Campaign Literature Makes the Mails Heavy and Big Fall and Winter Business is Also

The swelling of the mails in and out of Omaha, due to the progress of the presidential campaign, has just begun to be noticed at the local postoffice. Postmaster Wharton says the movement of campaign literature through the mails is just beginning. October 1, six new substitute clerks will be employed in the postoffice, and three new substitute carriers. These will be badly needed at times during the ntial campaign.

When the campaign is closed and the election is well over, the regular annual rush proceding the holidays will begin. Refore this is well over the parcels post system will have to be inaugurated here, as clsewhere, January 1.. For this reason it is expected that the substitute a better chance of getting steady places Business Success.

MORE CARRIERS ARE ADDED in a shorter period of service than do Police to Stop Jam the postal service.

> Autos for Parcels. Postmaster Wharton has made application to the Postoffice department at Washington for permission to purchase two automobiles to be used in the city in the delivering of parcels when the parcels post shall have been put into effect. A system of deliveries something similar to that of the express companies will the business when parcels weighing up to eleven pounds begin to go through the mails instead of by express or freight.

When the committee at Washington now working on plans for inaugurating the parcels post finally reports its recommendations, a set of regulations for instituting the system will be sent to all the postmasters, from which they will inaugurate the system in their respective cities and towns. In spite of these regulatious, the postmusters will have to use their own judgment largely in the amount of equipment required at their particular station, just as the number of clerks and carriers, must now depend on the amount

Get Ready for Colder Days

We Reline Jackets, Coats and Overcoats, Put on Collars, Cuffs and Buttons and Make All Kinds of Alterations.

The first snappy days of fall are here. You will soon need heavier garments. Let us make your last year's suit or jacket as good as new. We employ expert men's and ladies' tailors to do your altering, repairing and relining. Instead of buying a new suit, let us make the old one do for another season for one-tenth the cost. Our prices are much lower than the tailors, and the quality of our work is just as high.

Do not delay with your fall cleaning-colder days are going to pile us up with rush orders. Our methods of cleaning give a garment a freshness and lustre found elsewhere only in new garments. Call up or come in, we will be glad to give you an estimate of any work you want done.

Our reputation, built by fifteen years of satisfactory work, makes good our guar-antee that our work will be satisfactory.

REMEDY THAT DARK-ENS THE HAIR

For generations Sage and Sulphur have been used for hair and scalp troubles. Almost everyone knows the value of such a combination for keeping the hair a good even color, for curing dandruff, itching scalp and falling hair, and for promoting the growth of the hair. Years ago the only way to get a Hair Tonic of this kind was to make it in the home. which was troublesome and not always satisfactory. Nowadays, almost any upto-date druggist can supply his patrons with a ready-to-use product, skillfully prepared in perfectly equipped laborator-
