NEW PHONES FOR DES MOINES

Application Will Be Made for Franchise by Capitalists.

DISSATISFIED WITH SERVICE

Three Deaths in Schools of Iowa Capital City from Diphtheria and Many Cases Reported in Quarantine.

(From a Staff Correspondent.)

DES MOINES, Sept. 28.—(Special Telegram.)—Application will be made to the city council next week for a franchise for a \$1,000,000 telephone company in Des Moines.

L. W. Stanton and O. C. Shultz, who have been interested in establishing an automatic system in Des Moines, Rock Island and Moline, are among the prime movers of the proposed company and claim to be backed by eastern capitalists, whose names for the present are not given.

Messrs. Stanton and Shultz have consulted with local attorneys, who are drawing up the proposed franchise. The new company will take advantage of much dissatisfaction with local telephone conditions.

Fighting Diphtheria.

With three deaths from diphtheria among the pupils of one of the city schools and many cases in quarantine, the city health officers are bending every energy to prevent the spread of the epidemic.

Six new cases were reported today. Over fifty of the pupils of one school have been absent from school the last week and the school may be closed.

Iowa News Notes.

MARSHAL TOWN.—Unknown to the members of the crew, a pair of wheels under a car in a heavy extra Minneapolis & St. Louis freight train jumped the track south of Eldora last night and tore up the track for a distance of five miles before the accident was discovered. Traffic recovery came when the derailed wheels pulled down care off the track. Diphtheria was delayed in both directions.

STORM LAKE.—Two Storm Lake business houses have changed hands during the last week. P. Paronowski, who has been engaged in the restaurant business in this city for twenty years, this week sold out to Lee Farr of Cherokee, who is already in possession. N. E. Peterson has sold his hardware business to Nitzke Bros. of Newell.

MASON CITY.—Mrs. Grant Richardson, liquidating a small business with other funds, showed it to her husband and then drank it before he could prevent her. A physician was rushed to the scene, but she was already in possession of a telephone and automobile. Heroic treatment was resorted to and it is thought that she will live.

GEN. WOOD HAS BUSY DAY

In military training, from which he shall be released after a short term. We should have the majority of our citizens prepared to fight on short notice.

"There is much talk of peace-world peace. As sure as we quit fighting or become indifferent to our ability to fight, this nation will degenerate."

General Wood began his remarks by giving statistics showing that the United States has been engaged in wars more than any other nation in history when the Napoleonic wars are withdrawn.

"We have fought more and harder and last more because of our unpreparedness," he declared.

CREIGHTON STUDENTS ACTIVE

Glee Club Will Give Informal Banquet Thanksgiving Night.

ENROLLMENT IS INCREASED

Outdoor Basket Ball Enthusiasts Have Formed an Organization and Will Fit Up Two Courts East of Gridiron.

The Creighton University Glee club has organized for the coming year and will give an informal concert on Thanksgiving night, probably at the Creighton university auditorium. The club will be assisted in several mixed choruses in this concert by some twenty-five young ladies, friends of the club.

The club will give a formal concert later in the year at one of the theaters and will make a two weeks' trip.

The governing board of the glee club for the coming year is: President, Thomas J. McShane; vice presidents, E. J. McVann, C. D. Beaton and Thomas F. Smith; Charles W. Hamilton, manager of last year's club, has been elected manager for the coming year and Richard T. Kersey will again be the leader of the club.

The enrollment of Creighton university has now reached 390 students and is expected to go above the thousand mark within a short time. This shows an increase of about eight names over that of two weeks ago and is 100 more than the total enrollment of the university a year ago.

The enrollment at the closing of school last June was 394.

The totals in the various departments are:

Medical college.....	478
Law college.....	128
Pharmacy college.....	128
Dental college.....	130
Total.....	864

Outdoor basket ball enthusiasts have formed a basket ball organization at Creighton university and two courts will be fitted up just east of the foot ball field. Play will begin this week.

In order to make the games more interesting it has been decided to have two leagues, a senior composed of six teams of the older boys, and a Junior composed of six teams of younger players. Earl Torrey has been elected president of the organization, Jerry Murphy secretary, and Albur Dalley, treasurer. Prizes will be awarded the victors in each division.

The Senior and Freshman classes of the Creighton Pharmacy college have elected the following officers for the year: Seniors, president, Clyde Smith; vice president, Frank Ekono; secretary and treasurer, James Foley; freshmen, president, W. Wagner; vice president, William Miller; secretary and treasurer, J. McLease.

The senior class will give a dance during the week following the close of the carnival.

Five Well Dressed Women Are Charged With Gambling

NEW YORK, Sept. 28.—Five well-dressed women, arrested in a hair dressers' establishment, were held today in \$1,000 bail each for examination October 2 on a charge of gambling. Detectives who raided the place testified that the women had been playing poker with Albert Trebilco, the alleged proprietor, for forty minutes. Two other men who looked on were arrested, but they were released later.

One of the women had \$37, another \$101, while a third had lost all her money except 21 cents. Scores of their friends volunteered to furnish their bail.

