NEW PASTOR OF THE HANSCOM PARK METHODIST CHURCH.

REV. CHARLES W. McCASKILL.

New Pastor at the Hanscom Park M. E. Church Here Oct. 13

Rev. Charles W. McCaskill, who has just been appointed Pastor of Hanscom Park Methodist church, comes from Chicago, where for three years he has been pastor of Olivet church. Previous to that time he was at Freeport, Ill., and for a time was financial secretary of his alma mater, Ohio Wesleyan university. Mr. McCaskill was born in Knox County, Ill., about forty-five years ago. His father was a Methodist preacher of the Illinois conference. He is a graduate of Ohio Wesleyan university and of Boston University School of Theology. Those who have known him and have known about his work, are congratulating Hanscom Park on getting a man of Dr. McCaskill's scholarly ability. Mrs. McCaskill is a college woman, a graduate of Ohio Wesleyan, and a very ardent church worker. Because of being detained in Chicago, closing up his pastorate there, Dr. McCaskill will not occupy Hanscom Park pulpit until Sunday October 13.

MAKE NEW RULES OF ROAD

City Council Has Ordinance as Substitute for Old.

ALL HORNS MUST BE SUBDUED

Speed Limit is Eight Mile and Hour in Congested District and Twelve Miles an Hour in the Outlying Sections.

All ordinances regulating automobiles and other vehicle traffic in the streets will be repealed by the city commission and a new ordinance passed. The new ordinance was introduced at a session of the city council yesterday. It contains many of the provisions of the old ordinance, but will be passed because the old instruments do not regulate the auto industry, which has grown up since they were drafted and passed. Following are some of the regulations in the new ordinance:

Drivers stopping on streets must lift hand or whip to signal those in rear. Drivers shall not stop within twenty-five feet of the entrance to any theater. Street cars shall not stop on cross walks. Dray wagons must use public alleys between 9 and 7 o'clock daily when such alleys are available.

Loads of iron or tin or any material that rattles and makes a loud noise shall not be hauled through the streets except when some device to deaden the sound is used.

All automobiles shall be equipped with a whistle, gong or bell, but these shall not produce a "loud and distressing noise."

Speed shall be twelve miles an hour on streets not in congested district, and eight miles an hour in congested district.

CREIGHTON LAW SCHOOL LIBRARY GREATLY ENLARGED

The \$15,000 worth of law books recently purchased by the Creighton College of Law have arrived and the law college library is being remodeled to make room for the new books. The addition of the books will make the new library five times as large as the old one.

The front part of the second floor which was formerly occupied by the Douglas County Law Library association, is being turned into a moot court, while the books are being moved to the rear part of the same floor. This gives the law college two complete moot courts, the most complete moot court equipment of any college in the country.

The library, enhanced by the addition of the new books, is valued at \$20,000 and contains all laws of England and the United States. A feature of the new arrangement is that the students have direct access to the books on the shelves, a feature lacking in most law colleges.

Dundee Objects to Double Pay for Its Students in H. S.

Members of the Board of Education of the village of Dundee have asked for an injunction to restrain the Omaha Board of Education from excluding the children of the village from the city schools.

The Dundee people contend that some years ago arrangements were made with the Omaha Board of Education by which the children of the village were to be permitted to attend the city schools upon payment of a certain sum as tuition. They say that although the arrangement is still in effect and has never been changed, the Omaha board members are demanding that the children pay a sum fully double this tuition, or leave school. They also assert that no notice of the increase in tuition has ever been given them and that the Omaha board is not courteous.

On the other hand, the members of the Omaha Board of Education claim that they have lived up to their contract with their Dundee neighbors and that the children of the village are not required to pay a tuition any greater than that exacted of all non-resident pupils.

COUNTY MAY GIVE BIG BALL

Plan to Celebrate the Moving from Old to New Building.

DANCE IN COURT ROOM NO. 1

Refreshments May Be Served in the Old office of the Clerk of the District Court O'Connor to Lead.

A grand ball to celebrate the exodus from the old Douglas county court house and the entry into the handsome new county building probably will be held in court room No. 1 in the old building. The suggestion was made to members of the Board of County Commissioners and they liked the idea. It is almost certain to be adopted.

No details have been arranged. The tentative plan is to wax the floor of the old courtroom, which now is cleared of carpet and furniture, hire an orchestra and invite the public. The grand march will be led by Tom O'Connor, the big center rush of the Board of County Commissioner, and Miss Agnes Stoup, typist who is about the size of a minute.

