PACKLER KIDNAPS HIS SON

Springfield Man Carries Boy Away in Automobile.

MOTHER TRIES TO RESCUE HIM

Nebraska Blacksmith Throws Legal Restraint Aside and Creates Sensation in St. Louis by Act.

ST. LOUIS, Mo., Sept. 23.—(Special Telegram.)—After her husband dramatically kidnaped their 4-year-old son, Gordon, at the home of Mrs. Sallie Benton, 69 Benton street, Valley Park, today, Mrs. Ella Fackler, boarded a train and began a race to Springfield, Neb., in an effort to retake the child.

The father, John B. Fackler, married five times, a wealthy contracting blacksmith of Springfield, was aided by three men, who went with him in an automobile from St. Louis, while Fackler's attorney, Floyd Brooks, was about to institute habeas corpus proceedings, Fackler was so impatient he decided not to wait for the court to act.

The boy's mother, Brooks said, has been married five times, divorced from four of her husbands. She left her home in Springfield last June, he said, and refused to return when her husband urged her. Fackler arrived in St. Louis Saturday, and, acting upon the advice of Brooks, did not go to Valley Park. It was planned to take the child from her by legal means.

Today Fackler and his three companions drove in a touring car to the corner near the home of Mrs. Benton, who is Mrs. Fackler's mother. Leaving one man in charge, Fackler and two of his companions started for the house.

Mrs. Fackler, who was in the yard, saw them and recognized her husband. At the same time Fackler saw his son's face at the window of the Benton home and started on a run for the room. Mrs.

Fackler, racing from the yard, arrived first in time to see her husband dash through the door with the child in his arms.

The mother ran screaming after Fackler and the child, frightened by the unusual proceedings, joined his cries to hers. She failed to check the father's flight.

The driver of the automobile had the engine going and before Fackler tossed the child into the tonneau the car was moving. Mrs. Fackler ran after the car for five blocks, screaming until many neighbors came and joined in the chase. The automobile was lost to the pursuers at the Missouri Pacific depot.

Mrs. Fackler immediately began preparations to go to Springfield and begin a legal battle for possession of the child. She boarded a train at noon, after reporting the kidnapping to a deputy sheriff. Mrs. Fackler is 32 years old; her husband, 48.

Brooks said after Mrs. Fackler arrived at her mother's home, she began arrangements to file suit for divorce, but that he thwarted her arrangements. Mrs. Fackler called Deputy Sheriff Summers, who lives at Valley Park, and he notified the sheriff's office at Clayton. Deputy sheriffs were sent to watch the roads leading from Valley Park to Clayton, as the machine was thought to have gone in the direction of the county seat, but Fackler and his car did not appear.

Two other men were with him in the automobile, Mrs. Fackler said.

Boy is in Springfield.

SPRINGFIELD, Neb., Sept. 24.—(Special Telegram.)—John B. Fackler and family, composed of himself, wife and a boy 5 years old, came here last winter from Kansas. Three months ago Mrs. Fackler left home, taking the child with her and going to Missouri. Mr. Fackler left here about a week ago and returned bringing the boy with him without the consent of his mother. The mother will attempt to secure the child.

MEXICAN ROW NEARS END

American Consul General Declares Will Soon Be Over.

CONDITIONS ARE ON THE MEND

State, Dairy Commissioner Prosecutes Carroll Farmer for Selling Cream from Unsanitary Can.

(From a Staff Correspondent.) DES MOINES, Ia., Sept. 24.—(Special Telegram.)—The Sixth cavalry and other American troops will never be needed for intervention in Mexico, says Phillip C. Hanna, American consul general for northern Mexico, located at Monterey, who is visiting here.

"I am confident the United States has never had any intention of sending troops to Mexico," said Mr. Hanna. "I can state this with authority, for I am in touch with the situation and have the entire northern half of Mexico, where the disturbances have occurred, in my charge. I cannot give out the official records, but I am free to say that conditions are better in Mexico now than they have been for two years."

The American consul states that the situation in Mexico has greatly improved and that he expects the trouble to be adjusted within a short time. He refused to state for diplomatic reasons, which way the settlement will come.

