BARON BIEBERSTEIN, PROMINENT GERMAN STATESMAN, IS DEAD

Kaiser's Ambassador at British Court Dies Suddenly at Badenweiler, Baden.

GERMANY'S STRONG MAN

He succeeded Bismarck as Secretary of Foreign Affairs.

WILL DELAY PROPOSED TREATY

Was Engaged in Negotiating Pact with Great Britain.

BERNSTORFF MAY SUCCEED HIM

Rumor that Kaiser's Representative at Washington Will Be Transferred to the Post Just Made Vacant.

BADENWEILER, Baden, Germany, Sept. 24.—Germany's most brilliant diplomat, Baron Adolf Marschall Von Bieberstein, died here today after a short illness.

The baron, who had occupied the position of German ambassador in London only since May this year, had come here to take a course of alkaline water treatment and was in comparatively good health until a week ago. Then he suddenly fell ill and rapidly became worse, until he died today.

The baron had suffered from an attack of influenza earlier in the year and his death is attributed to the after effects of that malady and to his strenuous work in London since his appointment to the embassy there.

The baron, who was a native of Baden was 70 years old.

Contemplated Retirement.

BERLIN, Sept. 24.—The name of the German ambassador at Washington, Count Von Bernstorff, has been mentioned unofficially in diplomatic circles as that of the possible successor to the late Baron Marschall Von Bieberstein, as ambassador in London.

Count Von Bernstorff is reputed to be an ardent advocate of good Anglo-German relations.

It had been rumored for some days that Baron Von Bieberstein contemplated retirement from the diplomatic service on account of impaired health. It is stated that he was suffering from kidney and liver ailments. His death, which resulted from paralysis of the heart, was utterly unexpected here and will, it is thought, defer the negotiations for the Anglo-German understanding which he was said to have been negotiating. His recent sojourn in London is believed to have strengthened his view in this direction.

Germany's Strong Man.

Baron Marschall von Bieberstein was regarded as one of the most accomplished diplomats of his time, and since the death of Bismarck he had been considered Germany's "strong man."

The baron in fact, stepped into the shoes of Bismarck when the latter left office in 1890, becoming on April 1 of that year secretary of state of foreign affairs. During his term of office he conducted the negotiations with many foreign powers for commercial treaties which have been in force ever since, with some few modifications.

In 1894 he became minister of state and three years later the emperor, recognizing his abilities as a statesman, appointed him ambassador to Turkey. He remained at Constantinople over fourteen years, but was often called to Berlin to confer with the emperor, not only in regard to Turkish affairs, but in connection with Germany's general foreign policy as well.

Dominated Foreign Policy.

It was often hinted that the baron practically controlled the emperor's entire foreign policy. He was strongly in favor of the extension of Germany's dominions in all parts of the world. His views were so well liked at court that he was often mentioned for the imperial chancellorship. The baron was particularly successful in maintaining the influence of Germany in near eastern affairs and it was considered due to his diplomacy that Germany's commercial standing in the Turkish empire became so strong.

When he was nominated for the embassy in London early this year, it was reported that he was to endeavor to bring about an understanding between the two great rivals, Germany and Great Britain. It was his aim, the new ambassador had little opportunity to attain it, for the three months that intervened from the date of his appointment and his death scarcely sufficed for establishing himself in his new surroundings.

Dynamiters Wreck a Bank Building

STERLING, Ill., Sept. 24.—Dynamiters blew off the door of the safe in the state bank at Hoopville, Ill., twenty-eight miles south of here last night, but made so much noise that they awakened nearly everyone in the village. They escaped without anything. The entire front of the bank building was blown off.

Newton C. Dougherty Arrested in Chicago; is Released on Bond

CHICAGO, Sept. 24.—Newton C. Dougherty, former superintendent of the Peoria, Ill., schools, who recently was paroled from the Joliet penitentiary after serving six years for embezzlement of school funds, was taken into custody here today on new indictments returned at Peoria.

Dougherty surrendered to Deputy Sheriff Grant Minor, Jr., of Peoria county, in the corridor just outside Judge Foell's courtroom in the Cook county building as soon as he had been informed that he had been indicted.

The sheriff served Dougherty with a writ of habeas corpus. The writ was made returnable forthwith and Dougherty was arraigned before Judge Foell immediately.

