WANT R. B. HOWELL REMOVED

Republican State Committee Asks
Hill to Oust Committeeman.

SAYS HE IS AIDING THIRD PARTY

New Names for Electors Which Committee Will Endeavor to Place
on Ballot with Proper Designation.

Choosing eight republican candidates for presidential electors whose names they expect to have put on the ticket, the passage of a resolution requesting Chairman Charles D. Hill of the national committee to declare the position of national committeeman of Nebraska vacant, an address by Dr. J. Everett Cathell of Indiana on the Taft sentiment in this state as he has found it after visiting and speaking in forty towns and reports from every district in the state, giving encouraging accounts of a growing sentiment in favor of re-electing President Taft—this was part of the work accomplished by the republican state central committee at a meeting at the Paxton hotel Tuesday night.

Thirty members of the committee attended the meeting and without exception they reported a decided change of sentiment in favor of Mr. Taft and increasing displeasure with the third party candidate.

Judge E. P. Holmes of Lincoln introduced the resolution directing the chairman and secretary of the committee to communicate with Chairman Hill and request him to declare the position of republican national committeeman from Nebraska vacant as far as R. Beecher Howell is concerned and name Charles F. McGraw to take his place. The committee unanimously adopted the resolution and without a dissenting vote endorsed Mr. McGraw.

Asks Howell's Removal.
Following is the resolution as passed: "The present national committeeman from Nebraska is not in sympathy with the election of the republican national ticket and is giving his support to the third party movement, therefore, be it

Resolved, That the Hon. Charles D. Hill, chairman of the republican national committee, be requested through the chairman and secretary of this committee to declare a vacancy on said committee from Nebraska; be it further Resolved, That we are in favor of the appointment of Charles F. McGraw of Omaha, a loyal Taft supporter, to fill such vacancy and that we unanimously recommend his appointment."

New Electors Named.
Republican presidential electors, were named as follows:
First District—C. F. Reavis, Falls City.
Third District—George A. Smith, Norfolk.
Fourth District—W. H. Kilpatrick, Beatrice.
Fifth District—O. A. Abbott, Grand Island.

At Large—Dan B. Jencks, Chadron, and Vero Buresh, Omaha.
These were named to replace A. V. Pease, A. R. Davis, W. J. Broatch, W. E. Thorne, G. S. Flory and Allen Johnson, who incline to the "progressive" party.
The other two presidential electors to be voted on by the republicans are W. T. Wilcox, North Platte, from the Sixth district and Alfred C. Kennedy, Omaha, in the Second.

DEATH OF MRS. HARDING DECLARED ACCIDENTAL

CHICAGO, Sept. 25.—A coroner's jury today returned a verdict of accidental asphyxiation after investigating the death of Mrs. Ellen O. Davis Harding, wife of Alderman George F. Harding, Jr., who was found dead with a chloroform-soaked towel over her face yesterday. Witnesses, including Mr. Harding, testified that Mrs. Harding had been unable to sleep without use of drugs since the death of her 14-year-old daughter, Penelope, about two weeks ago.

HOT FLASHES.

Women in middle age often complain of hot flashes. They are at that stage of life when their delicate organism needs a tonic and helping-hand which only Dr. Pierce's Favorite Prescription can give them. Many women suffer needlessly from girlhood to womanhood and from motherhood to old age—with backache, dizziness or headache. A woman often becomes sleepless, nervous, "broken-down," irritable and feels tired from morning to night. When pains and aches mark the womanly system at frequent intervals, ask your neighbor about

Doctor Pierce's Favorite Prescription.

Mrs. J. L. Jones, of 321 S. Benton Street, Baltimore, Md., says: "I wrote you about nine months ago, telling you of my condition. I have a fine baby girl—she weighed nine pounds when born. She is my third child and the youngest of them all. My suffering was only for two hours. I took several bottles of 'Favorite Prescription' and one of Dr. Pierce's Small Pills. I never had a well day before I took your medicine. I was surprised how well I felt—could eat—was always hungry, and never had sick stomach. The nurse who was with me said the medicine was wonderful because I got along so nicely after having had so much trouble before. She intended to recommend it to all her suffering patients. I was astonished at me because I only weighed 100 pounds before and now I weigh 115. I have had several ladies come to me and ask about Dr. Pierce's medicine. I am willing to recommend it to all who suffer and want help. If any want information I will be glad to give it."

MONTEZUMA MEN INDICTED

Fifty-Two Business Men Charged
with Violating Lottery Law.

POLICE LOOK INTO SWINDLE

Knoxville Farmer Loses Large Sum
in Gambling Game that Proved
to Have Been a Big
Trap.

