Specific Blood Poison

Specific Blood Poison usually begins with a tiny sore which is the only outward evidence of its presence, but down in the blood the treacherous poison is at work and soon its chain of symptoms begin to crop out. The mouth and throat ulcerate, sores and ulcers appear on the body and the glands

in the groin swell. Mineral medicines cannot cure Specific Blood Poison; they only shut the disease up in the system to break out afresh later. S. S. S. goes into the circulation and removes the last trace of the infectious virus, tones up the stomach, bowels, kidneys and all portions of the system, and thus makes a perfect and lasting cure. S. S. S. is made of roots, herbs and barks and does not contain a particle of mineral or other harmful drug. Thousands have cured themselves of Specific Blood Poison by the use of S. S. S. It will cure you if you will give it a trial. Special Home Treat-

ment Book and any medical advice free to all who write. THE SWIFT SPECIFIC CO., ATLANTA, GA.
