Pirst Complaint from Him Against an Umpire is Lodged Against Fineran, Due to Egan's Expulsion.

CHICAGO, Sept. 28.-Charles W. Murphy, president of the Chicago National League base ball club, today announced that Frank Chance, for several years manager of the team, would not manage

the Cubs next year. That Chance had voluntarily decided August 15 to give up the leadership of the club was one of the statements made by President Murphy in announcing the retirement of the "peerless leader."

President Murphy also hinted that the next manager of the Cubs would be a player, since, according to the magnate, greatest success has been attained under a playing manager."

In the president's announcement referthree is made to a statement last week in which he said that liquor drinking had CRUTCHER HOLDS ROURKES "cost the Cubs the pennant." The publication of the statement was followed by manager took sharp issue with President Murphy, referring to the records to show that in every year but one since 1904 Chicago had finished ahead of the Pittsburgh club, pointed out by Murphy as a success through the total abstinence imposed on its players.

Severe headaches, caused by blows in the head from pitched balls, have kept Chance on the bench for the last two seasons practically all the time. A few days ago he underwent an operation and is expected here tomorrow, the operation having been successful.

Up to Murphy, Says Chance, the Cubs next year or not," declared Frank Chance, just before leaving here this afternoon for Chicago.

"He must, however, tender me a contract as manager or give me my abso-iute release.

"Above all things," Chance continued. "If I do continue to manage the Chicago team, I shall protect my ball players just as I did when they were champions.

CHICAGO, Sept. 28.-Horace N. Fogel, president of the Philadelphia National league base ball team, in a signed statement issued here today, charged that the New York National league team was able to win the pennant this season because it had been unduly favored by umpires. Fogel does not charge the managers of the New York team with corrupting umpires, but states it it is his belief that a wild pitch in the ninth inning. Score: certain umpires favored the New York very profitable work of umpiring the world's championship series.

Fogel in his statement predicted the downfall of Tom Lynch as president of the National league and spoke of Lynch as a "figurehead president." Fogel said that suspensions were made

egainst the Philadelphia team members by some power behind Lynch and not by Lynch himself.

Herrmann Kicks on Umpire. CINCINNATI, O., Sept. 28.-August Hermann, president of the National base ball commission, acting as president of the Cincinnati club of the National league today made his first protest against ar umpire since Herrmann has been in or- Crutcher, p...... 3 0 2 0 4 ganized base ball, more than ten years, objecting to the action of Umpire Finneran in ordering Player Egan off the

field in Chicago yesterday. In a letter to Thomas Lynch, president of the National league, Mr. Herrmann declared Umpire Finneran not a competent official. He made known the fact that he had written such a letter only after he was told that Chicago players had told members of the Cincinnati club they were willing to testify that not Egan, but Finneran, used improper language when Egan protested a decision

Herrmann said he had received private reports not only of that play, but of others, and also of Finneran's conduct in yesterday's game and in other games being umpired by Finneran.

PLAY IN MINNESOTA TERRITORY

Tobin Proves Williams' Star, but Captain Coffey and Teammates Have Trained So Long, They Play Brilliantly.

South Dakota's foot ball team this afternoon obtained revenge for years of score- is but part of the plan of Section to place less defeat by the University of Minne- in the field the beeflest Cornhusker team sota when it bested the latter team by ever assembled in foot ball togs at Nedefeated Boston in a hard-fought game. Tobin, fullback, in the lineup for Minne-Cashion was wild, but effective at crit- sots, none of the brilliant offensive and defensive plays of former years was shown by Coach Williams' proteges. Fortunately his material at hand includes South Dakota, with its two weeks of practice to Minnesota's one, showed better form both in offense and defense.

Ferguson, South Dakota's fullback, made the first score in the second quarter, when he kicked from the thirty-fiveyard line on the fourth down, the ball going squarely between the posts. At the beginning of the last half Minnesota came back seemingly with a determination to score, Tollefson, left halfback, and Tobin making a series of brilliant gains through end runs and line smashes, but could not keep it up.

In the middle of the last quarter, Impley, South Dakota's left half, interfered for a pass on the fifty-yard line and carried it across without a Minnesota man getting in tackling distance. Ferguson kicked goal.