No testimony was introduced, and Judge Foell continued the hearing until October 7, releasing Dougherty on a bond of \$500. Dougherty then departed in company with his counsel.

In his petition for the habeas corpus writ, Dougherty asserted that already he had served a sentence on conviction of the embezzlement charges and, therefore, the new indictments against him are void.

Taft Says Reform in Monetary System is Up to Business Men

WASHINGTON, Sept. 24.—"I think all the money we have should be in circulation in a system which invites it and does not drive it into socks and safety deposit vaults," said President Taft today in addressing the American Association of Commercial Executives in session here, before he left for New York. "One of the troubles with us, inherent in the character of our government is that congress and public men are prone to deal with those things which attract men most easily and favorably—in short to headline the attention of the general public," said the president.

"It's pretty hard to get the people to pay attention to a banking system, but the problem might be solved and it is up to the business men of the country," Mr. Taft also discussed the budget system of government finance which he favors, but which congress at its last session declined to adopt.

Lawyers for Indians File Suit to Recover Chicago Lake Front

CHICAGO, Sept. 24.—Lawyers representing the Potawatamie, Chippewa and Ottawa Indian tribes today filed suit in the United States district court for recovery of the Chicago lake front from the Chicago river to Forty Seventh street on the South Side, or cash damages of \$50,000,000.

The Illinois Central Railroad company, the Michigan Central Railroad company, the Chicago, Burlington & Quincy Railroad company and the Board of South Park Commissioners were named as defendants in the suit.

The names of 2,785 Indians residing in Illinois, Michigan and Wisconsin are given in the petition of the plaintiffs, who base their claims to the land on the treaty of the federal government with the Indians, dated August 3, 1796, and a subsequent treaty of September 8, 1815.

Twenty-Five Children Call Ewalt Father

MARSHALLTOWN, Ia., Sept. 24.—What is without doubt the largest family of children in the state was augmented yesterday by the birth of a girl, which makes the eighteenth child of Captain D. K. Ewalt, aged 73, a farmer living three miles west of Albion, in this county. Altogether it is the twenty-fifth child of the combined parentage of Mr. Ewalt and his wife.

Although Ewalt is 73 years of age, his wife is only 39. She is Ewalt's fourth wife, and has borne him seven children. She also had seven by her first husband, a total of fourteen at 32 years of age.

Mrs. Ewalt No. 1 was the mother of Mrs. Ewalt No. 2, who was the mother of Mrs. Ewalt No. 3, who was the mother of Mrs. Ewalt No. 4, who was the mother of Mrs. Ewalt No. 5, who was the mother of Mrs. Ewalt No. 6, who was the mother of Mrs. Ewalt No. 7, who was the mother of Mrs. Ewalt No. 8, who was the mother of Mrs. Ewalt No. 9, who was the mother of Mrs. Ewalt No. 10, who was the mother of Mrs. Ewalt No. 11, who was the mother of Mrs. Ewalt No. 12, who was the mother of Mrs. Ewalt No. 13, who was the mother of Mrs. Ewalt No. 14, who was the mother of Mrs. Ewalt No. 15, who was the mother of Mrs. Ewalt No. 16, who was the mother of Mrs. Ewalt No. 17, who was the mother of Mrs. Ewalt No. 18, who was the mother of Mrs. Ewalt No. 19, who was the mother of Mrs. Ewalt No. 20, who was the mother of Mrs. Ewalt No. 21, who was the mother of Mrs. Ewalt No. 22, who was the mother of Mrs. Ewalt No. 23, who was the mother of Mrs. Ewalt No. 24, who was the mother of Mrs. Ewalt No. 25.

First Dividend Paid by Dakota Bank at Meade

DEADWOOD, S. D., Sept. 24.—(Special Telegram.)—C. D. Howe, in charge of the Meade County bank at Sturgis, which closed its doors nearly a year ago and has since been in the hands of the state banking examiner, today announced that the first dividend of 10 per cent would be paid October 1 and that another would probably be paid before the first of the year.

The closing of this bank tied up \$750,000 in deposits and was a severe blow to the country around Sturgis, but it is now believed that it will pay out better than first expected.

