavy, though under last Friday's total, but the rise was several times checked by obvious profit taking and further sales, par value, aggregated $2,460,000, all accounts, has been largely eliminated, however, and no small part of today's advance may be reasonably attributed to outside origin or investment demand.

The market derived some encouragement from last Saturday's relatively favorable bank statement and further gold engagements abroad, $2,500,000 being taken in London. Other news of the day contributed in the movement, including an announcement of an advance in pig iron and advices from the west which dealt with the traffic situation. Apparently the movement of freight for the next few weeks will be limited only by the available supply of railroad equipment, and shippers of general merchandise are complaining of discrimination by the railroads in favor of cereal shipments.

Best prices today were scored in the last hour. Amalgamated led the rise to the accompaniment of a report from Boston that copper was selling there at a fraction over 18 points the pound. Equipment issues and the Hill stocks were in demand, but Reading and Lehigh Valley were under slight pressure. Call money opened at 4% per cent, with a slight increase of supply. Time money rates fell back slightly on the improved banking position and lighter demand. Acceptances of commercial paper were larger, western institutions absorbing a considerable volume.

The bond market was broader and generally higher, some of the speculative issues being largely traded in. Total sales, par value, aggregated $2,460,000. United States 3s declined ½ per cent, the 4s advanced ¼ and the Panama 3s advanced 1½ per cent.

No. of sales and leading quotations on stocks were as follows:

Total sales for the day, 614,000 shares.

New York Money Market.

NEW YORK, Sept. 23.—MONEY—On call, firm; 4¾@5 per cent; ruling rate, 4¾ per cent; closing bid, 4¾ per cent; offered at 4¾ per cent. Time loans, weaker; sixty days, 5¼@5½ per cent; ninety days, 5½ per cent; six months, 5¼@5½ per cent.

The market closed strong. Amalgamated led the active movement of the last hour on reports that the metal was selling at a fraction over 18c. There also was considerable demand for equipment stocks and some of the standard railers, notably Hill issues. Coalers were subject to moderate pressure.

PRIME MERCANTILE PAPER—5½ to 6 per cent.

Sterling echange, steady with actual business in bank bills at $482.25 for sixty-day bills and at $483.60 for demand.

Commercial bills, $4.81½.

SILVER—Bar, 65⅝c; Mexican dollars, 48½c.

BONDS—Government, irregular; railroad, firm.