DES MOINES, Ia., Sept. 25.—(Special Telegram.)—The attorney general today received word of the indictment of fifty-two of the business men of Montezuma, Ia., including practically every retail merchant in the town, all accused of violation of the state law as to lotteries. The indictments are the result of a gift enterprise, by which the merchants of the town were attracting trade. They gave coupons entitling the holder to a share in the ownership of an automobile, which was subsequently raffled off. The merchants said they gave the car outright and the shareholders could do as they pleased with it, but on the second drawing, which was attended by thousands of people, the attorney general had a representative on hand who filed the information.

Farmer is Swindled.
The police today commenced investigation of what is said to be systematic swindling under the guise of gambling in Des Moines. It is alleged that one man recently lost \$2,000 in a night on the game. The victim was C. Coster, a farmer living near Knoxville, who was drawn into the game by a capper.

Republicans Raise Fund.
The republican state officials and candidates for state office and others held a conference today and decided upon raising a fund to aid the republican state committee in making the campaign, especially to assist in the work of electing the entire republican state ticket. Committees were named to engage in the work. State Treasurer Morrow was chairman of the meeting.

Ten Men Are Buried Under Fallen Wall

KANSAS CITY, Sept. 25.—Ten men were buried under an avalanche of brick, mortar and concrete when a sixty-foot wall of a new hotel being erected here fell this afternoon. The men were removing concrete forms when the wall toppled over with a roar. After a half hour's work firemen removed bodies of four, all believed fatally injured. The other six were believed dead.

Marconi Injured in Automobile Accident

SPEZIA, Italy, Sept. 25.—A report reached here tonight that William Marconi, the wireless expert, had met with a serious accident while motoring with Mrs. Marconi near Borghetto in the valley of the Vara river. Particulars are lacking. Army officers are hurrying to Borghetto, which cannot be reached in less than three hours by automobile from here.

REPORT OF KILLING OF MARINES IS DISCREDITED

WASHINGTON, Sept. 25.—A published report from Panama that twenty-five American bluejackets had been killed at Leon, Nicaragua, in an encounter with forty rebels, was discredited today by officials of the navy and marine corps.

The last dispatch from Central America received at the Navy department, shortly after noon, was from Admiral Southern, in command of the American forces in Nicaragua, and reported the situation quiet.

NEW YORK REPUBLICANS MEET

First Day is Devoted to Temporary Organization.
SARATOGA, N. Y., Sept. 25.—As evidence that the New York republican party is "unbossed" attention was called by leaders before the state convention here to the fact that nothing of the convention program had been settled other than the names of the temporary and permanent chairmen. Candidates and platform remained to be discussed and it may be Friday before a ticket is nominated. It was expected that the platform committee would have the platform ready for presentation tomorrow. The woman suffrage declaration thus far had provoked the most discussion.

W. D. Guthrie, temporary chairman, was given a rousing cheer as he took the platform and began his speech. When he mentioned the name of President Taft, the delegates and spectators rose and cheered for some time.

Vice President James S. Sherman, who marched into the hall with the Conkling unconditional club of Utica, was given a hearty cheer.

DEATH RECORD

E. S. Salvety.
Edwin S. Salvety, 407 North Thirty-ninth street, for several years manager of the David Cole Creamery company, and considered one of the ablest creamery men in the United States, died yesterday morning. He was 43 years old and is survived by a widow and three sisters.

One of the sisters is Mrs. J. C. Seacrest, part owner of the Lincoln Journal. Burial will be in Greencastle, Penn., in the family burial ground.

Casper Wellensiek.
LORTON, Neb., Sept. 25.—(Special.)—Casper Wellensiek, aged 87 years, passed away at his home near here Monday after a short illness. Mr. Wellensiek was born in Germany and had resided in this vicinity, where he had accumulated several good farms, for about twenty-five years. The funeral services were conducted Wednesday by Rev. C. Eller and were largely attended.

Mrs. J. B. Liggett.
UTICA, Neb., Sept. 25.—(Special.)—Mrs. J. B. Liggett, a former resident of Utica and Milford and well known in Sewell county, died at San Diego, Cal., Monday. The cause of her death was not stated in the telegrams received here.

Arms Workers Return to Work.
HARTFORD, Conn., Sept. 25.—The strike of 500 workmen at the army of the Colt Patent Fire Arms Manufacturing company ended today when the men voted unanimously to return to work tomorrow. It is understood no concessions were made to the workmen.

SNOW FALLS OVER NEBRASKA

Many Parts of the State Are Visited
Tuesday Night.

COLD IN MOST ALL SECTIONS

Late Corn Will Be Badly Damaged
by the Cold, Which is Quite
General North of the
Platte River.

The reports to the railroads indicate that Tuesday night was the coldest that Nebraska had experienced, freezing weather prevailing over a large portion of the state.