Refreshments may be served in the office of the clerk of the district court. Ice cream, cake, lemonade, etc., could be passed over the long, wide counter, which runs around three sides of the room and is suggestive of a bar.

What shall be done with the proceeds has not been discussed.

ROOM RENT IS ADVANCING

Apartment House Managers to Raise Rate After October First.

COST OF COAL GIVEN AS CAUSE

It is Also Said that Boarding House Keepers Will Raise the Rate All Around to Meet the Prices.

Omaha people living in apartment houses are discovering that they are up against the coal thing. Not only has the cost of living advanced, but rent has started skyward. In most of the apartment houses tenants have been notified that beginning October 1, the rent will be advanced \$2 per month, owing to the advance of coal prices.

Taking the cue from the apartment house proprietors, people who keep roomers are preparing to boost prices. As soon as the furnace fires are started, rooms that have been renting for from \$5 to \$8 per month are going to \$5 and \$10. And those that now rent for \$10, are going to \$12 and \$15, depending upon locality.

While room rent is going up, day board is going to follow suit. In many of the boarding houses where boarders are paying \$5 per week for room and board, an advance is to be made to \$5.50 and those who are now paying \$1 per day, are going to have to pay \$1.50 or more out.

Navy Exhibit for Ak-Sar-Ben Arrives

The equipment for the naval exhibit which is to occupy a booth at the carnival grounds during the Ak-Sar-Ben festivities arrived Monday night from the Navy department. The men of the local naval recruiting station will set it up on the grounds. A party of men sent out by the Navy department accompany the exhibit wherever it goes. The exhibit includes miniature designs of the latest dreadnaughts afloat, as well as small models of American torpedo and submarine boats. Some of the miniature models of the dreadnaughts are as much as eight feet in length and cost the Navy department from \$5,000 to \$8,000 apiece. The exhibit will occupy a booth 21x20 feet at Nineteenth and Douglas streets.

CREIGHTON GLEE CLUB PREPARES FOR SEASON

The Creighton University Glee club is beginning active work in preparation for the annual concert in Omaha and its annual trip. The trip this year will be the longest in the history of the club, it being planned to spend about two weeks on the road.

The outlook is bright both in numbers and talent, and there will be at least fifty trained voices in the club. Richard T. Kelsey will again act as director of the club, and will be assisted by a number of last year's members.

Few, if any medicines, have met with the uniform success that has attended the use of Chamberlain's Colic, Cholera and Diarrhoea Remedy. The remarkable cures of colic and diarrhoea which it has effected in almost every neighborhood have given it a wide reputation. For sale by all dealers.

Lesson in Scientific Complexion Renewing

(From The Family Physician.) Everyone has a beautiful skin underneath the one exposed to view. Bear that in mind and it will be easier to understand the correct principle in acquiring a lovely complexion. Nature is constantly shedding the top skin in flaky particles like dandruff, only much smaller in size. In abnormal conditions, or in advancing age, these particles are not shed as rapidly as in robust youth. The longer they remain the more soiled or faded they become—that's the immediate cause of a "bad complexion."

It has been discovered that ordinary macerated wax, to be had at any drug store, will absorb these worn-out particles. The absorption, while hastening Nature's work, goes on gradually enough to cause no inconvenience. In a week or two the transformation is complete. The fresh, healthy, youthful undertone is then wholly in evidence. You who are not satisfied with your complexions should get an ounce of macerated wax and try this treatment. Use the wax nightly, like cold cream, washing it off mornings.

South Omaha Man is Found Dead in Bed

John H. Saunders, 238 Q street, was yesterday found dead in his bed, death being caused by asphyxiation. Saunders, who is a cement worker, had been in the habit of leaving a gas jet in his room lighted all night, so that he could wait on his 4-year-old daughter, who has not been well for the last week. Presumably a draft of air from the open window near the bed extinguished the flame, causing his death. He was found by his daughter. Mr. Saunders was 22 years of age and leaves a widow and two daughters, one a baby girl of six months. The body has been taken in charge by Deputy Coroner Larlin.

Boston to Be Danced at Ak-Sar-Ben Ball

Although the Boston, the dance which had stirred up much criticism of late, will not be made a feature of the Ak-Sar-Ben coronation ball, it will be tolerated. Chairman Barker of the ball committee says that the program will consist of two-steps as in former years, but that if anyone wants to Boston to the waltz music they will not be stopped. "We won't attempt to regulate that," said Mr. Barker. F. J. Dick's orchestra will play the dances and Green's band, the encores.