MARINES WILL BE SENT TO SANTO DOMINGO

WILMINGTON, Del., Sept. 24.—After a conference with President Taft on his private car en route to New York today, Acting Secretary of the Navy Beekman Winthrop announced that 750 United States marines will be dispatched at once to Santo Domingo.

The marines will take charge of the custom house of the republic, endangered by the present revolution, which is under United States supervision by the terms of the 1907 convention. The marines will sail from Philadelphia on the transport Prairie late in the week. Colonel F. J. Moses, probably will command the detachment.

Number Who Have Been Aligned with Moozers Take Stand with Taft Men—Idaho Inquires of Wait.

(From a Staff Correspondent.)

LINCOLN, Sept. 24.—(Special.)—As an indication that Taft sentiment is picking up in Lincoln, men who were circulating the petition for placing Taft candidates for electors on the ballot by petition, report it an easy matter to find men who are for the president and are glad to sign the petitions. Another indication of the change of sentiment is the hundreds of men seen on the street wearing the tri-colored button with the name of Taft on a button with the picture of the president.

Two months ago it seemed that few people wanted to declare themselves for Taft in that manner for fear of ridicule, but now it is different and evidence of the change in sentiment is seen on every hand, and even at the state house, where there are so many of the employees holding their jobs by virtue of the appointment by Governor Aldrich. Taft buttons are in evidence in quite numerous quantities. It seems to be the opinion of many men who have been out through the state and those who are returning from vacations in other portions of the country, that the cause of Theodore Roosevelt is on the wane and that the beginning of the end of his campaign for the presidency is already in sight.

Taft Club Formed.

The completion of the formation of a Taft republican club in Lincoln was made at the Lincoln hotel last night, when something over 100 gathered and elected J. Reid Green president, Ralph Wilson vice president and Ralph Moseley secretary-treasurer. J. L. Caldwell addressed the club as the main speaker of the evening, and was followed by Senator O'Neill and Harry Lindsay of the supreme court. A subcommittee consisting of one man from each of the voting precincts of the city was appointed and arrangements made for a systematic campaign. As an evidence that the ranks of the bull moose are wavering, it was noticed that one of two of those who have been taking an active part in that movement were present and not only wore Taft buttons, but signed the club rolls. In fact, it seemed to be a universal report from all that Taft sentiment was growing and that every indication pointed to a break in the bull moose ranks in the very near future. Mr. Grueber, residing in northern Missouri, was present and said Taft was very strong in his section of the state, and that Roosevelt would get very little support there.

Idaho Makes Inquiry.

Secretary of State Wait received a telegram this morning from W. L. Gifford, secretary of the state of Idaho, stating that he had seen an article in the daily papers regarding the filing of the certificate of the bull moose party in Nebraska and a notice of protest made by the democratic candidate for attorney general and desired to know the facts in that case. Mr. Wait answered the telegram by letter stating the facts in the case and enclosing copies of the protest filed by Mr. Morrissey and also of the ruling in the case by the secretary.

Automobile Robbers Are Busy in Chicago

CHICAGO, Sept. 24.—Chicago's available policemen and detectives today were ordered out to suppress an "out-of-season" crime wave. Footpads and automobile robbers have begun their winter series of depredations a month ahead of the usual time, according to police officials. The authorities were notified that two women at the point of a revolver robbed E. G. Minnick of Galesburg early today on the South Side; that motor car bandits had attempted unsuccessfully to chloroform a man and his wife on the North Side near the spot where robbers killed Mrs. Edmund Kaufman last year; and that thieves had stolen a trained donkey from the stable of A. K. Carr in Englewood, placed the animal in the tonneau of their automobile and escaped.

TRIAL OF MRS. HELEN GRAY GOES OVER UNTIL TODAY

WASHINGTON, Sept. 24.—Mrs. Helen Pierce Gray of St. Paul, an investigator of Crow Indian affairs, charged with concealing public records, was arraigned before a United States commissioner today and her trial was postponed until tomorrow. Mrs. Gray was alleged to have taken the allotment roll of the Crow tribe from the Indian office. It was found in the Department of Justice after her arrest.

