Chance Ready to Sign, But Murphy Says No

CHICAGO, Sept. 30.—Frank Chance, manager of the Chicago Nationals, said here today he had received no official notification that he had been deposed from that position by Charles W. Murphy, president of the club, and that he was ready to sign a contract to manage the Cubs next year. Murphy said there was no likelihood of Chance being retained as

"I stand exactly on what I have said before," said Mr. Murphy. "There is no change in the situation. My edict regarded drinking by the Cubs and the announcement that Mr. Chance will not be manager next year stands just as first expressed.

Chance said he had nothing to retract of his vigorous repudiation of charges that had come to his ears that drinking habits among the Cubs had lost games for the team. "Mr. Murphy called me up to ask after

my health as soon as I reached home." said Chance, "but I did not talk to him. I won't sek an interview with him, at least not until I have rested from my club. I have about 10 per cent of the

total stock, which is valued at \$800,000, and rate my shares at \$80,000. During the years that Murphy has held the office of president the team has earned more than \$1,000,000, but now he has the nerve to turn against the fellows the minute they run into hard luck and fail to land a pennant every season. "A club owner better skilled