The country along the Northwestern got the severest weather, snow covering the ground from O'Neill, Neb., to Lander, Wyo. From O'Neill to Long Pine there was an inch of snow and beyond there from one to six inches, considerable of which melted during the day. This morning over the snow covered area temperatures ranged from 29 to 50 degrees above. East of O'Neill there was a drizzling rain all night, with temperatures down to about freezing as far east as Norfolk. On the Bonesteel branch there was a steady fall of snow most of Tuesday. At Winner the temperature dropped to 27 degrees above zero.

All over the western lines of the Burlington there was rain or snow all Tuesday night, but was clearing yesterday and the weather growing warmer.

Deadwood was the coldest point on the Burlington weather map, the mercury getting down to 18 above. Broken Bow touched 29; Dunning, Alliance and Strang, 30, and numerous places in the west 32 degrees above.

All through the South Platte country the reports showed temperatures of around 32 degrees. That this temperature will injure the late corn is conceded. W. W. Johnson, assistant general freight agent, who is in charge of the crop statistics, is of the opinion that in the south-east and eastern portions of the state the injury will not be great, but farther west it may reach 10 or 15 per cent, while north of the Platte it will be much heavier, as in that section of the state there is a large quantity of corn that needed at least a week more of hot, dry weather.

OXFORD, Neb., Sept. 25.—(Special.)—The first killing frost of the season came last night, ice forming as thick as window glass. Everything in the way of crops is practically out of the way of harm from frost, so little or no damage will result.

Girls' Societies at H. S. Elect Officers

Several of the girls' societies of the high school met and elected officers for the coming school semester.

Browning Society—President, Lola Byrd; vice president, Ethel Fry; secretary, Marion Parsons; treasurer, Lavina Brown; sergeant-at-arms, Adeline Wyckoff; editor of Oracle, Edna Lavine; reporter, Mary Martson.

Elaine Society—President, Gertrude Allen; vice president, Kathleen Fearon; secretary, Helen Garvin; treasurer, Kathryn Crocker; sergeant-at-arms, Lucille Dennis; Helen Howe; reporter, Winifred Rouse.
Margaret Fuller Society—President, Dorothy Weller; vice president, Helen Gale; secretary, Elizabeth Berripan; treasurer, Katherine Sturdevant; sergeant-at-arms, Eleanor Austin; reporter, Katherine Sanders.

SENIORS AT THE HIGH TO ELECT OFFICERS

No tickets will be in the field at the annual election of the senior class of must wear white ducks, if they wish didates running independently. The election will be next Monday, Frank Hixenbaugh, president of the Junior class last year, presiding. The large number of pupils at the high school are keeping things warm by their electioneering among those pupils who are not running for office. Following are the candidates for the several offices in the senior class.
For president, Kendall Hammond and Carlisle Allen; for vice president, Doris Duncan and Lola Byrd; for secretary, Lucille Dennis, Adeline Wyckoff and Gertrude Dickinson; for treasurer, Edward Cockrell, Dwight Evans, Morton Rhodes and Barney Kulakofsky; for sergeant-at-arms, Ruth Miller, Ethel Fry, Nettie Muir, John Robel and Sands Woodbridge.

Culls from the Wire

Cleveland O., was selected as the next meeting place of the National Croatian society.

Opposition to the location of recruiting offices for the United States Marine corps over saloons developed among temperance and religious organizations in Chicago.

Reports of national banks in the reserve cities, made in response to the last call of the comptroller of the currency, show a 40 per cent reduction of excessive loans as compared with the call of June 14.

The Irish home rule bill, the leadership of John E. Redmond and the work of the Irish national party were endorsed in resolutions prepared by the resolutions committee appointed by the Irish League of America.

Nearly 10,000 Masons from all over Missouri were in line in St. Louis in the parade preceding the dedication of the new \$100,000 infirmary, which marked the first day's annual session of the grand lodge of the state.

Orders were issued to deputies protecting mine property at Bingham, Utah, to destroy all breakwaters improvised by the Greek copper miners who are on a strike. Every man found carrying weapons will be arrested.

Arrest of a paroled convict living at "Hope Hall," a Salvation Army home in Chicago, led to a statement by Judge Charles Williams in police court that the hall was a menace to its vicinity and should be moved out of the city.

Mrs. Cora L. Perkins and Frederick Pattison, accused of grand larceny in connection with an automobile trip across the continent of Mrs. Nicholas J. McNamara, wife of a San Mateo banker, were acquitted by a jury in superior court in Los Angeles.

BUZZINGS

Charley Lane is the greatest story teller of the rail. If he can't jolly a man into shipping over the Union Pacific nobody can. He always "leaves 'em laughing when he says good-bye."