FRANCE WILL BUILD ARMED DIRIGIBLES

PARIS, Sept. 24.—France has decided to build a squadron of swift armed dirigibles for its aerial war fleet, in addition to the aeroplanes already possessed by the army. Four great steerable balloons of the non-rigid type have been ordered by the government. These are to have a speed of about forty-three and one-half miles an hour and are to be armed with machine guns. Their gas capacity is to be about 600,000 cubic feet.

BENTON LEADS WALKER IN MASSACHUSETTS PRIMARIES

BOSTON, Sept. 24.—Returns for governor in the Massachusetts primaries today from twenty towns out of 320, and 309 out of 221 voting precincts in the city of Boston gave: Republican—Benton, 7,309; Walker, 6,985; Democrat—Foss, 23,600; Pelletier, 17,462.

CARNIVAL TO OPEN TODAY

Gates of the King's Highway to Open at One O'clock.

MANY EXHIBITS INSTALLED

Government Has Placed a Splendid Display of Models of Its Latest Battleships on Exhibition.

A battleship model costing \$4,800 and requiring the work of a force of men for nine months to build is now on exhibit at the carnival grounds of the Ak-Sar-Ben. This is a ten-foot model of the dreadnaught "Florida." Although the carnival grounds are not open formally until 1 o'clock this afternoon, hundreds of persons flocked to Nineteenth and Douglas streets yesterday afternoon to see the naval exhibit that was being set up.

Besides the "Florida" there is a model of the scout cruiser "Salem." The "Salem" is one of the three scout cruisers in the navy. It has recently been doing patrol duty in the ice fields of the Atlantic, making reports on locations of ice bergs for the benefit of other vessels in these waters since the Titanic tragedy. Another model is that of a modern torpedo boat. Occupying a position next to this is a model of one of our torpedo boat destroyers, the "Decatur." Another interesting model is the submarine boat, the "Holland." This invariably puts the spectator in mind of a fish for its shape and appearance is fish-like.

Habeas Corpus for Release of Young Girl from Convent

Application for a writ of habeas corpus for the release of one Margaret Carr from the Good Shepherd home was made in district court by Esther Mildebrand, a friend of the girl. Hearing was set for tomorrow by Judge Sutton. It is alleged that Miss Carr is 21 years old and is being kept in the home against her own will.

Roosevelt Hopes to Break Solid South

CHANDLER, Okla., Sept. 24.—With his arrival in Oklahoma today Colonel Roosevelt began the last stage of his trans-continental tour which will take him through the south. He will spend a week in the southern and southeastern states. At the time the progressive party was founded Colonel Roosevelt announced that he would make his fight as vigorously in the south as in the other section of the country and that he hoped the new party would break up the "solid south."

Colonel Roosevelt spent two hours in Chandler on his arrival early today before starting for Oklahoma City, where he was to spend most of the day. He will reach New York at noon on Wednesday of next week. The colonel will remain at home from Wednesday of next week until the following Monday, except for a trip to Washington on Friday to testify before the senate committee which is investigating campaign contributions. Then begins a journey of ten days in the middle west. After a brief rest he is to go to New England for a week. The closing days of the campaign are to be spent in New York state.

TULSA, Okl., Sept. 24.—Several men were borne down in the collapse of the grand stand from which Colonel Roosevelt spoke here today and the colonel narrowly escaped. No one was injured seriously, however.

General Wood Leaves Washington. WASHINGTON, Sept. 24.—Major General Wood, chief of staff of the army, accompanied by Captain Frank R. McCoy, his personal aid, left Washington today on an inspection of military posts in the west and southwest. General Wood expects to confer with Secretary Edmondson at Fort McKenzle, Wyo., the last of this month.

Man Hired to Confess Murder May Be Held On Perjury Charge

DENVER, Sept. 24.—Waiving extradition Jacob S. Krasno left here at 10 o'clock today in custody of City Detective Watson for Newton, Ia., where he is wanted in connection with a letter he wrote concerning the murder of Mrs. Mathilda Hermsmeider, a wealthy reclus, in February, 1911.

Krasno declined to add to his confession last night in which he stated that he had falsely accused himself of killing Mrs. Hermsmeider in the hope of securing a pardon for Leo Kramp, who was convicted of the murder and sentenced to life imprisonment. He said he was promised a reward of \$10,000 by Simon Kramp, father of the convicted man.