Farmer Prosecuted.

The state food and dairy commission has just won a victory in a case which is of note because it is the first of its kind in the state. Information was filed against a Carroll farmer on the charge of selling cream from a can that was in filthy condition. The farmer was found guilty and paid a fine of \$25. Heretofore, cases have only been filed when the contents have been found unclean, but now all cases where the receptacle is found in an unsanitary condition will be prosecuted.

MASON CITY, Ia., Sept. 24.—(Special Telegram.)—Arising from bed during the night, Mrs. Judson Brown threw an old coat over her back, walked a half mile to the banks of Lime creek and jumped into the stream. The body has been recovered.

Major General Leonard Wood, chief of staff of the United States army, who will visit Fort Crook Saturday, will be the guest of the public affairs committee of the Commercial club at luncheon Friday noon.

He has accepted an invitation to speak before the club on a nonpolitical topic.

A telegram to John L. Webster from General Leonard Wood fixes the date for the dinner of the Palmetto club in his honor for Friday evening of this week. It is presumed that General Wood will talk informally on some subject connected with the army or his observations abroad. The dinner will be held at the Omaha club.

BACK TO FARM, IS SLOGAN OF CHICAGO HAWKEYES

CHICAGO, Sept. 24.—"Back to the farm," and "Do your own marketing," was advice given by speakers at a meeting of the Hawkeye Fellowship club, composed of former Iowans, today in a symposium on the high cost of living.

"The middleman and the extravagant housewife are largely responsible for the increased cost of our living," said Emerson Hough. "The middleman gets a bigger per cent of profit than the producer. The consumer should buy as nearly direct from the producer as possible."

O. C. Peterson, in charging the housewife with being partly responsible for increased cost, urged a return to the customs houses of the republic, endangered fruits to be carried home in the family market basket.

Political Notes

Candidates Morehead and Sutherland are making an auto tour of Red Willow county in company.

The name of Oscar Straus, gubernatorial candidate of the progressive party in New York, may be presented to the republican state convention as its candidate for governor.

South Dakota Roosevelt electors will not be disturbed on the ballot, according to a ruling of the state supreme court. Applications in other contested election suits were all refused.

Charles D. Hilles, chairman of the republican national committee, spent the day in Detroit in conference with party leaders, who gathered from throughout the state to attend the republican state convention.

The progressive party's national campaign will be opened in New England today, when Governor Hiram W. Johnson of California, speaks at Worcester, Mass. At night he will address the meeting in Boston.

Three women were appointed to serve on the state committee of the progressive party of Massachusetts. They were Mrs. Elizabeth Towne of Holyoke, Mrs. Anna Thillinghaast of Beverly and Mrs. Mary Morton Ketchum of Boston.

President Taft told a delegation of third and fourth class postmasters at the White House that if they realized the trouble their appointments caused, they would serve with him that it would be best for all concerned to place them under the civil service system.

Arrangements have been completed for the opening of South Dakota campaign headquarters for the handling of the bull-moose campaign, with John Sutherland as the head of the organization to act independently of the state republican headquarters.

Waldo Blamed for Hiring Unfit Officers

NEW YORK, Sept. 24.—Inquiry by the aldermanic committee into police conditions was marked today by heated words from the principal witness, James Creelman, president of the municipal civil service commission, upon which Police Commissioner Waldo in early testimony had placed responsibility for the fact that many men alleged to be unfit for duty received appointments to the police force.

The witness denounced the committee's work as "petty political trickery of the republican ring," and declared that he would leave the witness stand unless his counsel, Emory R. Buckner, "ceased putting lies in his mouth."

Scenes of confusion and uproar accompanied practically all of the afternoon proceedings.

The testimony elicited from President Creelman and his two associates, Alexander Keogh and Richard Walling, in effect turned the blame back on Commissioner Waldo.

Do You Feel Sleepy or Drowsy After Reading for a While?

The optic nerves when overworked or otherwise in trouble are important enough to demand absolute rest.

If your eyes ever feel that way you had better have them tested, so as to correct any of the small defects before they become large ones.