CHICAGO, Sept. 28.—Seven men, arrested in a raid on a poker game today, when arraigned in the municipal court pleaded to be let off without a fine because they had been arrested so often for the same offense that they had no money.

Judge Wells recognized them as old offenders.

"I'll be easy this time," he said, "the fine is 1 cent each, but don't show up here again."

F. C. BUTLER RELEASED FROM PRISON ON PAROLE

ATLANTA, Ga., Sept. 28.—F. C. Butler, the lawyer who was sentenced to two years in federal prison here in the case with Christopher Columbus Wilson, has been on parole since June 1. It was learned here today. Butler has served more than a third of his term. Officials at the prison would not talk for publication. Wilson died in prison here several weeks ago.

WASHINGTON, Sept. 28.—F. C. Butler has been on parole several months and now has applied for a full pardon. No action has been taken. According to the provisions of the parole law, he was released after having served one-third of his sentence. His parole did not become known at the time of his release, as the federal parole board observes strict privacy as to its proceedings.

AGED WOMAN ACQUITTED OF CHARGE OF MURDER

LA CROSSE, Wis., Sept. 28.—Mrs. Charles Weldeman, an aged independence (Wis.) woman, accused of the murder of her 71-year-old husband, was acquitted by a jury in the Trempealeau county circuit court at Whitehall today. Mrs. Weldeman was overcome with joy when the verdict was handed down and she and her children who had stood by her burst into tears. Weldeman was found dead in the cellar of his home and it was charged that his wife struck him down with a heavy instrument. The theory of the defense was that death was due to a fall.

ALCOHOL IN PE-RU-NA-- An Unjust Criticism

by our teasing her, but is very stubborn. She says that if she were to be sick in the same way again she would certainly get Peruna and take it, alcohol or no alcohol. So you see if people will persist in such foolishness there ought to be a law to prevent them.

"I ventured to interpose a question. 'You say the doctors could not cure her, and yet you say Peruna did cure her. What difference does it make to you whether it was alcohol or some other drug that effected the cure?'"

"Well, I don't know that it makes any difference, but it is deceiving the people to give them alcohol even though it does cure them," he said.

I replied, "Why, I cannot exactly understand that. Alcohol is a drug, the same as quinine or morphin. If alcohol cures certain diseases where is the deception? I understand that the Peruna people print on the label of each bottle the per cent of alcohol contained in Peruna. Each patient may read it, if he pleases. I cannot see where there is any deception."

"Well, I would not take Peruna," he persisted. "Now, I was sick, I had a stomach disease. A violent pain, that would come on about an hour or two after each meal. It grew worse and worse. I was also constipated. I consulted several doctors in our city about my health. I went to see a prominent specialist in New York City, paid out a great deal of money, but he failed. One time I was having a bad spell on the train. The gentleman who occupied the next seat was a retired physician with whom I had been acquainted. He said to me, 'My friend, if you want to get well I would advise you to take a glass of larger beer before each meal. I think that will cure you.' Having followed the directions of several good physicians without any assistance, I thought I would try the beer. In a very short time I found it was helping me, and I got entirely well. My bowels became regular and I had no more pain. No more distress after meals. Now, if my mother had used some remedy like that it would be all right. But to persist in using some secret remedy like Peruna, I think is outrageous."

Again I ventured to ask some questions. I asked, "What do you suppose it was in the larger beer that effected the cure?'"

"Why, I presume it was the stimulant it contained. Yes, no doubt it was the stimulant."

"You know, of course, that the stimulant in beer is alcohol, the same as in wine or whiskey or any other alcoholic drink?"

"Yes, I have heard say that beer contains about five per cent of alcohol."

"That is correct," I replied. "You took a bottle of beer before each meal, did you not?'"

"In doing so you were drinking a pint of a five per cent solution of alcohol."

"Yes, I suppose so."

"Five per cent would be one-twentieth. As each pint contains sixteen ounces you were then taking a little less than an ounce of alcohol before each meal."

"Yes."

MARTIAL LAW IN AUGUSTA

Five Companies of Militia Guard Street Railway Property.

THREAT TO DYNAMITE CAR BARN

Two Business Men Who Crossed Dead Line Drawn by Troops Are Wounded.

AUGUSTA, Ga., Sept. 28.—Martial law ruled in Augusta today as a result of last night's disorders in which two citizens were killed and one wounded by state militiamen guarding property of the local street railway company, whose employees are on duty. Five companies of guardsmen are on duty.

The fifth company arrived from Waynesboro early today and was placed on duty around the railway power plant. It was in this territory that a "dead line" was established by militia last night and in which the shooting of three persons occurred.

Colonel W. L. O'Leard of the state guard arrived today from Savannah. Acting with Adjutant General William G. O'Beary, he assumed charge of the situation.

The dispatch of these officers and additional guardsmen was ordered by Governor Brown late last night after he was notified that the situation here was critical. He issued a proclamation declaring the city to be in a state of insurrection and ordering martial law.

One-Tenth of People No Use to the World

WASHINGTON, Sept. 28.—Ten per cent of the population of the United States is permanently defective and is an economic and moral burden on the other 90 per cent and should be eliminated from society, asserted Bishop Vax Wagener of New York, in speaking today to the Fifteenth International congress on "Hygiene and Demography."