Conrad Spens of the Burlington is the conceded prize winner in every railway beauty show.

John R. Webster always travels on the Illinois Central just to show how he appreciates being its official boss at this end of the line.

FARMERS WILL FEDERATE

All Country Life Associations to
Join Forces.

MEETING TO BE AT NEW ORLEANS

One Object Will Be to Promote Sales
of Farm Products Direct to
the Consumers in the
Cities.

BALTIMORE, Md., Sept. 25.—The Farmers' National Congress proposes to become a national "country life" federation. It would federate all state and national organizations interested in country life, as the American Federation of Women's clubs and the American Federation of Labor have federated the respective organizations interested in women's work and in organized labor.

J. H. Kimble, secretary of the Farmers' National Congress, Port Deposit, Md., is issuing invitations to about 1,000 organizations to send delegates to the Farmers' National Congress at New Orleans, November 7 next, to vote on the change in constitution necessary to bring about the new organization.

It is believed by the advocates of the movement that more general national organization of farmers will result not only in better farming and better living on the farm, but also in reducing the cost of living in the cities by encouraging the sale of farm products more directly to the city consumer.

STAGG PLANS TO DEVELOP PUNTERS AND DROP KICKERS

CHICAGO, Sept. 25.—Development of punters and drop kickers is the main problem now before Coach Stagg in preparing the University of Chicago football eleven. Des Jardien, slated for center, is showing possibilities as a punter. Marston Smith, who probably will play quarterback, and Pierce, last year's fullback, are being put through hard practice to develop them as kickers. Smith has shown well as a place kicker.

Death of Professor During Hunting Trip Subject of Inquiry

MEETING TO BE AT NEW ORLEANS

CHICAGO, Sept. 25.—Interest in the reported accidental death by shooting while on a hunting trip of Harry W. Fisher, member of the University of Chicago, it was learned today, has caused O. M. Areback, Mr. Fisher's partner, voluntarily to remain at Baldwin, Mich., the scene of the accident, to assist in a possible investigation. Fisher met his death last Thursday near Baldwin, where he and Areback were jointly interested in a fruit farm.

Fisher and Areback, a wealthy graduate of Princeton university, went shooting and Areback later reported that Fisher had shot himself when he tripped over a log. Mrs. Fisher returned to Chicago, after taking her husband's body to Independence, Ia., for burial.

Fisher was 34 years old. He carried \$100,000 life insurance for the benefit of his wife, according to his father-in-law, Martin Pattison, millionaire mine owner and three times mayor of Superior, Wis. Pattison, since the shooting, has been with Mrs. Fisher at her fashionable apartments here. Mrs. Fisher denied herself to callers, but Pattison said today that he had no doubt Areback's account of the shooting was correct.

Other accounts of the shooting are that Fisher's death resulted from the fall of his repeating rifle, which he had leaned against a stump. Fisher lost his left arm several years ago in a hunting accident.

WISCONSIN PLAYER OUT OF GAME FOR SEASON

MADISON, Wis., Sept. 25.—"General" Van Gent, who was injured during last Saturday's gridiron practice, is out of the football game for the season. A physician who examined Van Gent's injured shoulder declared today that there is a clean fracture of the collar bone.

Key to the Situation—Bee Advertising.

COURT HOUSE CHILLY PLACE

Wintry Weather Catches Building Without a Heating Plant.

OIL STOVES BROUGHT INTO USE

Commissioner Harte Discovers that the Old County Building is Settling and is Liable to Collapse.

Cold weather partially paralyzed business in the old Douglas county courthouse today. It served to hurry to removal into the new county building. The heating plant of the old building has been out of commission since last spring.

The county court office, removal of which was begun several days ago, will be established in the new building by Thursday morning. Other offices probably will be there by the first of next week. Employees of the county court already are at work in the new building. The district court judges are sitting there. Girl stenographers and clerks who could be spared were permitted to go home because the old building was too cold for comfort.

By noon most of the officials had rustled around, and with the assistance of Building Superintendent Joseph Calabria, got oil stoves, which took off some of the chill.

County Commissioner Harte discovered that the old building is cracking and settling. He believes the south quarter of it would collapse in a few months. Large cracks are noticeable in the county commissioners' room, the superintendent's office and the county clerk's office. It may be necessary to put up braces to protect the new building against collapse of the old one when the wrecking of the old is begun.

The Lippy-Davis coal lands in the Bering river district of Alaska had been ordered by Commissioner Fred Dennett of the general land office, proves incorrect. The cancellation was ordered by the Juneau land office and is subject to appeal to Commissioner Dennett, who has not passed upon the ruling.

Stove Demonstration