NEWTON, Ia., Sept. 24.—T. J. Campbell, prosecuting attorney of Jasper county, in which Leo Kramp was convicted for the murder of Mathilda Hermsmeider, said he doubted whether any charge would hold against Jacob Krasno, who is being returned from Denver today. Krasno was a witness in the Kramp case, and Prosecutor Campbell said an investigation would be made to determine whether the prisoner can be brought before the grand jury for perjury.

Perkins Asks Senate Committee to Call Chairman Hilles

WASHINGTON, Sept. 24.—Senator Clapp has received a letter from George W. Perkins asking that Charles D. Hilles, chairman of the republican national committee, be called before the senate committee investigating campaign expenditures to testify fully as to his "charge" that Colonel Roosevelt "had spent millions of dollars of hisvester trust money."

Senator Clapp today stated that Mr. Hilles undoubtedly would be called before the committee, but would be questioned not alone upon that reported statement, but upon the general subject of campaign contributions. Former Speaker Cannon and Representative McKinley of Illinois and Weeks of Massachusetts probably will be asked to testify in connection with the investigation into illegal campaign contributions by protected interests prior to the tariff sessions of 1909.

President Pearson Takes Charge at Ames

AMES, Ia., Sept. 24.—(Special.)—Dr. Raymond Pearson, former commissioner of agriculture of the state of New York, the new president of the Iowa state college, succeeding Dr. A. V. Storm, who resigned a year ago to re-enter the ministry, arrived in Ames from Europe shortly before noon yesterday. He took the executive's chair of the college immediately. There was no ceremony, nor will there be any, in connection with his inauguration. He will grasp the big details of the big school as soon as possible and get down to work. Dr. Pearson spent this afternoon on a tour of the 1,300-acre campus, getting acquainted with the men and buildings.

President Pearson takes the presidency of the state college at a time of great prosperity. The enrollment has reached 2,150, 350 more students than were matriculated at this date last year. Dr. Pearson's salary is to be \$6,000 a year, \$1,000 more than was ever paid to a president of Ames. President Storm resigned, drawing \$5,000 a year, to accept a pulpit more remunerative than the presidency of the college.

Pierre, S. D., Sept. 24.—(Special.)—Hendrick Pederson of Kirley, after going about his affairs as a voter and citizen for more than forty years, finds on his attempt to make final proof on a homestead that while he has been in this country that long and has voted at all elections, he never has been a citizen, and must take out his "first papers" and wait two years before he can secure title to his land as a citizen.

NEW JERSEY HOLDS PRIMARY

Democrats Are Nominating Candidate for United States Senator.

GOVERNOR WILSON FOR HUGHES

Primary is Test of the National Democratic Candidate's Hold on His Party in His Home State.

NEWARK, N. J., Sept. 24.—Governor Wilson's hold on his party in New Jersey was tested in today's primary contest for the democratic nomination for United States senator to succeed Frank O. Briggs, republican, whose term expires next March.

The governor's choice, Congressman William Hughes of Paterson, is opposed by former Senator James Smith, Jr., of Newark, whose candidacy for the office met defeat less than two years ago, because of Governor Wilson's opposition. This year Governor Wilson has opposed Mr. Smith in speeches and in statements addressed to the democratic voters.

Two other names appear on the primary ballot as candidates for the senatorship, viz: Former Judge Wescott of Camden, and Frank M. McDermitt of Newark. Mr. Wescott withdrew recently in favor of Mr. Hughes, but the ballots containing his name had already been printed. Mr. McDermitt is running independent of either faction.

Kansas Moosers Are Compared to Thieves by Harlan and Bede

PITTSBURGH, Kan., Sept. 24.—"Gentlemen burglars or highwaymen" were declared to be "much more honorable than the Roosevelt men in Kansas" by John Maynard Harlan, who, with J. Adam Bede, spoke here today. Both men, who are trailing Colonel Roosevelt across the continent, were bitter in their denunciation of the progressive party and its leader.

President Taft Goes to New York

WASHINGTON, Sept. 24.—President Taft left here at 10 a. m. over the Pennsylvania railroad for New York, where his train is due at 2:17 o'clock. He will go to the home of his brother, Henry W. Taft, and start at 11:30 p. m. for Altoona, from where he expects to leave tomorrow afternoon for Beverly.