For two-thirds of the game the ball was in Minnesota's territory, with the latter team fighting to hold the visitors, led by Quarterback Coffey, captain, and one of batters, Detroit won from Cleveland, 6 the Dakota team. Tobin before the game was elected temporary captain of Minnesota and probably will be given the honor permanently in place of Morrell, ineligible.

Pueblo and Isbell. Frank Isbell has been kept out of Colo

rado all season on account of papers which were being held ready to serve on him any time he landed within the borders of the state. Probably he will be able to get by next season. Pueblo may to get by next season. Pueblo may Red Sox Great Walters.

Records recently compiled show that the Red Sox are the greatest waiters in the American league, leading all other teams in getting passes by a wide margin. Individually, however, the Red Sox fixture at quarter. are led by several players in getting on first through bases on balls.

Order to Try Out All the Available Material. BY JAMES E. LAWRENCE. LINCOLN, Sept. 28 .- (Special.)-Cornbusker boosters next Saturday will have the opportunity of seeing the 1913 Corn-

huskers in action for the first time against a foreign foe and incidentally

Jumbo Stiehm will uncover what he has

up his sleeve in the way of a foot ball The husky Bellevue collegians will furnish the first opposition for the Cornhuskers in a game of regulation time on Nebraska fleid. Little is known of the strength of the Presbyterians, but Coach Stichm expects nothing more than a practice romp for his Cornhuskers and will constantly shift his lineup to try out all

of his available material. The week has been highly important in athletic circles at Nebraska. It has witnessed the return of all the veterans expected back for the season, with the exception of Racely, the fleet-footed halfback, who is still outside the fold. Purdy was the first recreant to show up, coming early in the week. Gibson next put in an appearance and finally Potter, substitute quarter, appeared in foot ball togs.

An Array of Beef. Most significant of the developments of the week was the transfer of Gibson from fullback to end. Gibson played in the MINNEAPOLIS, Sept. 28.—University of pounds of beef served him in good stead ence for beef this year, for the loss of seven veterans has left him with nearly a complete set of forwards to develop. the heaviest bunch of linesmen Nebrazka

> With weight in his favor-vastly so, in fact-can Stiehm develop a team which can successfully withstand the attacks of its lighter but more experienced opponents? That is the question every loyal Cornhusker booster has been asking himself all week, and it will be partially answered Saturday, when the Cornhuskers uncover for the first time.

has had in years.

With the lineup which Stiehm has been using the last three days of practice the Cornhuskers have a team average of 183% pounds per man, as against 177 pounds last year. The line from tackle to tackle averages 199.4 pounds-the heavlest in the Cornhuskers' history.

the man-also heavier than last season. The ends, Gibson weighing 183 pounds and Mastin 168, outweigh Nebraska's star pair last season by several pounds. Relative Weights. The following outline shows how Stiehm has shifted his lineup on his first and

second teams so as to give him the beef-

iest and most experienced team at his

The back field averages 165 pounds to

betts, center, 185. No other team in the Missouri valley will have such a wealth of beef as Nebraska. Whether beef can replace experience remains yet to be seen, but with reasonable coaching, such as Stiehm has 2 shown himself fully competent to give, it is a safe guess that Cornhusker opponents will have to content themselves with a low score.

Howard Is Starring. Another surprise of the week is the shifting of Warren Howard, the old Omaha High school star, from half to quarter. Howard played quarter on the university freshmen team last year, but when the season opened was placed at half by Stiehm. Now he is back again at his old position and has been playing in

The return of Potter means nothing to Cornhuskers if Howard keeps up the gait he has been going this week. He is a heavier man than Potter, a surer tackler and has had much wider experience. His generalship on the freshman team last

year was of an exceptional order. Moreover, Howard has given promise of proving a close rival of "Jimmy" Gibson for punting honors. He is booting the ball in practice just as far as Gibson ever booted it. If anything, he has the edge on Gibson in drop and

place kicking. The shift has been taken to mean that Howard will probably do the punting for the Cornhuskers and become a regular

Purdy, fullback last year, has been shifted to half, where his weight and speed should make him a great ground
