On the committee are William Baird, Ed P. Smith and Francis A. Brogan. Orkin Brothers' great sale boys' overcoats starts Tuesday a. m. prompt at 8.

NEW USE IS MADE OF POWER Judge Foster Turns Police Bench Into Employment Bureau. SAVING MEN IS HIS OBJECT Instead of Casting Petty Offenders Into Jail He Sees that They Are Given Something to Do to Earn a Living. Police Judge Foster is off on a new and original track in police court, and he says he will be a great benefactor not only to the city and police department, but to the prisoners. Whenever he finds a man guilty of vagrancy and drunkenness, he does not fine the man, but sentences him to a job. For a week the judge has tried his plan and has found to his own satisfaction that it works well. He has decided to keep it in force. The plan as it has been worked is a new one in this part of the country. Judge Foster will find the prisoner guilty and put him back in the bull pen. After sessions he rounds up all those men and takes them to an employment bureau, where they are all given work in some other city. He Stays on the Job. Judge Foster stays until the men are fixed out with transportation and are assigned to jobs, then he takes them back to jail, where he keeps them until train time. When it is train time, an officer is put in charge of the men and they are taken to the station and sent away since trying his scheme Judge Foster has found employment for over sixty men. Every day he takes from one to ten men to the employment bureau. "I find that the plan I have adopted," said Judge Foster, "is working to my entire satisfaction. The city gets rid of many undesirable citizens and it makes something of the men. If a man has any manhood about him he will stick to his job when he arrives at his destination and I am inclined to believe that a connection will be made between the Burlington and the Northwestern lines at Powder river as had been planned. CONTINUANCE IS GIVEN TO ALLEGED PICKPOCKET Eddie Evans, who was arrested while trying to pick the pockets of W. F. Palmer at the carnival grounds Saturday night, was given a continuance until Wednesday morning. An American King is the great king of cures, Dr. King's New Discovery, the quick, safe, sure cough and cold remedy. 50c and \$1.00. For sale by Beaton Drug Co.

Ordinance to Move Dairies is Placed on File by the Council Police Commissioner Ryder opposed the ordinance designed to oust dairies from the city limits and secured the passage of a motion recommending that it be placed on file. "Some of our biggest and best dairies are in the city limits," said Commissioner Ryder. "And I am opposed to an ordinance that would work undue hardships on them." Dairy Inspector Bossie said he had been investigating the damage this ordinance would do dairymen and has found that some of them would be unable to obtain locations within ten miles of the beginning of their "routes." W. W. Whitaker, an attorney, appeared to urge the passage of this or some other ordinance regulating the herding of stock within the city limits. City Attorney Rine said the matter could be handled by the police and Police Commissioner Ryder asked Whitaker to complain of any places that he believed were nuisances and they would be given immediate attention. Another ordinance regulating hog yards was placed on file. Holdrege Returns from Wyoming Trip General Manager Holdrege is back from his western trip and says that the snow fall in the mountains of Wyoming and Colorado came on much earlier than usual and is the heaviest that was ever known during October. When he left Sheridan there was two feet of snow covering the Big Horn range. While absent Mr. Holdrege went over the new line from Thermopolis to Powder river. He found that all of the men had been called off the Burlington's new work at Powder river west of there. However, south of Thermopolis, men are at work surfacing and getting the track in condition for the running of trains. Why there was a cessation of work, Mr. Holdrege does not know and is unable to say when it will be resumed. At this time there is nothing to indicate when a connection will be made between the Burlington and the Northwestern lines at Powder river as had been planned. Welcome AK-SAR-BEN Visitors