TAKES OUT FIRST PAPERS AFTER VOTING FORTY YEARS

PIERRE, S. D., Sept. 24.—(Special.)—Hendrick Pederson of Kirley, after going about his affairs as a voter and citizen for more than forty years, finds on his attempt to make final proof on a homestead that while he has been in this country that long and has voted at all elections, he never has been a citizen, and must take out his "first papers" and wait two years before he can secure title to his land as a citizen.

SEPTEMBER RAIN TURNED INTO SNOW IN WEST NEBRASKA

Weather Man's Predictions Fulfilled When Drizzle is Changed Into Light Fall.

AT NORTH PLATTE BY NIGHT

First Herald of Winter Puts in Appearance Over State.

GOES NORTH TO VALENTINE

Storm Headed Eastward After Lively Time in Wyoming.

OMAHA PEOPLE ARE SNOWBOUND

C. N. Dietz and G. W. Holdrege, with Their Families, Hemmed In at Dome Lake, Wyo., in Heart of Big Horn Range.

Snow began to fall last night at North Platte and Valentine and to work its way east, carrying out the prediction of the weather man.

Reports to the Burlington and Northwestern show six inches of snow in the country to the north.

From Sheridan to Billings on the Burlington it has been raining steadily during the last twenty-four hours and this side from Sheridan to Edgmont it has been snowing most of the period.

Along the Northwestern, most of the way across Wyoming, either rain or snow has been falling steadily most of the time since early Monday morning. From Long Pine to Omaha it rained nearly all Monday night, in many places the precipitation aggregating an inch. Across the state line and in Dakota, throughout the Bonesteel country, the weather is bright and clear, but so cool that frosts of the killing kind was expected tonight.

Over the entire Lincoln division of the Burlington there was a general rain Monday night, an inch or more in many places. On other parts of the system in Nebraska there was a slow drizzling rain Monday night, but it was clearing yesterday.

Omaha Are Snowbound.

Several Omaha people are snow-bound in the Wyoming mountains and it is not quite certain when they will be released as snow is still falling.

C. N. Dietz and wife and George W. Holdrege and daughters are at Dome Lake, Wyo., 8,800 feet above sea level, forty miles from Sheridan and right in the heart of the Big Horn range. In this locality they had two feet of snow last week and now comes the information that an additional foot has fallen within the last two or three days.

No particular anxiety is felt for the safety of the Omaha people as they are well supplied with food of all kinds, having enough stored to last them until next spring. In the event that they should be held there until then, then, too, they have great quantities of dry pine wood, cut and stacked up around the five cottages that they and their servants occupy.

The Omaha people had planned to leave Dome Lake last week, but the bad weather set in and then they concluded to wait a few days until the snow melted and settled. Now with the additional inches their friends here are unable to figure just when they will get away.

The roads between Sheridan and Dome Lake are bad, even at their best and with the heavy snow covering them they are said to be almost, if not quite impassable, owing to the fact that in many places they run along the side of the mountains, just wide enough for a wagon to pass.

Snow Storms in the Dakotas.

MINNEAPOLIS, Sept. 24.—Snow storms are sweeping portions of North Dakota and Minnesota, according to advices received here today. At Crookston, Minn., a steady rain of thirty-six hours today turned to a blinding snow storm. The northern portion of the Red River valley also is covered with snow.

Two and one-half inches of snow fell at Larimore, N. D., last night and light falls also were reported from Grand Forks and Napoleon. A heavy rain at Pierre, S. D., turned to snow at noon.

The Banker

is alive to all the methods of making quick turns of real estate and securities and all the means of conserving time and energy.

Naturally the banker is a constant user of want ads.

The want ads secure competent office help for him on short notice.

They find buyers for certain securities he wishes to turn, and many is the piece of property they have sold for him at a reasonable profit for his institution.

The banker realizes perhaps more than any other man that real estate is the basis of most great fortunes and as a result he is continually buying properties on his own personal account.

By reading and using the want ads he is enabled to do this, and to keep his properties rented, all within the limits of his limited time.

The want ads are indeed a great convenience to the banker and the busy business men. These little ads sure do get results.