Efforts should be made to get rid by proper methods of breeding the human race, he said, of the following nine classes:

Paupers, feeble minded, those of criminal tendencies, epileptics, insane, except acute cases not hereditary, those constitutionally weak, those predisposed to certain diseases and those having defective sense organs. The method to be adopted to bring this about, he said, was being studied scientifically.

A resolution, declaring that not only the gratitude of this nation, but of the world, was due to Dr. Prince A. Morrow, founder of the American Federation for Sex Hygiene, for his work in the effort to stamp out the white slave traffic, was adopted by the congress today.

"Let the church get out of its comfortable club-like rooms and out of its miserable self-contentment and its antihygiene, and get out into this work against the great social evil," said Dr. Howard A. Kelly of Johns Hopkins university.

CIVIC WELFARE PARADE IN CHICAGO.

CHICAGO, Sept. 28.—Despite rain, thousands of men, women and boys marched in Chicago's civic welfare parade today. Practically every religious and reform organization in the city was represented in the demonstration, which was arranged as a protest against vice and the liquor traffic.

IOWA POSTAL CLERK IS ARRESTED IN SIOUX FALLS

SIOUX FALLS, S. D., Sept. 28.—(Special.)—Upon the arrival here of an Illinois Central passenger train, Postal Inspectors V. C. Batts of this city and R. M. C. Hooford placed under arrest John A. Rankin of Cherokee, Ia., who has been a railway postal clerk running between Cherokee and Sioux Falls for the last twenty years. For a year or more registered mail has been tampered with and letters and money stolen between Sioux Falls and Cherokee, and Rankin was charged with having been responsible for the disappearance of the money. When taken into custody the accused broke down and confessed, giving as an excuse for taking the money the fact that he was hard pressed for money to meet his expenses. He has a wife and six children at Cherokee. The defendant was bound over to the October term of United States court in Sioux Falls, when it is expected his trial will take place.

MILWAUKEE RAILROAD RE-ELECTS OFFICERS

MILWAUKEE, Wis., Sept. 28.—Samuel McRoberts, vice president of a New York bank, was elected a director of the Chicago, Milwaukee & St. Paul Railway company at the annual meeting today to succeed Frank S. Bond, deceased. Donald G. Geddes, Roosevelt Miller, William Rockefeller and John A. Stewart, all of New York, whose terms as directors expired, were re-elected. A. C. Hagenack, who has been chief clerk for the last fourteen years, was appointed assistant secretary. All the old officers were re-elected.

DANISH BAPTISTS WILL MOVE SEMINARY

CLARK'S GROVE, Minn., Sept. 28.—The Danish Baptist church of the United States, assembled in general conference here today, decided to move its theological seminary from Morgan Park, Ill., to Des Moines, Ia. The institution is to become part of the Des Moines Baptist college. The change will take effect in 1913 and will terminate a long alliance with the divinity school of the University of Chicago.

Hamilton Committee Meets. WEBSTER CITY, Ia., Sept. 28.—(Special Telegram.)—At the first meeting since its organization this afternoon, the Hamilton county republican central committee members presented their resignation for the reason that they cannot support the head of the ticket. The meeting was harmonious and the resigning committeemen announce they will remain republicans. The full mouse county committee also met and filled five vacancies.

S. B. HARTMAN, M. D.

Having a little business in one of the federal offices of the city, after it was finished I fell in conversation with the official in charge concerning Peruna. I mention his business to show that the conversation was conducted with a man of more than ordinary intelligence, being an employe of the government who had passed through several civil service examinations. He said to me, not knowing who I was:

"I think a great deal of this patent medicine business ought to be stopped. Especially such remedies as Peruna. Peruna, as you know, is a stimulant and contains eighteen or twenty per cent of alcohol. People take it without knowing what it is, and such remedies ought to be prohibited by law. My own mother took Peruna once. She had a cough, night sweats, was growing emaciated and weak. Several doctors examined her. The opinion was expressed several times that she was going into consumption. One thought it was chronic bronchitis. At any rate, her condition was quite serious. She was unable to get any relief from the doctors she consulted, although she took their medicine faithfully for nearly a year. Some one told her about Peruna, and against my wish and against the wishes of our family, she began taking it. At once she improved, and in less than six months she apparently was well. We did all we could to discourage her in taking Peruna, but she persisted. It finally came out in magazines that Peruna contained alcohol. Then we knew at once what it was that benefited my mother, and we simply the alcohol that Peruna contained. We had the laugh on mother. We have not ceased to make fun of her yet about her being cured with a dilution of alcohol. She seems to be embarrassed

by our teasing her, but is very stubborn. She says that if she were to be sick in the same way again she would certainly get Peruna and take it, alcohol or no alcohol. So you see if people will persist in such foolishness there ought to be a law to prevent them."

"You say the doctors could not cure her, and yet you say Peruna did cure her. What difference does it make to you whether it was alcohol or some other drug that effected the cure?'"

"Well, I don't know that it makes any difference, but it is deceiving the people to give them alcohol even though it does cure them," he said.
